# ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

## REPORT OF THE BOARD OF SELECTMEN

The year 1967 was a crucial one for all the cities and towns in Massachusetts, and indeed for the Commonwealth itself. It was a year of rising costs for Randolph:

An increase in the School Budget of	\$301,078.98
An increase in the annual payments of the maturing debt and interest account of	112,755.16
Deficit between estimated return to the Town from sales tax revenue and actual amount received	113,000.00
First general pay raise voted by Town Meeting to all Town Employees since 1964 required an additional expenditure of	115,207.00

The immediate result was a \$6.00 tax rate increase.

Where do we go from here? We hope, with more than a bit of justification, that the Federal and State governments, under new or revamped programs, will ease the burden to the tax-paying homeowner. This is a burden which all municipalities are now facing, one for which both Federal and State governments have, in great measure, been responsible.

With local welfare costs being assumed by the State, we have been led to believe spiraling local welfare costs will end. In addition, we are working for passage of legislation to restore the 15% State reimbursement for our share of the costs of joining the Blue Hills Regional Vocational School District.

We are also striving to eliminate basic inequities in distribution of State funds. We are presently tied to old formulas which do not give us a fair share of reimbursements. Naturally, if Randolph gains, some other city or town will lose. Therefore, we face many obstacles in accomplishing our objective in this regard.

On the more optimistic side, we are continuing our industrial growth. This is being done without spectacular fanfare, but on a solid basis and at a time of tight money and when building costs have risen.

## TOWN OF RANDOLPH, MASSACHUSETTS

On balance, we have confidence in our Town, its citizens and its government. Too often the other fellow's grass looks greener. However, when we observe so many other cities and towns, we see that their figures are in the red as well and usually more than ours.

Respectfully submitted,

BOARD OF SELECTMEN

JOHN R. O'RILEY, Chairman  
JOSEPH J. SEMENSI, Clerk  
NORMAN B. SILK  
PATRICK T. McDONNELL  
GEORGE F. CULLEN

# ONE HUNDRED THIRTY-SECOND ANNUAL REPORT

## REPORT OF THE EXECUTIVE SECRETARY

I should like to express my sincere appreciation to every Commission, Board, Department Head, Town Employee and Citizen of the Town of Randolph for their continuing cooperation during 1967.

With their unfailing assistance it has been possible to maintain the high level of efficiency, coordination, and cooperation which exists between all the departments of the town and its citizens.

I am particularly grateful to the Members of the Board of Selectmen for their support and assistance throughout the year.

Regretfully, a number of factors combined to create a temporary interruption to the stability of our tax rate. However, there are indications that changes in existing legislation will permit our tax rate to return to more normal levels once again within the next future.

In the meantime, every effort is being made to obtain assistance to our tax-paying homeowners from all the available sources of Federal and State Reimbursement. Programs financed by Federal Funds have been maintained and additional equipment obtained from Government Surplus sources without requiring either outlay of Town funds or the hiring of additional personnel.

Respectfully submitted,

HENRY L. LOWD  
Executive Secretary

# TOWN OF RANDOLPH, MASSACHUSETTS

## REPORT OF THE TOWN COUNSEL

Gentlemen:

The Town Report of the Legal Department is as follows:

Labor negotiations continued to raise a myriad of legal questions, and since there are very few Municipal decisions concerning the same, the opinions continue to be one of first impression.

The Labor Day week end of this Department had to be cancelled so that a Bill in Equity could be prepared for the Norfolk Superior Court when a strike was threatened by the school teachers. Fortunately, the problem was resolved without additional litigation. It is to be noted that in some areas actual strikes took place, i.e., New York, etc.

There were a number of Appellate Tax Board cases disposed of during the year.

The District Court was employed for some of the Town Building violations, dog cases, and other matters.

There were hearings in the Superior Court and in the Norfolk Probate Court.

Counselling and preparation of contract documents and the rendering of opinions continue to take up a large segment of Department time.

Very truly yours,

WILLIAM J. CARR  
Town Counsel

## REPORT OF TOWN CLERK

### ANNUAL TOWN MEETING

March 6, 1967

Pursuant to a Warrant issued by the Selectmen and signed on the sixth day of February, A. D., 1967, duly posted by Carl L. Macauley, Constable, the voters of Randolph assembled on the sixth day of March, 1967, in the McNeill School for Precinct 1, in the Randolph High School for Precinct 2, in the Elizabeth G. Lyons School for Precinct 3, in the Tower Hill School for Precinct 4, in the Devine School for Precinct 5, and in St. Bernadette's Parish Hall for Precinct 6.

The election paraphernalia was given by the Town Clerk to the Wardens of Precinct 1, Precinct 2, Precinct 3, Precinct 4, Precinct 5, and Precinct 6, and receipts were taken therefor.

The polls were opened for the reception of ballots at 6:00 o'clock A.M.

The returns were made to the Town Clerk from Precinct 1 at 1:57 A.M., Precinct 2 at 2:11 o'clock A.M., Precinct 3 at 4:17 o'clock A.M., Precinct 4 at 1:55 o'clock A.M., Precinct 5 at 3:55 o'clock A.M., Precinct 6 at 1:28 o'clock A.M.

The vote was tabulated by the Town Clerk and the declaration of the results was made on March 7, 1967, at 5:35 o'clock A.M.

The total number of votes cast in six precincts were as follows:

Precinct 1 -	892
Precinct 2 -	835
Precinct 3 -	851
Precinct 4 -	955
Precinct 5 -	1015
Precinct 6 -	761

## \* Precinct #4 Town Meeting Member (2 yrs)

To break the tie, the duly elected members met in the Band Room of the Randolph High School and by ballot, selected David Goldstein to the position of Town Meeting Member to serve until the next Annual town election.

## ANNUAL TOWN MEETING

March 20, 1967

Moderator Lombardi declared a quorum to be present at 8:15 P.M.

Town Clerk Clark read the call of the meeting and the return of service.

## TOWN OF RANDOLPH, MASSACHUSETTS

The Moderator administered the oath of office to the newly elected Town Meeting Members.

Moderator Lombardi delivered the opening prayer.

Messrs. Gurney, Mulhern, and Sacks were appointed to act as Tellers.

ARTICLE 1. To hear and act on the report of any committee and choose any committee the Town may think proper. Recommended by the Finance Committee. VOTED.

ARTICLE 2. To hear and act on reports of Town Officers. Recommended by Finance Committee. Reports of various committees made and accepted.

ARTICLE 3. To see if the Town will authorize the Trustee of the Turner Free Library to expend the sum of \$4,725.00 received by the Town from the Commonwealth of Massachusetts under the authority of Chapter 760 of the Acts of 1960 and Chapter 672 of the Acts of 1963, as petitioned for by the Trustees of the Turner Free Library. Recommended by Finance Committee. VOTED Unanimously.

ARTICLE 4. To see if the Town will vote to raise and appropriate or transfer from available funds \$7,816.50 for the salary and equipment for two additional men for the Police Department, effective May 1, 1967, or to take any further action with reference thereto, as petitioned for by the Board of Selectmen and the Chief of Police.

1 man from May 1, 1967 to December 31, 1967:

Annual Salary	\$5,532.00	Weekly Salary	\$ 106.05
		35 Weeks	\$3,711.75
2 Men			\$7,423.50

Equipment for 1 man:

Uniform	\$100.00	
Gun	55.00	
Handcuffs	16.00	
Claw	12.00	
Belt and Holster	13.00	196.50

Equipment for 2 men:	<u>393.00</u>
----------------------	---------------

Grand Total - 2 men, salary and equipment	\$7,816.50
---	------------

Recommended by Finance Committee that the sum of \$7,816.50 be raised and appropriated. VOTED unanimously.

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

ARTICLE 5. To see if the Town will vote to raise and appropriate or transfer from available funds \$3,600.00 to buy a 1967 police cruiser, with radio, or take any other action with reference thereto as petitioned for by the Board of Selectmen and the Chief of Police.

Recommended by Finance Committee that the sum of \$3,600.00 be raised and appropriated. VOTED unanimously.

ARTICLE 6. To see if the Town will vote to appropriate a sum of money for the purpose of erecting and furnishing a building on land owned by the Town at the corner of Union and North streets to be used by the Police Department, and determine whether the money shall be provided for by taxation, by transfer or appropriation from available funds in the treasury, and by borrowing under the authority of Chapter 44 of the General Laws, or otherwise, or take any action in relation thereto as petitioned for by the Police Station Building Committee and the Board of Selectmen.

Recommended by Finance Committee that the sum of \$5,000.00 be raised and appropriated, and that the amount of \$155,000.00 be borrowed for a period of ten years under any applicable state statute, money to be borrowed after July 1, 1967. VOTED by voice vote - yes 190, no 2.

ARTICLE 7. To see if the Town will vote to raise and appropriate, or transfer from available funds, a sum of money to be used for the addition of two new circuits on the Fire Alarm Switchboard and the replacement of the Standby Battery System to a modern Transistor Type System, as petitioned for by the Chief of the Fire Department.

Recommended by Finance Committee that the sum of \$8,530.00 be raised and appropriated. VOTED unanimously.

ARTICLE 8. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$3,000.00 for the purchase of a new Fire Chief's car, the present (1957 Service Truck) to be traded, as petitioned for by the Chief of the Fire Department.

Recommended by Finance Committee that the sum of \$3,500.00 be raised and appropriated. VOTED unanimously, with 1957 truck to be traded.

ARTICLE 9. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$600.00 for the installation of a recorder for the Telephone Switchboard at Fire Headquarters, as petitioned for by the Chief of the Fire Department.

Not recommended by the Finance Committee. DEFEATED.

## TOWN OF RANDOLPH, MASSACHUSETTS

ARTICLE 10. To see if the Town will vote to raise and appropriate or transfer from available funds, a sum of money for the purchase of thirty Alerting Radio Receivers as petitioned for by the Chief of the Fire Department.  
Not recommended by the Finance Committee. DEFEATED.

ARTICLE 11. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to construct a retaining wall with footings and grading at the entrance to Upham Street, as petitioned for by the Board of Selectmen.  
Recommended by the Finance Committee that the sum of \$3,500. be raised and appropriated. VOTED unanimously.

ARTICLE 12. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$13,500.00 for the purchase of a new Sweeper, the old one to be traded in, as petitioned for by the Highway Surveyor.  
Recommended by Finance Committee that the sum of \$13,500.00 be raised and appropriated. VOTED unanimously - with old sweeper to be traded in.

ARTICLE 13. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$3,000.00 to be used for maintenance of unaccepted streets in accordance with Chapter 386, Acts of 1953, as petitioned for by the Highway Surveyor.  
Recommended by Finance Committee that the sum of \$448.00 be raised and appropriated. VOTED unanimously - this amount to be added to existing balance of \$2,552.00.

ARTICLE 14. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$3,500.00 to be used for clearing Town Brooks, as petitioned for by the Board of Selectmen and the Highway Surveyor.  
Recommended by Finance Committee that the sum of \$3,500.00 be raised and appropriated. VOTED unanimously.

ARTICLE 15. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$9,000.00 for maintenance work under Chapter 90, the Town share of expense under this article will be \$3,000.00, as petitioned for by the Board of Selectmen and the Highway Surveyor.  
Recommended by Finance Committee that the sum of \$9,000.00 be raised and appropriated. VOTED unanimously.

ARTICLE 16. To see if the Town will vote to raise and appropriate or borrow or transfer from available funds the sum of \$28,000.00 for improvement construction on Reed Street and Oak Street under Chapter 90, the Town's share of this expense will be

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

\$7,000.00 as petitioned for by the Board of Selectmen. Recommended by Finance Committee that the sum of \$28,000.00 be raised and appropriated. VOTED unanimously.

ARTICLE 17. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$10,000.00 to improve accepted streets, as petitioned for by the Highway Surveyor.

Recommended by Finance Committee that the sum of \$10,000.00 be raised and appropriated and that the work done under this article shall include widening of Johnson Drive as contemplated by Town Engineer. VOTED unanimously.

Adjourned to March 21, 1967 at 8:00 P.M.

## ADJOURNED ANNUAL TOWN MEETING

March 21, 1967

Moderator Lombardi declared a quorum at 8:15 P.M.

ARTICLE 18. To see if the Town will vote to authorize the Board of Selectmen to expend the sum of \$6,501.72, Town of Randolph's allotment under Chapter 679, Acts of 1965, funds to reconstruct Grove Street westerly from Grove Lane, or any other roadway approved by the Board of Selectmen and the Department of Public Works, as petitioned for by the Board of Selectmen.

Recommended by Finance Committee. VOTED.

ARTICLE 19. To see if the Town will vote to accept the layout of the relocation and alteration of Grove Street from Grove Lane westerly to Smith Road for an approximate distance of 1,030 feet, as made and reported by the Board of Selectmen, and as shown on two plans of land entitled "Proposed Layout of Grove Street, Randolph, Mass.", (Sheets 5 and 6), dated January 3, 1967, by J. E. Levreault, Town Engineer, or to take any action relative thereto, as petitioned for by the Board of Selectmen. Recommended by Finance Committee. VOTED unanimously.

ARTICLE 20. To see if the Town will vote to authorize the Board of Selectmen to acquire by gift, purchase, or to take by Eminent Domain, in fee for all public purposes of public streets or highways and for the purpose of relocating and altering Grove Street, from Grove Lane westerly to Smith Road for a distance of approximately 1,030 feet, those portions of certain parcels of land bounding on Grove Street, all as shown on two plans of land on file in the office of the Town Engineer entitled "Proposed Layout of Grove Street, Randolph, Mass.", (Sheet 5 and 6) dated January 3, 1967, by J. E. Levreault, Town Engineer, to which

## TOWN OF RANDOLPH, MASSACHUSETTS

plans reference is made for a more particular description; said plan shows the supposed owners and portions of land so to be acquired, and to raise and appropriate or transfer from available funds a sum of money for the same, or to take any other action relative thereto, as petitioned for by the Board of Selectmen. Recommended by Finance Committee that the sum of \$2,851.39 be raised and appropriated. VOTED by voice vote - Yes 159, No 4.

ARTICLE 21. To see if the Town will vote to raise and appropriate, or transfer from available funds a sum of money to construct Grove Street from the vicinity of Grove Lane westerly to Smith Road, as petitioned for by the Board of Selectmen and the Town Engineer, John E. Levreault. Recommended by Finance Committee that the sum of \$34,098.20 be raised and appropriated. VOTED unanimously.

ARTICLE 22. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to "hot top" Woodlawn Road, as petitioned for by Carleton A. Baker and others. Refer to meeting on Monday, March 27, 1967, for consideration.

ARTICLE 23. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$3,500.00 to be used for the clearance of Town Brooks, as petitioned for by the Highway Surveyor and the Board of Selectmen. Recommended by Finance Committee that the sum of \$3,500.00 be raised and appropriated. ARTICLE WITHDRAWN.

ARTICLE 24. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$17,000.00 for General Drainage, as petitioned for by the Board of Selectmen. Recommended by Finance Committee that the sum of \$17,000.00 be raised and appropriated, and that the work done under this article shall include Canton St., High St., Greenmount St., Druid Hill Ave., Richard Rd., Newcomb Ave., and Alden Ave. VOTED unanimously.

ARTICLE 25. To see if the Town will vote to raise and appropriate, transfer from available funds, or borrow the sum of \$35,000.00 for drainage work on Mary Lee Brook under Chapter 91. The Town's share of expense under this article will be \$17,500, as petitioned for by the Board of Selectmen. Recommended by Finance Committee that the sum of \$9,000.00 be raised and appropriated, and that \$3,800.00 be transferred from the Grove St. Water Account. VOTED unanimously.

ARTICLE 26. To see if the Town will assume liability in the manner provided by Section 29 of Chapter 91 of the General

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

Laws, as most recently amended by Chapter 5, Acts of 1965, for all damages that may be incurred by work to be performed by the Department of Public Works of Massachusetts for the improvement, development, maintenance and protection of tidal and non-tidal rivers and streams, harbors, tidewaters, foreshores and shores along a public beach, including the Merrimack and Connecticut Rivers, in accordance with Section 11 of Chapter 91 of the General Laws, and authorize the Selectmen to execute and deliver a bond of indemnity therefor to the Commonwealth, as petitioned for by the Board of Selectmen.

Recommended by Finance Committee. VOTED unanimously.

ARTICLE 27. To see if the Town will vote to raise and appropriate or transfer from available funds, the sum of \$16,000.00 for general sidewalk construction and maintenance, as petitioned for by the Board of Selectmen.

Recommended by the Finance Committee that the sum of \$16,500 be raised and appropriated and that the work done under this article shall include sidewalk construction on the following streets: Center St., High St., Grove St., South St., and sidewalk maintenance on South Main Street. VOTED unanimously with provision that Center Street be done first.

ARTICLE 28. To see if the Town will vote to amend the Classification and Compensation Plan and Personnel By-Law as follows:

Add to the classification of positions on Page 9 the following title and compensation grade under "Administrative and Supervisory Group,"

Executive Secretary and Town Accountant	E-1
---	-----

and to the "Clerical Group,"

Senior Principal Clerk - Accountant's Office	S-7
--	-----

strike in the "Clerical Group,"

Senior Clerk Typist - Police Desk	S-6
-----------------------------------	-----

add to "Public Safety Group" on Page 10

Communication Dispatcher	CD-1
--------------------------	------

Motor Equipment Repairman from W-5 to	W-6
---------------------------------------	-----

increase by \$400.00 each of the amounts in the salary schedule B on page 11. Add to said schedule the following: E-1 \$12,900, \$13,800, \$14,700, \$15,600, \$16,500.

increase the Hourly Wage Schedule C on page 11 in each amount by 29¢.

increase each amount in the Police-Fire Annual Salary Schedule D on page 11 by \$900. Add to said schedule the following

## TOWN OF RANDOLPH, MASSACHUSETTS

compensation grade and amounts: CD-1 \$5,773, 5,978, 6,205, 6,681.

as petitioned for by the Randolph Personnel Board.

Paragraph I recommended by personnel Board. Personnel Board recommendation DEFEATED - Yes 82, No 99.

Senior Principal Clerk-Accountant, S Office, S-7. Recommended by Personnel Board. VOTED by voice vote.

Consideration of the balance of Article 28 postponed until meeting of March 27, 1967. Action taken as follows:

Senior Clerk Typist - Police Desk, S-6. Personnel Board recommends that this be stricken and communication dispatcher, CD-1, be added to public safety group on Page 10. VOTED by voice vote.

Increase by \$400.00 each of the amounts in the salary schedule B on Page 11. Personnel Board recommends that this be changed to \$600.00. DEFEATED. Motion made that increase be \$400.00. VOTED by voice vote.

Increase the hourly wage Schedule C on Page 11 in each amount by 29¢. Personnel Board recommends 19¢. DEFEATED, Yes 20, No 129. Motion made to make hourly wage increase 29¢. VOTED.

Increase Police-Fire Schedule by \$900.00. Recommended by Personnel Board. VOTED by voice vote.

Town Meeting VOTED the following:

Town Engineer	S20 - S 23	\$9,756.00 - \$11,544.00
Supt. - Water & Sewers	S16 - S19	\$8,950.00 - \$ 9,356.00
Meter Reader	W2	\$2.87 per hour
Foreman - Highway	W8	\$3.19 - \$3.45 per hour

ARTICLES 29, 30, 31 and 32 acted upon at March 29th meeting.

ARTICLE 33. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$7,000. for the purchase of water meters as petitioned for by the Board of Water Commissioners. Recommended by Finance Committee that the sum of \$7,000.00 be transferred from the unexpended balance of the Grove Street Water Account. VOTED unanimously.

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

ARTICLE 34. To see if the Town will vote to raise and appropriate a sum of money for the purchase of a new billing machine, as requested by the Board of Water Commissioners. Not recommended by Finance Committee (at this point).

At April 3, 1967, meeting Finance Committee recommendation on Article 34 changed to \$2,300.00 for this purchase. VOTED unanimously.

VOTED to establish a Committee of 5 to study Data Processing.

ARTICLE 35. Acted upon at April 3, 1967 meeting.

Motion made, seconded and carried to consider ARTICLES 59 and 60 with ARTICLE 34.

ARTICLE 59. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$4,000.00 for the purpose of converting the tax billing records on file in the office of the Board of Assessors to automated billing records as petitioned for by the Board of Assessors. Recommended by Finance Committee that the sum of \$3,800.00 be raised and appropriated. DEFEATED by voice vote.

ARTICLE 60. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$3,000.00 for the purpose of paying the cost of sending the 1967 real property billing data to a qualified organization who will automate and mail the real property billing to the residents of Randolph as petitioned for by the Board of Assessors. Recommended by Finance Committee that the sum of \$2,700.00 be raised and appropriated. ARTICLE WITHDRAWN by petitioner.

Adjourned to March 27, 1967.

## ADJOURNED ANNUAL TOWN MEETING

March 27, 1967

Moderator Lombardi declared a quorum at 8:15 P.M.

ARTICLE 22. (Referred for consideration from meeting of March 21, 1967). To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to "hot top" Woodlawn Road, as petitioned for by Carleton A. Baker and others. Recommended by Finance Committee that the sum of \$1,500.00 be raised and appropriated for this purpose. VOTED by voice vote.

Adjourned to March 29, 1967.

TOWN OF RANDOLPH, MASSACHUSETTS

ADJOURNED ANNUAL TOWN MEETING

March 29, 1967

Moderator Lombardi declared a quorum at 8:15 P.M.

ARTICLES 29 through 32 acted upon at this meeting, as reported in records of meeting of March 21, 1967.

ARTICLE 29. To see if the Town will vote to amend the Classification and Compensation Plan and Personnel By-Law as follows:

Increase each amount in the "Miscellaneous Compensation Schedule for Part-Time Positions," schedule E by 8% with the exception of the hourly rates which shall be increased by 29¢.

add the following classifications and compensation amounts to the schedule:

Recreation Director	\$4,000 per year
Recreation Instructor	\$400 per hour

increase by 29¢ each amount in the table shown on page 12, Section 8 entitled "Part-Time Positions Classified in Clerical Group,"

as petitioned for by the Randolph Personnel Board.

Personnel Board recommends 19¢ hourly rate. VOTED by voice vote.

Personnel Board recommends adding classifications and compensation for Recreation Director of \$4,000.00 per year and hourly rate of \$4.00 per hour for Recreation Instructor. VOTED by voice vote.

ARTICLE 30. To see if the Town will vote to amend the Classification and Compensation Plan and Personnel By-Law as follows:

by striking Section 13, paragraph (d), page 15 Public Safety Group and substituting the following:

(d) PUBLIC SAFETY GROUP

In the event that a full-time uniformed employee of the Police Department is required to perform his duties in excess of one-half hour beyond the end of his regular tour of duty, he shall be paid at the rate of time and one-half his regular rate for time spent on duty after one-half hour. In the event that a Communication Dispatcher

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

is required to perform his duties in excess of one-half hour beyond the end of his regular tour of duty, he shall be paid at his regular rate for time spent on duty after one-half hour. Regardless of the time actually spent in excess of one-half hour but less than two hours beyond the regular tour, the employee shall be entitled to a minimum of two hours pay.

In the event that a full-time uniformed employee in the Fire Department is held overtime, (in excess of (10) ten hours on any day tour or fourteen (14) hours on any night tour) for snow removal or other emergency work, not including conflagrations, structural or building fires and forest fires and relief driving, shall be granted a minimum of two (2) hours pay at the overtime rate, and overtime worked in excess of two (2) hours shall be compensated for the next one-half ( $\frac{1}{2}$ ) hour. The overtime rate shall be time and one-half his regular rate of pay,

as petitioned for by the Randolph Personnel Board.

Recommended by Personnel Board. VOTED by voice vote.

ARTICLE 31. To see if the Town will vote to amend the Classification and Compensation Plandand Personnel By-Law as follows:

by striking paragraphs (f) and (g), Section 14, page 16 and substituting therefor the following:

- (f) "Whenever one of the holidays set forth in Subsection (a) falls on a Saturday, the previous day shall be a  
(1) legal holiday and when one of the holidays falls on a Sunday, the following day shall be a legal holiday.

by striking the last two words of Paragraph (b) under Section 16, page 18 and adding therefor the following:

- (2) Ninety days

and by striking from paragraph (g), Section 16, Page 18 the following:

- (3) "or resulting from the use of alcohol or drugs."

and striking Section 17, page 18, and adding therefor the following:

- In the event of a death occurring in the immediate family of an employee or that of his wife, that member shall be  
(4) granted a minimum of three (3) calendar days without loss of pay. In the event death occurs on Friday or Saturday, this leave shall be extended to five (5) calendar days without loss of pay. "Immediate Family" shall be

## TOWN OF RANDOLPH, MASSACHUSETTS

defined as including the wife, mother, father, children, brother, or sister of the employee, or the mother, father, brother, or sister of the wife. One (1) scheduled work day without loss of pay shall be granted in the event of the death of a grandparent of the employee or his spouse.

as petitioned for by the Randolph Personnel Board

Recommended by Personnel Board.

- (1) VOTED by Voice Vote.
- (2) VOTED by Voice Vote.
- (3) Recommendation NOT VOTED.
- (4) DEFEATED - Yes 76, No 80.

ARTICLE 32. To see if the Town will vote to raise and appropriate the sum of \$2,400 to increase by \$600 the salaries of each of the following town officials: Town Clerk and Treasurer, Town Collector, Town Counsel, Highway Surveyor. As petitioned for by the Randolph Personnel Board.

Personnel Board recommended change to \$1,600 and \$400.00 respectively. Motion to include full time assessor CARRIED, Yes 82, No 77. VOTED to raise and appropriate \$2,000.00 to increase by \$400.00 salaries of those mentioned in article plus full time assessor.

ARTICLE 73. To see if the Town will vote to accept the terms and conditions of a collective bargaining Agreement Proposal made by the Permanent Members of the Randolph Fire Department to the Town of Randolph under the authority of Massachusetts General Laws, Chapter 149, section 178G through 178N inclusive, and in conjunction therewith to raise and appropriate or transfer from available funds a sum of money to fulfill the requirements of the terms and conditions of the Collective Bargaining Agreement, as petitioned for by the Committee for the Permanent Members of the Randolph Fire Department and the Board of Selectmen.

Recommended by Personnel Board subject to changes made at Town Meeting. VOTED by voice vote.

ARTICLE 74. To see if the Town will vote to accept the terms and conditions of a collective bargaining Agreement Proposal made by Permanent Members of the Randolph Police Department to the Town of Randolph under the authority of Massachusetts General Laws, Chapter 149, section 178G through 178N inclusive, and in conjunction therewith to raise and appropriate or transfer from available funds a sum of money to fulfill the requirements of the terms and conditions of the Collective

Bargaining Agreement, as petitioned for by the Committee for the Permanent Members of the Randolph Police Department and the Board of Selectmen.

Recommended by Personnel Board subject to changes made at Town Meeting. VOTED by voice vote.

Adjourned to April 3, 1967.

## ADJOURNED ANNUAL TOWN MEETING

April 3, 1967

Moderator Lombardi declared a quorum at 8:30 P.M.

ARTICLE 35. To see if the Town will vote to raise and appropriate a sum of money to install 750 feet of 6-inch C. I. Main on Hildegard Street from North Main Street to Corsey Street and in conjunction with the installation, to renew eleven (11) services and connect to the new main, as petitioned for by the Board of Water Commissioners.

Recommended by Finance Committee that the sum of \$5,325.00 be raised and appropriated. VOTED unanimously.

ARTICLE 36. To see if the Town will vote to raise and appropriate, transfer from available funds or borrow under any applicable State Statute the sum of \$350,000.00 for sewer construction for various urgent locations, money to be borrowed after April 1, 1967, as petitioned for by the Sewer Commissioners.

Recommended by Finance Committee that the sum of \$100,000.00 be transferred from the Sewer Revolving Account and that the sum of \$250,000.00 be borrowed under the authority of Chapter 273 Acts of the Massachusetts Legislature, as amended, said sum not to be borrowed before July 1, 1967. VOTED Yes 124, No 18.

ARTICLE 37. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Thirty-Five Thousand (\$35,000.00) Dollars for the purpose of preparing preliminary plans and specifications for an addition to the existing High School and that these funds be expended by the present School Planning and Building Committee and the Randolph School Committee as petitioned for by the School Planning and Building Committee and the Randolph School Committee.

ARTICLE WITHDRAWN by petitioner.

ARTICLE 38. To see if the Town will vote to raise and appropriate to transfer from available funds the sum of Twenty-Two Thousand Five Hundred Dollars (\$22,500.00) as petitioned for by

## TOWN OF RANDOLPH, MASSACHUSETTS

the Randolph School Committee and the Randolph Recreation Committee, to develop the following school sites for useable recreation areas as follows:

### North Junior High School

(1) Develop Old Softball Field, Regradd, etc.	\$ 600.00
(2) Remove Loam, Fill Reloam	7,000.00
(3) Tennis Court Night Lights	1,300.00

### Kennedy Junior High School

(1) Tennis Court Night Lights	1,000.00
-------------------------------	----------

### Stetson School

(1) Tennis Court Night Lights	800.00
-------------------------------	--------

### Lyons School

(1) Regrade, Reloam Baseball Field	7,500.00
------------------------------------	----------

### Devine School

(1) Develop Baseball Field	1,500.00
----------------------------	----------

### Donovan School

(1) Rework Baseball Field & Grade	1,800.00
-----------------------------------	----------

Developing and Flooding Area at the various schools for skating purposes

1,000.00

\$22,500.00

These funds to be expended by the Randolph School Committee and the Randolph Recreation Committee.

Not recommended by Finance Committee. VOTED by voice vote to raise and appropriate \$21,700.00, eliminating request of Recreation Committee for \$800.00 for Stetson Tennis Court Lights.

ARTICLE 39. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to construct a road on town owned property from Union Street to the McNeill School as petitioned for by the Randolph School Committee.

Not recommended by Finance Committee. VOTED to raise and appropriate \$6,500.00 for this purpose, on recommendation of School Committee.

ARTICLE 40. To see if the Town will vote to authorize the Board of Selectmen to acquire by gift, purchase, or to take by eminent domain, for school purposes, the following parcels of land:

Parcel 1. A parcel of land abutting Regina Road, shown on new Randolph Assessors Map 52, as Block G, Parcel 27, owned by Lawrence P. DeCota and John W. Heanue, containing 21,800

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

square feet more or less. (Assessment January 1, 1966 - \$2,000). Parcel 2. A parcel of land, southerly of Regina Road, and easterly of North Street, shown on new Randolph Assessors Map 52, as Block C, Parcel 28, owned by Charles Capone Construction Co., Inc., containing 4,208 Acres more or less. (Assessment January 1, 1967 - \$4,000) said parcels 1 and 2 being more particularly shown on a drawing entitled "Randolph, Mass., Proposed Land Taking for School Purposes," dated January 11, 1966, by John E. Levreault, P.E., Town Engineer, which plan is on file in the office of the Town Engineer, and to raise and appropriate, or transfer from available funds, a sum of money for the same, or to take any other action relative thereto, as petitioned for by the Randolph School Planning and Building Committee, and the Randolph School Committee.

ARTICLE WITHDRAWN by petitioner.

ARTICLE 41. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to be expended with the proceeds of a Federal Grant obtained under the provisions of PL 89 - 110 for the purposes of building and equipping a multi-service center for the residents of the Town of Randolph, as petitioned for by the Randolph Board of Selectmen.

Recommended by Finance Committee that the sum of \$7,394.00 be raised and appropriated and the sum of \$130,000.00 be borrowed. VOTED by voice vote to raise and appropriate \$7,394.00 and borrow \$130,000.00. Vote, Yes 120, No 59. At the April 18th meeting this article was amended to read as follows:

"To see if the Town will vote to raise and appropriate, borrow, or transfer from available funds a sum of money to be expended with the proceeds of a Federal Grant obtained under the provisions of PL 89 - 117, or any other applicable statute, for the purposes of building and equipping a multi-service center for the residents of the Town of Randolph, as petitioned for by the Randolph Board of Selectmen."

The Finance Committee's recommendation to raise and appropriate the sum of \$7,394.00 and borrow under any applicable State Statute the sum of \$130,000.00 for a period of 10 years after July 1, 1967 was put to a vote. It was first ruled to have been defeated by a hand vote, as follows: Yes 90, No 46. The vote was doubted and it was voted upon again whereupon it was ruled to have been favorably VOTED by a hand vote, as follows: Yes 94, No 46.

ARTICLE 42. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$150,000.00 for constructing and equipping a swimming pool and bath house, and parking area, at the Belcher Park site as petitioned for by the Board of Park Commissioners, Planning Board and the Board of Recreation.

## TOWN OF RANDOLPH, MASSACHUSETTS

Not recommended by Finance Committee. Article DEFEATED by voice vote.

ARTICLE 43. To see if the Town will vote to have the Board of Selectmen present a bill for enactment to the Legislature of the Commonwealth of Massachusetts which will enable the Town of Randolph to either own or exercise care, custody and control over a section of the waters of Ponkapoag Lake and the approaches and lake front land adjacent thereto. Said section and land to be determined, and set forth by the Board of Selectmen, as petitioned for by Mitchell J. Goodhue and others.

Recommended by Finance Committee. VOTED by Voice Vote.

ARTICLE 44. To see if the Town will vote to rezone from residential to industrial use a parcel of land shown on Assessors Map 4, Block A, as Parcels 20, 19, 18, 17, 16 and part of 15. The parcel is described as follows: Beginning at a stone bound located at the northeast corner of Fitzgerald Street, being the southeast corner of the property; then turning and running westerly 620.00 + or - feet; then turning and running northerly 900.00 + or - feet; then turning and running easterly 600.00 + or - feet; then turning and running southerly 390.00 + or - feet, bounded by Hunt Street; then turning and running easterly 10.00 + or - feet, bounded by Livermore street; then turning and running southerly 535.00 + or - feet, by land of Town of Randolph, containing 13 acres, more or less; as petitioned for by Michael Racella and others.

ARTICLE WITHDRAWN by petitioner.

ARTICLE 45. To see if the Town will vote to rezone from residential to industrial use a parcel of land shown on Assessors Map 3, Block A, as Parcel 3 (rear Eddy Street) and containing approximately 2.62 acres, as petitioned for by Michael Pacella and others.

ARTICLE WITHDRAWN by petitioner.

ARTICLE 46. To see if the Town will vote to rezone from residential to industrial use several parcels of land as shown on Assessors Map 3, Block A, being Parcels 1 and 2 (River Street), Map 3, Block B, being Parcels 1 and 2 (Dorr Street and Wilson Street) and Map 3, Block H, being Parcels 1, 2 and 3 (River Street and Howard Street), as petitioned for by Michael Pacella and others.

ARTICLE WITHDRAWN by petitioner.

ARTICLE 47. To see if the Town will vote to rezone from residential to business the following described parcel of real estate situated on Warren Street in Randolph, and bounded and described, as follows: The land with the buildings thereon shown

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

as Plot 24 of Assessors Plan 54 with an area of 70' Northerly fronting on Warren Street; Easterly bounded by Lot 23 for a distance of 142' ; and southerly, 70'6" as bounded by the property of the Veterans of Foreign Wars, Lt. John D. Crawford Post; westerly for a distance of 143' bounded by Lot 25 of said Assessors Plan 54, which parcel is already business zoned for an area of 10,000 square feet, more or less, as petitioned for by Bernard J. Manning and others.

Recommended by Planning Board. VOTED unanimously.

ARTICLE 48. To see if the Town of Randolph will vote to amend the zoning by-laws of the Town by amending Section Five (5) areas regulations, minimum lot area, by striking out "Except on lots containing not less than 12,000 square feet each and having a frontage of not less than 100 feet and substituting the following in its place: Except on Lots containing not less than 16,000 square feet each and having a frontage of not less than 110 feet", as petitioned for by Bernard Davidson and others.

Not Recommended by Planning Board. Article DEFEATED, Yes 73, No 79.

Adjourned to April 4, 1967. "

## ADJOURNED ANNUAL TOWN MEETING

April 4, 1967

Moderator Lombardi declared a quorum at 8:30 P.M.

ARTICLE 49. To see if the Town will vote to rezone from residential to business a certain parcel of land located on the westerly side of South Main Street and described as: A third parcel of land in Randolph being shown as Lot #4 on a plan of lots entitled, "Plan of Lots, Randolph, Mass., scale 1", December 11, 1961, L. W. DeCelle Surveyors, 285 Union Street, Randolph, recorded, Norfolk Deeds, Book 3955, Page 672, and bounded and described as follows:

Northerly by land now or formerly of Nadeau two hundred and thirty seven and fifty-one (237.50) feet; Southeasterly by land formerly of Mildred Cohen et al, one hundred and seventy-five (175) feet; southwesterly by land now or formerly of Oscar Bolin, et al, two hundred and thirty-eight and twenty-nine one hundredths (238.29) feet; northwesterly by land now or formerly owned by said Bolin by two lines one hundred and twenty-eight and sixty-nine one hundredths (128.69) feet and eleven and thirty-one hundredths (11.31) feet, containing thirty-six thousand, three hundred and seventy-eight (36,378) square feet of land and all as shown on said plan, as petitioned for by Lewis M. Sernick and others.

## TOWN OF RANDOLPH, MASSACHUSETTS

Not recommended by Planning Board. Amendment to pass article as printed DEFEATED: No 132, Yes 2.

ARTICLE 50. To see if the Town will vote to rezone from Residential to Business the following described parcel of Real Estate situated on South Main Street in Randolph and bounded and described as follows: The land with building thereon known and numbered 183 South Main Street, Randolph, Massachusetts, being shown as Parcel "A" on a sub-division of Land in Randolph, Massachusetts, dated February 7, 1953, by Lawrence W. DeCelle and Sons, Surveyors, said plan recorded with Norfolk Deeds, Book 3180, Page 463, and bounded and described as follows:

SOUTHEASTERLY: by said South Main Street, one hundred forty-five (145) feet:

SOUTHWESTERLY: by land of Sheehy, land of Marden and land of Doyle, as shown on said plan, by three (3) lines measuring respectively fifty-two and 92/100 (52.92) feet, one hundred sixteen and 71/100 (116.71) feet and one hundred twenty and 28/100 (120.28) feet;

NORTHWESTERLY: by lot marked parcel "B" on said plan, one hundred thirty-five (135) feet, more or less, and;

NORTHEASTERLY: by land of Rhen, land of Devlin and land of Riley, three hundred fifty-five (355) feet, more or less, according to said plan.

Containing 41,100 square feet of land, more or less according to said plan as petitioned for by Eddy C. Young and others.

Planning Board recommends with the stipulation that the use of the premises be restricted for use of a restaurant establishment serving food and beverages and related services, with building addition limited to not more than 1,500 square feet, and not to encroach further on any other abutters. VOTED by voice vote, Yes 128, No 30. This article was DISAPPROVED by the Attorney General June 19, 1967.

ARTICLE 51. To see if the Town will vote to rezone from residential use to business use, the following described parcel of land.

A certain parcel of land in Randolph, southwest of Pleasant Street and back of lands fronting on North Main Street and Cottage Street containing approximately 14.5 acres, bounded and described as follows:

Beginning at a drill hole at junction of walls at corner of Pleasant Street and Old Road then Northwesterly 332.82 feet along Pleasant Street to a drill hole by Glover Brook to a stone wall, then S 21-01' W, 33.52 feet along the wall to a drill hole, then N 74-59' 30" W 21.57 feet along a wall to a drill hole, then S 24-32' 30" W 66.88 feet along a wall to a drill hole, then

## ONE HUNDRED THIRTY-SECOND ANNUAL REPORT

N 88- 13' W, 475.61 feet partially by a wall to Glover Brook, then 222.50 feet more or less to the present industrial zoning (250 feet from and parallel to the New York New Haven Railroad layout), then South-westerly 266 feet more or less along the industrial zone to land of Asunta Puzone, then N 79-24' E, 66 feet more or less to a concrete bound, then S 6-03' W, 79.93 feet to a concrete bound, then S 89- 06' W. 211.08 feet to a drill hole, then S 6- 04' W, 158.38 feet along a wall to a drill hole, then S 83- 56' E, 237.25 feet to a drill hole, then S 43- 30' W, 86.17 feet to a corner, then S 85' 23' 30" E, 116.35 to a drill hole, then S 85- 21' E. 182.88 to a drill hole then S 51- 47' 30" E, 204.25 feet to a drill hole then S 55- 13' 30" E, 196.05' to a drill hole at Old Road, then along the wall on the northwesterly side of the Old Road 948.29 feet to a point of beginning.

The above described parcel is abutted, on the north by lands now or formerly of Rudolph A. DeMott, Good, and Olga Corkin, on the west by land of Asunta Puzone, on the South by lands of Mary E. Forrest, John Cozatti, Alice L. Carney, William R. Long, John A. Hoffman, Albin Johnson, Kathleen M. Donovan, Helen L. Loneragan and Daniel Coz, and on the East by the Old Road and Pleasant Street. As petitioned for by Charles Kourafas and others.

ARTICLE WITHDRAWN by petitioner.

Adjourned to April 10, 1967.

### ADJOURNED ANNUAL TOWN MEETING

April 10, 1967

Moderator Lombardi declared a quorum at 8:30 P.M.

ARTICLE 52. To see if the Town of Randolph will raise and appropriate the sum of One Thousand (\$1,000.00) Dollars for the Randolph Council on Aging, as petitioned for by the Randolph Council on Aging.

Finance Committee recommended that the sum of \$847.00 be raised and appropriated. VOTED unanimously.

ARTICLE 53. To see if the Town will vote to raise and appropriate, transfer or borrow, the sum of \$10,000.00 for modernization of the exterior of the Town Hall. As petitioned for by the Trustees of The Stetson School Fund.

Finance Committee recommended that the sum of \$7,800.00 be raised and appropriated. DEFEATED by voice vote. Finance Committee recommendation was reconsidered at April 18th Meeting at which time the final VOTE was in FAVOR of the recommendation of the Finance Committee.

## TOWN OF RANDOLPH, MASSACHUSETTS

ARTICLE 54. To see if the Town of Randolph will vote to raise and appropriate, transfer or borrow the sum of \$2,000.00 to establish a Conservation Fund or take other action. Said Conservation Fund to be used by the Conservation Commission with the approval of the Board of Selectmen, to purchase or take options on land for conservation purposes; as petitioned for by the Randolph Conservation Commission.

Not recommended by Finance Committee. Article DEFEATED by voice vote.

ARTICLE 55. To see whether the Town of Randolph will approve the construction of a new housing project by the Randolph Housing Authority, namely, a housing project for elderly persons pursuant to the provisions of Chapter 667 of Massachusetts Acts of 1954 in amendment thereof and in addition thereto, to be known as State-Aided Housing Project 667-2, as petitioned for by the Randolph Housing Authority.

Finance Committee recommended that the Town of Randolph hereby approves construction of a new housing project; namely, a project for housing of elderly persons consisting of not more than 75 dwelling units, pursuant to Chapter 667 of the Massachusetts Acts of 1954, and Acts in Amendment thereof and in addition thereto, to be known as State Aided Housing Project 667-2. VOTED unanimously.

ARTICLE 56. To see if the Town will vote to adopt the following By-Law: No person or corporation shall erect or maintain a billboard sign or other outdoor advertising device except as provided in Section 32 of Chapter 93 of General Laws, on any location within three hundred feet of any public park or playground or Metropolitan Park or Parkway, if within public view from any portion of such parks, playgrounds or parkways; or within three hundred feet of any other public way and within public view from any portion of same, if such billboard, sign or device exceeds five feet in height or eight feet in length, and no billboard, sign or device placed within three hundred feet of any such public public way and within public view shall be nearer than fifty feet to any other such billboard, sign or device; or at the corner of any public ways and within the radius of one hundred and fifty feet from the point where the center lines of such ways intersect; or in any place unless the lowest portion of such billboard, sign or device is at least three feet from the ground, and the entire structure, including its braces and supports, is maintained in good repair, painted, and free from accumulation of rubbish and filth and from the pupae, eggs and caterpillars of gypsy and brown-tail moths and other tree and shrub destroying pests; provided that this section shall not apply to signs or other devices which advertise or indicate either the person occupying the premises in question or the business transacted thereon, or advertises the property itself or any part thereof if for sale or

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

to let, as petitioned for by the Board of Selectmen.

Recommended by Finance Committee. VOTED unanimously.

ARTICLE 57. To see if the Town will vote to establish the following Town Meeting procedures:

A motion to reconsider must be made at the same or the next immediate meeting that the Article is considered, the reconsideration to be taken up at the end of the Warrant.

Any person presenting a petition to a Special or Annual Town Meeting for rezoning of an area shall make available to the Town Meeting members through the offices of the Town Clerk and Town Engineer copies of a sketch or plan of the area involved, the initial sketch or plan to be furnished by the petitioner, copies to be charged to the Town Meeting expense, as petitioned for by the committee to study Town Meeting procedure.

Recommended by Finance Committee. VOTED by voice vote with a deletion of the words "copies to be charged to the Town Meeting expense". Motion was made and carried that the committee serve another year.

ARTICLE 58. To see if the Town will vote Pursuant to General Laws, Chapter 140, section 167 and 168, it is hereby ordered that all dogs within the limits of the Town of Randolph, shall be muzzled or restrained from running at large during the hours of 8:00 A.M. and 6:00 P.M. Owners or keepers of dogs who violate this Order and who, after receipt of notice of this Order and notice of violation thereof, refuse or neglect for twelve (12) hours thereafter to muzzle or restrain such dogs as so required, shall be punished by a fine of not more than Twenty-Five (\$25.00) Dollars.

It is further ordered that the Town Clerk forthwith cause certified copies of this Order to be posted in two or more public places in the Town and that said Order be published in two daily newspapers circulated in this Town, and that certified copies of this Order be made available to the Dog Office and Police Department, as requested by them, for service upon owners or keepers of dogs who violate this Order.

This order shall take effect upon its publication as aforesaid, as petitioned for by the Dog Officer.

Recommended by Finance Committee. VOTED by hand, Yes 88, No 78, then by standing vote Yes 98, No 79. At the April 18th Meeting this Article was reconsidered and REJECTED.

ARTICLE 59. Acted upon at March 21st meeting.

ARTICLE 60. Acted upon at March 21st meeting.

## TOWN OF RANDOLPH, MASSACHUSETTS

ARTICLE 61. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$2,300.00 to pay the land damage claim of Vina D. Frank, as petitioned for by the Board of Selectmen.

Recommended by Finance Committee. VOTED Unanimously to raise and appropriate \$2,300.00.

ARTICLE 62. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$850.00 to equip the members of the Civil Defense Auxiliary Police with necessary uniforms as petitioned for by George LeCroix and others.

Not recommended by Finance Committee. VOTED by voice vote to raise and appropriate \$850.00.

ARTICLE 63. To see if the Town will vote to accept as its official seal a seal circular in design and in form as outlined in a picture which is on file both in the office of the Town Clerk and in the office of the Board of Selectmen, as petitioned for by the Board of Selectmen.

Recommended by Finance Committee. VOTED unanimously.

ARTICLE 64. To see if the Town will vote to adopt the provisions of Chapter 401 of the Acts of 1966 as it applies to the coverage of certain elected officials under the provisions of Workmen's Compensation, as petitioned for by the Board of Selectmen.

Recommended by Finance Committee. Motion made and carried to insert the words "or appointed" after the word "elected". Article, as amended, VOTED by majority vote.

ARTICLE 65. To see if the Town will vote to raise and appropriate or transfer from available funds, the sum of \$50.00 for the maintenance and lighting of the clock in the tower of the First Baptist Church, as petitioned for by the Board of Selectmen.

Finance Committee recommended that the sum of \$50.00 be raised and appropriated. VOTED by voice vote.

ARTICLE 66. To see if the Town will vote to raise and appropriate or transfer from available funds, the sum of \$50.00 for the maintenance and lighting of the clock in the tower of the First Congregational Church, as petitioned for by the Board of Selectmen.

Finance Committee recommended that the sum of \$50.00 be raised and appropriated. VOTED by voice vote.

ARTICLE 67. To see if the Town will authorize the Water Commissioners to appoint one of their members to another office

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

or position under their control, and fix the salary of such person in accordance with the provisions of Chapter 36, Acts of 1929, or take any other action relative thereto, as petitioned for by the Board of Selectmen.

Recommended by Finance Committee. VOTED by voice vote.

ARTICLE 68. To see if the Town will authorize the Board of Assessors to appoint one of their members to another office or position under their control, and fix the salary of such person in accordance with the provisions of Chapter 36, Acts of 1929, or take any other action relative thereto, as petitioned for by the Board of Selectmen.

Recommended by Finance Committee. VOTED by voice vote.

ARTICLE 69. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$800 as a share in the expense of the Christmas lighting program for the center of Randolph, as petitioned for by the Randolph Center Lighting Committee.

Finance Committee recommended that the sum of \$800.00 be raised and appropriated. VOTED by voice vote.

ARTICLE 70. To see if the Town will vote to raise and appropriate or transfer from available funds, the sum of \$800 for the erection and maintenance of Christmas display, as petitioned for by Mrs. Walter F. Snow and others.

ARTICLE WITHDRAWN by petitioner.

ARTICLE 71. To see if the town will authorize the Town Treasurer, with the approval of the Board of Selectmen, to borrow some money from time to time in anticipation of the revenue of the financial year beginning January 1, 1968, and to issue notes therefor payable within one year, all in accordance with the General Laws, Chapter 44, as petitioned for by Edward T. Clark.

Recommended by Finance Committee. VOTED unanimously, as amended. Amendment as follows: "To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue for the financial years beginning January 1, 1967 and January 1, 1968, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year, in accordance with the provisions of General Laws, Chapter 44, Section 17."

ARTICLE 72. To see if the Town will vote to raise and appropriate the sum of \$20,000.00 to establish a reserve fund in accordance with Chapter 40, Section 6 of the Massachusetts General Laws, as petitioned for by the Finance Committee.

## TOWN OF RANDOLPH, MASSACHUSETTS

Finance Committee recommended that the sum of \$20,000.00 be raised and appropriated. VOTED by voice vote.

ARTICLE 73. Acted upon at March 29th meeting.

ARTICLE 74. Acted upon at March 29th Meeting.

ARTICLE 75. To see if the Town will vote to accept the terms and conditions of a collective bargaining Agreement Proposal made by the Permanent Members of the Randolph Water and Highway Departments to the Town of Randolph under the authority of Massachusetts General Laws, Chapter 149, Section 178G through 178N inclusive, and in conjunction therewith to raise and appropriate or transfer from available funds a sum of money to fulfill the requirements of the terms and conditions of the Collective Bargaining Agreement, as petitioned for by the Committee for the Permanent Members of the Randolph Water and Sewer Departments and the Board of Selectmen.

Recommended by Personnel Board, subject to changes of the Town Meeting. Article VOTED by voice vote.

Adjourned to April 18, 1967.

### ADJOURNED ANNUAL TOWN MEETING

April 18, 1967

Moderator Lombardi declared a quorum at 8:30 P.M.

Mr. Schwartz moved that the salaries of the Town Clerk and Town Treasurer, Town Collector and Highway Surveyor be increased to \$9,350.00 each. Seconded and VOTED by hand vote, as follows: Yes 72, No 65.

Mrs. MacDonald moved that the Registrars budget be increased to \$13,430.50. Seconded and VOTED by voice vote.

Mr. Sullivan moved that the Board of Health budget under Garbage be amended to read \$30,519.00 as follows:

Jan - Feb - Mar	\$ 5,175.
April	3,120.

	\$30,519

and stated the amount of the contract for Garbage pickup for one year was \$33,333.00 and that future contracts would be bid in January. Seconded and VOTED.

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

Mr. Sullivan moved that the Board of Health budget under Rubbish be amended to read \$43,600. Seconded and VOTED.

Mr. Brack moved that the Water Department budget be amended under salaries of Commissioners as follows: Chairman \$450.00, Associate and Clerk \$400.00 each for a total of \$1,250.00. Seconded and VOTED.

Salary of the Veteran's Director was next discussed and amendments to the salary item were offered. Moderator referred to Town Counsel who ruled that any amendment was illegal. The Personnel Board chairman agreed to including the salary of the Veterans Agent for a report at the next Special Town Meeting. Mr. Hurley moved that any further action on the salary item of the Veterans Agent be tabled at this time. Seconded and VOTED.

Mr. Davidson moved that the Personnel Board make a study of comparative salaries paid to appointed and elected officials although they were not under the jurisdiction of the Personnel Board. Seconded and VOTED.

Mr. Macy moved to withdraw the budget of Belcher Park. Seconded and VOTED.

The budget of the Recreation Board as amended was VOTED by a hand vote, as follows: Yes 76, No 57.

ARTICLE 76. To see if the Town will vote to raise and appropriate money to defray the General Town Expenses for the current year, as recommended by the Board of Selectmen and the Heads of various departments.

Recommended by Finance Committee. General budget as amended was VOTED by a unanimous voice vote.

Green, Jr., Chairman; Mr. William J. Lynch, Assistant Superintendent of Schools; Mrs. Peter J. Davin; Dr. William M. Leavitt

# TOWN OF RANDOLPH, MASSACHUSETTS

## REPORT OF THE RANDOLPH SCHOOL COMMITTEE, 1967

The Randolph School Committee herewith submits its annual report to the citizens of the Town of Randolph:

The members of the School Committee are elected by the voters of Randolph under the General Laws of the Commonwealth, and are charged with the important responsibility of providing the best possible education for the youth of the Town.

The implementation of the educational program is delegated to the School Committee under the General Laws by the General Court, and therefore the School Committee of any municipality in the State becomes an agency of the State. The formation of policy, budget-making, personnel appointment, approval of curricula, choice of textbooks, planning of school services, formation of educational specifications for school construction, implementation of Federal Programs, and the evaluation of the educational program--all these are the duties and responsibilities of the School Committee.

Regular meetings of the Committee are scheduled on the first and third Mondays of every month at 8:00 p.m. in the Administration Building.

However, this year, due to the growth and expansion of the school system and the deliberations and negotiations with bargaining unions and groups representing teachers, secretaries, nurses, custodial and maintenance personnel, and cafeteria employees, the present Committee has spent many more hours than any other School Committee in Randolph's history, attending some 72 meetings. During the budget deliberations, the School Committee had a member of the Finance Committee in attendance at all times.

This year, through the cooperative effort of the Randolph School Committee, many outstanding results have been accomplished in keeping our educational processes ever moving onward by providing quality programs - for example:

1. Completion of the Martin E. Young Elementary School.
2. The evaluation of the High School and the High School curriculum by the New England Association of Colleges and Secondary Schools.
3. The Work-Study Program carried into the Junior High Schools.

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

4. The extension of the library program under E.S.E.A., Title II.
5. The institution of the O.P.P.O. tutorial program for grades 6, 7 and 8.
6. Participation in Head Start, under the Self-Help Program.

The Committee is extremely grateful to Superintendent of Schools Thomas L. Warren, Assistant Superintendent of Schools, William J. Lynch, Administrative Assistant Bruce Dunbar, the various staff, teachers, clerks, doctors, nurses, maintenance and custodial personnel, and cafeteria employees, for their sustained effort and cooperation in uniting to support the growth of the educational burden.

The Committee would like to thank the School Building and Planning Committee, Board of Selectmen, Police Department, Fire Department, Highway Department, and Town Counsel William Carr, who have all contributed their valued assistance.

The Chairman, who is completing his 11th year of service on the Committee, wishes to personally thank the co-members for their intelligent and objective considerations and actions which have enhanced the quality and excellence of our Randolph Public Schools. They gave unselfishly of their time to insure the best for the children of Randolph.

In addition, the Chairman wishes to emphasize his gratitude to the townspeople for their generous support and assistance in the multiple areas of the Committee's duties and responsibilities

DR. WILLIAM M. LEAVITT

## TOWN OF RANDOLPH, MASSACHUSETTS

### REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the members of the Randolph School Committee and all other citizens of Randolph, I herewith submit my thirteenth annual report. The report will be brief, but to the point, and I strongly recommend the careful reading of the entire report of the Randolph Public Schools.

#### School Buildings

The need for additional space in the Senior High School is acute and must be provided for at once. Presently we have approximately 1150 pupils in a building with a capacity of 1000. Every room is being used every period. The enrolment next year will be about 1300, and in September, 1969, with more than 1400 pupils, it will be necessary to go on "Double Sessions."

Our enrolment projections indicate that in 1978 the total number of pupils in grades 10, 11, and 12, will be 2000.

The specifics of the need will be given in a special report. Certainly the children of Randolph, your children and my children, are entitled to at least as good an education as those offered to the children in neighboring communities. Quality education is an investment, not just an expense.

State aid to the cities and towns of the Commonwealth continues to be inadequate. Newspaper headlines and articles promise much in the way of "state aid", but actually, for a variety of reasons, the money is not forthcoming. Only 53% of the Sales Tax revenue was realized and the reimbursement was cut accordingly.

This year, we have been notified that Randolph's entitlement under "General School Aid" is \$1,028,346.67, but because of the lack of funds, we will receive approximately \$600,000. The money to which Randolph is entitled, but which we will not receive, amounts to \$4.00 on the local tax rate.

You are urged to write to our Representatives and Senators, in the State Legislature, and urge them to enact legislation to make possible the payment of the state's full share to all communities of the Commonwealth. Our children must be given good educational opportunities, and the cost of these is too heavy a burden for the individual cities and towns to bear.

The Massachusetts Department of Education has set September, 1972, as the date when public kindergartens must be established in Randolph.

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

The regulations state that public kindergartens must be available on a half-time basis for all children of proper age who desire it, and that classes shall not be larger than 25. This means that we need fifteen classrooms for kindergarten, and by 1972 this number will more than likely be even greater.

On December 20th, a fire of unknown origin, but located under the roof of the McNeill School, deprived us of the use of four classrooms in the original school building. After a careful examination by a construction engineer, it is anticipated that architectural plans and specifications will be drawn up and the classrooms made available, hopefully, for the opening of school in September. We were most fortunate that the Martin E. Young School was practically ready for occupancy and on January 3rd, we were able to move the four classrooms from the McNeill to the Martin E. Young School.

Again we wish to thank and commend Chief Donald McNeil and all other personnel of the Randolph Fire Department, who, along with the Fire Departments of our neighboring communities, did such an excellent and professional job in fighting the fire. Certainly the damage would have been much more extensive, had they not worked so well.

Incidentally, the new access road which was cut through from Union Street to the McNeill School was a great asset in enabling the fire equipment to reach the school quickly.

### Curriculum:

Six curriculum workshops were carried on during the summer in our continuing effort to achieve excellence in our educational program. Curriculum content at all grade levels is being constantly evaluated, and changes made.

### Staff:

The average number of staff changes occurred because of additional positions, marriages, births, and a very few because of personnel's accepting positions in other communities.

Miss Mary O'Brien, first grade teacher in the Randolph Public Schools, retired after 46 years of dedicated service. Miss O'Brien was the "Miss Chips" of the first grade staff and because of her dedication and love of children, hundreds of people in Randolph were launched on a successful educational venture.

Mrs. Elizabeth McDonald, who has taught in the Tower Hill School since 1947, and previously in the Prescott School, for a total of twenty-five years, also retired. Mrs. McDonald, too, was a devoted and loving, as well as beloved, teacher.

## TOWN OF RANDOLPH, MASSACHUSETTS

Both Miss O'Brien and Mrs. McDonald were very much missed with the opening of school in September, but certainly they are deserving of, and we are hoping that they will have, many years of happiness in their retirement.

Mr. William Casey, Director of Guidance for 6 years in the Randolph Public Schools, resigned on October 1st, to assume the position of Assistant Superintendent in the Taunton Public Schools. Mr. Edwin Denton, Director of Guidance in the Dedham Public Schools, was elected to take the place of Mr. Casey in Randolph.

Cupid, the stork, and the draft, continue to be our major problems in this area of obtaining and maintaining an experienced staff.

### Federal Projects

We have continued diligently to seek out any available Federal Funds and although a very small percentage of the budget is available through Federal Funds, we have obtained monies in excess of our normal allotments.

Once again, I offer my heartfelt thanks and appreciation to the Randolph School Committee members who so willingly give of their wholehearted efforts toward the constant betterment of our educational system.

My thanks, also to Mr. William J. Lynch, Assistant Superintendent of Schools, to the Principals, supervisors, teachers, clerks, custodial cafeteria and maintenance personnel and all those in other Town Departments for their continued cooperation in assisting us to provide the very best educational system possible, for the children of Randolph.

Respectfully submitted,

THOMAS L. WARREN  
Superintendent of Schools

# ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

## REPORT OF THE HIGH SCHOOL PRINCIPAL

It gives me great pleasure to submit to you my second annual report as the Principal of Randolph High School.

During the past year the staff and administration of the high school have devoted many hours to the task of completing the self-evaluation of the complete educational and physical facilities of the school in preparation for a formal evaluation by a committee of educators appointed by the New England Association of Colleges and Secondary Schools. Accreditation by this organization heightens the chances of our students for acceptance in institutions of higher education and indicates that our program is designed to accomodate all of the students in satisfying their requirements for the educational goal which they have set for themselves.

On November 12, 13, 14, and 15, 1967, a Visiting Committee comprised of twenty-three teachers and administrators from Massachusetts and Rhode Island conducted the evaluation. The Evaluative Criteria and the resulting commendations and recommendations are of such length it is not possible to include them here. However, the Graphic Summary of the evaluation accompanies this report.

You will note that in only one category did the evaluation fall below the "Good" level, this being Physical Facilities. This rating is a reflection of the crowded condition which presently exists in the high school. Hopefully this situation will be resolved in the future with the completion of additional facilities presently being planned.

In almost every instance the evaluations of the Visiting Committee were adversely affected by the limitations of the building in relation to the enrolment. In spite of the large enrolment, it was still possible to add several new course offerings this year. Seminars in Journalism, Modern American Writing, and Dramatics in the English curriculum, and Sociology in the Social Studies curriculum were inaugurated. These additions, however, will of necessity be the last for some time to come. Presently every room in the building is used every period every day.

The Visiting Committee's final report is comprised of commendations and recommendations involving all of the areas which are included in the evaluation. So that you might have a better realization of the school's strengths, as well as needs, as seen by an impartial group, the remainder of this report will highlight some of the commendations and recommendations of the Visiting Committee.

## TOWN OF RANDOLPH, MASSACHUSETTS

The Visiting Committee commends Randolph High School's Program of Studies for:

1. A comprehensive Program of Studies, considering the existing conditions.
2. The excellent sequential course offerings in the major subject areas.
3. The graduate follow-up program which is used to add or delete courses in the various areas of the curriculum.

The Visiting Committee recommends that:

1. New courses in Industrial Arts, Health, Art, and Music be initiated.
2. New curriculum guides be developed for such areas in Physical Education, Art, Driver Education, some Foreign Language areas, Music, and Home Economics.

The Visiting Committee commends the school in the Art area for:

1. Upgrading Art to a major five-period subject.
2. Supplying a variety of materials for the students.
3. Carrying on an effective program despite limited space and crowded conditions.

The Visiting Committee recommends that:

1. A course of study be developed.
2. The inclusion of Graphic Arts in the curriculum be considered in planning and staffing new facilities.

The Visiting Committee commends the school in the Business Education area for:

1. Providing the Business Education Department opportunities to develop programs and study guides under the leadership of the coordinator.
2. Providing students with excellent job placement opportunities in which to apply their skills.
3. Providing a full-time guidance counselor for the Business Education student.

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

The Visiting Committee recommends that:

1. Additional facilities be provided for new programs in Business Education for boys and the general clerical student.
2. Provisions be made for a department library, teacher work area, and a department office.
3. Consideration be given to offering Data Processing (not keypunch training) as a major course offering.

The Visiting Committee commends the school in the Driver Education area for:

1. The excellent handling of such a large group of students in one classroom. The staff was able to maintain discipline and present excellent instruction under what we consider the most difficult of circumstances.
2. The interest and concern shown by the staff for improving the course and helping students.

The Visiting Committee recommends that:

1. A classroom for Driver Education be planned for the new facilities with provision for display, projection, and storage of a variety of instructional materials.
2. The total number of classroom and road hours be increased from its present 30 classroom hours and 6 road hours, which represents the state-suggested minimum.

The Visiting Committee commends the school in the English area for:

1. Evidence of sincere, stimulating teaching at all levels of instruction.
2. The variety and scope of a strong elective program with eight different offerings.
3. The reduction of class size to achieve the maximum in effective instruction.

The Visiting Committee recommends that:

1. Storage area be provided within the department to establish a central distribution center for textbooks and materials.

## TOWN OF RANDOLPH, MASSACHUSETTS

2. The position of Reading Coordinator, Grades 1-12, be established to initiate a program of developmental and remedial skills at all levels.
3. Library facilities be expanded and updated in areas of literature, literary criticism, and literary research with recommendations by the English Department.

The Visiting Committee commends the school in the Foreign Languages area for:

1. The reasonable class size and a well-coordinated audio-lingual program.
2. The audio-lingual equipment and materials in adequate supply to implement the existing curriculum.
3. The introduction of French V for advanced students.
4. Provision for students to continue Foreign Language study even in the case of very small enrolment.

The Visiting Committee recommends that:

1. Provision be made for a six-year sequence in Spanish to parallel the French sequence.
2. A study be made of student demand for introduction of a third modern language at the high school level.
3. Curriculum guides delineate the differences in course content for college and non-college bound students and for the three ability levels.

The Visiting Committee commends the school in the Home Economics area for:

1. Providing a variety of learning experiences.
2. The excellent equipment and supplies in the Foods and Clothing areas.
3. Providing courses open to girls and boys.
4. The emphasis on planning activities with the students.

The Visiting Committee recommends that:

1. A coordinator be appointed to organize the department and provide more articulation between the junior and senior high schools.

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

2. A curriculum guide be developed for all areas.

The Visiting Committee commends the school in the Mathematics area for:

1. The philosophy and objectives of the Mathematics Department.
2. The initial steps taken in the development of a syllabus of the offerings of the Mathematics Department.
3. The effectiveness of the mathematics instruction.
4. The initiation of a departmental prognostic testing program commencing in Grade 8, followed by an achievement testing program.
5. The inclusion of materials reflecting contemporary thinking within the mathematics curriculum.

The Visiting Committee recommends that:

1. Programmed materials be investigated in order to increase the effectiveness of individualized instruction.
2. The duties of the Mathematics Coordinator be extended to include Grades 1-12.
3. A course oriented toward practical applications of mathematics in occupational and technical areas be initiated.

The Visiting Committee commends the school in the Music area for:

1. The high utilitarian level the music performance groups have achieved in meeting the demands of both school and community.
2. The use of published materials of a contemporary nature which has encouraged heuristic behavior on the part of the students.
3. The extension of the band program to the adult or community level, thereby making music performance meaningful after graduation.

The Visiting Committee recommends that:

1. A program for small ensembles be instituted during school hours, the students utilizing study periods for this purpose.

## TOWN OF RANDOLPH, MASSACHUSETTS

2. A section for music recordings be included in the school library and be expanded on a continuing basis. Listening stations, equipped with earphones, should be provided in the library.

The Visiting Committee commends the school in the Physical Education area for:

1. The recent efforts to improve conditions in the boys' and girls' locker room area.
2. The excellent insurance program for interscholastic football.
3. The excellent practice of requiring a physical examination of all participants, prior to each sport season.

The Visiting Committee recommends that:

1. Serious consideration be given to including a field house and a life survival swim facility in any future building plans.
2. The community be encouraged to make greater use of school facilities during the hours when school is not in formal session.
3. Attention be given to reducing class size.

The Visiting Committee commends the school in the Science area for:

1. The excellent philosophy of the science staff and its dynamic efforts to improve science instruction.
2. The readily apparent fact that a science coordinator is functioning effectively both here and in grades 7-9 to bring about articulation, good materials, and above all a purposeful and coordinated teaching staff.
3. The quantity and quality of equipment for lab use and demonstration in the different areas.
4. The variety and extent of programs and student projects despite limitations in space and in scheduling provisions.

The Visiting Committee recommends that:

1. More storage space be provided for science in all areas.
2. The suggestions, plans, and advice of the science

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

coordinator be sought by the building committee of the new suite.

3. Class size be reduced to a number compatible with the number of work-stations and with the requirements of safety.
4. Second level courses in Chemistry and Physics be included in the curriculum when space and staff become adequate, and courses in Chemistry and Physics be offered to more general students.

The Visiting Committee commends the school in the Social Studies area for:

1. Conducting a successful curriculum revision program during summer workshops.
2. Manifesting an esprit de corps and willingness to work hard in spite of circumstances which are trying and in some cases inadequate.
3. Introducing the concept of a modified form of team teaching.

The Visiting Committee recommends that:

1. Provisions be made in any future expansion plans for:
  - a. A large group demonstration room
  - b. Small seminar room
  - c. A Social Studies bookroom and teacher work center
  - d. A Departmental secretary and a telephone
2. Steps be taken to improve coordination with other departments to effect cross disciplinary enrichment.
3. Immediate efforts be made to solve the problem of roving teachers and to provide for decreased class size.

The Visiting Committee commends the school in the Student Activity Program area for:

1. The range and quality of extra-curricular activities.
2. The high calibre of school publications.
3. The spirit displayed by the student body.
4. The close correlation of student activities to community needs.

## TOWN OF RANDOLPH, MASSACHUSETTS

The Visiting Committee recommends that:

1. A program for both boys' and girls' intramural sports and girls' inter-scholastic sports to be introduced as soon as possible, as well as an expansion in boys' inter-scholastic sports.
2. The Student Council, as an elected body representing the entire student body, present constructive criticism to improve internal public relations, and to assist the faculty and administration in the development of school policies with reference to student conduct.
3. A committee formed to coordinate all assembly programs.

The Visiting Committee commends the school in the Instructional Materials Services area for:

1. The heavy use made of library facilities.
2. Good rapport between the library and other department within existing conditions.

The Visiting Committee recommends that:

1. The annual budget for the media center be established on a per pupil basis.
2. A professional library be developed with extensive coverage of current educational and curriculum developments to keep teachers and administrators abreast of continuing changes in these areas.
3. A sequential program of instruction in library skills be developed with maximum attention given to integration of instruction with the ever-increasing complexity of the demands of the curriculum.

The Visiting Committee commends the school in the Guidance area for:

1. The strong professional background of the staff.
2. The excellence of the counseling facility and the educational and occupational information available.
3. The decided increase in the number of students furthering their education in recent years.

The Visiting Committee recommends that:

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

1. In addition to the replacement of the Director, a full-time counselor be appointed to reduce the counselor-pupil ratio.
2. No counselor be assigned administrative or supervisory duties.
3. More clerical help be provided to ease the work load of the very capable secretary now serving the Guidance Department.

The Visiting Committee commends the school in the Health Services area for:

1. The recent appointment of a Supervisor of Nurses.
2. The newly-instituted practice of scheduled school nurses' meetings for in-service education.
3. The excellent practice of telephone instructions for the homebound or hospitalized child.

The Visiting Committee recommends that:

1. A full-time nurse be made available in the Randolph High School.
2. All accident reports be analyzed and charted - with instructional follow-up where indicated.
3. Structured health teaching be included as a regular part of the Randolph High School curricular offerings - with attention to first aid training.

The Visiting Committee commends the school in the School Plant area for:

1. Proceeding with plans to alleviate the overcrowded conditions in the high school.
2. The effective performance of the cafeteria staff in spite of the extremely limited facilities in the kitchen.
3. The effective performance of the custodial staff in keeping the building clean.

The Visiting Committee recommends that:

1. Facilities be provided for Industrial Arts courses for boys.

## TOWN OF RANDOLPH, MASSACHUSETTS

2. The stairway leading to the music room be provided with non-slip treads.

The Visiting Committee commends the school in the School Staff and Administration area for:

1. The mutual support offered by the high school staff and administration.
2. The encouragement of creativity on the part of staff members.
3. The establishment of the work-study program now in progress.

The Visiting Committee recommends that:

1. An administrative assistant be added to the High School Staff.
2. Better communication between school and community be developed to increase community support of the school objectives.
3. Adequate lunchroom facilities be provided and that all lunch periods be of the same length.

---

The primary purpose of an evaluation, whether it be for a single student or an entire school, is to give direction for self-improvement. Randolph High School has received "good" on its report card and now it will strive to attain "excellent".

JAMES L. TOPHAM  
Principal

## NATIONAL STUDY OF SECONDARY SCHOOL EVALUATION

Formerly, Cooperative Study of Secondary School Standards

©1960 by National Study of Secondary School Evaluation, Washington 6, D.C.

TOWN OF RANDOLPH, MASSACHUSETTS  
KENNEDY JUNIOR HIGH SCHOOL

Kennedy Junior High School enrolled 860 students in September 1967, in grades six through nine. A modification of the time schedule was instituted at that time, providing for a seven period day on Mondays, Wednesdays and Fridays and a six period day on Tuesdays and Thursdays. As a result, there has been a sharp reduction in the number of study periods at all grade levels. Instructional time has been increased on Tuesdays and Thursdays, while sufficient time for musical activities continues to be provided on the other days of the week.

A program of developmental and remedial reading was instituted at the beginning of the year, for students needing this instruction. The Iowa reading tests were administered to assist the faculty in analyzing the strengths and weaknesses of each student. Through the use of reading skill texts, Science Research Associates materials, a pilot library, and reading machines, students have been helped in vocabulary development, and in increased speed and comprehension. The developmental reading program is directed toward class groups, while the remedial work is done on a small group basis.

The mathematics staff emphasizes a solid background of skills, designed to help students with present courses and courses to follow. Both the "modern" and "traditional" programs are offered and the latest textbook materials are used. In addition, visual aids such as geometric solids, slide rules, overhead transparencies, and ratio-fraction demonstrators are used to assist in the mastery of mathematical concepts. In the fall, some classes viewed an inspiring series on modern mathematics entitled "The Wonderful World of Mathematics", on Channel 5. Students are made active participants in their education by the consistent use of a "discovery approach" in the teaching of mathematics.

Additional equipment and materials have been added to the science department through the use of National Educational Development Act funds. As a result our junior high school laboratories are among the best equipped in this entire area. Earth science has been added to the ninth grade program as an elective, and large numbers of students have taken advantage of the opportunity to study this new part of our curriculum. The year-long weekly workshop for junior high science teachers was concluded in June, bringing the program up to date with the latest thinking in science education.

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

There has been a noticeable improvement in our grade seven vocal music program this year, due largely to the background work done by the new elementary vocal teacher last year in grade six and the maintenance work continued by the junior high instructors this year. During the 1966-1967 year our Student Council selected green and white as the school colors for Kennedy Junior High School. New band uniforms, in the school colors, were delivered last October, and will be worn by the band in the Memorial Day parade.

The guidance department continued with its program of orienting new students to Kennedy. Counselors conduct a series of group and individual tests designed to record pupil status in basic skill areas. Conferences with students, parents and teachers together with the use of periodic progress reports make possible a close observation of pupil progress.

The school year is off to a fine start. We look forward to continued improvements and to the success of students at Kennedy Junior High School.

Respectfully submitted,

THOMAS F. DONAHUE  
Principal

## TOWN OF RANDOLPH, MASSACHUSETTS

### NORTH JUNIOR HIGH SCHOOL

It is my pleasure to submit my second annual report since my appointment as principal of the North Junior High School. I greatly acknowledge the assistance and constant support of the staff and faculty. At this time I would also like to express my sincere thanks to Mr. Thomas Warren, Superintendent of Schools, Mr. William Lynch, Assistant Superintendent of Schools and the School Committee.

One of the greatest changes that has occurred during the past two or three generations is in the expansion of the effort to discover new knowledge. In 1890, probably no more than \$10 million was spent by all agencies in the United States to discover new knowledge. In 1965, the figure is close to \$20 billion. Today there are probably a thousand times as many people working at discovering new knowledge as there were a hundred years ago.

This explosion of knowledge must then be transmitted into a workable curriculum. This new curriculum emphasizes the understanding of principles rather than the acquisition of information. Recognizing that what is fact today may not be fact tomorrow, and that to keep pace with the growth of knowledge the average person will have to be reeducated continually throughout his lifetime. We in Randolph have sought ways to help a student acquire the intellectual power to relate new information as it develops to the underlying principles of a subject field. Accordingly, the new curriculum springs from the discipline itself and is shaped by its inherent structure and techniques of inquiry.

At the same time, the curriculum is a response to insights gained into human behavior and its development. Young people, even the very young, it is now realized can be led inductively toward the discovery of principles through the intuitive grasp of patterns. The curriculum then is the means of organizing information so that patterns can be discerned and discovery made.

We also direct our attention to the important areas of citizenship and moral development. Students must learn to care for their own school materials, respect other peoples' property and rights, to observe social amenities, and to appreciate and love their American heritage. Our faculty and staff avail themselves of every opportunity to instruct in these vital areas.

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

I personally feel that in the future we should develop an individual program of studies for each child so that he can progress through school on a non-graded basis.

In English this year we have two seventh grade classes utilizing the new linguistics approach to the teaching of English. In French we are using new materials for two classes on the seventh grade level. Hopefully, it will upgrade our effectiveness and materials still utilizing the audio-lingual method. This past summer the eighth grade United States History course was completely revised.

We in the school department are continually evaluating and improving the quality of education that we offer to the pupils of the Randolph Public Schools.

After many hours of discussion with Mr. Warren, Superintendent of Schools, Mr. Kondracki, the Guidance Department, and other faculty members at North Junior High School, it was decided to select a small group of eighth grade pupils who have ability but were progressing in school with a limited amount of success.

The program is based on two assumptions:

1. All children have the ability to learn if given the proper opportunity.

2. If you substantially improve the opportunity for education to the child you will facilitate substantial improvements in all other areas as well.

## TOWN OF RANDOLPH, MASSACHUSETTS

Keeping this in mind we felt that it was imperative that the school system provide this small group of pupils with the opportunity to succeed by helping him cope with both his academic and personal problems. The curriculum has been formulated to meet the immediate interests and needs of this type of learner.

It is my contention that we need a more thorough and complete intramural program to be conducted after school. I feel that there are not enough athletic activities for seventh and eighth grade boys and girls.

As of June, 1967, forty-five eighth grade pupils transferred to other schools or left school entirely.

1. Blue Hills Vocational School	18
2. Parochial Schools	18
3. Norfolk County Agricultural School	4
4. Left for work	<u>5</u>
	45

During 1968 we expect to continue our efforts to improve and strengthen all programs in the junior high school. Our goal is to provide the best possible education for all children within the means provided us for that purpose.

Respectfully submitted,

FRED H. BLANCHARD  
Principal  
North Junior High School

# ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

## REPORT OF AUXILIARY PUPIL SERVICES

Continued growth of the Randolph School System and new legislation have increased the responsibilities of this department during 1967.

Under the Economic Opportunity Act Randolph has continued to sponsor the Neighborhood Youth Corps and the Summer Head-start Programs. In addition the School Committee has recently authorized participation in the Human Resources Training Program which will permit selected trainees for professional and semi-professional positions to gain experiences under a structured program of field work in special classes. In conjunction with this program, members of the Commonwealth Service Corps are to be admitted to the same classes to assist with these trainees.

Project OPPO'67 which was funded entirely from a Federal grant under Title I of the Elementary and Secondary Education Act was run during the months of July and August. Mr. Francis Dodero, Principal of the Stetson School was director.

Highly qualified Randolph teachers served as tutors to over seventy Randolph public and private school children attending junior high schools and classes within the area specified.

Project STEP-UP, which was designed by this department to explore new approaches to diagnosis and remediation of learning problems has been described in an article in The Instructor, a teacher's publication of national distribution.

1967 marks the second year of participation in the Title II Elementary and Secondary Education library book purchase program. Amounts expended by each school at no direct cost to Randolph are:

Belcher	\$ 345.28	Stetson	\$ 788.53
Devine	1,224.09	Tower Hill	599.31
Donovan	1,004.40	Kennedy Jr.	1,464.60
Lyons	925.25	North Jr.	1,529.86
McNeill	533.42	High School	2,070.35

The amount allocated to Randolph for the two years now totals \$24,946.06.

The Blue Hill Project under Title III of the same Act is in the process of funding. The director of this department continues to serve as consultant for the Special Education portion of the project which includes the towns of Avon, Braintree, Canton, Holbrook, Milton, Randolph, Sharon and Stoughton.

## TOWN OF RANDOLPH, MASSACHUSETTS

We list briefly the programs under Special Education

**TRANSPORTATION** - fifty-eight handicapped children were transported by taxi to Boston, Quincy, Milton and to Randolph Schools at a cost of \$16,950.15. All transportation was awarded on basis of advertised bids or request for quotation.

**EMOTIONALLY DISTURBED** - Eight children (maximum permitted) in special class at Donovan, three children full-time regular class, five in residential schools in Massachusetts, Ohio, Pennsylvania, one in day schools in Boston, five receiving Home Tutoring, two pending.

**HEARING HANDICAPPED** - two attending Randolph Public Schools, twelve attending Boston School for the Deaf.

**MENTALLY RETARDED** - fifty-one in special classes at Donovan and J. F. Kennedy Jr. High School.

**NURSERY SCHOOL** - three attending school at Quincy.

**PHYSICALLY HANDICAPPED** - three attending school at hospitals in Boston, Brighton, and Canton, forty-one received Home Tutoring from thirty-one Tutors, nine Home-School telephones.

**SCHOOL PSYCHOLOGIST** - Sixty-nine examined as required by State Law.

**SPEECH & HEARING** - 3800 children examined by Mrs. Scranton and Mrs. McCrensky, Speech and Hearing Therapists. Therapy was given to 200 students, the maximum permitted under State regulations.

**SUMMER RECREATION** - Seventeen children and staff of adults participated. This is third year for this successful program.

**VISUALLY HANDICAPPED** - Two children attending classes in Randolph. One pending placement in Sight Saving Class in Quincy.

**PERCEPTUAL TUTORING** - Eleven pupils and five tutors qualified and are participating in this program. Authorization has been received to employ full-time specialist.

**OCCUPATIONAL TRAINING** - Eleven children placed in work stations in Randolph and Brockton. Attend school part-time, work part-time. These children earn money at the jobs and are given the opportunity to experience different

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

types of work at various locations.

**MISCELLANEOUS** - Preliminary meetings are being held for planning of a joint Occupational Training Program to include Towns of Avon, Holbrook, Milton and Randolph. This will be funded with the approval of the Bureau of Special Education.

Continued contact is maintained with the State Rehabilitation Commission. All handicapped children who graduate or leave school are informed of the training available to them and are furnished with application forms and assistance, if required, in filing for the programs.

Mr. Jack Goodman and Mrs. Linda McCrensky joined the staff this year. Mr. Goodman is a teacher of the junior high Special Class and is a doctoral candidate in psychology at the University of Miami. Mrs. McCrensky is a Therapist in the Department of Speech and Hearing and is assigned to the Junior High Schools. She is a graduate of Ohio University and taught in Randolph, New Jersey before coming to Randolph, Massachusetts.

New legislation, Chapter 626 of Acts of 1967 now make it mandatory for each town in Massachusetts to provide educational programs and therapy for emotionally disturbed children. Implementation of this, however, must await publication of guidelines and regulations by the departments of Education and Mental Health.

All programs operated under the Rules and Regulations of the Bureau of Special Education are reimbursed fifty percent by the State. Expenditures for Special Education excluding bus transportation amounted to \$80,981.00. The Town of Randolph received tuition payments and reimbursements for the Special Education programs amounting to \$47,547.00.

Success of the many programs under this department is made possible through the assistance and cooperation of the School Committee and Administration, teachers, nurses, attendance officer and personnel of the Health, Police, Welfare and Town Offices. Again we wish to express our thanks to these people.

ROBERT D. SAYRS  
Director

## TOWN OF RANDOLPH, MASSACHUSETTS

### REPORT OF THE DIRECTOR OF MUSIC

It is my pleasure to report that the Music Department is continuing to develop and maintain one of the best possible music curriculums in our area. Several new concepts have been introduced at all levels in both instrumental and vocal music with the aim toward greater interest in music as either a profession, avocation, or passive participation. The biggest needs of the department at present are additional teachers at the Elementary and High Schools levels.

The Elementary Instrumental program affords about three hundred and fifty children an opportunity to explore and acquire necessary skills in instrumental performance. Each student has a half hour of homogeneous class instruction and one band rehearsal a week. Mr. John DeNardo and Mr. Charles Lincoln, who replaced Mr. Rubino, service all Elementary Schools. Once again each school presented a concert to the public and also combined to march in the Memorial Day parade. Miss Kathleen Madigan is the Vocal teacher at the Elementary level and teaches grades two through five every other week. It is in this area that another vocal teacher is greatly needed to insure that all students receive instruction at least once a week.

The Junior High Schools are on basically the same program, which includes General Music Classes for all students in grades seven and eight. Band and Chorus are electives during school with Dance Band after school. Interest at this level has increased noticeably due to the outstanding teachers and also a momentum from the Elementary program. Once again there has been a change in personnel. Mr. Gilbert Costa and Miss Anna Napoleone have replaced Mr. Robert Drukman and Mr. Theodore Haines.

The High School Band and Chorus have had a very successful and enlightening year. The football shows and concerts have been warmly received and representation by Randolph in the competitive festivals has been increased. The presentation of "Pajama Game" resulted in sell-out audiences both evenings despite a blizzard on the first night. Students have shown a marked interest in individual practice during study halls and after school, although facilities are limited. In the evaluation by the New England Association of Colleges and Secondary Schools, the music department was commended for its flexibility despite poor conditions, inadequate staff and limited scheduling. Its recommendations were an additional full time teacher, more sections of Music Theory, Music Appreciation, Band and Chorus and renovations to practice rooms with appropriate furnishings.

Once again I would like to thank the School Committee and

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

the Administration for their assistance in the past and request the same congenial cooperation in the future.

Respectfully submitted,

LEONARD RAPOZA

Director of Music

### REPORT OF SCHOOL LUNCH PROGRAM

The school lunch is still the best buy a student can make. The lunch costs about 50 to 55 cents to prepare. It costs the students only 30 cents. Our program is reimbursed nine cents for each Type A lunch served. U. S. Department of Agriculture donated foods to help ease the cost.

For the 30 cents, a child can buy a well-balanced lunch that will meet one-third of his daily nutritional requirements. This meal, called the Type A lunch, must follow the U. S. Department of Agriculture nutritional pattern. This consists of: two ounces of protein food such as: meat, fish, poultry, cheese or egg; 3/4 cup serving of vegetables and/or fruit; one slice enriched bread; two teaspoons of butter and one-half pint whole, unflavored milk. Through this medium, we are trying to teach life-long good food habits.

As in previous years, there was an increase in participation in the lunch program this past year. We served 534,807 Type A lunches in the six cafeterias, and 1,066,951 half pints of milk in all the schools.

This past year, the lunch program expended \$67,190.00 for salaries and \$145,213.00 for foodstuffs and other expenses. The cash receipts totalled \$151,765.04 and our monetary reimbursements from the state and federal sources was \$72,023.21, for a total of \$223,788.25.

Our staff now totals twenty-three permanent cafeteria employees. When the cafeteria in the Martin E. Young School opens, it will be necessary to appoint additional personnel. These employees are paid for forty-two weeks, which includes all holidays and school vacations within the school year. Permanent cafeteria employees are appointed by the School Committee, upon recommendations of the Cafeteria Director, under Civil Service Regulations. It is necessary to pass the Civil Service tests for the various positions, in order to be permanently appointed from the list. Applications should be made directly to the Division of Civil Service in the State House.

## TOWN OF RANDOLPH, MASSACHUSETTS

As a result of Collective Bargaining with the School Committee, the salaries as of September 1967 are as follows: from \$1,908.00 to \$2,108.00 for cafeteria workers; and from \$2,628.00 to \$2,928.00 for the cafeteria managers. With these increases, it will be necessary for the town to appropriate \$8,000.00 to cover these added expenditures.

Once again, we wish to acknowledge the invaluable assistance of the Randolph Police Department in the matter of transporting our cash receipts to the bank.

I wish to express my gratitude to the School Committee, Superintendent, Assistant Superintendent, Maintenance and Custodial force and our School Lunch workers for their cooperation during the past year.

MARIA C. MINNICK

Director of Cafeterias

## PHYSICAL EDUCATION

One of the main purposes of education in a democracy is to assist in preparing youths to make the best possible adjustment in society. The aims of physical education are necessarily those of general education in that they are phases and all levels of the educational process.

The general function of physical education in the elementary schools is to assist in providing a medium for the normal growth and natural development of each pupil.

Physical Education for elementary school children has a real place in the growth and development of the child. Our physical education program attempts to meet the individual needs and interests of each child at the various age levels. Each type of activity has a definite contribution to make to the total development of an individual.

Aims of the physical education program in the elementary grades:

1. To improve the general health of the child
2. To improve posture
3. To cultivate a spirit of fairness, as well as love of sports.

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

### 4. To develop grace of bodily movement.

This Fall all the youngsters from Grades 1 through 6 were tested by using the Krauss Webber standards. The results were satisfying. Physical education for junior high students is a phase of education through physical activities which are selected and carried on with full regard for values in human growth, development and behavior.

### 1. To develop and maintain physical well-being

- a. To develop an interest in, and an awareness of the value of physical activities.
- b. To acquire a sense of balance, agility, endurance and strength.
- c. To develop good posture, efficient body mechanics, and desirable personal habits.

### 2. To develop useful physical skills

- a. To develop proficiency in fundamental skills that are essential to living safely and successfully.
- b. To enable the individual to measure his physical efficiency.

### 3. To act in socially useful ways.

- a. To afford opportunities for girls to develop initiative and leadership.
- b. To respect the personalities of her teammates and develop good sportsmanship, courtesy, fair play and loyalty.

Sports has played a part in the Jr. Highs with both schools having football, basketball, baseball and spring track.

The philosophy of the Senior High program is that a well-adjusted person must be a physically, mentally, emotionally, socially and spiritually matured individual. Our physical education program is aimed at helping develop these aspects of the individual. Naturally, our main emphasis is on physical well-being. However, we feel that through physical fitness and activity we are helping to develop the mental, social and emotional side of the individual also. We are trying to develop in our students an awareness of the necessity of physical fitness and of the value to be gained through participation in activities. We feel that a physical fit individual, capable of functioning at peak

## TOWN OF RANDOLPH, MASSACHUSETTS

performance, will contribute better to himself and his society. Our program is designed to develop the student to his physical capacity, and to equip the student with enough skills so that he may continue being active in adult life.

Randolph High School doesn't take a back seat regarding the number of interscholastic athletic teams. This year the school committee has agreed to sponsor hockey as a new sport. The athletic director has submitted an application for entrance in the Old Colony League. An intra-mural program is in the making for boys and girls after school.

We are going to be confronted with a big decision real soon regarding an addition to the High School which is a necessity. As the Director of Physical Education and Athletics for the Town of Randolph, thinking of the entire town, I have recommended and asked for a swimming pool and a field house to be included in the plans. This necessarily will involve some monies but I am a firm believer that the facilities should be large enough to handle the community which will soon be close to a population of 30,000 and not worry about adding on to a building years from now at an additional expense.

I express my sincere thanks to the administrators and the school committee for their interest in the Physical Education program.

JOSEPH J. ZAPUSTAS  
Director of Physical Education  
and Athletics

## REPORT OF SCHOOL NURSES

The object of our school health program is to guide the child's physical, mental, emotional, and social development. This is accomplished by effective teamwork on the part of all concerned with the school child's health and well being.

The health of the child is the primary responsibility of the parents. The school is responsible for the immediate care of the student during school hours. Prompt notification is given to the parent if a pupil becomes ill or is injured while in school. For the prevention and control of communicable diseases, it is important that the parents keep children home at the first signs of illness, because communicable diseases are most contagious during the early stages. Our teachers are continuously alert to symptoms of illness and other health problems occurring in their classrooms.

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

The present assignment of school nurses is as follows: Miss Mary McGrory is responsible for the health program at the North Junior High School and the Charles G. Devine School. Mrs. Patricia McDermott is responsible for the health program at the John F. Kennedy Jr. High School and the Margaret L. Donovan School. Mrs. Emma Donahue is assigned to the High School and Stetson Elementary School. She, also, is in charge of the Future Nurses' Club. Mrs. Miriam Simmons carries out her duties at the Elizabeth G. Lyons School, Tower Hill School, McNeill School, and Belcher School.

The school physicians examined children in grades one, four, seven and eleven. Any defects noted were recorded on the child's health record. Parents were notified and advised to seek prompt medical attention.

Yearly vision and hearing screening tests were administered. Here again the parents were informed of any failures to pass these tests.

Diphtheria and Tetanus inoculations were given in specific grades. The parents requested this inoculation and signed permission slips.

Recording of height and weight is a useful means of noting growth progress. When the need is apparent further discussion about diet with children and parents is arranged.

The school nurses wish to express their appreciation to all school personnel for their cooperation in helping to make our health program a success.

Respectfully submitted,

MARY McGRORY, R.N.  
PATRICIA McDERMOTT, R.N.  
EMMA DONAHUE, R.N.  
MIRIAM SIMMONS, R.N.

### ELEMENTARY READING SUPERVISORS

Mary C. Gaughen

Barbara A. Conley

The goal of our reading program is to widen the child's reading horizon, to develop highly sensitive, knowledgeable, discriminating readers.

The pupils in the Randolph Schools have an opportunity to reach this goal through proper instruction and use of the multi-level and enrichment reading materials.

## TOWN OF RANDOLPH, MASSACHUSETTS

This year as a pilot study we have added a pilot library. This is supplementary to the reading program. It consists of 72 selections from the best of children's literature. These are excerpts that range from poetry to biography, from humor to history, from adventure to science to fantasy. This program should help bridge the basal reading program and the full length book which is one of the aims of our program.

Words in Color is another pilot program we are studying. Children read and write in black and which each sign that he first learns in color. Reading literature to children, stimulating dramatizations and story-telling by children, taking down oral dictation by pupils, encouraging oral expression of children's interests, and providing for creative writing continue to be important in a program centered around Words in Color.

This year we are conducting a Reinforcement Program in the reading department. It is felt that those children with an average or above average intelligence who have shown a weakness in a specific area in reading are being reinforced in these skills through specialized instruction. By carrying on this type of program we feel that we will be eliminating many of the reading problems in the upper elementary grades. A total of 59 children are presently receiving this kind of help, in small group instruction, according to their individual needs.

The Stanford Achievement Tests administered in May of 1967 show that our Town Medians continue to range well above that of the National Norms. In measuring all first grades of the town, it was found that in Word Meaning 21% fell below the National Norm of 1.8, while 67% measured second grade or better. In Paragraph Meaning, 27% fell below 1.8, while 61% measured second grade or better, and Vocabulary showed that 20% of the pupils fell below the 1.8, while 63% were charted on second grade or better. Finally, an interesting note was the effect of the phonics as shown on the Spelling where approximately 12% of the pupils fell below the National Norms, while 83% range second grade or better. Thus, the statistical evaluation of the program continues to reaffirm our own belief in the strength and success of the reading program.

In further improvement of the program, one remedial reading teacher was added this year to the elementary staff.

# ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

## RANDOLPH PUBLIC SCHOOLS

### ADMINISTRATION BUILDING

#### SCHOOL CALENDAR - 1967-1968

Subject to change by the Randolph School Committee.

September 5, 1967	School opens for all personnel.
September 6, 1967	School opens for all grades

April 22, 1968	School reopens
May 30, 1968	Memorial Day
June 27, 1968	School closes - all grades

## TOWN OF RANDOLPH, MASSACHUSETTS

### "NO SCHOOL" ANNOUNCEMENTS

1. The general policy is not to cancel the school sessions except under extreme weather conditions. It is always the privilege of any parent to keep a child at home if the parent feels that it is necessary.
2. The following stations usually carry our "No School" Announcements:

Boston - W.B.Z., W.H.D.H., W.E.Z.E., W.C.O.P.

Quincy - W.J.D.A.

Brockton - W.B.E.T., W.O.K.W.

In most instances it might be better to listen to the Brockton or Quincy stations, for it is not always possible to reach every Boston station, as they handle hundreds of calls on stormy mornings.

3. When the session is cancelled, a recorded message will be available on 963-7802; however, this is but one telephone line, and it is limited greatly in the number of calls which it can handle. You should rely on the radio stations.
4. You should not call school officials, for they are busy making calls to the radio stations, bus company, principals, etc. Rely on the radio stations for your information.
5. Do not call the Fire, Police, or Highway Departments, for by so doing, you hamper their work.

THOMAS L. WARREN  
Superintendent of Schools

### HEALTH CERTIFICATE

Children absent from school five or more days, because of a contagious disease, or because of illness of an unknown nature, must obtain a health certificate from the School Physician or their own attending physician before they may return to school.

### ENTERING AGE TO GRADE ONE

A child who will reach his 6th birthday on or before January 2nd, following his entrance into school, will be eligible to enter grade one.

# ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

## REPORT OF THE BLUE HILLS REGIONAL VOCATIONAL SCHOOL DISTRICT COMMITTEE

To the Honorable Board of Selectmen:

Gentlemen:

We respectfully submit the Fourth Annual Report of the Blue Hills Regional Vocational School District Committee. The following is a list of Committee Members representing the towns in this District:

		<u>Term Expires:</u>
AVON	Mr. Bernard H. Baher	March 1969
BRAINTREE	Mr. James E. Sullivan	March 1969
CANTON	Mr. Nathaniel N. Wentworth, Jr.	March 1969
HOLBROOK	Mr. Donald J. Martin	March 1968
NORWOOD	Mrs. Alena Wisgirda	Jan. 1970
RANDOLPH	Mr. M. Murray Lewis	March 1968
WESTWOOD	Mr. Ernest Oetinger	March 1968

The District Committee, with deep regret, accepted the resignation of Mrs. Jean A. Heffernan, Original Planning Committee Member, Interim District Committee and current School Committee Member. Mrs. Heffernan, Representative from the Town of Holbrook, was required to make a change of residency and officially resigned from this District on August 15, 1967. At this time, Mr. Donald J. Martin of Holbrook was appointed by the Board of Selectmen and Holbrook School Committee to fill the Holbrook vacancy on the Blue Hills Regional Vocational School District Committee until the formal election in March 1968.

Mr. Nathaniel N. Wentworth, Jr. and Mr. M. Murray Lewis continued in the capacities of Chairman and Vice-Chairman respectively. Mr. Edward V. Cogliano of Canton continued as Treasurer, Mr. William J. Carr of Randolph continued as Counsel and Mr. William A. Dwyer continued as Superintendent-Director of the Regional School.

The District Committee continued holding its regular meetings on the first and third Tuesday of each month. Meetings are held at the Blue Hills Regional Vocational School, 100 Randolph Street, Canton, Massachusetts.

On September 22, 1966, the Regional School opened as planned. Although faced with some remaining construction problems at this time, the District Committee realized that this inconvenience was insignificant considering the fact that 350 students from the seven member towns were able to avail themselves of an opportunity for technical education one year earlier. The option this Committee had in the early decision-making period of select-

## TOWN OF RANDOLPH, MASSACHUSETTS

ing an opening date, would have allowed an additional year for construction and a more comfortable period of equipping the school. However, such a decision would have deprived the opening class of an opportunity for a vocational-technical education. Today, with the need for technicians becoming more obvious and more critical each successive year, this Committee realized it had made a very wise decision. A great deal of recognition must be given the Superintendent and staff who were able to smoothly coordinate the opening of the school in view of the conflicting building problems.

In January 1967, a mere 5% of construction remained. At this time, the Committee continued its equipment award of bids so that the remaining sections of the building could be hastily equipped to facilitate 100% use of all facilities in the school.

To fully utilize the building and equipment as soon as it became available, the District Committee authorized the Superintendent to proceed and open as many evening school classes as possible. In January 1967 the following courses were offered the adult population of the Regional District: Basic Data Processing, Basic Electronics, Basic Drafting and Machine Woodworking. These courses were filled to capacity and approximately 100 adults enjoyed a program of technical preparatory education for the remainder of the winter semester.

The Committee further emphasized their total educational philosophy for adult technical education in the areas of preparation for employment, retraining and upgrading of adult occupational skills. It was agreed that as soon as the staff was able to successfully conduct further adult education, hopefully in September 1967, an entire diversified program of all courses would be made available to the public.

In February 1967, the Committee approved plans for the establishment and equipping of the following educational innovations in the existing program:

1. A complete developmental reading laboratory
2. A pilot program of training for a limited number of students from the Boston School for the Deaf
3. A technical library and librarian
4. A closed-circuit television broadcasting system for technical instruction
5. A six-week Summer School program for remedial and developmental courses in English, Reading and Mathematics with enrichment courses in Advertising Art, Graphic Arts, Electronics, Medical and Technical Science.
6. Effective September 1967, a new course in Civil and

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

Structural Engineering Drafting, would be added to the 15 existing courses. This course would be at the post-high level and would require two years for certification.

In March 1967, the District Committee announced plans for making the building available for its first showing to the public. Dedication of the Building and a Public Open House were both scheduled for the month of May 1967. The entire committee felt that all the public should have the opportunity to become familiar with this modern technical education facility. Other public functions such as PTA meetings, civic club meetings, etc. were scheduled immediately after the Dedication of the Building.

In June, 1967, the first graduation ceremony was held in the Cafetorium of the school. Twenty post-high students having completed a one-year course in Dental Assistant Training were graduated and successfully placed in dental offices throughout the seven towns.

Admissions for the 1967-1968 school year were finalized at this time, and the Superintendent reported to the District Committee that on the completion of the first school year, interest for enrollment in the school was growing in disturbing proportions. The projected enrollment for the 1967-1968 school year was approximately 500 students, but the total number of applications received was over 1300. Although these figures indicated complete success in the initial year of operation, it also indicated that much more needed to be done to provide technical education for more of the youth in the Regional District.

During the summer months of 1967 the District Committee continued its meetings to discuss policy for expediting the total educational program at Blue Hills. The Chairman appointed the following sub-committees and approved meetings were scheduled: Finance & Administration Sub-Committee; Curriculum & Advisory Boards Sub-committee, Personnel Sub-committee and Publicity & Historical Sub-Committee.

In addition to the existing football and basketball programs, the following athletic programs were approved in 1967: High School Baseball; High School Track; High School Informal Hockey; Technical Institute Basketball, as well as, Winter -Spring Intra-mural programs for both boys and girls.

By Fall of 1967 the outdoor athletic facilities were completed to include a football field, baseball field, practice field, tennis courts, basketball courts and a 1/4 mile composition running track.

## TOWN OF RANDOLPH, MASSACHUSETTS

During this period additional staff members were appointed by the Committee for the Fall enrollment of 520 students.

In September 1967 the District Committee engaged Gale Engineering Company for additional land engineering studies. Long range plans for future expansion were discussed in accordance with the increased interest in enrollments at the technical school. Mr. Dwyer, Superintendent, projected percentages indicating that prior to the opening of the Blue Hills Regional School only 1% of all secondary students in the District were able to attend vocational or technical schools. As of September 1967, with the opening of the Blue Hills Regional School, approximately 16% of all the secondary students in the District had applied for admission to the Regional School. This school, however, through the nature of its capacity was only able to accept 7% of all the applicants. The Committee agreed that further study of future enrollments must be projected soon in order to assist in future budget and long-range plans for additional expansion.

On October 1, 1967, the date of the official pupil count, approximately 500 boys and girls, were enrolled in the technical school. In the evening school, offering 15 various programs, there were over 300 adults from this District enrolled. A grand total of 800 enrolled in the day and evening programs.

In November, preliminary budget meetings were held to discuss categorical budget requirements for the capacity enrollment of 620 students due in September of 1968. During the latter part of November the Tentative Operating and Maintenance Budget was presented to the District Finance Committees. On December 1, 1967, the 1968 Budget was reviewed and finalized, and sent to the District Boards of Selectmen and Finance Committees.

In December, successful legislation on vocational education House Bill 1410 and House Bill 1412, were passed by the House and Senate. With the final signature of the Governor, both Bills were enacted and became law. House Bill 1410 will return 50% of the net operating costs of vocational technical schools approved by the Bureau of Vocational Education. Such reimbursement being made to the District. House Bill 1412 will provide an additional 15% State Aid to towns involved in a regional school district. Together, this legislation will reduce considerable the current costs of vocational-technical education by reducing the per pupil costs of such programs. The financial future for this regional school District looks encouraging.

The District Committee, at this time, feels it has completed a very successful year of policy making and legislation-- such success being obvious from the encouraging reports of admissions and from comments by parents with youngsters in attendance.

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

For all its success, the District Committee owes a great deal of gratitude to many groups. The Committee at this time expresses its gratitude to all Industrial Advisory Boards, Local Boards of Selectmen, Local Finance Committees, all of whom have been so helpful during this past year.

Respectfully submitted,

NATHANIEL N. WENTWORTH, JR., Chairman

# ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

## REPORT OF THE SUPERINTENDENT-DIRECTOR BLUE HILLS REGIONAL VOCATIONAL TECHNICAL SCHOOL

To: The District School Committee  
The Honorable Boards of Selectmen  
The Parents & Citizens of this School District

Never in the history of our Nation has our American economy been so dependent on the creative genius and technical skills of our secondary school graduates. The technological race in which we find ourselves today demands that parents and students be made aware of the changes that must take place in our educational process if we are to provide the proper balance for the occupational placement of our youth.

The following statistics emerging from the Department of Labor and the President's Panel of Consultants on Vocational Education conclude:

---Of Every Ten Youngsters Now in Grade School

- (1) Only seven will complete high school
- (2) Only two will complete four years of college
- (3) At least 60% of all high school graduates are needed in vocational and technical placement for the new world of work
- (4) Approximately 70% of all high school students are taking college preparatory courses

It is obvious that the parent of today firmly believes that this 70% of the high school population, currently striving for academic excellence and for four-year college admission, are doing the fashionable thing. Yet, of this majority, many will not be accepted for college admission and a large share of the percentage that does enter college will never complete a four-year degree program.

Dedicated to the realization that a new and comprehensive type of education must evolve from the significant findings of this study, the Blue Hills Regional School Committee and the Administration of this school have developed the following educational objectives:

(1) A technical high school training program for boys and girls in grades 9 through 12 desirous of entering the labor market upon graduation from high school. The technical high school program contains the same number of unit credits in mathematics, English and science as the conventional high school program. The novel curricula outline has become technically sophisticated to include the most modern equipment and concepts of laboratory procedure. In order to provide the additional technical training as required for the industrial labor market, additional periods

## TOWN OF RANDOLPH, MASSACHUSETTS

have been scheduled over and above the length of the regular high school daily program. To further gain additional time for technical laboratory, all free periods and study periods have been eliminated. The graduates of the Blue Hills Regional Technical High School will receive a high school diploma and may go on to college.

(2) A pre-employment, post-high educational program, for high school graduates who have previously completed their academic training in the high school system, but desire the necessary occupational training to become available for the world of work;

(3) A technical institute program for high school graduates aspiring to prepare themselves for the objectives and requirements of a semi-professional technology training of the Junior Degree status;

(4) An adult educational program offering all of the basic courses available in the day-school program, and designed to upgrade the adult in his existing occupational area and also to re-train individuals in a new field of technical training;

(5) A current program for continuing education for high school dropouts will provide these individuals, returning veterans and others with a means of earning a high school diploma on an evening basis.

The indication of our success at the Regional Vocational Technical School after the first year of operation, seems to stem from the novel approach to the comprehensive offerings on one site, as opposed to conventional methods of providing remedial, vocational, technical and post-high subject matter in separate plants in various locations. In the early stages of the admissions recruitment drive, we found the success of our applicant interest developed from the broad range of course offerings included in the technical high school and the institute level programs as well as the vocational courses. During this period it was extremely difficult to overcome the deeply formed attitudes and opinions relative to the old single-track vocational systems. We have found, however, that the large number of applicants, now enrolled in technical occupational areas requiring strong aptitude prerequisites, has somewhat given us conclusive evidence of having finally achieved the success that has long been sought by vocational administrators.

The existing site and facilities at Blue Hills Regional have an estimated value of \$3,600,000.00. One million dollars of this sum represents the equipment in the shops, laboratories and classrooms. The following items are but a few of the sophisticated technical innovations that are mentioned in our contemporary objectives.

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

1. A complete laboratory of unit record data processing equipment including the I.B.M. 1401 computer.
2. A complete laboratory in the area of Advertising Art & Design including the most up-to-date equipment in the areas of illustration, packaging, photography, interior and fashion design.
3. A sophisticated laboratory offering basic and institute level electronics training from elementary electronic circuitry through the electro-mechanical circuit requirements of the computer industry.
4. A new concept in electric laboratory training utilizing the laboratory motor generating panels, control and motor mock-ups for the technician to be trained in the areas of residential and industrial wiring to include the most recent requirements in industrial electronic controls.
5. A complete production technician laboratory in machine, civil, structural, and industrial design involving units of junior engineering study such as compression testing devices, pneumatic controls and hydraulic systems.
6. A large dental laboratory including the most up-to-date operatory, X-ray machinery and darkroom as well as mechanical bench training devices.
7. A complete medical laboratory with facilities comparable to the most modern hospital laboratory in the area.
8. A large graphic arts department offering conventional letterpress and offset printing training utilizing the latest hot and cold type tape control machinery.
9. A machine processes laboratory involving advanced training in tape control manufacturing procedures as well as employing a large array of quality inspection and control devices.
10. Each classroom will be allowed to receive by closed circuit educational television, broadcasts from the central educational center in Boston, or from within our own closed circuit stations. Demonstrations can originate from all 16 shops or laboratories through a master closed circuit control panel and master antenna. (This system is currently being installed.
11. All ninth graders have available a complete reading laboratory designed to up-grade all incoming students in

## TOWN OF RANDOLPH, MASSACHUSETTS

reading speed and comprehension. This reading laboratory includes twenty individual reading carrels with junior reading stations and junior reading devices as well as a centrally situated Tachistoscope and group reading machines.

The following pilot programs are now in operation here at Blue Hills and have been approved by the State Department of Education and the Federal Government:

1. A remedial skill training program supplemented with remedial academic subject matter.
2. Remedial and Developmental Reading Program.
3. Ninth grade Exploration Cycle.
4. The unique method of block programming all academic subject matter to allow each individual to move up or down as necessary in the areas of mathematics and English for both vocational and technical high school programs.
5. A total new concept in pupil orientation, regional admissions and applicant pre-testing methods.
6. A recent research project granted by the State Bureau of Vocational Education to evaluate existing state bulletins throughout the Nation on the present offerings in each State for vocational education opportunities. This school has also been authorized to design, write and print a three-color booklet on the broad and comprehensive offerings of vocational and technical education in the Commonwealth of Massachusetts. (Completion target date is September 1968.

To implement the novel philosophy and objectives at Blue Hills the most important function of the Administration was in the selection of the staff. In the field of occupational education, the selection criteria for instructors does not specify a degree as the sole requirement. Field and occupational experiences, specific educational preparation and a degree must be considered together in order to provide the student body with the proper instruction and balance for their comprehensive secondary education.

The existing instructional staff for the 510 boys and girls now at this school consists of 45 teachers who have combined field experience of 270 years. This staff of educational specialists, recruited from throughout the Commonwealth of Massachusetts, is now providing the academic, technical, preemployment, medical and business instruction for this school.

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

As we expand to the capacity enrollment of 620 students in September 1968, this staff must be increased in like proportion to insure a program of continued success.

At this time I would like to express my appreciation to the Regional District School Committee, the District Superintendents of Schools, High School Principals, Guidance Directors and Counselors and other members of the District School staffs who assisted us in this initial year of program development. Once again I would like to thank the local Boards of Selectmen and their Finance Committees and other planning committee members who assisted us in the various budget meetings that were held this past year.

Attached is an enrollment chart listing students by courses and by towns for the school year 1967-1968.

Respectfully submitted,

WILLIAM A. DWYER

Superintendent-Director

Blue Hills Regional  
Vocational Technical School

# ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

## RANDOLPH BOARD OF RECREATION

The primary function of recreation is the enrichment of living by enabling individuals to find outlets for self-expression and thereby to develop their inherent potential and achieve desired satisfactions. These satisfactions include adventure, fellowship, a sense of accomplishment, the enjoyment of beauty and the joy of creating, all of which contribute to human happiness. Through recreation programs, people are helped to develop interests and skills which enable them to make constructive use of leisure and which contribute to physical and mental health, safety, good citizenship, confidence and character development.

Recreation is essentially a kind of experience rather than a set of specific activities.

The wide range of recreation activities includes games and sports, music, dance, arts and crafts, drama, social activities, nature and outgoing activities, hobbies, and service projects. The comprehensive recreation program affords people of all ages, backgrounds, and interests the opportunity to engage in a variety of activities with the help of trained leaders and under conditions which assure maximum enjoyment and benefits. The program should include offerings that appeal to individuals, to families, to clubs, and to informal groups. Activities are offered both indoors and outdoors, near people's homes and at more distant places, and year-round as well as seasonally.

The town of Randolph with a population of about 26,000 people at the last town meeting created a Recreation Board. The Board started their program functioning the second week of July. The summer and fall program which ended December 22 had seventeen different activities being offered to the townspeople of all age groups. Since the advent of the program over fifteen thousand people have participated in the programs offered by the Recreation Board.

The Youth Center open to the youngsters of Jr. High and Sr. High Groups has fulfilled the program up to the present time. Recreation land should be acquired or set aside for future sites. The Board of Recreation expresses their sincere thanks to the people who have chaperoned the Youth Center.

The Randolph Board of Recreation feels that it is a great privilege to serve on a newly created board that has such a great challenge. Many programs have been in operation since the start and future plans call for an expansion to encompass the needs of recreation for the entire community.

RICHARD COBURN, Chairman  
GLORIA SOLON, Clerk  
ALPHONSE GEORGE

# TOWN OF RANDOLPH, MASSACHUSETTS

## REPORT OF THE TRUSTEES OF THE STETSON FUND

The Trustees herewith submit their annual report to the citizens of the Town of Randolph for the year ending December 31, 1967.

The year 1967 has been a year of progress, but not to the extent that we had originally wished. We regret that the repair work on the exterior of the building was not accomplished due to lack of funds. We hope this year sufficient funds will be available so that we may complete this work. We are presently lacking \$2,000.00 for this project and an article is submitted in the March Town Meeting Warrant. With these additional funds, the project will become a reality.

Work that has been accomplished this year on the Town Hall includes that of:

Painting the Tax Collector's Offices, Town Clerk's offices and making minor alterations on the Town Clerk's offices.

A new, spacious office was created for the Finance Committee by utilizing the old staircase on the second floor.

A new acoustical ceiling tile was installed in the Selectmen's office.

Due to roof leakage, repairs were made because of storm damage. More repairs will be necessary during the year.

Minor repairs were made in the way of electrical, plumbing, heating and windows. Also, a general cleaning of lights, blinds, and painted surfaces to make the offices much brighter.

In order to save much money that is being wasted due to the inadequate oil burner, a new burner will be put in during the first part of January. This was necessitated by numerous breakdowns of the burner.

Our projected plans for the year 1968 include that of major roof repairs, transforming of the old Police Station offices to useable offices for the town. Also, continuation of the painting program, and modernization of the exterior of the building.

# ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

When these various objectives are finished this year, we will complete the program that has been planned by the Trustees in the past year.

Respectfully yours,

PAUL J. CONNORS, Chairman  
JAMES P. MORIARTY,  
Secretary  
CLARA NICKERSON,  
Associate

# ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

## REPORT OF THE SCHOOL PLANNING AND BUILDING COMMITTEE

The work of the committee during 1967 was involved in completing the building of the Martin E. Young Elementary School and in the planning of the proposed addition to the present Randolph High School.

At the start of the year, Mr. William J. Doherty resigned as Chairman and Mr. Henry E. Lesser was elected to fill the post. At a subsequent meeting, Mr. Harvey W. Teed was appointed Vice-Chairman.

As the year ended, the Martin E. Young Elementary School neared completion. It is expected that the school will be in use early in January, 1968. Also, we hope to have Special Town Meeting approval in February to get the High School addition underway.

There were meetings held with the State School Building Assistance Bureau on February 15, June 21 and October 31, 1967. All the meetings were relative to obtaining approval of the site of the present High School for an addition to increase the capacity to 2000 students. Prior approval is necessary in order to obtain State financial participation in the project.

Upon receiving approval of the site, we met with the Board of Selectmen on December 18, 1967, to request that a Special Town Meeting be called for the purpose of raising funds to build an addition to the present High School. This addition will double the present size and provide much needed facilities. By the time this report is published, we hope the project is underway to provide Randolph with a High School large enough to serve our growing population.

The School Planning and Building Committee would like to thank all the town departments for their help and cooperation during the past year. Also our thanks to the Tedesco Associates, Rocheford Construction Company, and Mr. Walter Hearn, the architect, contractor and clerk of the works respectively, of the Martin E. Young Elementary School.

Also we gratefully acknowledge the continued help and assistance of the Superintendent of Schools, Mr. Thomas L. Warren, and the Assistant Superintendent of Schools, Mr. William J. Lynch.

Respectfully submitted,

School Planning and Building  
Committee

TOWN OF RANDOLPH, MASSACHUSETTS  
REPORT OF THE BOARD OF HEALTH  
REPORTABLE DISEASES

There were 276 cases of communicable diseases and other health conditions reported to the Board of Health as follows: Chicken-pox, 21; Cat bite, 3; Chipmunk bite, 1; Dog Bite, 165; Hamster bite, 1; Raccoon bite, 1; German measles, 1; Mumps, 74; Salmonellosis, 1; Hepatitis, 2; Scarlet fever, 4; Meningitis, 2. Noticeable by their absence from the list are measles and tuberculosis, no cases having been reported during the year, which is a tribute to present methods of prevention and treatment of these diseases.

CLINICAL PROGRAMS

Mental Health. From January through November a total of 920 interviews for the benefit of Randolph residents was reported by the South Shore Mental Health Center at a cost of \$7,360.00. The estimated cost for 1968 is \$9,000.00.

Cancer Detection Program. The Town received reimbursement for the 1966 Program in the amount of \$1,183.88 from the State.

Influenza Inoculations. 92 Senior Citizens and 171 Town Employees received influenza vaccine during clinics held during October and November, a total of 263.

School Immunization. Public schools and St. Mary School have a continuing diphtheria-tetanus booster immunization program in grades 1, 5 and 10 in the public schools, and grades 1 and 5 in the parochial school. Measles immunization will be given susceptible children in grades 1 through 6 in all schools during the 1967-68 school year. In this regard, it is now a law of the Commonwealth effective September 5, 1967, that all school children shall be immunized against smallpox, diphtheria, tetanus, pertussis (whooping cough), polio and measles, unless exempted for medical or religious reasons.

School Tuberculosis Testing. Grades 1 and 8 in the public and parochial schools will receive Tuberculosis tests during the 1967-68 school year.

Biologic and Diagnostic Supplies. Over 4500 biologic and diagnostic products were issued to the Town Physicians and used in clinics during the year. These supplies cost the Town nothing, they are supplied by the State Health Department.

# ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

## HOSPITAL SUBSIDIES

Tuberculosis. The per diem (daily inpatient) rate for tuberculosis patients during 1967 was \$29.20, the payment of which is equally divided between the Town and the State each contributing \$14.60. Under a new system begun in 1967, the Commonwealth gives the Town monetary credits instead of cash reimbursements for the amount of money due it for tuberculosis inpatients. The Town had a credit of \$574.22 on January 1, 1967. During the year the cost to the Town for two patients for 40 patient days was \$584.00. It therefore cost the Town, in addition to reimbursements credited, \$9.78 for tuberculosis patients for the year.

Premature Infants. The Town paid \$360.00 and was reimbursed \$251.95 for the hospital care of two premature infants during the year.

## MEDICARE PROGRAM

The Board of Health was recertified as a Home Health Agency by the Social Security Administration by letter dated December 1, 1967. 1727 nursing visits and 91 physical therapy visits were made to Medicare patients through November 1967. The Town was reimbursed \$7,601.41 through November 30, 1967 for these visits. We anticipate a return to the Town of approximately \$8,000.00 in reimbursements for the entire year. We estimate that, in the near future, the Town will realize in excess of \$10,000.00 per year in reimbursements under the Medicare program based on several factors, such as an increase in chargeable rates per visit and an increase in the number of persons taking advantage of the Medicare program.

## ENVIRONMENTAL SANITATION

Connection to Public Sewerage. Three owners of dwellings had to be issued legal orders to connect to public sewerage, they complied with the orders so that court action was not necessary. We emphasize the fact that when public sewerage becomes available or accessible to a property upon which there is a dwelling, a commercial, business or industrial building or buildings that property must be connected thereto within ninety days of availability. In the event that connection is not made or arranged for within the ninety day period and the Board of Health is notified of that circumstance, legal action will be taken to effect connection.

Individual Sewage Disposal Systems. One hundred and forty-three permits were issued for local sewage disposal systems; one hundred and thirty-four inspections were made of systems.

## TOWN OF RANDOLPH, MASSACHUSETTS

The inspection total does not include those instances where more than one inspection was required to insure correction of deficiencies. Not reflected also is time spent investigating soil observation pits and percolation tests prior to the issuance of permits.

Public Health Complaints. Five hundred and six complaints were received alleging public health menaces or hazards. In those cases where health nuisances or hazards were established appropriate action was taken to have the condition abated.

Food Service Establishments. Forty food service establishments exist in the Town. All are inspected at least twice each calendar year and bacterial tests of eating utensils are made every six months.

Waste Disposal. New garbage contractor started on May 1, 1967. Town Meeting action required the Board of Health to invite re-bids for the garbage collection and disposal contract period, May 1st, through December 18th there were 838 complaints received by the Board of Health regarding garbage collections.

Livestock. Fifteen licenses were issued to persons for the keeping of horses and other livestock.

Swimming Pools. One permit was issued for a semi-public swimming pool operation. Twenty-two permits were issued for the installation of private pools.

Nursing Homes Inspections. One inspection of a nursing home was made prior to re-licensing by the Massachusetts Department of Public Health.

## PLUMBING INSPECTIONS

Two hundred and sixty-eight permits were issued for various installations, as follows: Waterclosets, 350; sinks, 210; wash bowls, 357; bath tubs, 188; shower baths, 21; wash trays, 66; slop sinks, 6; urinals, 18; floor drainers, 17; refrigerator connection, 1; drinking fountains, 4; roof leaders, 6; pressure boilers, 106; tankless water heaters, 51; washing machine connections, 21; laundry connections, 2; dish washers, 3; wall heaters, 41; sewer connections, 69; stacks, 3; disposal, 1; cooler, 1; a total of 1542 installations.

## GAS INSPECTIONS

Two hundred and seventy permits were issued for gas installations as follows: Ranges, 153; kitchen heater ranges, 9; kitchen range burners, 51; refrigerator, 1; dryers, 56; water

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

heaters, 118; unit heaters, 18; incinerator, 1; central heating conversion burners, 24; central heating boilers or furnaces, 139; hot water tanks, 18; space heaters, 9; floor furnaces, 9; counter top range, 1; wall heaters, 3; meter added, 1; duct heaters, 2; ovens, 4; candy stove, 1; gas fired boiler, 1; gas fired chillers, 2; proof box, 1; dental equipment, 1; gas lights, 3; pot burner, 1; a total of 628 installations.

### ANIMAL INSPECTIONS

Report of the Animal Inspector is as follows: Animals quarantined-- dogs, 177; racoon, 1; cats, 3; woodchuck, 1; they were held for observation after having bitten humans. A cow was quarantined for suspected tuberculosis. The heads of one woodchuck and one dog were forwarded to the Wasserman Laboratory for analysis.

All barns in Randolph were inspected; the animal census showed 32 cows, 42 horses, 2 goats, and 14 sheep. All cows were tested for brucellosis with no reactors revealed. It became necessary to destroy one horse. There were no cases of encephalitis in horses during 1967.

Six hundred and four calls were investigated during the year; the calls were received from the Board of Health, Police Department, Massachusetts Animal Health, Society for the Prevention of Cruelty to Animals, and the Pet Placement Supervisor of the Boston Animal Rescue League.

### MILK INSPECTIONS

There were 82 licenses issued during the year as follows: Manufacturing Ice Cream, 1; Oleomargarine, 28; Milk vehicles, 13; Store milk and cream, 40. Ninety-five inspections were made during the year.

### PUBLIC HEALTH NURSING

During the past year three Public Health Nurses have given professional services to the Town residents including bed side care and treatment as directed by a physician, instruction to others in the homes for the care of the patient, pre-natal and post-natal care with instructions, pre-school follow up of children, care and instruction relative to communicable diseases and various aspects of adult health supervision. These visits have more than doubled those made last year. Medicare visits totaled 1,727, through November. Other nursing activities included assistance at the Well Child Clinic and influenza inoculation clinics for Senior Citizens and Town Employees, transporting patients to Norfolk County Hospital in conjunction with the tuberculosis program. Progress is being made related areas by working with

## TOWN OF RANDOLPH, MASSACHUSETTS

other agencies, e.g. South Shore Mental Health Clinic and attendance at in-service programs given throughout the Southeastern Regional Health District. Mrs. Virginia A. McLeod, R.N., joined the Public Health Nursing Staff on January 1st and is a welcome addition to our team.

The total number of visits made in 1967 through November was 3,231.

Additionally, the school program at St. Mary School is carried on by our staff, the immunization aspect is referred to under the School Immunizations section. We have also introduced this year a monthly meeting of our staff, school personnel and Miss Gabrielle Bernard of the South Shore Mental Health Clinic staff, which has proved exceedingly beneficial to all concerned.

### NORFOLK COUNTY MOSQUITO CONTROL PROJECT

Report of activities for year ending December 31, 1967

Aerial Larvacide	550 Acres
Winter Pre-hatch Dusting	381 Acres
Drainage Ditches Cleared	9,534 Feet
Brush Cut	170 Feet

Culverts Cleaned	33 Culverts
Fog Application	100 Acres

Respectfully submitted,

ALBERT W. HEUSER  
Superintendent

# ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

## REPORT OF THE PLANNING BOARD

We herewith submit a report of the activities and happenings of the Planning Board for the year 1967.

1967 has been a year of progress in the future development and planning of the town. Your Board feels that it has been watchful in their recommendations of changes in Zoning Ordinances with the Town; that any subdivisions approved have had to comply most strictly to the rules and regulations as laid down by our rules and those of the Massachusetts Subdivision Control Laws, and we further feel that this Board has at all times considered the welfare of the Town as the primary reason for any and all decisions.

The following is a breakdown of the activities of the Board during 1967:

Planning Board Meetings held	37
Public Hearing held:	
1. On proposed subdivisions	2
2. On proposed zoning articles	4
Number of subdivisions approved	3
Number of subdivisions disallowed	2
Plans rejected or referred to other Boards	2
Plans approved other than subdivisions	40
Preliminary plans submitted	0
Meetings with other depts.	10
Site Inspeciions	18
Meetings of Park Commissioners	3

## RANDOLPH PLANNING BOARD AND PARK COMMISSIONERS

GEORGE F. HOEG, Chairman  
CHARLES F. MACY, Clerk  
WILLIAM V. RICHARDSON

JACK I. MANN  
ROBERT WALSH

TOWN OF RANDOLPH, MASSACHUSETTS  
REPORT OF THE SEWER COMMISSIONERS

The Board of Sewer Commissioners are pleased to announce that the public sewer has been made available to additional streets and that some chronic problems have been alleviated.

Three schools, Martin E. Young, Stetson, High School and the School Administration Building on Highland Avenue and the following streets: Memorial Drive, Diauto Drive, Highland Avenue, Depot Street, Reynolds Avenue, the remainder of Allen Street and a portion of Liberty Street have been added to the sewer system. Also the Fire Station and the Turner Free Library and in the process of completion is the Welfare and Veterans Building.

The public sewer is available to over 1,250 homes, this does not include shopping centers, churches, business establishments or schools.

A definite need exists for a full time maintenance department and we have requested personnel for this.

We are continuing our accelerated program in view of the critical need for sewer in Randolph and will again request \$350,000.00.

Respectfully submitted,

Board of Sewer Commissioners

JOHN P. COURTNEY, Chairman

ROBERT E. CURRAN, Clerk

FELIX CARLINO, Associate

# ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

## REPORT OF THE TOWN ENGINEER

Gentlemen:

I herewith submit the annual report of the Randolph Engineering Department for the year 1967.

### REPORT OF THE ENGINEERING DEPARTMENT

During the year 1967, the Engineering Department has furnished professional engineering services including planning, design, layout, supervision and inspection of various projects for Town Departments as outlined below:

#### BOARD OF SELECTMEN

Lot grading plan approval, and property inspection for conformance with the Lot Grading By-Laws of the Town.

Intersection surveys and sketches as required for the use of the Massachusetts Department of Public Works.

Inspection and policing of Gravel removal operations.

Approval of utility pole and underground utility locations.

Continuation of uniform house numbering and renumbering under the House Numbering By-Law. Approximately 35% of the Town has been completed.

Planning and preparation of articles for the Annual Town Meeting Warrant, including sidewalk and drainage projects for 1968.

Investigation and adjustment of all complaints to this department, and those referred by other Town Departments.

Roadway Layouts prepared for the Board of Selectmen included Grove Street from Smith Road to Lafayette Street, and Cross Street from Grove Street to West Street.

#### TOWN TREASURER AND CLERK

Inspections of Town owned land for Town use, prior to annual sale at public auction. Preparation of various street and precinct maps for distribution by Town Clerk.

#### BOARD OF ASSESSORS

Reproduction of Assessors Maps as required, clarification of deed descriptions, calculations of land areas. Acted in consulting

## TOWN OF RANDOLPH, MASSACHUSETTS

capacity to Mapping firm in annual updating of Assessors Maps.

### SCHOOL COMMITTEE

Consulted with Administrative assistant relative to proposed school access roads.

### WATER DEPARTMENT

Investigation of water main locations and preparation of valve location drawings and sketches for submission to State Department of Public Works.

### HIGHWAY DEPARTMENT

Engineering assistance furnished the Highway Department included planning, design, layout, and supervision, where and as required, for various roadway and drainage projects, detailed under the report of the Highway Surveyor.

### INDUSTRIAL DEVELOPMENT COMMISSION

Assisted by preparing industrial development maps for Commission use. Met with industrialists interested in locating in Randolph, and furnished all available information necessary to proposed areas of construction.

### SIDEWALK CONSTRUCTION

This department furnished complete engineering services required by the construction of bituminous concrete sidewalks in the following locations:

HIGH STREET, from Edwin Street northerly to Upham Street . . . . .	950 feet
HIGH STREET, from Chestnut street southerly to Lafayette Street . . . . .	1200 "
CENTRE STREET, from South Street to Druid Hill Avenue . . . . .	1400 "
SOUTH STREET, from Centre Street to Town Line . . . .	450 "
GROVE STREET, from Grove Lane to Smith Road. . . .	1250 "
SOUTH MAIN STREET, resurfaces from Avon Town Line, northerly a distance of . . . . .	2000 "
Total Distance	7250 feet

### PLANNING BOARD

Professional Engineering services were furnished the Randolph Planning Board, included inspections of roadway construction within subdivisions, including drainage, graveling, roadway

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

paving, sidewalk construction, and locations of utility poles and underground utilities. Reviewed preliminary and definitive residential and industrial subdivision plans, including meetings with respective engineers, prior to and during actual construction.

Subdivision roadways completed during 1967, were as follows:

HIMOOR CIRCLE southerly from existing end . . . . .	1,800 feet
NILES ROAD EXTENSION AND SLOANE CIRCLE . . . . .	2,200 "
FREDERICKSON DRIVE Off South Main Street . . . . .	950 "
Total Distance	4,950 Feet

At the present time there are 14 active subdivisions in Randolph, in various stages of completion, amounting to a total roadway distance of 38,350 feet.

### GROVE STREET RECONSTRUCTION SECTION II

At the request of the Board of Selectmen, the engineering department surveyed, prepared layout drawings, conducted public hearings, estimated land takings, for Assessors valuations, prepared contract plans and specifications, conducted public bid opening, staked out and supervised the reconstruction of Grove Street, between Grove Lane and Smith Road, for a distance of approximately 1,250 feet. The reconstructed section is an extension of previous construction, and provides a 30 foot traveled way surfaced with 3" of bituminous concrete, bituminous curbing on both sides of the roadway, and a bituminous concrete sidewalk on the northerly side only, connecting with the sidewalk built previously. The completed roadway section has been constructed in conformity with the rules and regulations of the Randolph Planning Board with the exception of the gravel sidewalk area on the southerly side of the roadway. Construction cost was approximately \$30,000.00 of which \$6,501.72 was provided under Chapter 679 as a grant to offset this cost. The finished roadway section extends previous construction to further eliminate hazardous areas along Grove Street. It is planned to present articles to the 1968 Annual Town Meeting for further extension of this major roadway reconstruction in 1968.

I would like to express my personal thanks to all Town Officials and other department personnel for their fine spirit of cooperation during the past year, which has resulted in the completion of so many needed projects.

Town Engineer

TOWN OF RANDOLPH, MASSACHUSETTS  
REPORT OF THE HIGHWAY DEPARTMENT

To the Citizens of the Town of Randolph:

I herewith respectfully submit my report for the year ending December 31, 1967. Streets graveled, graded, rolled, penetrated and sealed with liquid asphalt:

Greenmount St.	Newcomb Ave.
Garden St.	Webster St. (Partly)
Corey St.	Lewis Rd.
Mithcell St. (Partly)	Paine Rd.
Irving Rd.	Tilton Rd.
Fitch Terrace	Carleton Ave.
Martin Terrace	

Woodland Road - Removed rocks from roadway, patching where needed (80 tons Bituminous Concrete) used and resurfaced with two coats of liquid asphalt.

ROAD PROGRAM

Stacy Street 1200 ft. of 3 in. Bit. Concrete in place and rolled.  
Edwin Street 2000 ft. of 3 in. Bit. Concrete in place and rolled.

CHAPTER 90 MAINTENANCE

Resurfaced North St. from Canessa Road to Jean Circle, 300 ft. with  $1\frac{1}{2}$  inches of Bit. Concrete.

Resurfaced Canton St. from Ridley Road to Canton Town Line 3200 ft. with  $1\frac{1}{2}$  inches of Bit. Concrete.

Resurfaced West St. from 900 ft. with  $1\frac{1}{2}$  inches of Bit. Concrete to Stoughton Town Line. Resurfacing done under jurisdiction of Mass. Department of Public Works. Repaired fences, cut brush, patching where necessary.

PATCHING OF STREETS

Bit. Concrete used; approximately 1400 tons

SIGNS ERECTED

40 - "Children Go Slow" signs and posts  
65 - Street name signs and posts  
Approx. 70 Traffic regulatory signs and posts  
Repaired, repainted and reset numerous other signs.

# ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

## DRAINAGE

### Drainage installed

Canton Street - 660 ft. of 12 in. of R.C. pipe with 3 structures, from Fawn Park to Bridge crossing.

High Street - 600 ft. of 12 in. of R.C. pipe with 8 structures, from Edwin St. to Eugenia St.

Madison Ave. to Druid Hill Ave. - 160 ft. of 12 in. Corrugated Aluminum pipe with 1 structure.

Newcomb Ave. - 300 ft. of 12 in. R.C. pipe with 2 structures.

Alden Ave. - 200 ft. of 24 in. R.C. pipe with 1 structure.

Greenmount St. - 300 ft. of 15 in. Corrugated Aluminum pipe with 2 structures.

Allen St. - 60 ft. of 30 in. Corrugated Steel pipe

80 ft. of 12 in. R.C. pipe with 2 structures.

High St. at Michael Rd. - 90 ft. of 12 in. R.C. pipe with 2 structures.

Chestnut St. - constructed 1 structure on pipeline area of #242.

## BROOK CLEARANCE

Cleared all Town Brooks where necessary.

## CHAPTER 386

Graveled and graded all unaccepted streets.

Basins and Manholes - Approx. 1200 structures cleaned.

Highway Surveyor

### REPORT OF THE BOARD OF WATER COMMISSIONERS

The eighty-sixth annual report of the Board of Water Commissioners is hereby submitted, covering the activities of the department for the year ending December 31, 1967.

#### Oraanization of the Board:

John F. Brack, Chairman  
Norman F. Ayers, Clerk  
William J. Almond, Associate

During the calendar year 1967, the department received One hundred and sixty-one (161) applications for new services. These have all been installed and added to the system.

#### Meter Department

One hundred and seventy-four (174) meters were installed on new services and twenty (20) new meters were set as replacements for old meters. One hundred and thirty (130) meters were removed from service--seventy-five (75) were not registering; nine (9) for noise complaints; thirteen (13) frozen and burst; five (5) were removed to be junked; three (3) for test and thirty others for various reasons. Ninety-three (93) meters previously removed were reset into service. On January 1st, 1968, this department had 5967 metered services and eighty unmetered active services.

#### Department Maintenance

Sixty-four (64) service leaks were repaired; twenty-nine (29) on the public way; seventeen (17) at cellar walls and eighteen (18) others were caused by sewer construction. Twenty-nine (29) services were renewed; Eight (8) were relocated; three (3) services were discontinued; three (3) services were rodded out and cleaned. Nineteen (19) curb boxes and six (6) gate boxes found broken and replaced.

During the year the department had thirteen (13) hydrants broken by collision; five (5) were "hit and run" the balance were paid for through insurance. Thirteen (13) additional Hydrants

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

found faulty in operating were repaired. Two (2) hydrants were relocated and two (2) old hydrants were replaced with new Mueller hydrants.

### MAIN BREAKS

Jean Circle	2" Main	Sewer Connections
Cole Terrace	6" Main	Cracked Pipe

# ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

## REPORT OF THE BOARD OF PUBLIC WELFARE

In the field of Public Welfare in the Commonwealth of Massachusetts, the year of 1967 will be entered in the history books as the most revolutionary, drastic, unprecedented procedure in providing financial and social services to the needy in each community. This is true for two basic reasons: (1) The complete reorganization by the General Court of the State Department of Public Welfare, and (2) the financial impact of the first full year's operation of the Medical Assistance program referred to as Medicaid which became effective September 1, 1966.

Avoiding repetition, it is suggested that the reader refer to the Board's statements contained in the 1966 Annual Town Report relative to Medicaid. The liberal provisions of Medicaid are such that one community in Massachusetts has publicly stated that forty per cent of its inhabitants, employed and otherwise would be eligible if they applied.

A brief statistic concerning the rising cost of Public Welfare in the Randolph Department shows that in 1965 the average monthly case load was 192 with a total expenditure (all five programs) of \$338,383.00. In 1967 the respective figures are 267 and \$570,067.00. State and Federal reimbursement in 1967 totalled \$446,121.00 or 78% with a net cost to Randolph of \$123,945.00.

On October 3, 1967, Governor John Volpe signed the reorganization Welfare bill into law, whereby effective July 1, 1968, all Board of Public Welfare personnel will become State employees, and instead of 270 Public Welfare administrative units throughout the Commonwealth, there is provision that this figure eventually will be reduced to approximately 50 units. At this writing it is not known how our local Department will be altered or where present staff members will be placed. Many complicated problems have to be resolved in such a tremendous undertaking. There are pros and cons, and only time will tell whether this reorganization will be more helpful, more constructive, to the persons we serve.

Since this will be the final Annual Report, the Welfare Board wishes to express its profound appreciation to the Board of Selectmen, all Town Officials, civic and religious groups and to the Welfare staff for their splendid cooperation in all matters of helping the unfortunate in their time of distress.

Respectfully submitted,

Board of Public Welfare

RALPH E. MacLEOD, Chairman

GEORGE H. FOLEY, Secretary

WILLIAM HARDY, Member

TOWN OF RANDOLPH, MASSACHUSETTS  
REPORT OF VETERANS SERVICES DEPARTMENT

To the Board of Selectmen:

As Veterans' Agent and Director of Veterans' Services for the Town of Randolph, I am pleased to submit the annual report for the year 1967.

During the year 1967 many young men took advantage of the new GI bill by continuing their education. This office processed over 200 applications for educational benefits alone. Many of these veterans are attending school nights and working in the day time. I have never met a finer group of men than these young veterans and it has been a pleasure serving them. There also has been a large increase in other VA affairs such as, disability claims, GI loans, on-the-job training, etc., under Public Law 89-358. This increase is due, in part, by the various articles that have been inserted in the weekly newspapers for which there have been favorable comment.

A program has been instituted this year to assist the widow of a veteran. When a death of a veteran occurs in Randolph the funeral director is provided an American flag and bronze flag holder for the veteran's grave, if the burial is in Randolph. A letter is sent to the widow informing her of her VA benefits. In all cases the widow has come to this office where various forms and applications are made out and forwarded to the Veterans Administration. A power of attorney is given this office to act on behalf of the widow and children in the VA.

The Veterans' Benefits program finished the year 1967 with a surplus of approximately \$20,000.00. This was due to the Medicare program, saving money on hospital and doctor bills and the placement of several veterans in full time employment. No veteran or his dependent was ever denied financial assistance, only when a denial was necessary. The veteran has always been given the right to appeal any decision. The number of veterans aided during the year 1967 varied between a low of 82 to a high of 112.

The Christmas program was instituted again this year. A total of 47 Randolph men were serving in Viet Nam over the Christmas Holidays and each received a package from this office. I wish to publicly thank the employees of the Randolph Welfare Department, members of the Randolph Rotary Club and Mrs. Alice Wallace for their financial assistance, and Dick Trinquet of Randolph Cooperative Bank for giving me various items to put into the packages. The citizens of Randolph responded again this year by sending a Christmas card to each of these men.

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

In closing this report, I want to thank Peg Burke and Pauline Campbell from my office for the many extra duties that they performed for me and the members of the Board of Selectmen and all town officials for their help and assistance during 1967.

Respectfully,

JAMES M. HURLEY  
Director, Veterans Services

# TOWN OF RANDOLPH, MASSACHUSETTS

## REPORT OF THE COUNCIL ON AGING

December 6, 1967

We herewith submit a report of the activities of the Randolph Council on Aging for the year 1967.

At our meeting in January it was voted to have a parade to start off the Celebration for Senior Citizens' Day in May, but before our February meeting we learned that the Senior Citizens did not desire a parade, therefore the plan was abandoned.

On Sunday, May 21, 1967 our Senior Citizens' Celebration was held with an enjoyable afternoon at the Elk's Hall, with the showing of the motion picture "OKLAHOMA" and was followed by a delicious collation served by Mrs. Rae Yoffa and her able committee of workers. Our grateful thanks are extended to the Sisterhood of Temple Beth-Am for their generous donation covering all table appointments.

Once again we extend our sincere thanks to Mr. Henry (Hank) Lowd who acted in the capacity of Emcee for the day and added a great deal of enjoyment to the success of the day.

During the summer our chairman, Mr. Thomas Dwyer, moved to Florida, therefore tendered his resignation. It was unanimously voted to elect Mrs. Clara Nickerson to this office.

Six bus trips were planned and had as follows:

June - a tour of the Wax Museum at Plymouth and around Sagamore Bridge.

July - a delightful day at Nantasket Beach, rain to start then beautiful sunshine.

August - a tour around the beautiful residences at Newport, Rhode Island.

September - a trip to East Haddam, Connecticut, with a delicious dinner served in a charming dining-room of the Gelston House. Due to lateness of our arrival hour, were unable to visit the Gillett Castle, something to look forward to for another year.

October - another trip to visit the Old Mill at Westminster, Mass., where we had a nice dinner served to us.

December - will be our trip to visit the Shrine of the Saint

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

LaSalette in Attleboro, Mass., with dinner at the Fireside Dining-Room in Brockton.

During the past year we have been terribly handicapped by a lack of quorum at our meetings, due partly to illness of some of our members who are unable to be present.

We extend our thanks to all those members who have been so faithful in their attendance during the year.

Respectfully submitted,

RANDOLPH COUNCIL ON AGING

Clara M. Nickerson, Chairman

TOWN OF RANDOLPH, MASSACHUSETTS  
REPORT OF THE CIVIL DEFENSE AGENCY

The Civil Defense Agency is making slow but steady progress towards a well balanced organization for the benefit of the people of Randolph, in case of any kind of emergency.

The Auxiliary Civil Defense Police are practically all equipped with uniforms and necessary accessories to perform efficient police duties, as auxiliary to the regular force, under direction of Asst. Deputy Director George H. LaCroix.

Communications are closely supervised by Asst. Deputy Director George H. Foley who has responded to every local and national test supervised by higher authority with very satisfactory results in equipment and performance.

The Welfare staff headed by Asst. Deputy Director I. William Trostel is in a ready stand-by position for action in any situation requiring the need of their services.

The Highway Department personnel under direction of Highway Supervisor William Curran are organized for the immediate duty of all his personnel, who incidentally, are members of the Randolph Civil Defense unit.

The Deputy Director Alvin W. Edwards has the responsibility under the Director, of coordinating all phases of Civil Defense activity, as; schools of instruction, recommending necessary mobile equipment, procurement and care of generators; inspection of the facility, its grounds, buildings and maintenance of all vehicles in readiness for immediate use.

The two hundred bed hospital unit is properly stored and ready for immediate use when requested by higher authority.

The Randolph Civil Defense, generally is in good condition. Morale would be improved if all the people of Randolph recognized the fact that in time of need the whole population of Randolph stand to lose life and property under certain emergency conditions.

The tie up of traffic in all directions from Boston in 11/67 illustrates the possibilities that could happen from a few accidents on the expressway that practically precluded all movement of traffic for several hours. Add to this an outside holocaust, unexpected, it might be caused by an explosion of major proportions, extensive fire or for various other reasons.

Civil Defense personnel is being trained for just such a situation. An ounce of prevention, Civil Defense needs the

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

support of its people just as the town needs an efficient Civil Defense organization.

All are welcome to visit and become acquainted with the equipment and operation of this activity. All Personnel work for Civil Defense without monetary reward. This service is considered a privilege as well as an obligation to all our people. Their protection is our protection.

RALPH E. MacLEOD  
Brig. Gen., U. S. Army, Ret.  
Director

TOWN OF RANDOLPH, MASSACHUSETTS  
REPORT OF BUSINESS AND INDUSTRIAL COMMISSION

1967 has seen Randolph step forward as one of the South Shore's leading industrial communities. We continue to attract a wide variety of new industry. Equally important to our Town is the expansion going on among industries established in Randolph.

We have welcomed two new companies at the Randolph Industrial Park. Codman and Shurtleff Inc. employ 146 people in their 52,000 square foot plant and have 25 salesmen throughout the United States, all engaged in the manufacture and distribution of surgical instruments.

Construction Specialties Company, Inc., has twenty employees in their 12,000 square foot plant, and as their name suggests, fabricate and distribute architectural specialties consisting principally of toilet partitions, door and window frames.

High Street Industrial Park has enjoyed the addition of three new companies. A. Burgess and Sons Inc. have built a 5000 square foot warehouse to use in connection with their business of local and long distance moving.

J. D'Amico Inc. Contractors occupy a 4000 square foot building designed to store construction equipment and supplies used by their twenty year-round employees.

Laundry detergents, dishwashing detergents, cleaning compounds and hand detergents are the principal products of Savin Products, whose building is now in construction. The 9600 square foot plant will be in operation early in 1968 and will employ five men.

Fred Williams Inc. - Mechanical Contractors and Engineers, who design and install air conditioning, heating and piping, are erecting a warehouse on Curtis Street and will add an office addition where ten employees will work full time, and a variable field force is employed depending on the jobs in process. Avco, Arthur D. Little, Inc. and Polaroid are a few among the many clients which have mechanical installation by Fred Williams, Inc.

The most enjoyable part of the work of your Commission is to announce that the companies which have been with us the longest have added to their plants this year.

We are all proud to have as our principal employer the Randolph Manufacturing Company, which has risen to the position of being the third largest manufacturer of canvas footwear in the United States. The Randy family has 1700 members working in Randolph making Boatshus and Randy-Pedics for the entire

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

family, and special footwear for the Armed Forces. Expansion of their plant this year included remodeling the front of the building in keeping with Randy's continuing civic spirit.

Elliott Business Machines' 96,000 square foot plant was the first company to locate in the Randolph Industrial Park, in 1964. In 1967 we are happy to report that they have expanded their facilities by adding 28,200 square feet to the plant and 7500 square feet to the administrative section. 315 people are employed in Randolph in this 131,750 square foot facility. Elliott operates a plant in Atlanta and has sales offices throughout the United States and Europe, where Elliott Business Machines enjoy a high reputation.

Retail business has enjoyed a year of growth and enlargement. We welcome Friendly Ice Cream, Zeppy's Baker, Charles Starr Furniture, and enjoyed the ribbon cutting at the opening of Barbara's Tots to Teens new and larger store.

As this report was being finalized, it was our pleasure to welcome Sealy Mattress Company, manufacturer of the world famous Posturepedic Mattresses. Sealy has purchased the plant and Industrial Park located at 671 North Street, Randolph. Sealy will occupy the existing 55,000 square foot plant and will add 40,000 square feet to it to accommodate over 95 people making mattresses and box springs. The Sealy plant in Randolph is one of thirty-two located throughout the United States and Canada. Sealy plants are also in Mexico, South Africa and Japan.

None of the results which we have described are the product of any one person or group of people. They are the result of the combined efforts of dedicated men and women in areas of public and private life who have all helped make this report possible. We are especially thankful to the men and women in the Town Hall, whose knowledge and cooperation have made our work more productive.

We look forward to 1968 with confidence in the knowledge that Randolph will take its rightful place as a leading community in the Greater Boston Area.

\*\*Of the 72 cases dismissed for want of prosecution, the Police were complaintant on 29. Twelve were dismissed after making restitution.

\*\*\*Of the 50 cases released, 6 were juveniles and turned over to parents.

## TOWN OF RANDOLPH, MASSACHUSETTS

All members of the Police Department, sincerely thank the Townspeople for voting for the new Patrick T. McDonnell Police Station. It was always Pat's wish that at some future date the Town would have a Police Station, one that they could be proud of. Now that this wish is being realized, we are pleased that the station is being named in his honor, as for years he was an outstanding Police Chief.

The station has been planned so that it should serve the Town for many years. We are expecting it will be ready for occupancy in the late spring or early summer.

In closing I wish to personally thank all members of the Police Department, the Auxiliary Police, the Board of Selectmen and all Town officials and the citizens of Randolph for the assistance they have extended to the Police Department during the past year.

Respectfully submitted,

CARL L. MACAULEY  
Chief of Police

### REPORT OF THE SAFETY OFFICER 1967 ACCIDENT SUMMARIES

Total Number of Accidents involving Motor Vehicles . . . . .	324
Total Number of Pedestrian Injuries . . . . .	21
Total Number of Personal Injuries . . . . .	368
Total Number of Fatalities . . . . .	11
(5 Fatalities occurred on Route 24)	
Total Number of Bicycle Accidents . . . . .	8
Total Number of Motorcycle Accidents . . . . .	1
Rear-end Collisions . . . . .	75
Angle Collisions . . . . .	179
Hit Fixed Objects . . . . .	62
Head-on Collisions . . . . .	8
Police called on Accidents . . . . .	172
Police not called on Accidents . . . . .	152

#### ACCIDENTS BY MONTH:

January	30	May	28	September	22
February	43	June	27	October	25
March	36	July	13	November	33
April	24	August	20	December	24

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

### ACCIDENTS BY DAY:

Sunday	57	Thursday	41
Monday	33	Friday	56
Tuesday	28	Saturday	53
Wednesday	56		

### TIME OF ACCIDENTS:

8 a.m. to 12 noon	50
12 noon to 6 p.m.	119
6 p.m. to 12 mid.	91
12 mid. to 8 a.m.	64

### TYPE OF PERSONAL INJURIES:

a. Bleeding wounds	59
b. Bruises	82
c. Complaints	227

NOTE: There is an increase in accidents involving motor vehicles over last year, due in large part to the greater number of cars on our highways. I must again stress careful, alert, responsible action by all drivers.

CHARLES E. OLSEN  
Safety Officer

## REPORT OF THE RANDOLPH TRAFFIC SAFETY COMMISSION

Chairman: BERNARD DAVIDSON

The Randolph Traffic Safety Commission is pleased to submit its first annual report to the Town Meeting Members and Citizens of Randolph.

We wish to commend the Town Meeting Members of Randolph for unanimously voting to establish our Safety Commission, and appreciate the cooperation of our Town Moderator, Joseph Lombardi, in confirming and appointing our nominations for membership in the Commission.

As approved by the Town last March of 1967, the Purpose of the Randolph Traffic Safety Commission was:

- \*To Make a Survey of Traffic Safety Conditions in the Town.
- \*To Report their Findings and Recommendations to the Public as well as the Proper Authorized Agencies of the Town.
- \*To Report Back to the Annual Town Meeting of Randolph next year.
- \*To Encourage and Promote More Careful Driving Practices and Safer Driving Conditions in the Town of Randolph with View to Reducing the amount of Traffic Accidents in our Town.

## TOWN OF RANDOLPH, MASSACHUSETTS

Recognizing the serious accident and fatality statistics of traffic incidents in Randolph, your Safety Commission has been very active during the year. The following is a brief resume of our Meetings, Accomplishments, and Programs under study.

### TRAFFIC SAFETY AUTHORITATIVE SPEAKERS (To whom we are grateful)

Safety Officer Charles Olsen who familiarized the Commission with the Current Traffic Safety problems of Randolph, Accident Record Keeping, Traffic Direction, Traffic Law Enforcement High Incident Location Problems, and Safety Education.

Reverend Bruce Noyes, with a lengthy background of experience in the investigation and therapy treatment of alcoholics, spoke on the subject and its relation to Auto Safety. Of particular significance was that a state survey showed that in one car fatal crashes 70% showed alcohol impairment, and that in two car fatalities 50% showed alcoholism was involved.

Mr. Bruce Campbell, Exec. Director of the Massachusetts Highway Safety Council STATED that three main divisions of Safety Education were Engineering, Education, and Enforcement. He recommended that Randolph join the Highway Safety Council and that a thorough Traffic Survey be done by the Council. This has already been done by Concord, Woburn, and Newton.

Mr. Edward Downey, Safety Director of Cumberland Farms in Canton. Mr. Downey explained the Defensive Driving Course offered under the auspices of the Massachusetts Safety Council.

Mr. James Press, Director of Safety Education, Registry of Motor Vehicles, spoke to the Commission on his experience with Safety Weeks in other communities, the safety posters, literature, and help available from the Registry.

We wish to acknowledge our appreciation to the above named speakers who gave us the benefit of their knowledge, and helped the Commission build up momentum and enthusiasm on a town wide program for traffic safety.

### ACTIONS TAKEN BY THE TRAFFIC SAFETY COMMISSION

1. Officers elected . . . Chairman, Bernard Davidson  
Treasurer, Mitchell Goodhue  
Secretary, Sylvia Rodberg
2. Your Chairman set up three separate working committees.
  - a. Enforcement. . .Chairman, Clifford S. Dimmick, assisted by Jay Brooks, Daniel C. Hayes, Melvin Silverman, Charles

# ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

E. Olsen

- b. Traffic Pattern Study: Chairman Shepperd A. Lesser, assisted by Jack I. Mann, Elliot M. Sandler
- c. Education. . . Chairman, Bruce Norian, assisted by Michael Goodhue, Richard Gordon, George McNeil, Sylvia Rodberg, Wallace Whynot.

## 3. COMMITTEE REPORTS

- a. Enforcement Clifford Dimmick and his committee made an intensive study of traffic safety enforcement in other communities. The committee looked into the possibility of establishing a Radar unit in Randolph, posting Radar Controlled Signs, joining the Highway Commission, safety enforcement by police, and the enforcement details of Randolph Traffic Safety Week.
- b. Traffic Pattern Study Shepperd Lesser and his committee reported back on several dangerous traffic locations in Randolph. They were asked by the Planning Board to make a safety survey of the Cedar Circle area. The Selectmen were asked for and in turn promised their cooperation to the Traffic Commission on Traffic Safety matters in the town. A Safety Courtesy Award was set up to reward courteous drivers.
- c. Education At this point, your chairman of the Traffic Commission would like to single out the Educational Chairman, Bruce Norian, for an outstanding service both to the Commission and to the Town. With the cooperation of High School Principal, James L. Topham, Mr. Norian organized the Randolph Auto Club at the Randolph High School. The Auto Club consists of 35 young students who are lectured to every Thursday night on automotive activities, while instilling in them through education, the basic premise that safe driving can be fun without being dangerous or illegal.

Other Educational activities performed by the members of Mr. Norian's committee were the setting up of a Safety Poster and Safety Essay Contest at the High School. Mr. Goodhue and Mr. Whynot have set up a Speaker and Film Bureau to present programs to various local civic organizations. Mr. Elliot Sandler has taken photographs and made visual aids depicting traffic problems in Randolph. Mrs. Sylvia Rodberg obtained excellent press and publicity coverage on our meetings.

- 4. RANDOLPH TRAFFIC SAFETY WEEK For the first time in the history of Randolph, a Randolph Safety Week was established. The week of February 25th through March 2nd was proclaimed as Randolph Traffic Safety Week. In reply to the request of the Commission, the religious leaders of our

## TOWN OF RANDOLPH, MASSACHUSETTS

community also proclaimed another first "A RANDOLPH SAFETY SABBATH". Our clergymen presented Sermons to their congregations on "THE MORAL RESPONSIBILITY OF THE AUTOMOBILE DRIVER TOWARD HIS FELLOW MAN".

5. RANDOLPH'S 175th ANNIVERSARY CELEBRATION: The Traffic Commission will join the parade by entering a float of antique automobiles.

### SUMMATION

Last year in the Town of Randolph, 11 people were killed, 21 pedestrians were injured, 8 children riding bicycles were struck, and 368 persons were injured in automobile accidents, an increase of almost 40% over last year. All as a result of human carelessness, negligence, or indifference.

During the 1st six months of 1967 our police gave out 669 traffic tickets, an 81% increase over last year. Our overworked Safety Officer, Charles Olsen, was everywhere; at the various schools, patrolling the roads, speaking to organizations, giving out tickets, and still the tragic waste of life and limb continues.

The Randolph Traffic Safety Commission believes that the ultimate success of Traffic Accident Reduction depends upon the support of the Citizens of Randolph. We must (1) Eliminate Bad Driving Habits. (2) Be courteous behind the wheel as we are out in the street. . .yield the right of way. (3) Don't jay walk. . . look both ways before crossing. (4) Don't race through the yellow light. (5) Make sure our children have safe bicycles to ride. Make sure they know how to ride them safely. (6) Watch out for the other driver. . .practice defensive driving. (7) Support your local Police Officers. (8) Parents must supervise their children's driving habits. (9) Defensive Driving courses are available. Join up and be a safer driver.

The Commission wishes to express its thanks and appreciation to the State and Local Police Departments, local organizations who have made contributions to our various programs, the Trustees of the Stetson School Fund, the Turner Free Library, the Randolph High School, and the Town Meeting Members whom we hope will extend our year's term of office which is coming to a close; so that we may have the opportunity of being of further service to the town of Randolph.

Respectfully submitted,

BERNARD DAVIDSON, Chairman  
Randolph Traffic Safety Commission

# ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

## REPORT OF TREE AND MOTH DEPARTMENT

To the Board of Selectmen and Citizens of Randolph, Mass.

I herewith submit my report as Tree Warden and Moth Superintendent for the year of 1967.

Within the past year we trust you have found that we performed our duties conscientiously and to the best of our ability. The regular program of repairing storm damage, trimming and removal of dead and dangerous trees was carried on during the year. The Dutch Elm disease is increasing each year. There is no doubt but what this disease is here to stay. We are making every effort to keep it at a minimum.

The never ceasing work of eliminating bushes because of view obstruction has been carried on this year. The need of cabling and bracing, pruning and surgery on many storm damaged trees. Dead trees were removed during the year and a great many pruned, these trees should be replaced where possible with new ones.

Tree planting has moved on, but not at the rate that I anticipated. Here again labor is needed in too many places at once to devote a proper concentration on any one phase of the work.

The Commonwealth of Massachusetts through its insect pest control department has notified this department that liability for gypsy moth work for the coming year is \$5,621.41.

At this time I wish to thank the Board of Selectmen and Citizens for their splendid cooperation during the past year.

Respectfully submitted,

JOSEPH J. HART

Tree Warden and

Moth Superintendent

## TOWN OF RANDOLPH, MASSACHUSETTS

### REPORT OF THE DOG OFFICER

There was a total of 1858 complaints answered and investigations made at the request of the Police Department, Society for the Prevention of Cruelty to Animals, the Animal Rescue League of Boston and Brockton, the Police of neighboring towns, the School Department and the citizens of Randolph. One Hundred and Seventy Seven dog bites (177) were reported to the dog officer in 1967, on each of these reports the following action is mandatory: 1. Quarantine the dog for 10-day period. 2. Make report to the Division of Animal Health, Commonwealth of Massachusetts. 3. Report to and work in conjunction with the local Board of Health.

Disposition of dogs was as follows:

29 dogs were put to sleep (destroyed) as a result of accidents.

14 dogs were turned over to the Animal Rescue League of Boston.

19 dogs were sold and the fees turned into the town treasury.

110 dogs and 8 cats were picked up by the department, kept in custody and eventually returned to rightful owners in Randolph, Sharon, Stoughton and Canton. Of the 110 dogs picked up, 42 were unlicensed and the owners were forced to license the dogs before release.

Gas bombs, as a deterrent against bad dogs, were again purchased in 1967 and distributed to others as a precautionary measure.

10 Conferences were held with the Board of Selectmen.

5 Conferences were held with the Town Clerk & Staff.

490 warning cards were sent to the owners of unlicensed dogs, at the direction of the County Dog Officer and the Dedham Superior Court.

44 Cases for investigation were received from the Society for the Prevention of Cruelty to Animals and the Pet Placement Supervisor of the Animal Rescue League of Boston.

6 Dogs and 2 cats were rescued in 1967.

6 Court appearances were made -- 4 to Quincy and 2 to Dedham.

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

The total breakdown as to the number of licenses sold and each type can be found in the report of the Town Clerk.

I would like to thank all the Departments involved for the excellent cooperation shown me and the Department in 1967. The relentless efforts will be extended in 1968 to the end that all dogs will be licensed.

Again in 1968 I direct an earnest plea to the parents of school age children to make a renewed earnest effort to restrain your dogs so that they will not follow the children to school. This will eliminate fear and severe danger from dog packs, this type of dog is a menace to the safety of others and will be treated accordingly.

Please cooperate with your Dog Officer and School Officials.

Respectfully submitted,  
CORNELIUS J. CROWLEY  
Dog Officer

# TOWN OF RANDOLPH, MASSACHUSETTS

## REPORT OF THE TOWN COLLECTOR

The Town Collector herewith submits his annual report to the Citizens of Randolph:

	1967	Previous Years

## REPORT OF THE TRUSTEES OF THE TURNER LIBRARY

### Hours of Service

Monday and Thursday	10:00 A.M. to 9:00 P.M.
Tuesday and Wednesday	1:00 P.M. to 9:00 P.M.
Friday	1:00 P.M. to 6:00 P.M.
Saturday	10:00 A.M. to 5:00 P.M.

(The library is closed on Sundays and all legal holidays.)

## REPORT OF THE TRUSTEES

To the Citizens of Randolph:

In accordance with the provisions of Article III of the By-Laws for the government of the Trustees of the Turner Library, this ninety-second annual report is submitted to show the condition of the Trust--the Library, the building and the funds--for the calendar year 1967 and to mention such other matters concerning the Library as may be of general interest.

With the arrival and installation late last spring of the final items of furniture for the new library building, the Trustees feel that there should be an "official" opening of the Library--an open house to which all townspeople would be invited. Accordingly, Sunday June 18th, in spite of rainy weather, saw a pleasing number of townspeople, invited guests, Trustees and members of the Library Staff--in many cases with members of their families--in attendance at the brief informal exercises held in the main room of the Library.

Following an invocation by Reverend Stephen E. Burke of St. Bernadette's Church, the President of the Trustees welcomed those attending and gave a background sketch of how the new building became a reality. Mrs. H. Shippen Goodhue of Wellesley, a member and Secretary of the State Board of Library Commissioners, then graciously brought the greetings of that Board and of the Bureau of Library Extension. (These are the groups that were responsible for the allocation and administration respectively of funds for Randolph's library under the Federal "Library Services and Construction Act.") Mrs. Lucia S. Faulkner, Librarian, spoke meaningfully of the busy days just past and of future plans for the library. Using a symbolic key and the words of an exchange of letters in 1874 between the original donors of the Library and the Selectmen of Randolph, the President of the Trustees "presented" and Mr. John R. O'Riley, Chairman of the present Selectmen of Randolph gratefully "accepted" the new Turner Library building for the Townspeople of Randolph. Rabbi H. Joseph Simckes of Temple Beth Am gave the benediction.

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

Refreshments were served during the open house which followed. Preparation of the attractive souvenir booklet for the occasion as well as the successful arrangements for the "Open House" itself were handled by a Special Library Committee consisting of Mr. John P. Courtney, Chairman, Mr. John L. Porter and Mrs. Lucia S. Faulkner.

Not only since the "Open House" but throughout the past year many persons—local townspeople and those who reside elsewhere, professional library people (from far and near) and laymen alike—have not hesitated to tell the Librarian, members of the staff or the Trustees how pleased they have been with the style of the architecture, the size and arrangement of rooms, the quality of materials and workmanship, the attractiveness of the appointments and the over-all efficiency of the building from the standpoint of a public library operation. With such favorable public reaction, it is gratifying indeed to the Trustees to be able to report that the entire building and associated costs—including equipment, landscaping and all furnishings except books and other similar material—were accomplished with an expenditure of only a little over \$510,000. This cost was met largely from the net fire insurance proceeds (\$291,000) and from the Federal grant under Title II of the Library Services and Construction Act (\$133,000). Private gifts, the Town Appropriation and Library Trust funds provided the balance (\$86,000). State auditors have examined bills and vouchers associated with the new Library building project—both those paid by the Town Treasurer from the insurance proceeds, Federal grant funds and Town Appropriation (all of which amounts were in his custody) and those paid from other sources for which the Treasurer of the Trustees was solely responsible—and have reported everything in satisfactory order. Thus the library construction project can be considered virtually closed. This, therefore, might be an appropriate time to say that the Trustees of the Library and, in particular, the Library Construction Committee of the Trustees, have found this project a tremendously interesting and challenging experience. It is their hope that the building will serve many generations of townspeople, helping to bring knowledge, pleasure and inspiration to untold numbers of patrons in the years ahead.

As may be seen by the Librarian's annual report to the Trustees—which has been appended as a part of this report—increased numbers of books and periodicals have been added to the Library's shelves commensurate with the increased funds requested by the Trustees and appropriated at the annual Town Meeting. The need for increased funds for this purpose continues. Not only is it necessary to replace books worn out by use, but in this age of rapid growth and change in many fields of learning, technical and scientific books often become obsolete before they are worn out by use; and they, too, need replacement in our library is to keep pace with the times. Furthermore, if Randolph

## TOWN OF RANDOLPH, MASSACHUSETTS

is to continue to qualify for the State grant for libraries, it must support an expenditure for books amounting to at least fifteen per cent of its total budget. The Trustees feel also that a substantial appropriation for books is justified by the increasing numbers and needs of both students and adult readers.

The Trustees were saddened by the death on November 10, 1967 of Mr. Harold R. Whitehouse who had been a Trustee of the Turner Library for more than fifteen years. Although his recent participation in library affairs was limited, for a number of years he headed the Committee of Trustees responsible for the operation and maintenance of the original Turner Library building. With his place of business directly across the street from the Library he was usually the first one to be called by the person in charge of the Library when a building emergency arose. Needless to say, he was always willing and able to handle the problem promptly and effectively. The Trustees greatly appreciated his conscientious contribution during his active years and at this time extend their deepest sympathy to his family.

On behalf of the Trustees I would like once again to express appreciation to the Librarian, Mrs. Faulkner, and to the members of her Staff for their continued interest in the Library and for the commendable service rendered to its patrons. Each one has participated in a most cooperative manner in the "shake-down cruise" of the good ship "Turner Library"; and each has made a worthy contribution to good library service in our town. With a splendid ship and a thoroughly dependable crew, the Trustees are confident of success in meeting whatever problems the new year may bring.

The annual report of the able Treasurer of the Trustees, Mr. John L. Porter, also is appended as part of this report.

LAURENCE F. SHURTLEFF, JR.  
President  
Trustees of the Turner Library

## 1967 ANNUAL REPORT TO THE TRUSTEES

The irrefutable logic of the adage, "The proof of the pudding is in the eating thereof," comes to mind in reviewing Turner Library's year of 1967. We feel that we can honestly report that the consensus has been that the "eating" of the pudding has been a most enjoyable experience. In our last year's report we declared our hats off to Joseph Wheeler, library consultant; to Walter Gaffney, architect and to our board for the fait accompli. Boards of Directors, trustees, librarians and library staffs from all over Massachusetts, to say nothing of neighboring states AND

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

Europe, have upheld the declaration and have frankly begged figures, plans and operative routines to take home for implementation within their own frameworks. And the Randolph public? Unvaryingly the comments have continued to be appreciative. How reasonable, then, can Randolph tax payers feel gratification in the knowledge that theirs is a sound and lasting investment in beautiful housing for one of the most important educational activities in the world--a public library! Shall we remind ourselves of some more of the "proofs?"

1) The hours of service to the public in the Fall, Winter and Spring have been increased from 44 to 50, and in the Summer from 39 hours to 43. The Children's Room now stays open until 7:30 p.m.--a valuable extra half-hour, according to the mothers and fathers, and one that was added specifically in answer to their pleas.

2) What access is there to certain books unavailable in Randolph? The Eastern Regional Library System, in which Turner Library is a participant, has steadily increased its services. By using the channels provided, Turner Library has been able to procure for its borrowers a very appreciable number of books not in its own collection, on an interloan basis; and on special occasions has been able to receive prompt telephone reference service for an eager inquirer.

3) Bearing always in mind that replacement of basic library book titles still must go on, we have, nevertheless, added new "heavy reference" materials of the highest caliber to the adult, young adult and juvenile collections. Thanks to a book budget somewhat more commensurate with the urgent needs of a new post-fire library, a steady flow of new material in both fiction and non-fiction categories, together with some beefing up of the list of periodicals has resulted in the emergence in these few hectic years of a library collection of which ANY town might well be proud. An interesting footnote here: although borrowers have been gratified with the open service from other libraries, repeatedly they have exclaimed that they had failed to find certain material in larger or neighboring libraries, but had located it, "right in our own library!" What more natural, now that our collection numbers close to 30,000 volumes? Outdated "tide-over" books definitely grow fewer; and we retire them happily, grateful, nevertheless, for their past emergency usefulness.

### 4) Interesting activities:

a) June 17 - Father's Day - saw the long-awaited dedication of the new building; and despite the many functions that day competing for attention, the attendance was heart-warming and the visitors interested and appreciative.

## TOWN OF RANDOLPH, MASSACHUSETTS

b) Brochures compiled and authored by a Special Library Committee were published in celebration of the dedication; and in addition to being available at Open House, were sent to other boards of trustees, librarians, town officials, civic groups, interested donors and other proven library friends throughout the state. A small stock of these brochures is still available for reference through the years.

c) In the Children's Room merit certificates were awarded to 93 children who successfully completed their reading assignments for the Summer Reading Club.

d) Upon invitation, John Walsh, native author Randolph ("The Time Is Short And The River Rises") Field Officer of the S. P. C. A. and officer of the International Society for the Protection of Animals electrified his audience in the library meeting room with his talk on Surinam, S.A., complete with yards of anaconda skin. This meeting room also provided facilities for the annual reception given to Town of Randolph officials by the League of Women Voters; for the Greater Boston Library Administrators; for the Old Colony Library Club Fall Meeting; for a group from the State Welfare Dept.; for an Ort group; for a B'nai B'rith Girls' Ceremony; and for two story hours for a Headstart group. Of the 92 librarians visiting Boston from the International Federation of Library Associations, 35 public librarians visited Turner Library, taking away with them not only brochures for their own home city but for the fifty-seven remaining special librarians—thus unwittingly assuring Randolph and Turner Library publicity in England, Ireland, Japan, Austria, Belgium, Denmark, Canada, France, Germany, Sweden and Switzerland.

e) Two second grades from Belcher School, 5th and 6th grade pupils from another of the schools, two nursery schools and two Randolph High School classes were accommodated with library orientation talks; and most recently the Randolph Auto Safety Club, with interest running high.

f) Publicity was generous through the year with the Randolph Herald, the Money Saver, Brockton Enterprise and Patriot Ledger duly covering the aforementioned programs. The Money Saver was faithful in its cooperation by publishing lists of recent library acquisitions, notices of library hours, and schedules of forthcoming events. The Eastern Region News--organ for the Eastern Regional Library System--included a handsome spread of Turner Library with background information and many views of the library already printed in the Turner brochure.

5) Children's Book Week was observed with special book displays.

6) The beautiful "Large-Type Edition" of well-known and

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

loved books, published by Watts, was publicized and greatly increased. Our patrons have been very enthusiastic.

7) A series of "read-alouds" was conducted by the librarian at the Hollywell Nursing Home, and concluded with a Christmas program.

8) Circulation of books, in a year whose national pattern has been a drop, has hit the highest ever for Turner Library, as has the number of its registered borrowers.

"Proofs"—fruitage of efforts—are always of interest, not only to the public but vitally to the staff of the library. These faithful workers—to wit, Mesdames Poehlman, Saunders, McMahon, Stefani, Walsh, Hesford and Paige; Misses Anderson, Leonard, Bonney, Curran and Lerro; and Messrs. Baker, Curran, Green and Douglas have given unstintingly of their time, their interest, their study to the end of certification and towards masters' credits. These are the ones manning our library, maintaining lively interest in the public's desires and problems and always putting that interest and concern before institutionalism. To "my" board which continues dedicatedly to make place in an already crowded schedule for the careful negotiating, consideration and direction of a busy library and to "my" staff go my warm and profound thanks for a year of much accomplishment. Our upward spiral has not yet been deflected. With the same warranted optimism of preceding years I say, "just WATCH your library in 1968"!

Respectfully submitted,

LUCIA S. FAULKNER  
Librarian

Selectmen of Randolph

## TOWN OF RANDOLPH, MASSACHUSETTS

### REPORT OF THE PERSONNEL BOARD

In its dual capacity as Personnel Board and Negotiating Committee for the Selectmen, the Personnel Board held twenty-three meetings in 1967.

As a Personnel Board responsible for administering the classification and compensation plans covering approximately 150 Town workers, the Board met with many employees during 1967 to discuss problems of various types. Included in the considerations of the Board were some fourteen requests for individual job reclassifications. As of the year-end, one such request was still pending, and of the remainder, 23% had been approved or recommended, 46% had been modified, and 31% had been declined. In formulating its recommendations on any given promotional request, the Board considers such factors as (1) changed responsibilities of the job, (2) the Department Head's recommendation and (3) comparison of the salary range with similar jobs in fourteen comparable towns. These same fourteen towns are consulted in connection with all surveys to eliminate either intentional or unintentional selection on the part of the Board.

As a Negotiating Committee, it is the function of the Board to screen proposed union contracts with the intent of identifying all areas of general agreement prior to later consideration by the Board of Selectmen, which is the Town's Bargaining Agent. In this respect, three contracts were processed for ultimate Town Meeting approval in 1967, involving the Fire, Police and Highway-Water personnel. Since this was the first year of Municipal Collective Bargaining in Massachusetts, it was anticipated that Randolph might share in the massive and, in some instances, paralyzing problems that many other communities did, in fact, experience. However, in large measure, due to the cooperative attitude on the part of the employee organizations, it was the observation of the Personnel Board that the contracts were approved and administered during 1967 in an orderly and effective manner.

WALTER F. JOBE  
ARMAND L. FERRANDE

### REPORT OF THE RANDOLPH HOUSING AUTHORITY

To the Honorable Board of Selectmen:

Since our last report was written in November of 1966 for the Annual Town Report, the Randolph Housing Authority has seen the proposed 48-unit apartment complex and community building

## ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT

of the Housing Development for the Elderly in Randolph transformed from the preliminary construction stage (after ground was broken in December of 1966) to the actual completion of the project and occupancy by our tenants on November 1, 1967.

From all reports, our occupants are very happy with their ultra-modern, specially-designed, safety-feature apartments. Each apartment contains a large living-dining room, combined with a single bedroom, kitchen and bath. The apartments are gas-heated with a modern, special-feature, automatic safety shut-off gas stove, together with the latest model Hotpoint refrigerator.

Our original construction bid was approximately \$45,000 under the architect's original estimate, and our final construction cost was about \$25,000 less than the original architect's estimate. Consequently, the State Division of Housing was able to set the minimum monthly rental figure at \$56,000--this figure being one of the lowest the State has seen in recent years. This rental figure includes heat and all utilities, with the exception of a telephone.

The Community Building with its recreational facilities and other conveniences, will be available shortly to serve our tenants. It contains a coin-operated washer and dryer, a fully equipped kitchen for any functions held there, and will eventually have a television set and other equipment for the convenience and pleasure of our tenants. The office of the Randolph Housing Authority will also be in this building.

We look forward to having an Open House ceremony in the Spring, at which time our Development will be officially dedicated the Reverend Walter K. Lyon Memorial Housing Development.

While we have been busy with the construction and occupancy of our first elderly development, we have been moving forward in planning our second such project in Randolph. In March of 1967, the Annual Town Meeting authorized us to apply for an additional development, not to exceed 75 units. The Part One preliminary application was filed with the State Division of Housing and was approved, authorizing us to construct about 60 units, which number is based on the Division of Housing's analysis of the needs of the Town. This approval was made subject to funds being available in the Spring, and certain conditions being met by the Randolph Housing Authority--which conditions include obtaining proper zoning changes to facilitate the construction of these apartments in Randolph. As this report is being written, a tentative site has been chosen in North Randolph, and an architect has been hired to prepare preliminary plans. We also anticipate engaging an engineering firm in the immediate future to survey the proposed site.

## TOWN OF RANDOLPH, MASSACHUSETTS

During the annual Town elections in the Spring of 1967, two of our members ran for office in the general election. John J. Coppinger, our treasurer, who was originally appointed by the Board of Selectmen and who won a one-year term in March of 1967, was re-elected for a term of five years. Edward C. Hoeg, our secretary, who was appointed by unanimous vote of the Board of Selectmen and the members of the Housing Authority to fill the unexpired term of the late George N. Welch in September of 1966, was elected for a one-year term.

Members of the Randolph Housing Authority are pleased with the progress that has been made in behalf of our elderly citizens during the past year, and they are looking ahead to the coming year with high hopes that as much will be accomplished next year. We are hopeful that by the time this report is given again a year from now, construction will have commenced on our second Housing Development for the Elderly in Randolph.

The Authority would like to thank the members of the Board of Selectmen and all the Town officials of the various departments and boards that have cooperated with and aided us during the past year, but for whose assistance we would not have made the progress that we have made.

Respectfully submitted,

JAMES W. BRENNAN, Chairman  
HENRY J. ROTA, Vice-Chairman  
JOHN J. COPPINGER, Treasurer  
LAWRENCE W. DeCELLE, Assistant  
Treasurer  
EDWARD C. HOEG, Secretary  
JOSEPH R. WELCH, Executive Director

ONE HUNDRED AND THIRTY-SECOND ANNUAL REPORT  
REPORT OF THE BOARD OF REGISTRARS

The Board of Registrars submits its annual report for the year 1967. During the past year 421 new voters were registered, the total number of voters after the annual correction of the voter list now being 10,720 which include the following:

Precinct #1	1898
Precinct #2	1626
Precinct #3	1730
Precinct #4	1872
Precinct #5	2067
Precinct #6	1527

The registrars have street listed 16,059 residents 20 years of age and over, for the year 1967. "Persons Listed by the Registrars of Voters Book", were also printed.

Since the 1967 street listing the Town has added 138 single family dwellings, 2 duplex dwellings, Housing for the Elderly building with 48 units and has re-numbered 8 streets.

Over 2400 dogs were listed in the year 1967, and the names of all those owning dogs were turned over to the dog officer.

Respectfully submitted,  
ETHEL McDONALD, Chairman  
KATHERINE M. SMITH  
CATHERINE L. KILEY

## TOWN OF RANDOLPH, MASSACHUSETTS

### REPORT OF BOARD OF SELECTMEN

The year 1968 was an exciting year for Randolph. It was a year of many accomplishments. Paramount was the maintenance of a stable tax rate in the town despite drastic increases in Tax rates of communities and the disappointing amount received by Randolph from distributions of various State revenue sources.

In addition, the Town completed a successful celebration of its 175th anniversary. During this Anniversary Week more than forty events were made available to all age groups within the community. It was a tribute to all Town Departments and to the residents themselves because there was not one single instance of vandalism throughout the entire Anniversary Week. This is even more remarkable in view of the fact that thousands of people joined with us during the program events.

At this time the members of the Board of Selectmen wish to again express the special thanks of every citizen of the town to Chairman David Doyle and the hard-working members of the Anniversary Committee.

The year 1968 has again shown an increase in the tax base of the community. We have also been fortunate in obtaining a continuation of orderly growth in our industrial areas. The members of our growing Randolph Industrial Complex will be more fully described in the report of the Business and Industrial Commission which appears elsewhere in this report. However, as your Town Fathers, we extend to each of them a most cordial welcome.

Although 1968 saw a continuation of the relative stability of our tax rate, we cannot forecast with any degree of accuracy what the future holds. There are many reasons which prevent our making an accurate forecast...Principally the ever increasing demand for increased revenue to pay for new State services as demonstrated by the recent takeover of Welfare programs by the Commonwealth of Massachusetts. The State takeover was accompanied by a drastic increase in costs. In this regard, the Randolph Board of Selectmen joined the Randolph Finance Committee early in 1968 to request that a Federal audit of the Medicaid program be undertaken immediately to suggest controls to reduce or eliminate the possibility of abuse.

With the cooperation of all Town Departments and the interest exhibited by the citizens of the town, particularly all those civic-minded individuals serving on various Town Boards, Committees and Commissions, we join our efforts to maintain Randolph's progress and look forward with confidence to the future.

# ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

Respectfully submitted,

BOARD OF SELECTMEN

JOHN R. O'RILEY, Chairman  
NORMAN B. SILK, Clerk  
GEORGE F. CULLEN  
PATRICK T. McDONNELL  
JOSEPH J. SEMENSI

## REPORT OF THE EXECUTIVE SECRETARY

To the Board of Selectmen and All Other Citizens of Randolph: The year 1968 was a year of continuing progress for the citizens of Randolph. Substantial additions to various portions of existing municipal facilities were either completed or substantially underway by the end of the year.

However, anticipated revenue from various sources including the amount forecast to be received by Randolph from the Mass. Sales Tax again failed to materialize. Therefore, unless prompt and specific action is taken to bring about a more equitable distribution of sales tax, and other revenues to the towns, the cost of improvements to our municipal facilities will continue to be borne by tax-paying homeowners. Programs have continued in operation to provide pre-school training to underprivileged children, and jobs to high school youngsters of lower income families. The benefits obtained have been brought about without any effect on our local tax rate or expenditure by any Town Department.

The Town was also successful in obtaining additional surplus equipment from sources which have provided additional facilities and service to the residents of the town without any expenditure of funds.

The year 1968 was a year of accomplishment due in great measure to the co-operation which exists between members of the Board of Selectmen and all departments, boards and commissions in the Town. For the assistance received from each of them, particularly in connection with the 175th Anniversary Celebration, I should like to express my sincere appreciation.

Respectfully submitted,

HENRY L. LOWD  
Executive Secretary

## TOWN OF RANDOLPH, MASSACHUSETTS

### REPORT OF THE 175th ANNIVERSARY COMMITTEE

During 1968 the Town successfully completed an Anniversary Celebration Week which suitably remembered the 175th anniversary of the founding of the Town of Randolph.

There was a citizen committee composed of representatives of various church, civic and fraternal organizations, assisted by Veterans Groups located in the Town.

The Celebration consisted of eight days of events calculated to be of interest to all age groups. After nearly one year of preliminary planning and discussion, the events were scheduled as follows:

#### SUNDAY - JUNE 30

Little League - Representatives from Armed  
Services  
Parade Route - Beginning at Oliver and Main St.,  
North Randolph - down Main St. to Cole Terrace to  
Highland Ave. to Bandstand at Memorial Drive

The Town appropriation was supplemented by donations received from interested business organizations and citizens. The final event of the Anniversary Celebration was a "Bon Voyage" Party for the U. S. S. Randolph which was being retired from Naval service. At this event, citizens joined in saluting members of the ship's company of the U. S. S. Randolph. On this occasion, Treasurer Edward Hoeg gave a financial report which stated all bills had been paid and that the Committee had ended its activities with a .05 surplus.

In closing, may I again express, on behalf of the entire Committee, our sincere appreciation to the Board of Selectmen and all Town Departments for their cooperation, and to every citizen of Randolph for their support during the Celebration activities.

DAVID D. DOYLE, Chairman, 175th Anniversary Committee

ONE HUNDRED AND THIRTY -THIRD ANNUAL REPORT  
REPORT OF THE TOWN COUNSEL

Gentlemen:

The Town Report of the Legal Department is as follows:

During the early part of the year labor hearings were held before Professor Archibald Cox, the former Solicitor General of the United States, who sat as a Fact Finder on some of the questions raised in the teachers' contracts.

A Land Damage case at the Norfolk Superior Court was followed by litigation involving the rubbish contract.

There were also District Court cases and matters before the Appellate Tax Board.

Opinions were rendered for various departments and attendance was required at many Board, Commission and Committee meetings.

Very truly yours,

WILLIAM J. CARR  
Town Counsel

# ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

## SPECIAL TOWN MEETING

February 5, 1968

Moderator Lombardi called the meeting to order at 8:00 P. M.

Attorney Joseph Welch moved adjournement to 8:30 P. M. seconded by Mr. Holbrook. It was voted to adjourn the meeting to 8:30 P. M.

The meeting was called to order at 8:30 P. M. by Moderator Lombardi who led the meeting in prayer.

Town Clerk Edward T. Clark read the return of service. The Moderator declared a quorum present and appointed Messrs. Good, Mulhern and Schneider as tellers for the evening.

On motion duly made and seconded a rising vote of thanks was given to Moderator Lombardi as this is possibly the last meeting he will conduct during his present term of office and he is not planning to run for the office in 1968.

Moderator Lombardi's response was an accolade to the fine officials who have cooperated with him including the Board of Selectmen, the Town Clerk, Executive Secretary, Finance Committee and the members of various committees.

ARTICLE 1. To see if the Town will vote to raise and appropriate or borrow or transfer from available funds the sum of four million eight hundred and eighty nine thousand dollars (\$4,889,000.00) for the purpose of construction, equipping and furnishing an addition to the present High School located on Memorial Parkway and the entire sum of (\$4,889,000.00 be borrowed under the provisions of Chapter 645 of the Massachusetts Legislature of 1948 as amended or under any other applicable law and that the Town Treasurer with the approval of the Board of Selectmen, be and hereby is authorized to issue bonds or notes of the Town so that the bonds or notes will be repaid in not more than 20 years from the date of issue of the first bond or note, and that the money be expended by the present School Building and Planning Committee and the Randolph School Committee; directing the Town Treasurer to issue bonds or notes not prior to July 1, 1968 as petitioned for by the Randolph School Planning and Building Committee and the Randolph School Committee.

Recommended by the Finance Committee.

Recommendation of the Finance Committee VOTED Yes 126  
No 36

## TOWN OF RANDOLPH, MASSACHUSETTS

ARTICLE 2. To see if the Town will vote to rezone from "Residential" to "Business H. A. "a certain parcel of land situated on the northerly end of Sunset Avenue in Randolph, containing approximately 2.5 acres, more or less, and bonded and described as follows:

Beginning on the northerly line of Sunset Avenue at the southeasterly corner of land now or formerly of A. Lind: thence running in a northerly direction by land now or formerly of the Town of Braintree; three hundred forty-seven and 66/100 (347.66) feet, more or less; Thence running in a westerly direction by land now or formerly McDonald, Hunter, Williams, Swanson and Scott, to the northwest corner of land now or formerly of Michael W. Lach; Thence running easterly by land now or formerly of Michael W. Lach and the Town of Braintree to the point of Beginning. Said land shown on a "Plan of Land in Randolph, Mass." April 14, 1942, John J. Drinkwater, Town Engineer, Braintree, Mass." and recorded in the Norfolk Registry of Deeds in Plan Book 130, Plan #437 of 1942. Said land being also shown as Parcel 1A of Randolph Assessors Plan 400, as petitioned for by the Board of Selectmen and the Randolph Housing Authority.

Recommended by the Planning Board.

Recommendation of the Planning Board VOTED Yes 125, No 1

ARTICLE 3. To see if the Town of Randolph will vote to amend the zoning by-laws as revised December 31, 1965 as follows: Delete Section three, paragraph A-1 (b) entitled - "Limitation on coverage."

Section 5 -Change paragraph C-2 to read as follows: In Business and Industrial Districts no building shall be erected within the buffer zone specified in section 5 G nor within 6 feet of a side lot line unless the wall adjoining such lot line be either a party wall or a wall with its outer face coincident with said lot line.

Section 5 D. Rear Yards to read as follows: 1. In all districts no building shall be erected within 10 feet of any rear lot line unless the said building be of fireproof construction and the wall adjoining said rear lot be either a party wall or a wall with its outer face coincident with the said rear lot line, except said construction is prohibited in a buffer zone as specified in Section 5 G. Section 5\*H to be added

Lot coverage in all districts;

In all Districts no building shall be constructed so as to cover, together with other buildings on the lot, a larger portion of the lot area than the "permitted lot Coverage" specified in the following table for the District in which said is located.

<u>District</u>	<u>Lot Coverage</u>
Residential	30%

# ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

Industrial	50%
Business	70%
Business H. A.	70%

As petitioned for by the Planning Board.

Recommended by the Planning Board. Article Voted to and including Residential 30% Yes 106, No 10 Industrial, Business and Business H. A. were voted committed to further study by the Planning Board and the Business and Industrial Commission.

ARTICLE 4. To see if the Town of Randolph will vote to amend the zoning by-laws as revised December 31, 1965 by add Section 5\*G "Buffer Strips and Green Areas"

## 1. Business District

In a business zoned district where the lot abuts or is within 10 feet of the side or rear boundary line of any Residential District (including any Residential District in an adjacent Municipality,) there shall be provided on all portions of said lot within 10 feet of said boundary line a buffer strip, as follows: The portion of such buffer for, and maintained as, a planting area for lawns, trees, shrubs or other landscape materials to provide a park like area of separation between the districts. In this buffer zone no building structure or pavement of any nature may be constructed or maintained.

## 2. Industrial Districts.

In an Industrial District where the lot abuts, or is within 50 feet of the side or rear boundary line or any Residential District (including any Residential Districts in any adjacent Municipality) there shall be provided on all portions of said lot within 50 feet of said boundary line of buffer strip, as follows; the portion of such buffer and maintained as a planting area for lawns, trees, shrubs or other landscape materials to provide a park like area of separation between the districts.

In this buffer zone no building structure or pavement of any nature may be constructed or maintained.

As petitioned for by the Planning Board.

Recommended by the Planning Board. Recommendation of the Planning Board VOTED Yes 101, No 27.

ARTICLE 5. To see if the Town will vote to amend the By-Laws by adding thereto Section 9A.

Section 9A: No person shall stand, lounge, remain about the doors or places of business or residences when requested by the owners or occupants of said places or a police officer to depart therefrom, and no person shall stand, loiter or park in any

## TOWN OF RANDOLPH, MASSACHUSETTS

place where the public has a right of access or upon any public way or sidewalk in the Town after having been directed by a police officer to leave the area, under a penalty of not less than one or more than twenty dollars for each offense.  
As petitioned for by the Board of Selectmen.

Recommended and VOTED Unanimously.

ARTICLE 6. To see if the Town will vote to rezone from residential to industrial use a parcel of land shown on Assessor's Map 3, Block A, as Parcel 3 (rear Eddy St.) and containing approximately 2.62 acres, as petitioned for by Michael Pacella and Others.

VOTED unanimously to include in the Annual Town Meeting.

ARTICLE 8. To see if the Town will vote to rezone from residential to industrial use several parcels of land as shown on Assessor's Map 3, Block A, being Parcels 1 and 2 River Street, Map 3, Block B, being Parcels 1 and 2 (Dorr Street and Wilson Street) and Map 3, Block H, being Parcels 1 and 2 and 3 (River Street and Howard Street), as petitioned for by Michael Pacella and others.

VOTED unanimously to include in the Annual Town Meeting.

ARTICLE 9. To see if the Town will vote to accept Feener Circle, northerly from Vine Street for an approximate distance of 974 feet, as laid out on a plan entitled "Revised Subdivision of Land, Randolph, Mass." dated September 25, 1963, by L. W. DeCelle, Inc., land Surveyors, Randolph, Mass. as petitioned for by the Board of Selectmen.

VOTED unanimously to Accept.

ARTICLE 10. To see if the Town of Randolph will vote to accept Denise Drive, from High Street westerly to Reed Street for an approximate distance of 900 feet, as laid out on a plan entitled "Plan of land Reed Street and High Street, Randolph, Mass." dated May 19, 1962 by Yunits Engineering Co., Holbrook, Mass., as petitioned for by the Board of Selectmen.

VOTED unanimously to Accept.

ARTICLE 11. To see if the Town of Randolph will vote to accept Michael Road, from High Street to Canton Street for an approximate distance of 2400 feet, as laid out on a plan entitled "Subdivision of Land Randolph, Mass., Dated January 17, 1962, by L. W. DeCelle Surveyors, Inc. Randolph, Mass., as petitioned for by the Board of Selectmen.

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

VOTED unanimously to Accept.

ARTICLE 12. To see if the Town of Randolph will vote to accept Glen Lane, from Michael Road northerly to the existing end of Glen Lane, from Canton Street, as laid out on a plan entitled "Subdivision of land Randolph, Mass.", as petitioned for by the Board of Selectmen.

VOTED unanimously to Accept.

ARTICLE 13. To see if the Town of Randolph will vote to accept Virginia Circle, from Highland Avenue westerly for an approximate distance of 1200 feet, as laid out on a plan entitled "Plan and profile Virginia Circle Randolph, Mass.", dated July 3, 1962 by L. W. DeCelle Surveyors Inc., Randolph, Mass., as petitioned for by the Board of Selectmen.

VOTED unanimously to Accept.

ARTICLE 14. To see if the Town of Randolph will vote to accept Jeanne Road, from Chestnut Street southerly for an approximate distance of 884 feet, as laid out on a plan entitled "Subdivision of land Randolph, Mass." dated August 10, 1959 by L. W. DeCelle Surveyors, Inc., Randolph, Mass., as petitioned for by the Board of Selectmen.

VOTED unanimously to Accept.

ARTICLE 15. To see if the Town of Randolph will vote to accept Robert Road, from Chestnut Street southerly for an approximate distance of 661 feet, as laid out on a plan entitled "Subdivision of land Randolph, Mass.", dated August 10, 1959 by L. W. DeCelle Surveyors, Inc., Randolph, Mass., as petitioned for by the Board of Selectmen.

VOTED unanimously to Accept.

ARTICLE 16. To see if the Town of Randolph will vote to accept Debbie Lane, from Jeannie Road westerly for an approximate distance of 140 feet, as laid out on a plan entitled "Subdivision of land Randolph, Mass.", dated August 10, 1959 by L. W. DeCelle Surveyors, Inc., Randolph, Mass., as petitioned for by the Board of Selectmen.

VOTED unanimously to Accept.

ARTICLE 17. To see if the Town of Randolph will vote to accept Phyllis Drive from High Street westerly for an approximate distance of 1165 feet, as laid out on a plan entitled "Plan and profile Phyllis Drive Randolph, Mass.", dated February 5, 1963 by G. J. Carew Surveyor, Brockton, Mass., as petitioned

## TOWN OF RANDOLPH, MASSACHUSETTS

for by the Board of Selectmen.

VOTED unanimously to Accept.

ARTICLE 18. To see if the Town of Randolph will vote to accept Lou Circle from Phyllis Drive northerly for an approximate distance of 210 feet, as laid out on a plan entitled "Plan and profile of Lou Circle and Deanne Circle Randolph, Mass." dated February 11, 1963 by G. J. Carew Surveyors, Brockton, Mass., as petitioned for by the Board of Selectmen.

VOTED unanimously to Accept.

ARTICLE 19. To see if the Town of Randolph will vote to accept Dianne Circle, from Phyllis Drive Northerly for an approximate distance of 260 feet, as laid out on a plan entitled "Plan and profile of Lou Circle and Dianne Circle, Randolph, Mass." dated February 11, 1963, by G. J. Carew Surveyors, Brockton, Mass. as petitioned for by the Board of Selectmen.

VOTED unanimously to Accept.

On motion duly made and seconded, it was unanimously VOTED to accept Articles 9 thru 19 as one article.

## ANNUAL TOWN MEETING

March 4, 1968

Pursuant to a Warrant issued by the Board of Selectmen and signed on the Fifteenth day of February, A. D. 1968, duly posted by Carl L. Macauley, Constable, the voters of Randolph assembled on the fourth day of March, 1968, in the McNeill School for Precinct 1, in the Randolph High School for Precinct 2, in the Elizabeth G. Lyons School for Precinct 3, in the Tower Hill School for Precinct 4, in the Devine School for Precinct 5 and in St. Bernadette's Parish Hall for Precinct 6.

The election paraphernalia was given by the Town Clerk to the Wardens of all precincts and receipts were taken therefor.

The polls were open for the reception of ballots at 6:00 o'clock A. M.

The returns were made to the Town Clerk from Precinct 1 at 12:28 A. M., Precinct 2 at 11:30 P. M., Precinct 3 at 11:55 P. M., Precinct 4 at 1:45 A. M., Precinct 5 at 12:55 A. M., Precinct 6 at 12:48 A. M.

# ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

The vote was tabulated by the Town Clerk and the declaration of the results was made on March 5, 1968 at 2:45 A. M.

The total number of votes cast in the six precincts were as follows:

Precinct 1	- 466
Precinct 2	- 390
Precinct 3	- 280
Precinct 4	- 412
Precinct 5	- 392
Precinct 6	- 322

### ANNUAL TOWN MEETING

March 18, 1968

Newly elected Moderator Joseph R. Welch was sworn into office by Town Clerk Edward T. Clark at 8:00 P. M.

At 8:05 P. M. by motion duly made and seconded it was voted to postpone the meeting to 8:00 P. M. on March 19, 1968 due to the torrential rains and flooding conditions.

March 19, 1968

Moderator called the meeting to order at 8:30 P. M. and declared a quorum to be present.

Moderator Welch administered the oath of office to the newly elected Town Meeting Members and led the assembly in prayer, conducted by the Rev. Arthur E. Bowler of the First Congregational Church.

A moment of silence was observed for all deceased town employee's and representatives, especially the late Marshall Roth who passed away in the past few weeks.

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

The call of the meeting and the return of service was read by Town Clerk Clark.

Moderator Welch outlined the proposed manner in which he would conduct the meeting.

A presentation for seven years of faithful service to the Town as the Moderator was made to Att. Joseph A. Lombardi by Mr. John O'Riley, Chairman of the Selectmen.

ARTICLE 1. To hear and act on the report of any committee the Town may think proper.

Mr. Lesser reported for the Randolph refuse committee.

Mr. Sandler reported for the Police Station Building Committee.

Mr. Davidson reported for the Traffic Safety Commission, and it was voted to continue the committee for one year.

Mr. Rota gave the report of the Government Study Committee, and it was voted to continue the committee intact for another year.

On new committees, Mr. Pignatelli moved that a committee be appointed to be known as the Public Works Building and Planning Committee, to research the advisability of renovating the present Public Works facilities, and to report back to the next Annual Town Meeting. After discussion the amendment was made to assign these duties to the Space needs committee, and so voted. Mr. Coburn offered the motion, and it was voted, that the Town Meeting instruct the Town Government Study Committee to present a comprehensive report on the feasibility of creating a Department of Public Works, and if the report so indicates submit proper articles relative to the same at the next Annual Town Meeting.

Mr. Lombardi offered the motion to appoint a Zoning Study Committee, which was defeated on a voice vote.

ARTICLE 2. To hear and act on reports of Town Officers. Finance Committee recommends the report of Town Officers be accepted as printed.

Recommendation of the Finance Committee VOTED unanimously by voice vote.

Adjournment of Annual Town Meeting to consider articles of Special Town Meeting.

### SPECIAL TOWN MEETING

March 19, 1968

ARTICLE 1. To see if the Town of Randolph will vote to amend the Zoning By-Laws, by changing from Residential to Industrial a certain parcel of land shown on a plan entitled "Plan of Proposed Zoning Changes" dated November 8, 1967 by Gale

## TOWN OF RANDOLPH, MASSACHUSETTS

Engineering Co., Inc., said parcel being bounded and described according to said plan as follows:

NORTHWESTERLY: By land now or formerly of N.Y. N.H. & H. R.R. Co., 218.00 feet more or less,

NORTHEASTERLY: By land of Highland Development Corporation 348.00 feet more or less

SOUTHERLY: By land of Highland Development Corporation 114.00 feet, more or less

EASTERLY: By land of Highland Development Corporation 110.00 feet, more or less

SOUTHERLY: By land of Highland Development Corporation 99.00 feet, more or less

WESTERLY: By land of Highland Development Corporation 162.00 feet, more or less

SOUTHERLY: By said land of Highland Development Corporation 162.00 feet, more or less

WESTERLY: By other land of said Highland Development Corporation 80.00 feet, more or less.

Containing 57,100 square feet of land, more or less. Record owner is Highland Development Corporation, as petitioned for by Henry Sandler and others.

Planning Board recommends that this land be rezoned from residential to business.

Recommendation of the Planning Board VOTED Yes, 136 No 3

ARTICLE 2. To see if the Town of Randolph will vote to amend the Zoning By-Laws of the Town by amending Section Five (5) Area Regulations, Minimum Lot Size Area, by striking out "except on lots containing not less than 12,000 square feet each and having a frontage of not less than 100 feet and substituting the following in its place:

"Except on single dwelling lots containing not less than 16,000 square feet each and having a frontage of not less than 125 feet. As petitioned for by the Planning Board.

Planning Board (Mr. Macy) requested that the article be withdrawn.

Moved by Mr. Davidson that article be accepted as read, as printed.

Motion DEFEATED Yeas 91, Nae 51 The vote was questioned and the Moderator declared it to be a fair vote and was upheld after having his ruling challenged.

ARTICLE 3. To see if the Town of Randolph will vote in compliance with provisions of Chapter 40, Section 9 of the General Laws of the Commonwealth of Massachusetts as affecting the Town of Randolph to lease for a period of 5 years for use as quarters the old Fire House next to the Town Hall, to Randolph Memorial Chapter #39, Disabled American Veterans to assume operating expenses of quarters with no appropriation

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

from the Town of Randolph for upkeep of quarters, as petitioned for by John Kelleher and others.

### Article 3 WITHDRAWN

ARTICLE 4. To see if the Town will vote to rezone from residential to industrial use a parcel of land shown on Assessor's Map 3, Block A, as parcel 3 (rear Eddy Street) and containing Approximately 2.62 acres, as petitioned for by Michael Pacella and others.

### Article 4 WITHDRAWN

ARTICLE 5. To see if the Town will vote to rezone from residential to industrial use a parcel of land shown on Assessor's Map 4, Block A, Parcel #1.

The parcel is described as follows:

Beginning at a stone bound located at the northeast corner of Fitzgerald Street being the southeast corner of the property; thus turning and running westerly 620.00 (plus or minus) feet, then turning and running northerly 900.00 (plus or minus) feet; then turning and running easterly 600.00 (plus or minus) feet; then turning and running southerly 390.00 (plus or minus) feet, bounded by Hunt Street; then turning and running easterly 10.00 (plus or minus) feet, bounded by Livermore Street then turning and running southerly 535.00 (plus or minus) feet, by land of Town of Randolph, containing 13 acres, more or less; as petitioned for by Michael Pacella and others.

Recommended by the Planning Board.

Recommendation of the Planning Board DEFEATED 90 to 28

ARTICLE 6. To see if the Town will vote to rezone from residential to industrial use several parcels of land as shown on Assessor's Map 3, Block A, being Parcels 1 & 2 (River Street) Map 3, Block B, being parcels 1 & 2 (Dorr Street and Wilson St.) and Map 3, Block H, being parcels 1, 2 & 3 (River Street and Howard Street) as petitioned for by Michael Pacella and others.

### Article 6 WITHDRAWN

Motion made, duly seconded and voted unanimously to dissolve Special Town Meeting.

## ANNUAL TOWN MEETING

March 25, 1968

A moment of silence was observed for the wife of Brig. Gen.

## TOWN OF RANDOLPH, MASSACHUSETTS

Ralph E. MacLeod who passed away this morning, 3/25/68.

ARTICLE 3. To see if the Town will authorize the Trustees of the Turner Free Library to expend the sum of \$4,725.00 received by the Town from the Commonwealth of Massachusetts under the authority of Chapter 760 of the Acts of 1960 and Chapter 672 of the Acts of 1963, as petitioned for by the Trustees of the Turner Free Library.

Recommended by the Finance Committee and VOTED by unanimous voice vote.

ARTICLE 4. To see if the Town will vote to raise and appropriate or transfer from available funds \$9,226.80 for Salary and Equipment for two additional men for the Police Department, effective May 1, 1968 or to take any other action with reference thereto, as petitioned for by the Board of Selectmen and the Chief of Police.

Finance Committee recommends the sum of \$4,613.40 be transferred from the E&D Account for the appointment of one additional Police Officer.

Recommendation of the Finance Committee VOTED unanimously that \$4,613.40 be transferred from the E & D Account for salary and equipment for one additional Police Officer.

ARTICLE 5. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$8,000.00 to construct a new roof at the Central Fire Station as petitioned for by Fire Chief Donald S. McNeil and others. Finance Committee recommends the sum of \$8,000.00 be transferred from the E & D Account.

Finance Committee recommendation DEFEATED Yes 52, No 113 Article reconsidered and PASSED on a voice vote.

ARTICLE 6. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$10,000.00 to improve accepted streets, as petitioned for by the Board of Selectmen.

Finance Committee recommends that the sum of \$10,000.00 be transferred from the E & D Account to improve accepted streets.

Finance Committee recommendation VOTED unanimously by a voice vote.

Moderator Welch noted Mr. Shepperd Lassers request that the proponents of the articles as presented come forward and explain each article.

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

ARTICLE 7. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$3,000.00 to be used for the maintenance of unaccepted street in accordance with Chapter 386, Acts of 1953, as petitioned for by the Highway Surveyor.

Recommended that the sum of \$3,000.00 be transferred from the E & D Account.

Recommendation of the Finance Committee VOTED by unanimous voice vote.

ARTICLE 8. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$3,500.00 to be used for clearing Town Brooks, as petitioned for by the Board of Selectmen and the Highway Surveyor.

Recommended by the Finance Committee.

VOTED by unanimous voice vote that the sum of \$3,500.00 be transferred from the E & D account for cleaning Town Brooks.

ARTICLE 9. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$9,000.00 for maintenance work under Chapter 90, the Town's share of expenses under this article will be \$3,000.00 as petitioned for by the Board of Selectmen and the Highway Surveyor.

Finance Committee recommends the sum of \$9,000.00 be transferred from the E & D Account.

Recommendation of the Finance Committee VOTED by unanimous voice vote.

ARTICLE 10. To see if the Town will vote to raise and appropriate or borrow or transfer from available funds the sum of \$28,000.00 for improvement construction on Reed Street and Oak Street under Chapter 90, the Town's share of this expense will be \$7,000.00 as petitioned for by the Board of Selectmen.

Finance Committee recommends the sum of \$28,000.00 be transferred from the E & D Account.

Recommendation of the Finance Committee VOTED by a unanimous voice vote.

ARTICLE 11. To see if the Town will vote to authorize the Board of Selectmen to expend the sum of \$6,501.72, Town of Randolph's allotment under Chapter 616, Acts of 1967 funds to reconstruct Grove Street westerly from Smith Road towards Lafayette or any other roadway approved by the Board of Select-

## TOWN OF RANDOLPH, MASSACHUSETTS

men and the Department of Public Works, as petitioned for by the Board of Selectmen. Recommended and VOTED by voice vote.

ARTICLE 12. To see if the Town will vote to raise and appropriate, or transfer from available funds the sum of \$35,706.00 to construct Grove Street from Smith Road westerly for an approximate distance of 1,150 feet, as petitioned for by the Board of Selectmen and the Town Engineer.

Recommended that the sum of \$24,864.59 be transferred from the E & D Account and that \$6,501.72 be transferred from the Chapter 616 Account.

Recommendation of the Finance Committee VOTED unanimously.

ARTICLE 13. To see if the Town will vote to authorize the Board of Selectmen to acquire by gift, purchase, or take by Eminent Domain, in fee for all public purposes of public streets or highways and for the purpose of relocating and altering Grove Street, from Smith Road Westerly for a distance of 1,150 feet, those portions of certain parcels of land bounded on Grove Street, all as shown on Two plans of land on file in the office of the Town Engineer entitled "Proposed Layout of Grove Street, Randolph, Mass." (Sheet 7 and 8), dated December 29, 1967, by J. E. Leverault, Town Engineer, to which plans reference is made for a more particular description; said plans show the supposed owners and portions of land so to be acquired, and to raise and appropriate or transfer from available funds the sum of \$3,062.08 for the same, or take any other action relative thereto, as petitioned for by the Board of Selectmen.

Recommended that the sum of \$3,062.08 be transferred from the E & D account.

Recommendation of the Finance Committee VOTED unanimously.

ARTICLE 14. To see if the Town will vote to accept the layout of the relocation and alteration of Grove Street from Smith Road westerly for an approximate distance of 1,150 feet, as made and reported by the Board of Selectmen, and as shown on two plans of land entitled "Proposed layout of Grove Street, Randolph, Mass." (Sheet 7 and Sheet 8) dated December 29, 1967, by J. E. Leverault, Town Engineer, or take any action relative thereto, as petitioned for by the Board of Selectmen.

Recommended by the Finance Committee.

Recommendation of the Finance Committee VOTED by voice vote, unanimously.

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

ARTICLE 15. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$15,000.00 for General Drainage, as petitioned for by the Board of Selectmen.

Finance Committee recommends that the sum of \$15,000.00 be transferred from the E & D Account, and this figure was amended to read \$18,000.00 and was voted by voice vote. (at the conclusion of this Town Meeting this article was REVOTED and the original amount of \$15,000.00 was VOTED and the additional \$3,000.00 was voted under the Highway Department Expense Account.)

ARTICLE 16. To see if the Town will assume liability in the manner provided by Section 29 of Chapter 91 of the General Laws, as most recently amended by Chapter 5, Acts of 1965, for all damages that may be incurred by work to be performed by the Department of Public Works of Massachusetts for the improvement, development, maintenance and protection of tidal and non-tidal rivers and streams, harbors, tidewaters, foreshores; and shores along a public beach, including the Merrimack and Connecticut Rivers, in accordance with Section 11 of Chapter 91 of the General Laws, and authorize the Selectmen to execute and deliver a bond of indemnity therefor to the Commonwealth, as petitioned for by the Board of Selectmen.

Recommended by the Finance Committee. VOTED by unanimous voice vote.

ARTICLE 17. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$14,000.00 for general sidewalk construction and maintenance, as petitioned for by the Board of Selectmen.

Recommended by the Finance Committee and that work done under this article include Allen Street, Center Street, High Street and South Main Street.

Recommendation of Finance Committee VOTED unanimously on voice vote.

ARTICLE 18. To see if the Town will vote to amend the Personnel By-Law, and Classification Plans, and Article V of the existing contract between the Town of Randolph, and Local 1268, I.A.F.F., A.F.L.C.I.O., so as to provide (42) hours in any one week for the permanent members of the uniformed members of the Fire Alarm or Fire Prevention Division, in accordance with appropriate provisions of the General Laws, as petitioned for by Paul D. Anderson, Jr., and others.

Not Recommended by the Finance Committee. Amendment to

TOWN OF RANDOLPH, MASSACHUSETTS

change 42 hours to 45 hours. VOTED by a voice vote.

ARTICLE 19. To see if the Town will vote to amend the Personnel By-Laws and Classification Plans, and appropriate sections of the existing contract between the Town of Randolph, and Local 1268, I.A.F.F., A.F.L.-C.I.O., as follows:

(a) By changing Schedule D Page 11 of the Personnel By-Law, Section 1: by adding to each figure thereunder, in all grades, and under Minimum, 11, 111, and Maximum, the sum of \$500.00.

(b) By changing Section Article VI of said contract and the appropriate section of the personnel by-law to provide for four (4) weeks of vacation after ten (10) years of service.

(c) By changing Section 2, Article VIII, of said contract, and the appropriate section of the Personnel By-Law of the Town to increase in definition of "Immediate Family" as it pertains to death leave, to include mother in law, and father in law.

(d) To amend Article 6, Section I, by adding to the last sentence thereof, the words, and shall be based on the basis of 5 working days.

(e) To amend Article XIII, Section I, and the appropriate section of the Personnel By-Law, to read as follows:

"All employees covered by this agreement, who are required to report for any detail outside of regular working hours, shall be permitted at least a minimum of four (4) hours pay at time and one half, such compensation to be paid by said private party. Permanent members of the department will be considered for extra detail prior to call fireman.

(f) To amend Article 10A of said contract, and the appropriate section of the Personnel By-Law to provide for Longevity increments to be increased to \$100.00 with \$10.00 per year increments thereafter.

as petitioned for by Paul D. Anderson, Jr. and others.

NOT RECOMMENDED BY THE FINANCE COMMITTEE. Article WITHDRAWN by petitioner.

ARTICLE 20. To see if the Town will vote to amend the

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

classification and compensation plan and Personnel By-Laws as follows:

add to the position on Page 9 the following titles under labor groups:

Laborer-Skilled - W2

Laborer-Mechanic -W4

And to increase the hourly wage schedule, Schedule C. Page 11, in each amount by 6.2%. As petitioned for by the members of the Randolph Highway Department.

REFERRED TO THE PERSONNEL BOARD. -Not Recommended by the Personnel Board.

Part 2 - Hourly wage Schedule C, Page 11, Not recommended by the Personnel Board. Recommendation of Personnel Board Voted.

ARTICLE 21. To see if the Town will vote to amend the sick leave, Personnel By-Laws as follows:

Shall be granted 25 days off per year with pay for reason of illness cumulative from year to year without limit provided such leave is caused by sickness or injury or by exposure to contagious disease.

As petitioned for by Members of the Randolph Highway Department.

REFERRED TO THE PERSONNEL BOARD. NOT RECOMMENDED BY THE PERSONNEL BOARD. Article 21 WITHDRAWN by the Petitioners.

ARTICLE 22. To see if the Town will vote to amend the longevity Increments, Section II, Page 13, of the Personnel By-Laws to read as follows:

An employee of the Town who has been in continuous full time employment for 10 years shall be paid, in addition to compensation for position as set forth in section 7, annual increments in the amount of \$100.00 and an additional amount of \$10.00 for each year of such employment served over ten years, as petitioned for by members of the Randolph Highway Department.

REFERRED TO THE PERSONNEL BOARD. NOT RECOMMENDED BY THE PERSONNEL BOARD. WITHDRAWN by the petitioner.

ARTICLE 23. To see if the Town will vote to amend the

## TOWN OF RANDOLPH, MASSACHUSETTS

Classification and Compensation Plans and Personnel By-Law as follows:

1. Under the Administrative and Supervisory Group on Page 9, change the Class Title from "health Agent" to Director of Public Health" and, for this Title, change the compensation Grade from S-14 to S-17

## TOWN OF RANDOLPH, MASSACHUSETTS

Johnson, Land Surveyor, dated December 18, 1967, on file at the office of the Planning Board, all as petitioned for by Coran Realty Company and others.

RECOMMENDED BY PLANNING BOARD. Recommendation of Planning Board VOTED unanimously.

ARTICLE 54. To see if the Town will vote to rezone from residential to business use a parcel of land located at No. 29 South Street, bounded and described as follows:

Easterly by the westerly side of South Street a distance of sixty-six (66) feet thence northerly by land of Harry White et al a distance of one hundred and ninety-eight feet (198') more or less, thence westerly by land of Randolph Manufacturing Company a distance of sixty-six (66') thence southerly by land of Randolph Manufacturing Company a distance of one hundred and ninety-eight feet (198') more or less to the point of beginning, containing thirteen thousand one hundred and fifty square feet (13,150) square feet of land more or less, all as shown on a Plan of Land, Randolph, Massachusetts, Paul R. Johnson, Land Surveyor, dated December 18, 1967, on file at the office of the Planning Board all as petitioned for by Coran Realty Company and others.

REFERRED TO PLANNING BOARD. RECOMMENDED BY PLANNING BOARD. Recommendation of Planning Board VOTED Yes 107, No 8, but with the stipulation that it be restricted to daylight parking only, with entrance and egress to South Street prohibited.

### STREET ABANDONMENTS

ARTICLE 55. To see if the Town will vote to discontinue the portion of Porter Street which runs westerly from Orchard Road and which is shown as "Lot A" and "Lot B" on a "Plan of Land, Randolph, Mass., dated December 15, 1967" by DeCa Engineering Inc., a copy of which is filed at the office of the Board of Selectmen. As petitioned for by Philip Angileri and June Angileri.

Not Recommended by Planning Board.

Amendment by Mr. Schneider that the word "street" after Porter should be changed to "Road." and an amendment reserving to the town an easement from Lot A and Lot B for the installation of municipal (underground) services.

AMENDMENT from Mr. Schneider Seconded and VOTED Yes 110, No 8.

ARTICLE 56. To see if the Town of Randolph will vote to abandon the section of Mitchell Street, between Waldo and Edwin Street, for a distance of two hundred feet more or less, northerly,

# ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

as petitioned for by Katherine E. Flannery and others.

NOT RECOMMENDED BY PLANNING BOARD.

ARTICLE 56 WITHDRAWN with a request to the Highway Superintendent to make a survey and take proper action as he sees fit.

ARTICLE 57. To see if the Town will vote to lay out Pine Avenue as petitioned for by the Board of Selectmen.

RECOMMENDED. Recommended by Finance Committee.  
VOTED by a voice vote.

ARTICLE 58. To see if the Town will vote to lay out Emerton Avenue as petitioned for by the Board of Selectmen.

RECOMMENDED. Recommended by Finance Committee.  
VOTED unanimously.

## MUNICIPAL

ARTICLE 59. To see if the Town will vote to authorize the Board of Selectmen to act as the "Proper Financial Authorities" in dealings with all Federal, State, County and Municipal Agencies until the next Annual Town Meeting, as petitioned for by the Finance Committee.

RECOMMENDED. Recommended by Finance Committee.  
VOTED by a voice vote.

ARTICLE 60. To see if the Town will vote to raise and appropriate, transfer or borrow the sum of \$1,500.00 for roof repair on the Town Hall. As petitioned for by the Trustees of the Stetson School Fund.

RECOMMENDED THAT THE SUM OF \$1,500.00 BE TRANSFERRED FROM THE E & D ACCOUNT.

Recommendation by Finance Committee. Recommendation of Finance Committee VOTED.

ARTICLE 61. To see if the Town will vote to raise and appropriate, transfer, or borrow, the sum of \$2,500.00 to add to monies on hand for modernization of the exterior of the Town Hall. As petitioned for by the Trustees of the Stetson School Fund.

RECOMMENDED THAT THE SUM OF \$2,500.00 BE TRANSFERRED FROM THE E & D ACCOUNT.

Recommendation of Finance Committee VOTED.

## TOWN OF RANDOLPH, MASSACHUSETTS

ARTICLE 62. To see if the Town will vote to raise and appropriate, transfer or borrow the sum of \$1,500.00 for exterior painting of the Town Hall. As petitioned for by the Trustees of the Stetson School Fund.

RECOMMENDED THAT THE SUM OF \$1,500.00 BE TRANSFERRED FROM THE E & D ACCOUNT.

Recommended by Finance Committee. VOTED by a voice vote.

ARTICLE 63. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to update the Traffic Control Signals at No. Main at Warren Street, and North Street at Mill Street to present standards for such devices as petitioned for by the Board of Selectmen and the Safety Officer.

RECOMMENDED THAT THE SUM OF \$2,500.00 BE TRANSFERRED FROM THE E & D ACCOUNT for the purpose of updating the traffic control signals at North Main at Warren Street.

Recommended by Finance Committee. Recommendation of Finance Committee VOTED by a voice vote.

ARTICLE 64. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to install a flashing warning beacon at the intersection of High and Reed Streets as petitioned for by the Board of Selectmen and Safety Officer.

RECOMMENDED THAT THE SUM OF \$750.00 BE TRANSFERRED FROM THE E & D ACCOUNT.

Recommendation of Finance Committee VOTED by a voice vote.

ARTICLE 65. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to suitably observe the 175th Anniversary Celebration Committee.

RECOMMENDED THAT THE SUM OF \$7,500.00 BE TRANSFERRED FROM THE E & D ACCOUNT.

Recommendation of Finance Committee VOTED by a voice vote.

ARTICLE 66. To see if the Town will vote to raise and appropriate, transfer and borrow, the sum of \$2,000.00 to transform the old police station to useable offices. As petitioned for by the Trustees of the Stetson School Fund.

NOT RECOMMENDED. Not recommended by the Finance Committee. Amendment by Mr. Coburn that \$2,000.00 be transferred

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

from the E & D Account for this work and that this fund be spent with the concurrence of the Municipal Space Needs Committee.

Amendment VOTED by a voice vote.

ARTICLE 67. To see if the Town of Randolph will raise and appropriate or transfer from available funds the sum of One Thousand five hundred dollars (\$1,500.00) for the Randolph Council on Aging.

RECOMMENDED THAT THE SUM OF \$1,000.00 BE TRANSFERRED FROM THE E & D ACCOUNT.

Recommendation of the Finance Committee. VOTED by a voice vote.

ARTICLE 68. To see if the Town of Randolph will vote to raise and appropriate, transfer or borrow the sum of \$2,000.00 to establish a Conservation Fund; as petitioned for by the Randolph Conservation Commission.

NOT RECOMMENDED. Amendment by Mr. Walsh to accept the article as printed and that this money be transferred from the E & D Account. Amendment DEFEATED. Recommendation of the Finance Committee VOTED, by voice vote.

ARTICLE 69. To see if the Town of Randolph will vote to adopt the following ordinance: All outdoor burning of any materials, with the exception of fires used in the preparation of food, or fires authorized by a permit signed by the Fire Department and the Conservation Commission, is hereby prohibited. Violators of this ordinance, after one warning, will be fined \$20.00. Police and Fire Departments are empowered to enforce the provisions of this ordinance; as petitioned for by the Randolph Conservation Commission.

NOT RECOMMENDED.

Amendment by Mr. Walsh that we amend the article to be accepted as read with the third to last line deleted. Not recommended by the Finance Committee. Recommendation of Finance Committee VOTED.

ARTICLE 70. To see if the Town of Randolph will vote to amend the Sign Code as follows:

Section I.1, Paragraph (c): Delete the phrase "6 feet" and substitute the phrase "12 inches"

Section I.2, Paragraph (a): Delete the phrase "18 inches from the curb line" and substitute the phrase "12 inches from the property line"; as petitioned for by the Randolph Conservation Commission.

## TOWN OF RANDOLPH, MASSACHUSETTS

NOT RECOMMENDED. WITHDRAWN by petitioner.

ARTICLE 71. To see if the Town will vote to amend the By-Laws by striking from Article 2, of the December 11, 1961 Special Town Meeting, the clause, "except in areas of Bear Swamp and Broad Meadows where shot guns only can be used." Violation of this by law shall be punishable by a \$20.00 fine for each offense. As petitioned for by the Board of Selectmen.

RECOMMENDED. Recommendation of the Finance Committee UNANIMOUSLY.

ARTICLE 72. To see if the Town will vote to amend the By-Laws by adding: factories, plants, contractors, and industries shall not engage in work between the hours of 12:01 A.M. and 5.59 A.M. except with special permission by written permit from the Board of Selectmen, Violation of this by-law shall be punishable by a \$20.00 fine for each offense, as petitioned for by the Board of Selectmen.

NOT RECOMMENDED by Finance Committee. Recommendation of Finance Committee VOTED by a voice vote.

ARTICLE 73. To see if the Town will vote to amend the Personnel By-Laws by adding thereto the following:

Whenever an employee receives other compensatory money to fully cover his loss of salary during absense from work caused by injury received in the course of his employment his department head shall notify the selectmen who shall examine the matter and they shall direct appropriate reduction in Town Payments. As petitioned for by the Board of Selectmen.

RECOMMENDED. Recommended by Finance Committee. Amendment by Mr. O'Riley that this pertains to policies in which the Town of Randolph participates. Recommendation by Finance Committee, including Mr. O'Riley's amendment VOTED unanimously.

ARTICLE 74. To see if the Town will vote to amend the gravel removal by law Art. 46, 1954, A. T. M. by striking there from "except in connection with construction of a building on the parcel" as petitioned for by the Board of Selectmen.

RECOMMENDED BY THE FINANCE COMMITTEE. Amendment by Mr. Coburn to tabke the article to the next town meeting. Amendment DEFEATED. Recommended by the Finance Committee by a VOICE VOTE.

### MISCELLANEOUS

ARTICLE 75. To see if the Town will vote to raise and appropriate or transfer from available funds, the sum of \$50.00

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

for the maintenance and lighting of the clock in the tower of the First Baptist Church, as petitioned for by the Board of Selectmen.

RECOMMENDED THAT THE SUM OF \$50.00 BE TRANSFERRED FROM THE E & D ACCOUNT.

Recommended by Finance Committee. Motion carried unanimously.

ARTICLE 76. To see if the Town will vote to raise and appropriate or transfer from available funds, the sum of \$50.00 for the maintenance and lighting of the clock in the tower of the First Congregational Church, as petitioned for by the Board of Selectmen.

RECOMMENDED THAT THE SUM OF \$50.00 BE TRANSFERRED FROM THE E & D ACCOUNT.

Recommended by Finance Committee. VOTED by a voice vote. Motion carried.

ARTICLE 77. To see if the Town will vote to authorize the treasurer, with the approval of the selectmen, to borrow money from time to time in anticipation of the revenue for the financial years beginning January 1, 1968 and January 1, 1969, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year, in accordance with the provisions of General Laws, Chapter 44, Section 17.

RECOMMENDED. Recommendation by Mr. Sullivan to authorize the treasurer to borrow money in anticipation of the revenue necessary to the financial aspect of the town. A motion was made and seconded. Carried unanimously on a VOICE VOTE.

ARTICLE 78. To see if the Town will authorize the Water Commissioners to appoint one of their members to another office or position under their control, and fix the salary of such person in accordance with the provisions of Chapter 36, Acts of 1929 or take any other action relative thereto, as petitioned for by the Board of Selectmen.

RECOMMENDED. Recommended by Finance Committee. Recommendation of the Finance Committee VOTED unanimously by a voice vote.

ARTICLE 79. To see if the Town will authorize the Board of Assessors to appoint one of their members to another office or position under their control, and fix the salary of such person in accordance with the provision of Chapter 36, Acts of 1929, or take any other action relative thereto, as petitioned for by the Board of Selectmen.

## TOWN OF RANDOLPH, MASSACHUSETTS

RECOMMENDED. Recommended by Finance Committee. Recommendation of the Finance Committee VOTED unanimously by a voice vote.

ARTICLE 80. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$25,000.00 to establish a Reserve Fund in accordance with Chapter 40, Section 6, of the Massachusetts General Laws, as petitioned for by the Finance Committee.

RECOMMENDED THAT THE SUM OF \$25,000.00 BE TRANSFERRED FROM THE E & D ACCOUNT.

Recommended by Finance Committee. Recommendation of the Finance Committee VOTED unanimously by a voice vote.

ARTICLE 81. To see if the Town will vote to accept terms and conditions of a collective bargaining Agreement Proposal made by the Permanent Members of the Randolph Police Department to the Town of Randolph under the authority of Massachusetts General Laws, Chapter 149, section 178G through 178N inclusive and in conjunction therewith to raise and appropriate or transfer from available funds a sum of money to fulfill the requirements of the terms and conditions of the Collective Bargaining Agreement, as petitioned for by the Committee for the Permanent Members of the Randolph Police Department and the Board of Selectmen.

RECOMMENDED.

Recommended by the Personnel Board and Board of Selectmen. Recommended that \$900.00 be transferred from the E & D Account. VOTED and main motion accepted unanimously.

ARTICLE 82. To see if the Town will vote to accept the terms and conditions of a collective bargaining Agreement Proposal made by the Permanent Members of the Randolph Fire Department to the Town of Randolph under the authority of Massachusetts General Laws, Chapter 149, section 178G through 178N inclusive, and in conjunction therewith to raise and appropriate or transfer from available funds a sum of money to fulfill the requirements of the terms and conditions of the Collective Bargaining Agreement as petitioned for by the Committee for the Permanent Members of the Randolph Fire Department and the Board of Selectmen.

RECOMMENDED.

Recommended by Personnel Board and Board of Selectmen. The article was moved and seconded. ACCEPTED.

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

ARTICLE 83. To see if the Town will vote to accept the terms and conditions of a collective bargaining Agreement Proposal made by the Permanent Members of the Randolph Water and Highway Departments to the Town of Randolph under the authority of Massachusetts General Laws, Chapter 149, Section 178G through 178N inclusive, and in conjunction therewith to raise and appropriate or transfer from available funds a sum of money to fulfill the requirements of the terms and conditions of the Collective Bargaining Agreement, as petitioned for by the Committee for the Permanent Members of the Randolph Water and Highway Departments and Board of Selectmen.

### RECOMMENDED.

Recommended by Personnel Board. Amendment made by Mr. Sullivan that \$1463.00 be transferred from the E & D Account. Amendment moved and seconded and duly carried. It was stipulated that the main motion be recommended by inserting the words, "as voted by the Town Meeting" after the word "Proposal", after which the motion carried unanimously on a voice vote.

ARTICLE 84. To see if the Town will vote to raise and appropriate money to defray the General Town Expenses for the current year, as recommended by the Board of Selectmen and Heads of various departments.

### RECOMMENDED.

Recommendation of the Finance Committee voted with the following amendment. On Article 84 the Finance Committee recommends that the amount of money set forth in the printed report of the Finance Committee be appropriated for the purpose therein, itemized, each be considered separate appropriation and the same to be expended only for such purposes.

On the tenth night of the Town Meeting on motion made by Mr. Coburn to amend the salary of the Town Clerk, Town Treasurer and Town Collector to the figure as recommended by the Finance Committee, (Salary increase in these positions had been voted on the previous evening)

Amendment voted in two parts, the amendment concerning the Town Clerk & Treasurer was VOTED Yes 78, No 45.

The amendment on the salary of the Town Collector was VOTED Yes 89, No 46.

Mr. Coburn further amended the article that \$4,000.00 be added to the Finance Committee budget for the engagement of a professional job evaluating survey with regard to all the departments not included under the Personnel By-Law and specifically include those set forth in Article #26. VOTED Yes 112, No 16.

ARTICLE 50. Reconsideration of Article 50. Zoning on South Main Street, containing 41,000 square feet as petitioned for by Louis Tozzi.

Recommended favorable action by the Planning Board.

The article was again DEFEATED Yes 83, No 51. (2/3 Vote Needed).

## TOWN OF RANDOLPH, MASSACHUSETTS

ARTICLE 55, was then reconsidered, to discontinue the portion of Porter Street which runs Westerly from Orchard Street, shown as A & B on Plan dated December 15, 1967.  
Not Recommended by the Planning Board.

Article DEFEATED 107 Yes, No 18 (to accept Planning Board Recommendation)

### PRESIDENTIAL PRIMARY ELECTION

APRIL 30, 1968

Pursuant to a warrant issued by the Board of Selectmen, dated April 8, 1968, the Commonwealth of Massachusetts Presidential Primary Election was held on the thirteenth day of April, 1968, in the McNeil School for Precinct 1, Randolph High School for Precinct 2, Elizabeth G Lyons School for Precinct 3, Tower Hill School for Precinct 4, C. G. Devine School for Precinct 5 and St. Bernadette Hall for Precinct 6.

The election material was delivered to the different wardens by the Town Clerk, and receipt taken therefor.

The polls were opened for the reception of ballots at 2:00 o'clock P.M., and were closed at 8:00 o'clock P.M.

The returns were made to the Town Clerk from Precinct 1 at 9:45 P.M. - From Precinct 2 at 10:18 o'clock P.M. - From Precinct 3 at 11:00 o'clock P.M. - From Precinct 4 at 9:30 o'clock P.M. - From Precinct 5 at 9:45 o'clock P.M. and from Precinct 6 at 10:05 o'clock P.M.

SPECIAL TOWN MEETING

June 17, 1968

Moderator Welch called meeting to order at 8:00 o'clock P.M.

Motion made, seconded and voted to adjourn the meeting to 8:15 o'clock P.M.

Moderator declared a quorum present at 8:15 o'clock P.M. and appointed Mr. Lynch, Mr. Carr and Mr. Mulhern as tellers.

Warrant and Return of Service were read by Town Clerk, Clark. Mr. John Doody introduced his brother Paul and a Member of Samaria, as guests in this country of the U. S. Government Department of State.

Mr. Davidson spoke on Town Meeting attendance. His suggestions by vote of the meeting were referred to Town Meeting Procedure Committee.

ARTICLE 1. To see if the Town will vote to authorize the Randolph School Committee and the School Planning and Building Committee to expend the proceeds from the McNeill School Fire Loss Account, as petitioned for by the Randolph School Committee and the Randolph Planning and Building Committee.

RECOMMENDED by the Finance Committee that the sum of \$30,818.70 be used by the Committee. Recommendation of Finance Committee VOTED Voice Vote.

ARTICLE 2. To see if the Town will vote to raise and appropriate or transfer from available funds or borrow under Chapter 44 or any other applicable law a sum of money to supplement the amount received from the McNeill School Fire Loss to construct and furnish the destroyed section of the McNeill School; said funds to be expended by the Randolph School Committee and the Randolph School Planning and Building Committee,

## TOWN OF RANDOLPH, MASSACHUSETTS

as petitioned for by the Randolph School Committee and the Randolph School Planning and Building Committee.

Article 2 WITHDRAWN by petitioner.

ARTICLE 3. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$5,000.00 to be expended by the Police Station Building Committee to complete the furnishing and equipping of the new Police Station, as petitioned for by the Police Station Building Committee.

Article 3 -Finance Committee recommends that the sum of \$4,583.73 be transferred from the Overlay Surplus Account and insert the word "constructing" in line 4 before the word furnishing. Recommendation of the Finance Committee VOTED unanimously.

ARTICLE 4. To see if the Town will vote to accept Pine Ave., as laid out, as petitioned for by the Board of Selectmen.

Article 4 -Not recommended by the Planning Board as no plan was submitted to Board. Mr. Semensi amended to accept article as printed. Mr. Semensi amended VOTED Yes 69, No 49.

ARTICLE 5. To see if the Town will vote to appoint a Zoning Study Committee, as petitioned for by the Board of Selectmen.

Article 5 -VOTED to establish a Zoning Study Committee Yes 80, No 37 and to include the following - A Planning Board Member, Member of Board of Appeals, Member of Business and Industrial Commission, Member of the Finance Committee, Member of Government Study Committee, the Town Counsel and a member of the Traffic Commission.

ARTICLE 6. To see if the Town will vote to legally reduce Board of Appeals Membership as petitioned for by the Board of Selectmen.

Article 6 -Referred by Finance Committee to the Board of Selectmen. Amendment by Mr. O'Riley: To direct the Board of Appeals to amend its By-Laws by adding a section making the Board membership five, to be effective May 1, 1969, and that the Town Meeting direct the Selectmen to insert an article to amend Zoning By-Laws so that Board of Appeals consists of five members effective the 1st day of May, 1969, and said Board of Appeals to be the Board of Appeals for building appeals, Planning appeals and Zoning appeals as of the 1st day of May, 1969.

ARTICLE 7. To see if the Town will vote to amend the Zoning By-Laws to prohibit parking on the front set back of

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

Business & Industrial Zones, as petitioned for by the Board of Selectmen and the Building Inspector.

Article 7 -Amended to read building by laws in place of Zoning By-Laws. This article to apply so as to prohibit cars from backing into flow of traffic.

By voice vote it was VOTED to refer to Zoning Study Committee.

ARTICLE 8. To see if the Town will vote to amend the By-Laws to permit a change in the format of the warrant, as petitioned for by the Finance Committee.

Article 8- Voted the action of the Town Meeting of 3/21/55 with respect to Town Warrant be recinded and that permission be granted to the Board of Selectmen to set the format of the Warrant.

VOTED unanimously.

### STATE ELECTION

November 5, 1968

Pursuant to a Warrant issued by the Board of Selectmen and dated October 14, 1968, duly posted by Carl L. Macauley, Constable, the voters of Randolph assembled on the fifth day of November, 1968 in the McNeil School for Precinct 1, the High School for Precinct 2, the Lyons School for Precinct 3, the Tower Hill School for Precinct 4, the Devine School for Precinct 5 and St. Bernadette Parish Hall for Precinct 6.

The election material was given by the Town Clerk to the Wardens of all Precincts and receipts taken therefor.

The Polls were opened for the reception of ballots at 6:00 o'clock A.M.

The votes as cast were delivered to the Counting Center at the Randolph High School where they were counted electronically. All votes of all precincts were counted at 12:50 A.M., and the final tally was announced at 3:45 A.M.

# ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

## SPECIAL TOWN MEETING

December 19, 1968

Moderator Welch called the meeting to order at 8:00 P.M. There being no quorum present, it was voted to adjourn the meeting to 8:45 P.M. at which time the Moderator declared a quorum to be present.

The call of the meeting and the return of service was read by Town Clerk Clark.

Mr. Lynch, Mr. White and Mr. Strickland were appointed as checkers.

ARTICLE 1. To see if the Town will vote to transfer from available funds or borrow under Chapter 25 of the Acts of 1968, or under any other applicable law, a sum of money to pay Welfare Department expenses and costs incurred prior to July 1, 1968, or to take any other action in connection therewith, as petitioned for by the Board of Selectmen, Board of Welfare Commissioners, Finance Committee and others.

Finance Committee recommends that the sum of \$60,000.00 be borrowed under the provisions of Chapter 25 of the Acts of 1968.

Recommendation of the Finance Committee VOTED unanimously.

ARTICLE 2. To see if the Town will vote to transfer from available funds or borrow under Chapter 25 of the Acts of 1968, or under any other applicable law, a sum of money to pay Veterans' Department expenses and costs, or to take any other action in connection therewith, as petitioned for by the Veterans' Agent and Director of Veterans' Services, Board of Selectmen, Finance Committee and others.

Recommended by the Finance Committee that the sum of \$19,072.10 be transferred from the Veterans Recovery Account and that the sum of \$7,000.00 be borrowed under the provision of Chapter 25, of the Acts of 1968.

Recommendation of the Finance Committee VOTED Yes 107, No 2.

ARTICLE 3. To see if the Town will vote to rescind the vote taken under Article #19 of the adjourned Annual Town Meeting held on May 7, 1963 (which authorized the Planning Board to act as Park Commissioners in accordance with Chapter #41, Section #72) and designate the Board of Recreation to act as Park Commissioners, as petitioned for by the Planning Board, the Board of Recreation, the Board of Selectmen and others.

## TOWN OF RANDOLPH, MASSACHUSETTS

Recommended and VOTED unanimously.

ARTICLE 4. To see if the Town will vote to raise and appropriate or borrow or transfer from available funds a sum of money to supplement the appropriation voted under Article #1 of the Special Town Meeting of February 5, 1968 for the purpose of constructing, equipping, and furnishing an addition to the present High School located on Memorial Parkway, and the entire sum be borrowed under the provisions of Chapter 645 of the Massachusetts Legislature of 1948 as amended or under any other applicable law and that the Town Treasurer with the approval of the Board of Selectmen, be and hereby is authorized, to issue bonds or notes of the town so that the bonds or notes will be repaid in not more than twenty (20) years from the date of issue of the first bond or note, and that the money be expended by the present School Planning and Building Committee and the Randolph School Committee; directing the Town Treasurer to issue bonds or notes not prior to July 1, 1969, as petitioned for by the School Planning and Building Committee and the Randolph School Committee.

Finance Committee recommends that the sum of \$676,000.00 be borrowed under the provisions of Chapter 645 of the Massachusetts Legislature of 1948 as amended.

Recommendation of the Finance Committee VOTED Yes 119,  
No 10.

ARTICLE 5. To see if the Town will vote to authorize the Randolph School Committee, in accordance with General Laws, Chapter 149, Section 1781, as amended by Chapter 633 of the Acts of 1968, to designate an attorney as a representative of the School Committee for the purpose of bargaining with employee organizations for school employees, or will take any other action relating to the same, as petitioned for by the members of the Randolph School Committee.

Recommended by the Finance Committee.

Recommendation of Finance Committee VOTED by voice vote.

ARTICLE 6. To see if the Town will vote to amend the By-Laws by adding the following, to be effective January 1, 1969:

Grade	Position Title	Min.	II	III	IV	Max.
A-1	Town Counsel	6710	7020	7330	7645	7955
A-2		7230	7540	7850	8165	8530
A-3	Town Accountant (Full-time if organized)	7750	8060	8425	8790	9150

# ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

Grade	Position Title	Min.	II	III	IV	Max.
A-4	Town Collector (Full-time elected) Board of Assessors (Full-time Member)	8320	8685	9050	9410	9830
A-5	Highway Surveyor (Full-time elected)	8890	9308	9725	10,140	10,555
A-6	Town Treasurer- Clerk (Full-time elected) Executive Secretary (Full-time if organized)	9570	9985	10,400	10,870	11,335
A-7		10,295	10,765	11,230	11,700	12,170

A-10	Executive Secy. Town Accountant (Full-time)	12,685	13,260	13,830	14,405	14,980

- (1) The classification plan and/ or the compensation plan and/ or other provisions of this by-law may be amended by vote of the Town at either a regular or a special Town Meeting in the same manner as other by-laws of the Town may be amended. Such proposed amendments, other than those originating with the Finance Committee, shall be referred to the Finance Committee by the Selectmen and the Finance Committee shall hold a public hearing at least 30 days prior to the start of the Town Meeting to consider any such proposed amendments.
- (2) The Finance Committee of its own motion may propose an amendment to the plans or other provisions of this by-law after having held a hearing on the proposed amendment according to the procedure outlined in the preceding subsection.
- (3) The Finance Committee shall report its recommendations to the Town Meeting at which such amendment is considered.
- (4) Employees under this section of the by-laws will participate in any general pay raise voted by the Town Meeting only to the same extent as those employees classified under the "S" Group under the Personnel By-Laws.

As petitioned for by the Randolph Finance Committee at the direction of the 1968 Annual Town Meeting.

Moderator read all categories. Voted to separate Question A1 - thru A10 and paragraph 1 thru 4.

# TOWN OF RANDOLPH, MASSACHUSETTS

Finance Committee recommended acceptance as printed.

Recommendation of Finance Committee VOTED unanimously.

ARTICLE 7. To see if the Town will vote to amend the Personnel By-Laws by adding under Sec. 7, Schedule F, to become effective January 1, 1969:

\*Of the amount as shown paid to Norfolk County (\$4,179.00) 53%+ or \$2,397.61 was returned to the Town of Randolph, to be used against the school budget.

ANNUAL REPORT  
of the  
SCHOOL DEPARTMENT  
of the  
TOWN OF RANDOLPH

For the Year Ending December 31, 1968

ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT  
REPORT OF THE RANDOLPH SCHOOL COMMITTEE - 1968

The Randolph School Committee herewith submits its annual report to the citizens of the Town of Randolph.

Some of the duties and responsibilities of the School Committee are the formation of policy, personnel appointment, formation of educational specifications for school construction, implementation of Federal Programs, approval of curricula, approval of the choice of textbooks, planning of school services and the evaluation of the entire educational programs.

Mr. Peter J. Davin retired from the Committee after nine years of faithful service.

Elected to fill this vacancy was a man who for many years served the Town so capably as a member and Chairman of the Finance Committee, Mr. Richard E. Coburn.

The valuable assistance of the Randolph School Planning and Building Committee, under the very capable leadership of Chairman Henry Lesser, is greatly appreciated and in a joint effort, the Town appropriated \$5,565,000.00 to increase the size of the High School from 1000 pupils to 2200 pupil maximum capacity. This will increase the size of the high school 1 and one-half times more than its present size.

The Randolph School Committee have applied for and received more than the maximum amount of Federal Assistance under all Titles.

Your School Committee, due to the growth and expansion of the school system and the deliberations and negotiations with six separate bargaining units, representing teachers, principals, secretaries, nurses, custodial and maintenance personnel and cafeteria employees, has spent many more hours than any other School Committee in Randolph's history, attending some 80 meetings.

The School Committee wishes to express its deep appreciation to Superintendent Thomas L. Warren and the administrative staff, the teachers, clerks, cafeteria personnel and custodial staff for their devotion and cooperation.

To the citizens of Randolph, Thank you, for your support in our efforts to continually grow and improve in the never-ending task of providing the best possible education for the youth of Randolph.

RANDOLPH SCHOOL COMMITTEE

JOHN T. CALLAHAN, JR., Chrm.  
MRS. MARIE H. CORMEY, Secy.  
CHARLES E. GREEN, JR.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

I herewith submit my fourteenth annual report to the members of the Randolph School Committee and all other citizens of Randolph.

Public education in any community expends the largest percentage of the tax dollar. Our purpose in Randolph has always been to provide quality education at the lowest possible cost, in consideration of the fact that Randolph is a low income community. Yet, one can stretch the dollar just so far, and beyond that point the quality of the educational program is diminished.

The per pupil cost in Randolph is approximately 10% less than the State average, yet in the last mayoralty campaign, in the city of Boston, both candidates said on the radio "of course we cannot offer the same quality of education in Boston as is provided in Brookline, Newton and Randolph."

This, then, is high praise when you consider that the per pupil cost in the other two communities is approximately twice that in Randolph.

The State and Federal Governments must aid the communities to a far greater degree in public aid. During the past year, because of the inadequacy of the sales tax receipts, Randolph received only 60% of its entitlement under the Federal Aid formula.

Prior to the institution of the sales tax, communities of the Commonwealth were granted, and received, 100% entitlement, because education was given top priority; now, other factors are counted ahead of education, so education receives only a percentage of its entitlement.

Our Representatives and Senators in the State and National legislatures respond to the will of the people. Have YOU ever written to any of them, to make them aware of your feelings in this matter?

A complete report involving all that has happened in the system with almost 500 working personnel and 6400 students would be far too lengthy to incorporate in a report of this type. The School Committee members and I believe that many of the citizenry of Randolph are cognizant of what has happened through reports in the press, throughout the year, because press releases have carried important facts to the public.

I recommend that you read all of the school report, and particularly that of Mr. Robert Sayrs, Director of Auxiliary Pupil Services, for the question as to "How do we do on getting

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

pupils into college?" constantly arises. The Town of Randolph may well take pride in what it is doing and has done for the physically or otherwise handicapped.

I congratulate the residents of Randolph for having voted the sum of \$5,565,000. to provide the facilities which are necessary for the senior high school pupils. As in the past, when the need was shown, the people responded, despite the burden which this will add to the tax rate.

A year ago the High School was evaluated by a visiting committee from the New England Association of Colleges and Secondary Schools, and fully accredited for a period of two years. At the end of that time, the school will be revisited in order to determine whether or not the necessary recommendations have been fulfilled.

I have no doubt that the accreditation will be continued, when the visiting Committee members are made aware of the fact that the necessary construction has been, or is, in the process.

It was hoped that the construction of the Martin E. Young School would terminate the need for any buildings at the elementary level; however, the State law making kindergarten mandatory by 1972 necessitates another elementary school. Moreover, the continued residential building will eventually necessitate yet another elementary school.

The problems of youth in these revolutionary times are perhaps greater than those any of us have previously had to face. Accordingly, radical changes will have to be made in our curriculum to cope with some of the immediate problems. One, the rapid growth of the use of drugs by junior and senior high school students all over the country, calls for specialized instruction at grade levels which will probably astound some of the people of Randolph and all other communities.

The problem is not germane simply to Boston or other large cities, it is suddenly everywhere prevalent. Such instruction at the High School level is, practically speaking, too late, and therefore we shall probably institute this type of course material in grades 6 or seven.

The number of staff changes has been normal; however, we must certainly stop and offer our congratulations and best wishes for many happy years in retirement to Miss Winifred M. Brennan, who for 50 years had such a strong hand in guiding the destinies, first in the Business Dept., and then in the Guidance Dept. of hundreds of pupils of both the Stetson and Randolph High Schools.

## TOWN OF RANDOLPH, MASSACHUSETTS

As advisor to the members of the Senior Class, she has been in charge of putting the graduates through their final paces for many, many years. For these things which she has done, year in and year out, Miss Brennan will be greatly missed, as well as for her ever-present smile and advice.

As a result of having a competitive salary schedule for teachers, and because of our geographical location, we have been able to fill staff vacancies with people who are quite competent in their own areas, but to repeat, Cupid, the stork, and the draft, continue to be our greatest problems in maintaining an experienced staff.

Through the diligence of staff members, we again have far exceeded our normal allotments in the amount of Federal Funds obtained.

I congratulate all members of the School Committee for the hundreds of hours of work they have given to the townspeople at no remuneration in order to continually improve the Randolph Public Schools.

Only those who have actually been involved could possibly be aware of the burden which now rests upon the shoulders of each and every School Committee member as a result of the Collective Bargaining process.

Mr. Peter J. Davin who retired from the Board after nine years of dedicated service, is deserving of the commendation and gratitude of the townspeople.

I extend my thanks also to Mr. William J. Lynch, Deputy Superintendent of Schools, to the Principals, supervisors, teachers, clerks, custodial, cafeteria and maintenance personnel, all those employed in other Town Departments and especially to the taxpayers for their continued cooperation in assisting us to provide the very best educational system possible, for the children of Randolph.

Respectfully submitted,

THOMAS L. WARREN  
Superintendent of Schools

# ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

## REPORT OF THE HIGH SCHOOL PRINCIPAL

It gives me great pleasure to submit to you my third annual report as Principal of Randolph High School.

A problem which has faced the high school for the past several years finally reached a climax during the 1968 school year. The high school population of the Town of Randolph has reached the saturation point in so far as the present high school facility exists. Not only is the building presently being used to 100% of its capacity, it has been also necessary to increase class size in several areas to the point where optimum teaching conditions are not possible.

In order to compensate for large classes and still maintain an equitable pupil-teacher ratio, the number of teaching periods was reduced from five to four to comply with suggested teacher loads as recommended by national authorities in the several academic areas.

With an expected increase in enrolment of 200 students in September of 1969, it will be physically impossible to house all of the students in grades 10 through 12. Therefore, a temporary revision in the secondary grade structure will be necessary for a limited period of time. The suggested structure, as approved by the Randolph School Committee, for the 1969-1970 school year will be as follows: grades 7 and 8 on double session at the North Junior High School; grade 9 and approximately 60% of grade 10 at the Kennedy Junior High School; and 40% of grade 10, plus grade 11 and grade 12 at the Randolph High School.

As a result of the approval in December of 1968 of a proposed 5.5 million dollar addition to the high school which will increase its capacity to two thousand students, a return to the present grade structure will be dependent upon the completion of the addition construction.

Although there is a recognized need for additions to the present curriculum, until adequate space is available only changes within the present organization of subject material have been and will be possible for sometime to come. Despite our inability to add to the curriculum, significant strides have been made to improve the existing course offerings which will meet the needs of our students.

In the Business Department, a typing laboratory which allows the teacher to provide for individual differences related to the students' proficiency in learning to type as well as to develop greater skill, has been purchased and installed by taking advantage of Public Law 88-210 which provides funds for vocational education.

## TOWN OF RANDOLPH, MASSACHUSETTS

To provide practical experience, which re-enforces the formal educational training a student receives, a pilot program involving pre-school children was inaugurated in the Home Economics program in conjunction with the Child Development and Family Living course. Once a week ten young children attend our school while this course is being conducted so that the high school students may have the opportunity to work directly with young children rather than only studying child growth and behavior in a textbook situation. After a careful evaluation of this program and depending upon its degree of success, we will hopefully be able to expand to the point of including more children and students.

The school curriculum should reflect the desires of the community as well as the need of the student to make proper adjustment to his environment, and to become aware of those facets of his environment which may have a detrimental effect upon his future. This awareness is reflected in an important curriculum change in both the science and social studies areas. The problem of drug and alcohol usage by young people in this community, as well as in other communities, has resulted in a systematic unit approach, developed by Coordinators of Science and Social Studies, attacking the problem from both the physiological and sociological effects upon the individual and the community in general.

In our Biology course, which is required of all students, the problem is attacked from a physiological standpoint using films, demonstration kits of drugs, pamphlets, lectures by a drug addict, and units dealing with the chemical makeup of the various deleterious drugs to demonstrate the harmful and sometimes fatal effect upon the body.

From the sociological view the problem is studied in relation to the breakdown of the family unit, the drain on the economy through lost production, and the necessity in many cases of providing public funds for the support and care of the individual and his family.

The core of a good curriculum is reflected in the supplementary materials, both printed and audio-visual, available to both students and faculty. Although the school has been hampered by lack of space, we have continued to build upon an adequate library and audio-visual department by adding to both of these areas. Over 800 volumes have been added to the library with special emphasis devoted to the strengthening of those literary fields which have been somewhat anemic.

The audio-visual program has been further strengthened with the purchase of thousands of dollars of films and equipment. These purchases were made possible under a long range, five-

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

year plan filed under the National Defense Education Act. All of the academic areas have built film libraries of full-length films and film strips pertinent to their subject fields.

The final report of the high school evaluation conducted by the New England Association of Colleges and Secondary Schools, which was approved by the Association's annual meeting in December, has been received. Randolph High School was granted full accreditation for a two year period, after which time a review of the recommendations made by the Association will take place. After the review it is expected that the accreditation will be extended for another eight years.

Because many of the recommendations of the Visiting Committee relate to the physical plant of the school, action on these suggestions will have to be delayed until the completion of the addition to the high school. However, where possible, recommendations in some areas have been or are in the process of being executed.

In spite of the present unfavorable conditions which have resulted from the ever-increasing school population, the future for the education of Randolph's youth is bright. Our present educational program is sound. The planned additional facilities will provide us with the means to continue to revise and enlarge our educational base so as to meet the challenge of the future and better serve our young people.

Respectfully submitted

JAMES L. TOPHAM, Principal  
Randolph High School

## TOWN OF RANDOLPH, MASSACHUSETTS

### JOHN F. KENNEDY JUNIOR HIGH SCHOOL

It is my pleasure to submit my third annual report since my appointment as principal in the Randolph School System and my first since becoming principal of the Kennedy Junior High School in August of 1968. I greatly acknowledge the assistance and constant support of the staff and faculty. At this time I would also like to express my sincere thanks to Mr. Thomas Warren, Superintendent of Schools, Mr. William Lynch, Deputy Superintendent of Schools, Mr. John Zoino, Assistant Superintendent of Schools, and the School Committee.

We have often heard it said that education is not a competitive profession but a cooperative one. Yet, each teacher strives to exert his best efforts, and each administrator, through meetings, further education, and professional literature pursues a course of educational improvement in his schools. There distinctly is a strong desire for awareness of what is happening in education and what we should be delving into to achieve further progress.

Every educator has read much and participated in many discussions concerning the non-graded school. Its proponents speak of the elimination of grade barriers, unnecessary marks and pupil failures; continuous growth of the individual child is emphasized.

We cannot point with pride and say that we are doing it and that it is a gigantic forward step educationally. But I can state that this one particular educational innovation has had some direct bearing upon our own attitudes and emphasis. I believe we are more than ever conscious of the individual child and providing opportunities for progression of learning.

Our grouping policy has been modified to the extent that we no longer have groups of low academic achievers. It was felt that it was too early an identification of pupils ability thereby creating a poor self-image. Children develop false impressions in achievement grouping. The low children consider themselves "dumb". The children have this impression as do their parents. There has been no significant research project that states pupils are better off academically for having been grouped. In fact much of the new research suggests that the more diverse the group the better it will be. Pupils learn from those around them. Personality conflicts and discipline problems were difficult to separate. Children emulate those around them. Discipline and work habits of pupils are influenced by those in the class.

Even though it is early in the year we feel that it allows us more flexibility in programming, that the pupils have been

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

making a better adjustment to school and life situations and that they are much happier.

In keeping with the school departments philosophy concerning close school and home relations, the guidance department has changed its policy concerning warning slips and that is if a child received two or more warnings the guidance counselors will contact the home and arrange for conferences with the teachers concerning the progress of the child. It is felt that this will stimulate a closer working relationship between all concerned.

The guidance department continued with its program of orienting new students to Kennedy. Counselors conduct a series of group and individual tests designed to record pupil status in basic skill areas. Conferences with students, parents and teachers together with the use of periodic progress reports make possible a close observation of pupil progress.

It is now possible for some pupils to elect a six year sequence in either French or Spanish at the seventh grade level. Latin, French, and Spanish are available at the ninth grade level for those students who wish to undertake the study of a second foreign language, or to initiate the study of a primary foreign language.

Kennedy Junior High School enrolled 901 students in September 1968 in grades seven through nine. A staff of 49 teachers serve the school.

For the first time extensive opportunities in intramural athletics for both boys and girls became available in September of 1968.

As we make our changes we must realize that the most fundamental change is a gradual steady growth. We should try to develop the concept that change is not a threat or repudiation of oneself, but a positive growth and deepened insight into what we already know.

During 1969 we shall continue our efforts to improve and strengthen all programs in the junior high school.

Respectfully submitted,

FRED H. BLANCHARD,  
Principal  
John F. Kennedy Junior High  
School

# TOWN OF RANDOLPH, MASSACHUSETTS

## NORTH JUNIOR HIGH SCHOOL

It gives me a great pleasure to submit my first annual report as Principal of the North Junior High School.

Although I have been Principal since November 1968, the report is based partly on the carefully formulated school philosophy and curriculum initiated by my predecessor, Mr. Fred Blanchard.

The school was constantly exploring effective methods of providing the best educational environment for students by examining the latest educational innovations.

During the past year, the curriculum at the junior high level was subject to constant evaluation by the teachers and coordinators. New mathematic books were provided for grades 7 and 8, which resulted in a better understanding of some concepts taught in modern mathematics. An experimental program in using small computers to teach programming was examined by the mathematics department for possible implementation into a future math curriculum.

The science department took advantage of the Blue Hills Supplementary Project, by using their planetarium which uses projectors to display the movements of celestial bodies on a hemispherical ceiling.

The audio-visual equipment was in continual use by all subject areas, where films, overhead projectors and film strips, added as additional aid in presenting concepts.

Field trips were programmed, resulting in students being subject to a learning situation outside of their school environment.

In conclusion, the North Junior High with its fine teaching staff will continue to provide a school environment conducive to "openness to experience" on the part of learners and motivated to pursue new investigations which will insure to the learner new vistas, new mastery and new avenues of growth.

Sincerely yours,

PAUL T. HANNIGAN

# ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

## AUXILIARY SERVICES

1968 has seen continued growth of present programs, introduction of new services and continued participation in the Neighborhood Youth Corps, Human Resources Training Program, Commonwealth Service Corps and Headstart programs funded under the Economic Opportunity Act.

Title I ESEA Project OPPO '68 was enlarged to accept 90% more pupils in the summer tutoring program. Mr Francis Doderio served as director. Seventeen especially qualified Randolph teachers participated in the session.

Title II ESEA Project Library has completed its third of five years. Federal funds were allocated as follows:

J. F. Kennedy Jr. High	\$ 3,173
North Junior High	3,173
Randolph High School	3,525

The total amount received by Randolph Schools to date is \$34,815.00.

Title III ESEA Project Blue Hill is operational. Ten Randolph pupils have been submitted as candidates for placement in the Special Class portion of the program. Two are to be accepted.

Title VIA Project RESCU a regional, educational services unit for handicapped children was funded through the federal government and provided the Towns of Randolph, Avon, Holbrook, and Milton with an occupational rehabilitation specialist and a social worker whose functions were to locate work stations for handicapped students between the ages of fourteen and eighteen. The RESCU office has been maintained at the Stetson School in Randolph.

TRANSPORTATION - Sixty-six children transported by taxi to Boston, Braintree, Quincy and schools in Randolph at a total cost of \$17,077.80.

EMOTIONALLY DISTURBED - Eight children in Special Class, children full-time regular class, four in residential schools in Massachusetts, Ohio and Pennsylvania, two in day schools in Boston, six receiving home tutoring.

HEARING HANDICAPPED - Two attending Randolph Public Schools, nine attending Boston School for the Deaf.

LEARNING DISABILITIES - Eighteen receiving special tutoring, fifteen being processed for qualification, six qualified tutors

## TOWN OF RANDOLPH, MASSACHUSETTS

available.

MENTALLY RETARDED - Sixty-one attending Special Classes in Randolph, Three attending non-public schools.

NURSERY SCHOOL FOR THE RETARDED - Five attending classes in Braintree.

PHYSICALLY HANDICAPPED - Nine attending schools in Boston, Brighton and Canton, forty-eight receiving Home Tutoring from thirty-seven Randolph Teachers.

SCHOOL PSYCHOLOGIST - Seventy-eight children examined as required by State Law.

SPEECH & HEARING - 400 children examined by therapists, 243 children receiving therapy.

SUMMER RECREATION PROGRAM - Eighteen children and a staff of four adults participated.

VISUALLY HANDICAPPED - One child attending Sight Saving Class in Quincy, two pupils attending full-time at Randolph High School, one child receiving tutoring, one child attending Perkins Institute.

All programs operated under the Rules and Regulations of the Bureau of Special Education are reimbursed fifty percent by the State. Special Education expenses for the past year, excluding bus transportation amounted to \$93,873.31. Reimbursement and tuition payments to Randolph amounted to \$53,804.41.

Again we wish to express our thanks to the School Committee, administration, teachers, nurses, personnel of the Police, Health, Welfare and Town Offices whose assistance and cooperation have made possible the achievements of this department during 1968.

ROBERT D. SAYRS  
Director

# ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

## REPORT OF THE DIRECTOR OF MUSIC

The Music Program in the public schools is still continuing to grow. Instrumentally the program is one of the finest in the area with good instruction, participation, and follow through. Vocally there remains much to be desired only because of the lack of instructors. In order to receive a better balance, it is hoped that more teachers will be employed at the elementary level.

Mr. Paul Baratta replaced Mr. Charles Lincoln in the instrumental program, and, together with Mr. John DeNardo, services the eight elementary schools. Interest in instrumental music has been high for several years and this year was no exception. Each school has an autonomous band and participates in the school concert in the spring, the Memorial Day parade, and also in several school exercises. Miss Kathleen Madigan is the vocal teacher and visits all the schools, seeing grades two through five every other week. She also has a glee club in the schools with larger enrollments.

Music at the Junior High level is opened to all the students by means of General Music classes in grades seven and eight. There are also performing groups for specializing, such as the concert band, dance band, and chorus. We seem to have a continual change of instructors at this level, but fortunately this has not affected the momentum of the programs. For the first time, Junior High groups have had exchange concerts, and Mr. Raymond Pizzi conducted the North Junior High Dance Band at a concert at the Donovan Elementary School that was a tremendous success. The J. F. K. Junior High band wore the new uniforms for the first time at their concert in the spring, and received many compliments.

The High School Band and Chorus once again lived up to expectations of continued growth. The year was very gratifying to the students who participated. Many performances by both of these fine groups were warmly received. The presentation of "Oklahoma" showed the maturation of both the performers and the audience due to continual exposure of annual musicals.

Enrollment in the elective music classes demands more sections in order to make them available to all that desire them.

Once again Randolph has been represented in several of the festivals in Southeastern Massachusetts.

Many students are continuing their musical educations in colleges all over the country. I am sure that because of the fine program a great deal of talent has been, and will continue to be, discovered.

## TOWN OF RANDOLPH, MASSACHUSETTS

May I once again thank the School Committee and the Administration for their support and request their cooperation and assistance in the future.

Respectfully submitted,

LEONARD RAPOZA  
Director of Music

### REPORT OF SCHOOL LUNCH PROGRAM-1968

The National School Lunch program is operated under authority established by the National School Lunch Act of 1946.

This program, in its twenty-second year, has as its goal-service not profit. It is designed to increase the well-being of the children of the community and the nation.

The purposes are: (1) to provide nutritious meals meeting one-third of the basic food needs of the children; (2) to serve these meals on a non-profit basis; (3) to develop sound food habits; (4) to provide a pleasant setting for the development of social skills.

The participation in the seven Randolph cafeterias increased again this past year. 536,407 meals were served-an increase of 28,600 meals over the previous year. In all of the schools, 1,217,034 half-pints of milk were served.

This past year, the lunch program expended \$85,395.98 for salaries and \$191,682.82 for foodstuffs and other expenses. The cash receipts totalled: \$191,953.94 and our monetary reimbursements from the state and federal sources was \$92,339.41 for a total of \$284,293.35.

Our staff now totals thirty-seven permanent cafeteria employees. These employees are paid for forty-two weeks, which includes all holidays and school vacations within the school year. They actually work 38 weeks or approximately 184-5 hour days. Permanent cafeteria employees are appointed by the School Committee, upon recommendations of the Cafeteria Director, under Civil Service Regulations. It is necessary to pass the Civil Service tests for the various positions, in order to be permanently appointed from the list. Applications should be made directly to the Division of Civil Service in the State House.

As a result of Collective Bargaining with the School Committee, the salaries as of September 1968, are as follows: from \$1958.00 to \$2158.00 for cafeteria helpers; and from \$2688.00 to

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

\$2988.00 for the cafeteria managers. With these increases it was necessary for the Town to appropriate a total of \$8000.00 to cover these added expenditures.

Again this year, we wish to express our gratitude to the Randolph Police Department in the matter of transporting our cash receipts to the bank.

My thanks to the School Committee, Superintendent, Assistant Superintendent, Maintenance and Custodial staffs and our own School Lunch workers for their cooperation and unflagging efforts to improve the Randolph School Lunch Program.

In closing I wish to quote from the State School Lunch review of our High School Cafeteria this year: "The Manager and Staff are doing an excellent job in serving the number of students participating in the Type A program, with their limited space and equipment. The students are to be commended for their behavior. They were quiet and orderly from the time they entered the cafeteria and throughout each lunch period."

MARIE C. MINNICK

Director of Cafeterias

## PHYSICAL EDUCATION DEPARTMENT

We are passing through critical times, and our survival in the Space Age is tied in closely with the education of American youth. Physical education as an integral part of the education program must contribute its share to preparing young boys and girls for the trying problems they will be facing in the years ahead.

Push-button living has freed man from age-old drudgeries of life. Being freed from drudgery, he has time to concentrate on mental development far more than at any time in history. Maximum mental potential cannot be achieved without corresponding development of the physical side of man.

Man is a biological creature. He was biologically designed for vigorous physical activity, and the daily demands of living called forth vigorous activity on the part of almost everyone until the last quarter of a century when machines replaced man. Vigorous and varied physical involvement always has been and still is essential to the normal growth and development of the muscular, skeletal, circulatory, digestive, excretory, and nervous systems. Furthermore, continued activity is necessary throughout life to maintain health and vigor of these systems.

## TOWN OF RANDOLPH, MASSACHUSETTS

Unless man chooses, and chooses soon, to acquire health knowledge and put into practice good health habits and to participate regularly in vigorous activity, his effectiveness in society will rapidly diminish.

The biological need of man for exercise can be satisfied only through the physical education program. Games sports, dance, gymnastics, and conditioning exercises of all types provide the vigorous physical activity needed to develop organic health and well being.

The Randolph School system conducts a physical education program from the first grade through the twelfth grade. These classes are taught by qualified physical education instructors who believe that the children of Randolph are entitled to the best equipment and the best programs.

The Town of Randolph is still growing population-wise, thus creating a problem of more school children. The people have responded by voting new schools and also additions to old schools to accommodate the needs for more room. The latest addition is to the high school which includes a new gymnasium and a swimming pool. I can truthfully say that these new facilities will be used to the fullest.

Sports are an integral part of the physical education program in Randolph. Between the Junior High Schools and the High School, two hundred and forty-three athletic programs are conducted. These activities include: Football, Cross-Country Track, Hockey, Basketball, Baseball, Spring Track, Winter Track, Tennis, Golf.

An intra-mural program was started in the Junior Highs and the High School as well as a weight-training program in the High School.

I want to express my sincere thanks to the present school committee and the past committees for their interest in the physical education program as part of the school curriculum and to insure the people of Randolph that their children are receiving the best.

Respectfully,

JOSEPH J. ZAPUSTAS  
Director of Physical Education  
and Athletics

# ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

## REPORT OF SCHOOL NURSES

The school health program is a vital part of the whole educational process by which each child is guided and helped to develop to his fullest capacity. Evaluation of the individual pupil's health status is accomplished through the use of various techniques and procedures including health histories, medical examinations, immunizations, weighing, measuring, vision and hearing tests.

The value of our screening program is lost without the follow-through of parent notification, referral for treatment and plans for correction. Cooperation from parents is absolutely necessary in order to carry out our program efficiently and to maintain each child's maximum health status.

It is recommended to parents that children entering the first grade should have a complete physical examination, up to date immunization, and vision and dental examinations by their family physician or pediatrician. These examinations should be performed before the child enters school.

Under a law which became effective December 5, 1967, all school children attending public or private school from kindergarten through grade eight must be successfully vaccinated against smallpox and immunized against diphtheria, pertussis, tetanus, measles and poliomyelitis unless there are medical or religious contraindications.

An immunization program for measles was held in all elementary schools in March. The vaccine was administered, with parental consent, to the children who had not had measles or had not been previously immunized. A total of two hundred and sixty-one injections was given by the school doctors.

Diphtheria and tetanus booster inoculations were given to five hundred and fifty-five pupils whose parents had given written consent.

Mrs. Patricia McDermott, R. N. left our staff last June after three and one half years of dedicated service. We wish her well in her new nursing position.

Mrs. Mary Ahern, R. N. joined our staff this past September. She is a graduate of St. Elizabeth's Hospital School of Nursing. Her experience includes hospital work plus five years of school nursing for the city of Boston.

The Future Nurses Club of the high school, supervised by Mrs. Donahue, made several field trips to surrounding hospitals. A fund-raising project was held to provide a scholarship award

TOWN OF RANDOLPH, MASSACHUSETTS

to a future nurse.

The school nurses wish to express their appreciation to all school personnel for their cooperation in helping to make our health program a success.

Respectfully submitted,

MARY McGRORY, R. N.  
EMMA DONAHUE, R. N.  
MIRIAM SIMMONS, R. N.  
MARY AHERN, R. N.

### "NO SCHOOL" ANNOUNCEMENTS

1. The general policy is not to cancel the school sessions except under extreme weather conditions. It is always the privilege of any parent to keep a child at home if the parent feels that it is necessary.
2. The following stations usually carry our "No School" Announcements:

Boston -W.B.Z., W.H.D.H., W.E.Z.E., W.C.O.P.  
Quincy -W.J.D.A.  
Brockton -W.B.E.T., W.O.K.W.

In most instances it might be better to listen to the Brockton or Quincy stations, for it is not always possible to reach every Boston station, as they handle hundreds of calls on stormy mornings.

3. When the session is cancelled, a recorded message will be available on 963 -7802; however, this is but one telephone line, and it is limited greatly in the number of calls which it can handle. You should rely on the radio stations.
4. You should not call school officials, for they are busy making calls to the radio stations, bus company, principals, etc. Rely on the radio stations for your information.
5. Do not call the Fire, Police, or Highway Departments, for by so doing, you hamper their work.

THOMAS L. WARREN  
Superintendent of Schools

### HEALTH CERTIFICATE

Children absent from school five or more days, because of a contagious disease, or because of illness of an unknown nature, must obtain a health certificate from the School Physician or their own attending physician before they may return to school.

### ENTERING AGE TO GRADE ONE

A child who will reach his 6th birthday on or before January 2nd, following his entrance into school, will be eligible to enter grade one.

# ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

## REPORT OF THE BLUE HILLS REGIONAL VOCATIONAL SCHOOL DISTRICT COMMITTEE

To: The Honorable Board of Selectmen

Gentlemen:

We respectfully submit the Fifth Annual Report of the Blue Hills Regional Vocational School District Committee. The following list of Committee Members represented the seven member towns during 1968:

AVON	Mr. Bernard H. Baher
BRAINTREE	Mr. James E. Sullivan
CANTON	Mr. Nathaniel N. Wentworth, Jr.
HOLBROOK	Mr. Walter Donovan
NORWOOD	Mrs. Alena Wisgirda
RANDOLPH	Mr. M. Murray Lewis
WESTWOOD	Mr. Paul Ballantine

The District Committee, with deep regret, accepted the following resignations during 1968: Mr. Ernest Oetinger, Original Planning and Interim School Committee Member, representing Westwood; Mr. Donald Martin, Acting Holbrook Representative; Mr. James E. Sullivan, representing Braintree.

At the regular elections held in March of 1968, Mr. Paul Ballantine of Westwood and Mr. Walter Donovan of Holbrook were elected to represent their respective towns on the District Committee.

Mr. Sullivan of Braintree resigned late in December of 1968 and the Town of Braintree has not as yet appointed an acting member, who by District Agreement, would hold office until the regular elections in March of 1969.

Mr. Nathaniel N. Wentworth, Jr. continued in the capacity of Committee Chairman, with Mr. James E. Sullivan serving as Vice-Chairman. Mr. Edward Cogliano of Canton, continued as Treasurer, Mr. William J. Carr of Randolph as Counsel and Mr. William A. Dwyer of Weymouth continued as Superintendent-Director of the Regional School.

The District Committee continues to hold its regular meetings on the first and third Tuesdays of each month at the Regional School office at 100 Randolph Street, Canton, Massachusetts.

In January of 1968, the Regional Technical School had 480 students enrolled in grades 9, 10, 11, 13 and 14. Only grade 12 remained void of students, but the admissions and orientation

## TOWN OF RANDOLPH, MASSACHUSETTS

activity then in effect in the seven member towns would result in the programming for the first full cycle of school operation, to become effective in September 1968.

Budget and program plans for the coming school year were authorized by the Committee as the administrative staff of the school prepared for the peak enrollment of 600 students.

A new course in Electro-Mechanical Technology was approved by the Committee for 1968 Fall Registration at the post-graduate level. The curriculum outline for this program is geared to the technical requirements of the computer industry and other business oriented Electro-Mechanical Service systems. The Blue Hills Technical School is one of the first schools of its type throughout the Nation to sponsor a pilot program in this area.

In February of 1968, application for the Associate Degree in Applied Science for post-secondary courses available in the Technical Institute at Blue Hills was approved by the Committee and forwarded to the Board of Education and the Board of Higher Education as required in Chapter 572, Section 37A of the General Laws. If such a degree is authorized for the Blue Hills Regional Technical Institute by both Boards of Education, this region will be the first district in the Commonwealth to have obtained such an honor.

In the High School program at the Regional School, approval was granted the staff for numerous curricula innovations both in the area of additional class programming for the student needing additional academic aid and in the sophisticated technical lab areas where more advanced students could profit from a more comprehensive program of technical subject matter. As the original objectives of the whole program at Blue Hills provide for constant innovation and flexibility, the Committee of the Regional District continuously strives for careful evaluation of successful programs as policy is formulated for continued quality education in all segments of the vocational-technical program.

In the summer of 1968, all students in the seven town's secondary school systems, desirous of enrichment courses in any of the course offerings available at the Regional School, were invited to enroll in the summer program. Courses finally offered were in the area of Radio, TV, Automotive Engine Repair, Developmental Reading, Technical Mathematics, English and Remedial Math. It is anticipated that in 1969, this program will be expanded with all sixteen courses made available to every high school student in the District.

In June of 1968, the first graduating class of the two-year

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

Technical Institute Program held their graduation exercise in the school cafetorium. Seventy-one boys and girls heard Senator Quinlan deliver the graduation address to the first class of technicians from Blue Hills.

In the fall of 1968, two Federal Manpower Programs were approved for operation at the Regional School. These programs are offered in the late afternoon and evening in order to fully utilize the facilities. These programs are offered in cooperation with the Division of Employment Security and are entirely funded by the Federal Government in the amount of \$16,000. The Manpower Programs were Machine Tool & Die Making and Auto Body Repair.

In September of 1968, 400 adult applications from the seven member towns were accepted for the Evening Adult Education Program for technical preparation. The Evening School operates on Monday, Tuesday, Wednesday and Thursday evenings between the hours of 7:00 and 9:30 p.m. and generally runs during the months of October through May.

In October 1968, the District Committee received notice from the New England Association of Secondary Schools and Colleges that the Blue Hills Regional School had been accepted as an accredited secondary institution.

In November of 1968, the Budget Subcommittee of the District Committee reviewed tentative budget plans for the first full operating budget with peak enrollment.

The October 1, 1968, census taken at the school showed the following school population by towns: Avon - 27, Braintree - 133, Canton - 60, Holbrook - 56, Norwood - 139, Randolph - 135, Westwood - 26 for a total enrollment of 576 students.

An evaluation study of admissions to date, in view of the unusual interest in student applications, disclosed that 1,931 applications have been received over the three-year admissions program for the capacity enrollment of 600 seats.

The District Committee, after reviewing the State Advisory Council's Summary on Vocational Education which recommends that 40% to 60% of all secondary students should be involved in some sort of occupational education, initiated an educational study and engaged the services of the Educational Consultants Council, Inc., of Braintree, Massachusetts. The Educational Consultants Council was contracted to appraise the current student population growth rate in all seven member towns and make an analysis of the future projected needs for the region in the area of vocational-technical education. In view of the increased student interest for the regional school in all participating towns, and, in consideration of the thirteen hundred young

## TOWN OF RANDOLPH, MASSACHUSETTS

people refused admission at Blue Hills because of limited capacity, the District Committee realizes that the citizens of the regional district should be informed. It is anticipated that the full report evaluating student growth in the district would be made available for evaluation by the Committee in January of 1969.

The entire District Committee owes a great deal of gratitude for their current successful program to the local School Committees, Superintendents, Boards of Selectmen and Finance Committees who have so unselfishly given of their time to assist us during this past year.

Respectfully submitted,  
NATHANIEL N. WENTWORTH, JR.  
Chairman  
MRS. ALENA WISGIRDA, Secretary  
BERNARD H. BAHER  
PAUL BALLANTINE  
WALTER DONOVAN  
M. MURRAY LEWIS

# ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

## REPORT OF THE SUPERINTENDENT-DIRECTOR BLUE HILLS REGIONAL TECHNICAL SCHOOL - 1968

To: The District School Committee  
The Honorable Board of Selectmen  
The Parents & Citizens of the Regional School District

In January of 1968, with the philosophy and objectives of the Regional School program carefully defined, it was the major objective of this administration to prepare for the admissions of the first complete capacity enrollment in September of 1969. For in 1969, Blue Hills would graduate its first senior high school class and would have reached its peak enrollment of 600 students.

With all four high school classes in operation and the two-year Technical Institute program of past-secondary education now totally approved by the Department of Education, applications were submitted for accreditation and membership in the New England Association of Colleges and Secondary Schools.

In addition, an application for the Associate Degree in Applied Science for the following post-secondary courses was submitted: Advertising Art and Design, Civil-Structural Engineering Drawing, Data Processing, Electronic Technology and Electro-Mechanical Technology.

Additional applications for accreditation for the one-year post-high medical programs were to be submitted to both course accreditation agencies. For the Medical Laboratory Assistants Program, a letter requesting evaluation was forwarded to the American Association of Clinical Pathologists. In the Dental Assistant Training Program, applications for national accreditation would be forwarded to the American Association of Dental Assistants before the year was complete.

All 16 major technical subject areas were operating successfully by early 1968. By the fall of 1968, the Blue Hills Regional innovative high school and post-secondary programs became widely acclaimed as the model technical education complex in the Commonwealth of Massachusetts.

The final report of the Advisory Council on Education (MACE) reported to the citizens of this State the need for an immediate increase in the development of occupational education. Blue Hills Regional Technical School, the latest and most sophisticated of the vocational-technical complexes, was being hailed as the leader in occupational education innovation.

Proposals from the Legislative Commission on Education urged the Department of Education to immediately develop

## TOWN OF RANDOLPH, MASSACHUSETTS

\$90,000,000 in value of schools throughout the State fashioned after the Blue Hills pilot and model school plan.

In September 1968, the Regional School opened with all programs heavily subscribed to. Over 1300 students had to be turned away in a mere three years of admissions. An amazing success story in itself considering the fact that in 1965 when Blue Hills first was recruiting for its prime admissions program, only 1% of all the boys and girls in this District were afforded an opportunity for vocational-technical training. Today, after two and one-half years of operation, approximately 7% of the secondary enrollment of the seven member towns of the Regional School District, now have been accepted for technical programs at Blue Hills. 22% of these students have applied for admission.

With the MACE report on vocational education continuing to stress the fact that 40-60% of all secondary students need to be involved in some meaningful program involving occupational education, it would appear that Blue Hills Regional was rapidly establishing this statistical conclusion as a reality. A full comprehensive program of academic and technical subject matter, together with the rapid development of athletic and extra-curricula activities in the short period of operation, has obviously assured the citizens of this Region of a well-rounded educational program for their children interested in attending Blue Hills.

As 1968 drew to a close, football, hockey, basketball, baseball and track programs at the Regional School were providing varsity athletic competition. Extra-curricula activities including choral groups, yearbook activities, camera clubs and plans for additional extra-curricula activities in the areas of ham radio operation, radio clubs and others were being planned.

In December of 1968, 100 students of the first graduating class at Blue Hills made application for college SAT exams. At long last, the vocational-technical student, upon graduation, will have the option of continuing his/her technical education beyond high school, in addition to an alternate of immediate placement as a technician in the local industrial area for which he or she has been trained.

Evaluations were currently being undertaken in the area of curricula development, related and technical subject matter in preparation for the many accreditation requirements anticipated in 1969. It would appear at this time that the current subject matter was well proportioned to the general needs of the whole student in view of recent successful college board results and the tremendous placement inquiries for the graduates of the first full program in June 1969.

In the latter part of December, the Blue Hills Regional

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

Technical School received notice from the New England Colleges and Secondary Schools that it had been accepted as a member in this formal accrediting agency. Notice from the Board of Education and the Board of Higher Education indicated that the Blue Hills Post-Secondary Technical Institute would soon be able to offer an Associate Degree. Final determination will be withheld pending an evaluation of the post-secondary curricula in the Institute.

For the apparent success that Blue Hills has been able to realize, a great deal of credit must go to the Program Coordinators and Guidance Director of this school and the individual staff members who have worked so diligently in the pilot development for this school's formal accreditation approval.

In addition, I would like to take this opportunity to express my appreciation for all the help given Blue Hills by the District School Superintendents, High School Principals, Guidance Directors, Counselors and other members of the member towns' school staffs who assisted us during the past year.

Again, I would like to thank the local Boards of Selectmen, their Finance Committees, and the local Industrial Advisory Committees who assisted us in the numerous budget and curricular planning meetings during 1968. Their continued cooperation has contributed considerably to our arrival as an outstanding institution for technical education.

Respectfully submitted,

WILLIAM A. DWYER  
Superintendent - Director

## TOWN OF RANDOLPH, MASSACHUSETTS

### RANDOLPH BOARD OF RECREATION

The primary function of recreation is the enrichment of living by enabling individuals to find outlets for self expression and thereby to develop their inherent potential and achieve desired satisfactions.

These satisfactions include adventure, fellowship, a sense of accomplishment, the enjoyment of beauty, and the joy of creating all of which contribute to human happiness. Through recreation programs, people are helped to develop interests and skills which enable them to make constructive use of leisure and which contribute to physical and mental health, safety, good citizenship, confidence and character development.

Recreation is essentially a kind of experience rather than a set of specific activities. Many types of these experiences have a major place in programs of schools and colleges, as well as recreation agencies. The wide range of recreation activities include games and sports, music, dance, art and crafts, drama, social activities, nature and outing activities and service projects. The comprehensive recreation program affords people of all ages, backgrounds and interests the opportunity to engage in a variety of activities with the help of trained leaders and under conditions which assure maximum enjoyment and benefits. The program includes offerings that appeal to individuals, to clubs and to informal groups. Activities are offered to indoors and outdoors and year-round as well as seasonally.

The Randolph Board of Recreation is proud to state that many of the surrounding towns in the South Shore Area are following their format of presenting the recreation program. This breakdown of the program may shed a little light for the benefit of the tax dollar for the past year.

Just a note to remind the reader that some of the programs are once a week--some are twice weekly and the summer program is daily.

The Randolph Board of Recreation has put many hours of hard work into this program with the aid of the director Joseph J. Zapustas, to allow the citizens of Randolph to have a sound and healthy recreation program. The Board feels that the towns-people have a good selection of many activities to fulfill their needs.

RICHARD COBURN, Chairman  
ALFRED GEORGE, Vice-Chairman  
GLORIA SOLON, Secretary

# TOWN OF RANDOLPH, MASSACHUSETTS

## REPORT OF THE TRUSTEES OF THE STETSON FUND

The Trustees herewith submit their annual report to the citizens of the Town of Randolph for the year ending December 31, 1968.

The Trustees are extremely happy to submit this report, for in this year more than in others, there have been many accomplishments. The town hall has been completely remodelled. It included that of application of aluminum siding on the exterior of the building, painting all areas not covered by siding, and roof repairs on the south side. This work was completed for a cost to the town of \$12,950.

It is the feeling of the Trustees that application of combination windows or screens is all that remains to be done to the exterior of the building.

The work of the Trustees did not stop at the exterior. Routine maintenance was also performed which included cleaning and repairing of venetian blinds, floors, windows, air conditioners, plumbing, and that maintenance which would normally be required in a municipal building. Also, three new offices were created on the first floor due to the relocation of the Police Department. These offices are now occupied by the Tax Collector, Assessors, and an all-purpose machine room.

The planned program for 1969 is to continue remodelling of the building on the interior. Articles have been submitted for painting the entire lower floor offices and halls; also, to remodel the ladies' lounge on the second floor. These articles, if passed, will enable the board to complete a three year remodelling program which will end next year with the painting of the offices on the second floor, the remodelling of the Selectmen's office, and creating of a modern office at the rear of the second floor which is now a makeshift office on the old stage.

Success of these programs and all work performed in the town hall is made possible by the efforts of the Trustees, Executive Secretary, Custodian, and the Town Meeting Members. At this time, the Chairman would like to express his gratitude to all those concerned.

Respectfully submitted,

PAUL J. CONNORS, Chairman  
CLARA M. NICKERSON,  
Secretary  
WILLIAM D. THOMPSON,  
Associate

## REPORT OF THE SCHOOL PLANNING AND BUILDING COMMITTEE

The main effort of the committee during 1968 was the planning, in conjunction with the School Committee and the architect, of the addition to the present high school.

The Martin E. Young Elementary School was completed and opened for use early in January. An open house and dedication ceremony took place in May.

The Special Town Meeting of February 5, 1968, approved an article, jointly sponsored by this committee and the School Committee, authorizing the expenditure of \$4,889,000 to build and equip an addition to the present high school, including a swimming pool. The size of the proposed addition was estimated to be 147,100 square feet.

Upon approval of the Special Town Meeting, the design of the addition went into the preliminary and then final design stages. About 14,000 square feet was added to the building due to imposed State requirements. Also, an additional 20,000 square feet was added in the lower level, as an alternate, to enable space for 17 additional classrooms.

After completion of the final plans and specifications and receipt of all required approvals, the project was put out to bid in late October. The subcontractor bids were received and opened on November 26, and the general contractor bids were received and opened on December 3.

Meeting jointly with the School Committee on December 4, it was voted to accept all the alternates and the extra 20,000 square feet, which included the 17 additional classrooms. The cost of the project was broken down as follows:

Construction Cost	\$4,736,891
Construction Contingencies	100,000
Architectural Planning and Engineering Service	268,437
Clerk of Works	25,000
Miscellaneous Expenses	9,672
Equipment and Furnishings	425,000
Total Cost	<hr/> \$5,565,000
Total Area	180,760 Square Feet
Total Cost/Square Foot	\$30.80

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

The joint committees recommended to the Special Town Meeting of December 9, 1968, that \$676,000 be added to the original appropriation for the additional 34,000 square feet. The article was approved by the Special Town Meeting.

By early in January, 1969, we expect to have received all necessary State approvals. At that time, a contract will be signed with the low bidder, Tocci Corporation of Newtonville, Massachusetts, with actual construction starting soon after.

The committee would like to thank all town departments and officials for their help and cooperation during the past year. Also, our thanks to the Tedesco Associates, the architects of the addition to the high school.

We gratefully acknowledge the continued help and assistance of the Superintendent of Schools, Mr. Thomas L. Warren, and his staff, and also take note of the continuing cooperative working relations we have had with the School Committee.

Respectfully submitted,

School Planning and Building

## REPORT OF THE BOARD OF HEALTH

### REPORTABLE DISEASES

There were 209 cases of communicable diseases and other health conditions reported to the Board of Health as follows: Chicken-pox 11; Dog Bite 178; Cat bite 2; Hamster Bite 4; Skunk bite 1; Squirrel bite 2; Monkey bite 1; Rabbit bite 1; Hepatitis 1; German measles 4; Mumps 2; Scarlet fever 2.

### CLINICAL PROGRAMS

Mental Health. For the twelve month period ending November 30, 1968 there were 1105 visits by Randolph residents to the South Shore Mental Health Center at a cost of \$8840.00. The cost per visit for 1969 will be raised from 8.00 to \$10.00, however the estimated cost to Randolph remains at \$9000.00 as a result of an accord reached by the administrators of the clinic and the Director of Public Health of the town.

Influenza Inoculations. 95 senior citizens and 116 town employees were inoculated with influenza vaccine at clinics held in October and December, a total of 211.

School Immunization. There is an on-going immunization program in the public and parochial school systems annually. In addition, this school year, 1968-69, the recently approved mumps vaccine will be given to the susceptibles requesting it in grades 7, 8 and 9, these grades having been selected on the basis of statistical evidence indicating that persons in that age group have a higher incidence of complications from mumps.

School Tuberculosis Testing. Testing is done annually in selected grades with follow-up tests conducted in positive test cases at Norfolk County Hospital.

Chest X-Rays. Personnel of five local business or industrial organizations were x-rayed for respiratory illness detection during the year by the Norfolk County Tuberculosis Association.

Biologic and Diagnostic Supplies. Approximately 5000 biologic and diagnostic products were issued to the Town physicians and used in our clinics during the year.

### HOSPITAL SUBSIDIES

Tuberculosis. It cost the Town \$204.40 in credits for four patients at Norfolk County Hospital during the year.

Premature Infants. A total of 28 premature births were re-

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

ported in 1968. Two babies were paid for by the Town for a total of \$192.79, the Town recovered the full amount of \$192.79 from the State for these infants.

### MEDICARE PROGRAM

2064 nursing visits and 107 physical therapy visits were made to Medicare patients through the month of November. In 1968 the Town was reimbursed \$13,389.77 for our Medicare program which is approximately \$5000. more than the amount received in 1967. Anticipated reimbursements for next year, 1969, could be in the area of \$14,000. Nursing visits increased by 337 over 1967 and physical therapy visits by 16 with one month of the year remaining.

### ENVIRONMENTAL SANITATION

Individual Sewage Disposal Systems. One hundred and eighty-nine permits were issued for new disposal systems and repairs for old systems. One hundred and sixty-two inspections were made of the systems. In addition, many hours were spent in conducting soil and percolation tests prior to the issuance of permits.

Public Health Complaints. Approximately five hundred complaints concerned with public health nuisances and hazards were received and investigated during the year.

Swimming Pools. One permit for a public swimming pool (semi-public) and seven permits for private swimming pools were issued during the year.

Nursing Home Inspections. Two inspections of nursing homes were made prior to re-licensing by the Massachusetts Department of Public Health.

Livestock. Eleven licenses to keep livestock were issued in 1968.

### PLUMBING INSPECTIONS

382 permits for 3203 plumbing installations were issued during 1968. Each installation requires at least one inspection by the Plumbing Inspector.

### GAS INSPECTIONS

330 permits for 772 gas installations, including propane gas, were issued during 1968. As noted in plumbing inspections, each of the installations requires at least one inspection by the Gas Inspector.

## TOWN OF RANDOLPH, MASSACHUSETTS

### ANIMAL INSPECTIONS

Report of the Animal Inspector is as follows: Animals quarantined: Dogs 202; Skunks 1; Squirrels 2; Monkey 1; Rabbit 1; Total 207. They were held for observation after having bitten humans. The heads of 1 Hamster and 2 Dogs were forwarded to the Wasserman Laboratory for analysis.

All barns were inspected; the Animal census showed 27 cows, 60 horses and 20 sheep. All cows were tested for Brucellosis with no reactors revealed. There were no cases of encephalitis in horses during 1968.

Seven hundred and three calls were investigated during the year; the calls were received from the Board of Health, Police Department, Massachusetts Animal Health, Society for the Prevention of Cruelty to Animals and the Pet Placement, Supervisor of the Boston Animal Rescue League.

The Animal Inspector attended the Annual Meeting for Inspectors of Animals for the State at the Division of Animal Health, 100 Cambridge Street, Boston, Massachusetts.

### MILK INSPECTIONS

There were 87 licenses issued during the year as follows: Manufacturing Frozen Desserts 1; Oleomargarine 28; Milk vehicles 19; Store milk and cream 39. Ninety-eight inspections were made during the year.

### PUBLIC HEALTH NURSING

During the past year three Public Health Nurses have given professional services to the Town residents including bed side care and treatment as directed by a physician, instruction to others in the homes for care of the patient, pre-natal and post-natal care with instructions, pre-school follow up of children, care and instruction relative to communicable diseases and various aspects of adult health supervision. Other nursing activities included assistance at the Well Child Clinic and influenza inoculation clinics for Senior Citizens and Town Employees, transporting patients to Norfolk County Hospital in conjunction with the tuberculosis program. Progress is being made in related areas by working with other agencies, e.g. South Shore Mental Health Clinic and attendance at in-service programs given throughout the Southeastern Regional Health District. Mrs. Geraldine M. Riordan, R. N., joined the Public Health Nursing staff on November 18th and is a welcome addition to our team.

Approximately 3500 visits were made in 1968.

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

Additionally, the school program at St. Mary's School is carried on by our staff, the immunization aspect is referred to under the School Immunizations section. We also have a monthly meeting of our staff, school personnel and Miss Gabrielle Bernard of the South Shore Mental Health Clinic staff, which has proved exceedingly beneficial to all concerned.

### REVENUE PRODUCED BY THE BOARD OF HEALTH

Board of Health Permits and licenses, \$455.50; Plumbing permits, \$3,587.00; Gas permits, \$1,130.00; Milk and dairy licenses, \$53.00; Medicare reimbursements, - Blue Cross, \$13,120.17 - Welfare, \$269.60 - (Total, \$13,389.77); Premature infants reimbursement, \$192.79. Total revenue produced, \$18,808.06.

JOHN J. DOWD

Misting, from Trucks	3430 Acres
Backpack Spraying	11 Acres
Winter Pre-hatch Dusting	75 Acres
Drainage Ditches Cleaned	3920 Feet
Brush Cut Along Ditches	200 Feet
Culverts Cleaned and Opened	29 Culverts
Catch Basins Treated	880 Basins
Residential Aerial Adulticide	576 Acres

Respectfully submitted,

ALBERT W. HEUSER  
Superintendent

# ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

## REPORT OF THE PLANNING BOARD

We herewith submit a report of the activities and happenings of the Planning Board for the year 1968.

1968 has been a year of progress in the future development and planning of the town. Your Board feels that it has been watchful in their recommendations of changes in Zoning Ordinances with the town; with Buffer Strips and Green Belt areas between Industrial and Residential and Business and Residential areas as studies, and recommended by the Board and adopted at the town meetings; that any Subdivisions approved have had to comply most strictly to the rules and regulations as laid down by our rules and those of the Massachusetts Subdivision Control Laws, and we further feel that this Board has all times considered the welfare of the Town as the primary reason for any and all decisions.

The following is a breakdown of the activities of the Board during 1968.

Planning Board Meetings held	49
Public Hearing held:	
1. On proposed subdivisions	7
2. On proposed zoning articles	12
Number of subdivisions approved	7
Number of subdivisions disallowed	6
Plans rejected or referred to other Boards	3
Plans approved other than subdivisions	93
Preliminary plans submitted	3
Meetings with other departments	11
Site Inspections	19
Meetings of Park Commissioners	2

## RANDOLPH PLANNING BOARD AND PARK COMMISSIONERS

GEORGE F. HOEG, Chairman	JACK I. MANN
CHARLES F. MACY, Clerk	ROBERT WALSH
WILLIAM V. RICHARDSON	

TOWN OF RANDOLPH, MASSACHUSETTS  
REPORT OF THE SEWER COMMISSIONERS

The Board of Sewer Commissioners are pleased to announce that the Public Sewer has been made available to the following streets under Contract #15:

Woodlawn St., Norfolk Rd., Fairview Ave., Fairmount St., Junior Terr., Highland Ave. Ext., portions of Martin Terr., Cole Terr., Fitch Terr., and Stevens Terr.

Contract #16 has been awarded to the low bidder and work is under way. This contract will service the north end of Town and will connect the Holiday Inn Motel into the Public Sewer as voted by the last Annual Town Meeting.

This year a Maintenance Department with men and equipment was approved and activated. This will allow us to maintain our public lines and to operate our facilities.

A new service road has been constructed with excess material from prior contracts off Pleasant Street, directly to the Nite Soil Chamber. This new road will eliminate the use of the Town road through the Little League area in the summer time, as well as the use of Amvets Lane.

The demand for Public Sewer still continues and we are attempting to meet the need. At present over 1,400 homes have public sewer available.

In 1969 due to the demand as well as the increase in construction costs we will again request \$350,000.00 for sewer construction. If approved the section between Warren Street and West Street in the Fernandes Shopping center area will be connected. We will also start construction in the North Randolph area to the Devine School and the homes adjacent.

Respectfully submitted,

Board of Sewer Commissioners

# ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

## REPORT OF THE TOWN ENGINEER

Gentlemen:

I herewith submit the annual report of the Randolph Engineering Department for the year 1968.

### REPORT OF THE ENGINEERING DEPARTMENT

During the year 1968, the Engineering Department has furnished professional engineering services including planning, design, layout, supervision and inspection of various projects for Town Departments as outlined below:

#### BOARD OF SELECTMEN

Lot grading plan approval, and property inspection for conformance with the Lot Grading By-Laws of the Town.

Intersection surveys and sketches as required for the use of the Massachusetts Department of Public Works.

Inspection and policing of Gravel removal operations.

Approval of utility pole and underground utility locations.

Continuation of uniform house numbering and renumbering under the House Numbering By-Laws. Approximately 40% of the Town has been completed.

Planning and preparation of articles for the Annual Town Meeting Warrant, including sidewalk and drainage projects for 1969.

Investigation and adjustment of all complaints to this department, and those referred by other Town Departments.

Roadway Layouts prepared for the Board of Selectmen included Grove Street from Janet Road to Lafayette Street, and Oakwood Avenue, Emerton Avenue and Alden Avenue.

#### TOWN TREASURER AND CLERK

Inspections of Town owned land for Town use, prior to annual sale at public auction. Preparation of various street and precinct maps for distribution by Town Clerk.

#### BOARD OF ASSESSORS

Reproduction of Assessors Maps as required, clarification of deed descriptions, calculations of land areas. Acted in consulting

## TOWN OF RANDOLPH, MASSACHUSETTS

capacity to Mapping firm in annual updating of Assessors Maps.

### SCHOOL COMMITTEE

Consulted with Administrative assistant relative to proposed school access roads, and gravel removal operation adjacent to school property.

### WATER DEPARTMENT

Investigation of water main locations and preparation of valve location drawings and sketches for submission to State Department of Public Works.

### HIGHWAY DEPARTMENT

Engineering assistance furnished the Highway Department included planning, design, layout, and supervision, where and as required, for various roadway and drainage projects, detailed under the report of the Highway Surveyor.

### CHAPTER 90 REED STREET CONSTRUCTION

Worked in close cooperation with the Massachusetts Department of Public Works during the construction of Reed Street from the vicinity of High Street to North Main Street.

### CHAPTER 91 STREAM CLEARANCE ---MARY LEE BROOK

Reviewed drawings submitted by private consultants working under the direction of the Massachusetts Department of Public Works, Division of Waterways, relative to the proposed clearance of the Mary Lee Brook from the vicinity of South Street to the westerly side of South Main Street. It is expected to advertise this project and proceed with construction in the spring of 1969.

### RANDOLPH LITTLE LEAGUE

Through the office of the Board of Selectmen, the Engineering Department offered engineering services to the Randolph Little League to assist in the preparation and construction of the new field adjacent to the Town Barn off North Street. The engineering department conducted field surveys, and prepared topographic and construction grading drawings for the use of the Little League Officials. The resultant field was constructed in a fine fashion by private contractors, and certainly has proved to be an outstanding addition to the youth facilities provided by the Randolph Little League.

ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT  
INDUSTRIAL DEVELOPMENT COMMISSION

Assisted by preparing industrial development maps for Commission use. Met with industrialists interested in locating in Randolph, and furnished all available information necessary to proposed areas of construction.

SIDEWALK CONSTRUCTION

This department furnished complete engineering services required by the construction of bituminous concrete sidewalks in the following locations:

ALLEN STREET, from Dennis Circle to Robert	
Arey Drive . . . . .	500 feet
CENTRE STREET, from W. Druid Hill Ave. to	
Oakwood Drive . . . . .	1000 feet
HIGH STREET, from No. Jr. High School to	
opposite York Drive. . . . .	1200 feet
SOUTH MAIN STREET, from Richard Rd. to	
Woodland Parkway. . . . .	<u>500 feet</u>
Total Distance	3200 feet

NOTE: The sidewalk construction on Centre and Allen Streets included pavement widening and the installation of bituminous concrete curbing prior to the placement of the bituminous concrete sidewalk.

PLANNING BOARD

Professional Engineering services were furnished the Randolph Planning Board, included inspections of roadway construction within subdivisions, including drainage, graveling, roadway paving, sidewalk construction, and locations of utility poles and underground utilities. Reviewed preliminary and definitive residential and industrial subdivision plans, including meetings with respective engineers, prior to and during actual construction.

Subdivision roadways completed during 1968, were as follows:

ACORN DRIVE AND KILEY CIRCLE Off South	
Main Street . . . . .	2000 feet
ADAMS DRIVE from Pond Lane . . . . .	500 feet
OAK GROVE ROAD AND SKYVIEW ROAD to	
Eagle Rock Road . . . . .	1200 feet
FERNANDEZ CIRCLE from Petipas Lane . . . . .	1200 feet
ROBERT AREY DRIVE off Allen Street . . . . .	900 feet
BARBARA ROAD (Extension) . . . . .	<u>1000 feet</u>
Total Distance	6800 feet

## TOWN OF RANDOLPH, MASSACHUSETTS

A recent study made by your Town Engineer shows that there are 26 subdivisions currently under the jurisdiction of the Randolph Planning Board, of which 7 have been finished but final bond retainers not released; 6 have not been started as yet, and 13 are in active stages of construction.

Of the estimated 1221 homes in the total of 26 subdivisions, 546 have been constructed to December 31, 1968, with 675 remaining to be completed.

The total length of roadways in the 26 subdivisions is estimated to be some 80,205 lineal feet or about 15 miles, all of which will be constructed in accordance with rules and regulations of the Randolph Planning Board.

### GROVE STREET RECONSTRUCTION SECTION III

At the request of the Board of Selectmen, the engineering department surveyed, prepared layout drawings, conducted public hearings, estimated land takings, for Assessors valuations, prepared contract plans and specifications, conducted public bid opening, staked out and supervised the reconstruction of Grove Street, between Smith Road and Janet Road, for a distance of approximately 1,150 feet. The reconstructed section is an extension of previous construction, and provides a 30 foot traveled way surfaced with 3" of bituminous concrete, bituminous curbing on both sides of the roadway, and a bituminous concrete sidewalk on the northerly side only, connecting with the sidewalk built previously. The completed roadway section has been constructed in conformity with the rules and regulations of the Randolph Planning Board with the exception of the gravel sidewalk area on the southerly side of the roadway. Construction cost was approximately \$33,500.00 of which \$6,501.72 was provided under Chapter 679 as a grant to offset this cost. The finished roadway section extends previous construction to further eliminate hazardous areas along Grove Street. It is planned to present articles to the 1969 Annual Town Meeting for further extension of this major roadway reconstruction in 1969, to Lafayette Street.

I would like to express my personal thanks to all Town Officials and other department personnel for their fine spirit of cooperation during the past year, which has resulted in the completion of so many needed projects.

Engineering Department Staff

John E. Levreault, P. E., Town Engr.

Chas. W. Lehto, R.L.S.Asst.Tn.Engr.

Roger M. Cevolani, Field Engr.

George A. Cormey, Office Engr.

Janet M. Cameron, Clerk-Typist

Respectfully submitted,

JOHN E. LEVREULT,  
P. E.

Town Engineer

# ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

## REPORT OF THE HIGHWAY DEPARTMENT

To the Citizens of the Town of Randolph:

I hereby respectfully submit my report for the year ending December 31, 1968. Streets graveled, graded, rolled, penetrated and sealed with liquid asphalt:

Stoughton St.	So. Harriette St.	Davis Rd.
Tilton St.	Pine Ave.	Greenmount St.

Highway Surveyor

## REPORT OF THE BOARD OF WATER COMMISSIONERS

The eighty-seventh annual report of the Board of Water Commissioners is hereby submitted, covering the activities of the department for the year ending December 31, 1968.

### Organization of the Board:

John F. Brack, Chairman  
Norman F. Ayers, Clerk  
William J. Almond, Associate

During the calendar year 1968, the department received two hundred and thirty (230) applications for new services. Two hundred and twenty eight of these have been installed and added to the system.

### Meter Department

One hundred and sixty-eight (168) meters were installed on new services and twenty eight (28) were set as replacements. One hundred and forty two (142) meters were removed from service - seventy-two (72) were not registering; fourteen (14) were frozen and burst; seven (7) were removed to be junked; three (3) were removed for test and forty six (46) for various other reasons. Seventy five (75) meters previously removed were reset into service on January 1st, 1969. This department had 6135 metered services and eighty unmetered active services.

### Department Maintenance

During the year the department had sixty three (63) service leaks; twenty six (26) at cellar walls; twenty six (26) on the public ways and eleven (11) of these were caused by sewer construction. Eighteen (18) services were renewed; three (3) were relocated and six (6) services were discontinued. Five (5) services were rodded out and cleaned and eight (8) frozen services were thawed out electrically. Fifteen (15) curb boxes and nine (9) gate boxes, found broken, were replaced. Six (6) hydrants were broken by auto collision during the year, three (3) were "hit and run" the others were paid for through insurance. Ten (10) other hydrants found to have faulty operation were repaired. Four (4) additional hydrants were relocated.

## TOWN OF RANDOLPH, MASSACHUSETTS

### REPORT OF VETERANS' SERVICES DEPARTMENT

This office continues to try to provide the best services available to the veterans' of Randolph.

Ninety percent of the Viet Nam veterans are taking advantage of every program offered them by the Veterans Administration. The field of education still remains the number one program being used, and it is a great advantage for every young man being discharged from the service, to have offered to him. A new program instituted was the flight training under the GI Bill. Also wives of 100% disabled veterans and widows of veterans who died of a service connected disability are now offered educational benefits.

The Veterans' Benefits program used up the available funds, voted at Town Meeting, in October, 1968. The Finance Committee, Town Accountant, Town Treasurer, and members of the Board of Selectmen were a great help to me during this emergency. This department was voted additional monies in December, 1968 at a Special Town Meeting to finish the year. Of the \$26,000.00 voted at the special town meeting, \$19,000.00 was transferred back to the Veterans' Benefits account. This was money returned from insurance claims and property liens. I want to thank those who helped me through these difficult days.

The Christmas packages were mailed out again this year. A total of 77 packages were mailed and to finance this program I want to thank the town employees, the Lions Club and Rotary Club, and a special thanks to Al Hill of Hills Dept. Store. It was gratifying to read the letters from the young men who received these packages. The residents again responded by sending cards and one young Army man wrote and told me he received over 300 cards from people he did not know or had never met. Thanks also, to Alice Wallace and my two clerks, Peg Burke and Pauline Campbell for wrapping and addressing these 77 packages.

The year 1968 brought its share of grief and sorrow to the Town of Randolph with the loss of three young men in the service of their country in Viet Nam. On January 27, 1968, Cpl. Robert S. Plunkett, U. S. Marines of 50 Morgan Street, gave his life; on August 22, 1968, PFC Philip DeLorenzo, U. S. Army, of 984 North Main Street, paid the supreme sacrifice, and on December 24, 1968, PFC Ambrose Tanasso, U. S. Army of 18 Allen Street was killed in Viet Nam. We have now lost five men in the Viet Nam war. It is ironic that three of these young men, who were friends in life, now are laid to rest, side by side, in Central Cemetery, Randolph. May they all rest in peace.

In closing, I would like to urge all the young veterans of

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

Randolph to join one of the veterans organizations in town. They are all eager for young members with new ideas, so stop into one of the clubs and ask for an application. Remember, in unity there is strength and the only way veterans' legislation is passed is by sticking together and making your voices heard as a group.

My thanks to the Board of Selectmen and all town officials for their assistance during 1968.

Respectfully,

JAMES M. HURLEY  
Director of Veterans Services

# TOWN OF RANDOLPH, MASSACHUSETTS

## REPORT OF THE COUNCIL ON AGING

To the Board of Selectmen:

We are pleased to submit herewith the report of the activities of the Randolph Council on Aging for the year ending December 31, 1968.

On Sunday, May, 19th, 1968 our Senior Citizens' Day Celebration was held at the Elk's Hall in Randolph where the motion picture "Calamity Jane" featuring Doris Day, was shown to the delight of all who attended. This was followed by delightful refreshments served by Mrs. Rae Yoffa and her very capable committee. Again we extend our thanks to the Sisterhood of the Temple Beth-AM for their generous donation covering the table appointments.

Once again our sincere thanks are extended to Mr. Henry (Hank) Lowd who added much of his enthusiasm to the success of an enjoyable afternoon.

Six bus trips were planned under the very capable leadership of Miss Mildred Bailey, who worked untiringly to make these trips enjoyable to all, she was assisted by Mrs. Gladys Wheeler, another untiring worker for the Senior Citizens, they both have given many hours of their time and deserve a little notice and thanks.

June - during a bad storm a tour to Gloucester, Mass., was made to a delightful inn for dinner, but due to the storm the Seniors were unable to walk around the grounds. Worth consideration for another year.

July - an enjoyable day was had at Hampton Beach, New Hampshire.

August - a tour to Rockport, Mass., and after dinner a walk around the quaint shops.

September - a trip to Rindge, New Hampshire to visit the beautiful Cathedral of the Pines.

October - on a Sunday a trip was made to Acushnet, Mass., where a nice dinner was served and this was followed by an afternoon's entertainment, which received much applause. The arrangements for this trip were very capably handled by Mrs. Josephine Early.

December - we had an annual Christmas trip, first to the Fireside Diningroom in Brockton, for dinner, followed by a tour of the old and new Boston to

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

see the lights.

The organization has grown to such proportions it was necessary to use two buses for each trip, but it will no doubt be necessary to add an extra bus for another year.

The Council have been looking for suitable quarters to use as a drop-in center for the Seniors.

We wish at this time to extend our sincere thanks to all our members who have in any way helped to make this past year a success, and to extend our thanks to the Town for their assistance financially.

Respectfully submitted,

CLARA M. NICKERSON,  
Chairman

Randolph Council on Aging

# TOWN OF RANDOLPH, MASSACHUSETTS

## REPORT OF THE CIVIL DEFENSE AGENCY

If disaster, any kind, were to come upon our town now, just how ready are we and how efficient is our Civil Defense?

We have the NIKI site consisting of fifteen and a half acres - five and a half are fenced with steel mesh and electrically charged; macadam roads with electric street lights; an Administrative Building; a large Assembly Hall; two Garages; several other smaller buildings and our Emergency Center consisting of three Silos capable of accommodating three thousand people. Most of these buildings are heated and lighted.

Our Communication Section is set up in the Headquarters building with an eighty-foot Tower that gives us distance, and is operated by well-trained and efficient personnel.

Emergency equipment consisting of Five, Ten, Fifty and Hundred Watt Generators, Tools for most emergencies in co-operation with the Highway Department.

An Auxiliary Civil Defense Police Department that is well trained in Drill and Classroom instruction weekly. (Twice with one week the Auxiliary Police were called out to find four lost children. They were found after two o'clock in the morning.) The Auxiliary Police assisted the regular Randolph Police Department during the emergency of the airplane crash in Braintree. When Randolph lost its ambulance, the Civil Defense Agency procured the loan of an ambulance from the Dedham Civil Defense Agency to cover Randolph during the two months the damaged ambulance was being repaired. So, the Town was not without an ambulance during this period.

The Auxiliary Police Call of NINE (Three times) on the Fire Whistle starts a run of calls to the Police and Fire Departments by telephone. It is recommended that townspeople refrain from calls to these departments during an emergency as they can create a situation whereby actual emergency calls cannot be made.

Emphasis is placed on the following:

FIRST PRIORITY: The Shelter Program for Personnel and Family survival, and the storing of shelter supplies.

SECOND PRIORITY: Completion of the WARNING System for Randolph. Build up of Radiological Monitoring Operations for Randolph.

RALPH E. MacLEOD  
Brig. Gen. U. S. ARMY, Retired  
Director

C. D. Assembly Hall for Class & Indoor Instruction

Dept. of the Army, Office of the Secretary of the Army
2. Henry L. Loud - Executive Secretary, Town of Randolph
3. A. E. Edmonston - Director, Sector Z-D - Stoughton
4. Ralph E. MacLeod - Director, Randolph Civil Defense

## TOWN OF RANDOLPH, MASSACHUSETTS

### REPORT OF BUSINESS AND INDUSTRIAL COMMISSION

As we leave 1968 behind us, we see Randolph expanding its existing industry and attracting new companies. The Gilchrist Warehouse added over 20,000 square feet to its 120,000 square foot facility. Pacella Industrial Park has attracted the Aeolian Skinner Organ Company. Their complex structure will provide manufacturing space as well as specially designed acoustical areas in which their world famous organs can be tested.

Smith Photo Supply Company is another newcomer to the Pacella Park. The Company is supplier to commercial and industrial photographers. Film equipment and supplies of all nature and description are part of their stock in trade.

Alside Aluminum Company has occupied a specially designed warehouse in the York Industrial Park off High Street. The company operates warehouses throughout the country supplying aluminum siding as well as specialty aluminum products.

We are particularly proud that a Holiday Inn is in construction at North Randolph. The Business and Industrial Commission feels its efforts helped the Town Meeting to vote sewerage funds for North Randolph which made the construction on the site possible. We are convinced that the wisdom of the expenditure will be seen by the development of the business and industrial potential of the Routes 128 and 28 area.

As we review the events of 1968 and look forward to the future of our Town in 1969, we can say the "Past is prologue to the future".

Respectfully submitted by the Commission

ROBERT L. SCHNEIDER, Chairman

James V. Donovan	Vice-Chairmen	Herbert A. White
Michael J. Diauto		George F. Cullen
Robert L. Daley		Harold J. Gurney
George H. Kiley, Jr.		Joseph Marotta

\*\*Some arrests and summonses were served for out of town police.

## TOWN OF RANDOLPH, MASSACHUSETTS

\*\*\*Of the 166 cases dismissed for want of prosecution, the police were complainant on 118. 43 were dismissed after making restitution.

At this time the Police Department wishes to express their gratitude to the citizens of Randolph for their interest and support in voting for a new Police Station.

It is a beautiful building and planned with the idea in mind that if the need arise offices may be added on the second floor.

We are most grateful to the members of the Building Committee, Messrs. Henry Sandler, John T. Callahan, Richard R. Schwartz, Patrick T. McDonnell, James M. Hurley and Henry L. Lowd, as well as Mr. Albert Niemi, President of M. Gaffney Associates and his co-workers who were the architects.

On Sunday, December 8th we had the dedication and were pleased with the splendid turn out. The atmosphere of our new surroundings is such that it will certainly benefit the town in increased services due to a more efficient operation.

Respectfully yours,

CARL L. MACAULEY  
Chief of Police

NOTE: Continued observance of all safety measures must be maintained to insure complete safety for all.

CHARLES E. OLSEN  
Safety Officer

## REPORT OF THE RANDOLPH TRAFFIC SAFETY COMMISSION

The Randolph Traffic Safety Commission is pleased to submit its second annual report to the Town Meeting Members and Citizens of Randolph.

At this time we wish to thank the Town Meeting Members of Randolph for unanimously voting to continue the term of office of our Traffic Safety Commission. We also appreciate the cooperation of our Town Moderator, Joseph Welch, in confirming and appointing our nominations for membership in the Commission.

As approved by the Town in March of 1967, the Purpose of the Randolph Traffic Safety Commission was:

\*To Make a Survey of Traffic Safety Conditions in the Town.

\*To Report their Findings and Recommendations to the Public as well as the Proper Authorized Agencies of the Town.

\*To Report Back to the Annual Town Meeting of Randolph next year.

\*To Encourage and Promote More Careful Driving Practices and Safer Driving Conditions in the Town of Randolph with view to Reducing the amount of Traffic Accidents in our Town.

Recognizing the serious accident and fatality statistics of traffic incidents in Randolph, your Safety Commission has been very active during the year. The following is a brief resume of our Meetings, Accomplishments, and Programs under study.

## TOWN OF RANDOLPH, MASSACHUSETTS

1. Officers elected. . . Chairman, Bernard Davidson  
Treasurer, Mitchell Goodhue  
Secretary, Sylvia Rodberg

### 2. ENFORCEMENT PROGRAM

a. 1968 showed a fatality record of 4 people killed on our highways as against 11 in 1967. While this is gratifying to some extent, still it is nothing to be proud about. Traffic deaths are mainly the result of human negligence on the part of one or both drivers. Over 75 % of them are caused by drunken driving. Your Committee feels that a Breatholator is needed for the Town of Randolph Police Dept., where people under the influence can be legally tested and where warranted prosecuted. A drunken driver is a public safety menace, and should be ruled off the road. State funds will soon be available for this equipment at no cost to the Town.

b. Although our police give out more tickets per driving population than other towns in our area, the accident figures continue to rise. In 1967 we had 324 accidents; in 1968, 363 accidents, a rise of over 12 %. We have worked with Safety Officer Olsen and Highway Dept. Supt. Curran, who have promised that this spring Radar Control Signs as well as Anti Jay Walking Signs will be posted at high accident locations in Randolph.

c. Requests have been made to our Registry and State Police for additional assistance, especially during school hours.

### 3. TRAFFIC PATTERN STUDY

a. Local merchants have been very cooperative in posting safety material in their windows, and providing safe parking areas for their customers.

b. Signs will be posted at high incident locations.

c. Mr. Bruce Norian has been appointed to serve as delegate from the Traffic Safety Committee on the Zoning Committee of Randolph.

d. Safety Courtesy Awards have been given out to Courteous Drivers, through the cooperation of a local florist.

### 4. EDUCATION PROGRAM

a. The Randolph Auto Club is still going strong at our Randolph High School. The Club consists of young High School Students who are lectured to every Thursday night on automotive activities, while instilling in them through EDUCATION, THE BASIC PREMISE THAT SAFE DRIVING CAN BE FUN WITHOUT BEING DANGEROUS OR ILLEGAL. Safety Commission member, Mr. Bruce Norian, organized and lectures to these future young drivers.

b. Commission member, Mr. Mitchell Goodhue, throughout

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

the year has been showing safety films and lecturing to various civic organizations on traffic safety.

### 5. RANDOLPH TRAFFIC SAFETY WEEK

We all will recall the history making Randolph Safety Week, which was held in February of 1968. Our selectmen proclaimed the week of Feb. 25th through March 2nd, 1968 as Randolph Traffic Safety Week. Our clergymen presented Sermons to their congregations on RANDOLPH SAFETY SABBATH on the "Moral Responsibility of the Automobile Driver Toward His Fellow Man". Television Channel Four featured pictures and a story on Randolph's efforts to reduce Traffic Accidents. Our Auxiliary Police and Regular Police were out in force, as well as the Registry. Our local press and Boston press brought our message across to their readers.

In the interest of working together with the other 350 cities and towns of Massachusetts, telling their officials what Randolph has done and is trying to accomplish with our limited means, your chairman has filed House Bill 877. This bill was entered in the house with the cooperation of our State Representative, M. Joseph Manning. It was heard by the Safety Committee of the General Court of the House. The Bill was presented on January 28, 1969 before them by your Randolph Traffic Safety Commission. House Bill 877 calls for the establishment of "MASSACHUSETTS TRAFFIC SAFETY WEEK", and for it to be annually observed throughout the Commonwealth. If this bill is passed, the People of Randolph should be proud of our contribution towards Traffic Safety.

### 6. RANDOLPH 175TH ANNIVERSARY CELEBRATION

Your Traffic Safety Commission sponsored a Bicycle Driving Contest on the High School Grounds on Monday July 1st, 1968, during our 175th Anniversary. Hundreds of youngsters attended, and each of them received as much soda as they could drink and bicycle horns and streamers. We wish to thank the Registry of Motor Vehicles (Mr. Sidney Green) and the Mass. Safety Council (Mr. Ken Brown) the Coca Cola Bottling Co. of Braintree, and Brady's Auto Supply Co. for their wonderful support.

We very much appreciate the letter of thanks we received from Chairman David Doyle of the 175th Anniversary Committee, who in turn should be warmly congratulated by the Town for his excellent efforts, along with Ralph P. Condlin, and their entire committee.

### SUMMATION:

All the laws in the world and the police to enforce them; alone will not eliminate traffic deaths and injuries. You, the motoring public, must observe these laws, you, the motoring

TOWN OF RANDOLPH, MASSACHUSETTS

Public, must practice Courtesy of the Road. Then and only  
Then, will our Town of Randolph be SAFE TO DRIVE, TO RIDE,  
AND TO WALK IN. CAN WE COUNT ON YOU?

Respectfully submitted,

BERNARD DAVIDSON, Chairman  
Randolph Traffic Safety Comm.

# ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

## REPORT OF THE FIRE DEPARTMENT

Gentlemen:

The following is submitted as the report of the Fire Department for the year ending December 31, 1968.

### PERSONNEL:

The uniform force consists of 31 men.

The Chief of the Department, 3 Deputy Chiefs, 3 Captains, and 24 Firefighters.

The Call Force is comprised of 16 men.

### APPARATUS DISPOSITION:

#### CENTRAL STATION

## INJURIES TO FIREFIGHTERS

7 For the Year

ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT  
FIRE ALARM REPORT

The new Form 4 conversion system was put into service on January 24, 1968 along with the two additional circuit boards. The #14 16/c figure 8 cable was run on No. Main St. from Crawford Square to Station #2 and the #8 copperweld has been run in preparation for the splitting of circuits 1 & 3. With the arrival of good weather in the Spring, these changeovers will be completed. We also installed a whistle switch in the Fire Alarm room to control the whistle at the Town Hall, and when the new cable is put into service between stations we will be able to control the whistle at Station #2 from Central Station.

We now have 143 boxes in service.

The year's work was as follows:

Pole changeovers	95	# 8 Copperweld wire	22,160'
Crossarms, racks and singles installed	180	#14 16/c Figure 8 cable	9,000'
Boxes rewired or repaired	27	#12 TW	2,500
Bulbs replaced	60	#12 Fireline	250'
Red Globes replaced	4	Open circuits repaired	1
Box I-D Bands Installed	57	Lightning arrestors replaced	6
		Red signal lights installed	10

NEW BOXES INSTALLED OR CONNECTED IN 1968

7131 Pond St. & Pacella Park Dr.	6216 Kay Ln. & Michelle Ln.
7132 East Pacella Park Dr.	6217 Michelle Ln. & David Rd.
7133 West Pacella Park Dr.	6221 Burgess Movers

## TOWN OF RANDOLPH, MASSACHUSETTS

### REPORT OF THE SIGN INSPECTOR

For the year 1968, 29 permits were issued and over 100 inspections were made. Four signs were condemned and one abandoned sign removed. Forty weekend tours of the main portion of the town were made for illegal signs and poor fastenings. A total of \$206.25 was received in fees and turned over to the town treasurer.

Respectfully submitted,

LEONARD L. MOREAU  
Sign Inspector

### REPORT OF TREE AND MOTH DEPARTMENT

I herewith submit my report as Tree Warden and Moth Superintendent for the year of 1968.

Our regular program of repairing storm damage, trimming and removing dead branches and dangerous trees was continued. However, since there is a large area to cover, this work is of necessity limited.

1. TREE PLANTING in the year 1968.

An important function of this Department is the planting of trees, both shade and ornamental.

2. TREES REMOVED during 1968.

During this year 44 trees were removed.

3. TREES TRIMMED during 1968.

This is a continuous activity of the Tree Department and is carried on faithfully each year.

4. MOTH DEPARTMENT

The Moth Department liability for gypsy moth control for the coming year is \$3500.

5. EDUCATION

During the year we have many requests for information about trees and related problems. We are always happy to offer our services in this regard.

At this time, I wish to thank the Board of Selectmen and the citizens of the town for their splendid cooperation during the past year.

Respectfully submitted,

JOSEPH J. HART  
Tree Warden and  
Moth Superintendent

# ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

## REPORT OF THE DOG OFFICER

There was a total of 1910 complaints answered and investigations made at the request of the Police Department, Society for the Prevention of Cruelty to Animals, the Animal Rescue League of Boston and Brockton, the Police of neighboring towns, the School Department and the citizens of Randolph. Two hundred and two bites (202) were reported to the dog officer in 1968, on each of these reports the following action is mandatory: 1. Quarantine the dog for 10 day period. 2. Make report to the Division of Animal Health, Commonwealth of Massachusetts. 3. Report to and work in conjunction with the local Board of Health.

Disposition of dogs was as follows:

- 40 dogs were put to sleep (destroyed) as a result of accidents.
- 21 dogs were turned over to the Animal Rescue League of Boston.
- 12 dogs were sold and the fees turned into the town treasury.
- 140 dogs and 14 cats were picked up by the department, kept in custody and eventually returned to rightful owners in Randolph, Sharon, Stoughton and Canton. Of the 140 dogs picked up, 112 were unlicensed and the owners were forced to license the dogs before release.

Gas bombs and two cages as a deterrent against bad dogs, were again purchased in 1968 and distributed to others as a precautionary measure.

12 Conferences were held with the Board of Selectmen.

7 Conferences were held with the Town Clerk & Staff.

750 warning cards were sent to the owners of unlicensed dogs, at the direction of the County Dog Officer and the Dedham Superior Court.

77 Cases for investigation were received from the Society for the Prevention of Cruelty to Animals and the Pet Placement Supervisor of the Animal Rescue League of Boston.

8 Dogs and 4 cats and 1 racoon were rescued in 1968.

3 Court appearances were made--1 to Quincy and 2 to Dedham.

## TOWN OF RANDOLPH, MASSACHUSETTS

For the first time in the history of the Town of Randolph over 2000 dog licenses were sold.

#2000 License was sold to R. Miller of 14 Van Tassel Drive.

Dog refunds to the Town of Randolph from Norfolk County amounted to \$2,397.61 or approximately 53.9% of all monies collected.

The total breakdown as to the number of licenses sold and each type can be found in the report of the Town Clerk.

I would like to thank all the Departments involved for the excellent cooperation shown me and the Department in 1968. The relentless efforts will be extended in 1969 to the end that all dogs will be licensed.

Again in 1969 I direct an earnest plea to the parents of school age children to make a renewed earnest effort to restrain your dogs so that they will not follow the children to school. This will eliminate fear and severe danger from dog packs, this type of dog is a menace to the safety of others and will be treated accordingly.

Please cooperate with your Dog Officer and School Officials.

Respectfully submitted,

CORNELIUS J. CROWLEY  
Dog Officer

# ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

## REPORT OF THE TOWN COLLECTOR

# ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

## REPORT OF THE TRUSTEES OF THE TURNER LIBRARY

### Hours of Service

Monday and Thursday	10:00 A.M. to 9:00 P.M.
Tuesday and Wednesday	12:00 Noon to 9:00 P.M.
Friday	12:00 Noon to 6:00 P.M.
Saturday	10:00 A.M. to 5:00 P.M.

(The library is closed on Sundays and on all legal holidays)

### REPORT OF THE TRUSTEES

To the Citizens of Randolph:

In accordance with the provisions of Article III of the By-laws for the government of the Trustees of the Turner Library, this ninety-third annual report is submitted to show the condition of the Trust-- the Library, the building and the funds --for the calendar year 1968 and to mention such other matters concerning the Library as may be of general interest.

The annual report of the Librarian, Mrs. Lucia S. Faulkner, to the Library Trustees, which is appended as a part of this report, effectively covers the most significant operating accomplishments of the past year. Of particular interest in her report, however, is the fact that Turner Library's circulation--that is, the number of items issued to readers--has increased over last year while the general trend elsewhere has been for circulation to decrease. Although some part of this increase could be due to gradual growth in the town's population, the Trustees feel that this is not the only reason for the increase.

There is good reason to believe, for example, that the quantity and quality of books being purchased each year (and their effective display) is meeting the needs of townspeople better than ever and is encouraging people to read--and to read more. If this is particularly true of school-age children it is by no means limited to those in this group. A full fifteen per cent of the Library's total annual expenditures is currently devoted to the purchase of books, magazines and periodicals. As funds can be made available, the Trustees hope that this figure of fifteen per cent--the minimum percentage required if the town is to participate in the annual State Grant--will be increased. In brief, other things being equal, it is the storekeeper who keeps his shelves filled with the newest and best merchandise desired by shoppers, who serves best his regular customers and attracts new ones to his place of business.

Books, it is true, are a library's stock-in-trade. But a

## TOWN OF RANDOLPH, MASSACHUSETTS

well-trained, a reasonably experienced and a cooperative and understanding Staff is the vital part, the heart, of the library. The Trustees feel that this is the kind of a Library Staff that townspeople want, and need, to serve them; and from reports that come to the Trustee's attention as well as from personal observations, it appears that there never has been a better Staff at Turner Library--from the Custodian and the newest Page to the Librarian herself--than the present one. The spirit of service demonstrated by these people is establishing a real tradition and there is little doubt that this also contributes to the increased use and appreciation of Turner Library's facilities.

It was with sincere regret that the Trustees last April received the resignation of their senior member, Albert C. Wilde. Appointed to the Board in March, 1928, he had served as a Trustee for more than forty years; and throughout that period had given generously of his time and talents to the work of the Trustees. His sound judgement and pleasant manner are graciously acknowledged by all who have served with him. It was most fitting under the circumstances, that the Trustees in accepting his resignation voted unanimously that he be elected an Honorary Trustee.

Two new appointments to the Board of Trustees of the library were made during the past year: Robert L. Daley in April and Neil D. Scholl in October. The Trustees are confident that these new appointees will bring helpful backgrounds and experience to the Board and that they will make a significant contribution to the maintenance of good library service for the townspeople of Randolph.

The Trustees are pleased to announce the receipt of an attractive seascape painted in oil, framed and presented as a gift to the Turner Library by the artist Ray Connors--formerly a resident of Randolph but now living in Rockland, Mass.

At the Special Town Meeting of December 9, 1968, the Trustees endorsed the improved wage schedules proposed for employees of the Turner Library (as a result of a special study by an outside concern) but opposed the petition of the Town Finance Committee as contained in Article 7 of the Warrant, that such schedules should come under and be administered (together with all fringe benefits) by the Town's Personnel Board. The Trustees accordingly proposed an amendment to that Article 7 of the Warrant to the effect that the new schedule be adopted as a guide, with the interpretation and applicability of the schedule reserved to the Trustees "pursuant to and consistent with the deed of gift of Seth Turner et al to the town dated March 31, 1875, subject to the availability of funds."

Although the deed of gift is brief and does not mention

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

specifically whether the Trustees or the Town would be responsible for such things as the hiring and firing of Library employees, determining their salaries and administering these and other benefits, it is clear to the Trustees that it was the intent of the donors from the very opening of the library that these functions be in the hands of the Trustees -- regardless of the source of the funds therefor. The Trustees also believe that this was so understood and accepted by the Town Fathers of that day; for shortly after the First Board of Trustees had been appointed by the donors, that Board proceeded to hire a Librarian (Dr. Charles C. Farnum) and to determine his salary, his hours of work and his duties. Also, within a year of the Library's opening in 1875, it is apparent that unrestricted funds were voted at the annual Town Meeting for the use of the Trustees in meeting operating expenses of the Library.

Under these circumstances, the present Trustees felt that if the Town Meeting members were at this time to turn over any part of the Trustees' responsibilities to the Town's Personnel Board, such a delegation of duty would constitute a violation of certain clear intentions of the donors -- a breach of faith in the execution of the terms of the charitable trust established by the donors and accepted by the Town Fathers nearly a hundred years ago.

The Trustees also felt that if these terms of the gift were to be disregarded now, others might later be disregarded. In a larger sense, there is little incentive for a person to establish a charitable trust if, in a few years, the beneficiaries or their heirs feel no strong obligation to abide by the original terms of the gift.

The Trustees therefore called upon the Town Meeting members to honor the terms of this gift and to vote for the Turner Library and the proposed amendment. Unfortunately it must be recorded that the proposed amendment failed to carry by a vote of 66 to 60; and subsequently the original Article 7 was favorably acted upon.

The report of the Treasurer of the Trustees, John L. Porter is appended as a part of this Annual Report to the Town.

LAURENCE F. SHURTLEFF  
President  
Trustees of the Turner Library

## TOWN OF RANDOLPH, MASSACHUSETTS

### THE LIBRARIAN'S NARRATIVE REPORT TO THE TRUSTEES FOR THE YEAR 1968

Are we properly proud of our beautiful library? Does each tax-paying resident realize that even now, almost two and a half years after occupancy of the building, other boards of trustees, other building committees are hearing of, coming to see, and incorporating many of the lovely features of this library? "Fine," says the tax payer, "but now we want to know what goes on inside--just what reflects our tax investment." Fair enough.

Let's look at service. One reflection of the investment is the increased service in hours. Tuesdays, Wednesdays and Fridays now open at 12 noon, that employees of local firms having a twelve o'clock lunch hour may stop in to pick up or return a book, or for a quick browse. Another is the very greatly increased inter-library loan service, a rather complicated and time-consuming affair, but gratifying, according to "beneficiaries." Regular service to the Seth Mann Home has been established, in addition to continuance of deposits to the Hollywell Nursing Home. Several hundred books were requested and received from the Bureau of Library Extension of the State, so that some inquiring teachers may have a room deposit via Turner Library, our own collection still not permitting. Now something even more tangible? The library collection now numbers 35,000 plus volumes, this number reflecting in large proportion the investment in the book budget. I say the book budget because the life-span of books given to us subsequent to fire six years ago--Godsend that they were--could only be calculated at four years for those which circulated, inasmuch as they already were used books. Used again and much they have definitely been, and are now being retired gradually, having served a double usefulness!

Publicity - the further making known and respected our Town and its library - has not been neglected. Fine relations with the news media - both papers and T-V - exist, as evidenced in the cooperative display and publicity of materials on capital punishment, prior to the November election; and of National Newspaper Week, with a display and pertinent publicity, including Turner Library's recommended bibliography of its holdings on presses, linotype machines, reporters, commentators, journalism careers and newspapers in general. The Randolph Herald, Randolph Money Saver, Brockton Enterprise and Quincy Patriot Ledger have generously accepted coverage of exhibits of shells, Polish handicrafts, dolls, the Town Anniversary Celebration with historical material furnished by the State House; various lists of new additions to the library's book collection; of the summer reading club in the Children's Room, "Let's Go Exploring with Dr. Dolittle," and the 102 children who completed the program and won certificates; and of the story hours held for

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

two different age groups on Thursdays and Fridays.

Few of the Town residents have had the opportunity to know that twenty-one steps are followed in the preparation of a book in order to have it go out to the public. In 1968 part of the investment went into 4,421 books added to the collection, most of which underwent this 21-step treatment. These books were a composite of circulating fiction and non-fiction and heavier reference material for room use only, including such long-term values as Rand McNally's impressive Consumer Atlas and Marketing Guide, the Encyclopedia of Philosophy, the Encyclopedia of Social Sciences, the 3-volume College Blue Book, Encyclopedia Britannica, '68 ed., the 12-volume Negro Heritage Library; Polk's impressive Boston City Directory; the Merit Student's Encyclopedia, the new editions of Colliers; the 2-volume Encyclopedia of Careers and Vocational Guidance; the 4-volume American History told by Contemporaries; the 6-volume LARGE-TYPE Columbia Viking Desk Encyclopedia. Among additions to our periodicals are the LARGE-TYPE New York Times - a workable essence of the famous daily, and the Wall Street Journal.

Turner Library canvassed a small group of people interested in art, to the end of the formation of an art club, the library offering its sponsorship the first year and the library facilities of meeting room, art-audio-visual room and some personnel assistance. Under the able leadership of its officers the club grew into the Randolph Art Association, a flourishing one numbering over 100 members. By agreement with the request of the librarian, National Library Week was launched with a beautiful art exhibit viewed by over 1000 people.

New faces in the library - the reading kind - number 2,054 and include 48 non-residents who have paid their yearly fee, as such, and are eager to use our library. All told, 3,206 borrowers have been registered in 1968 alone, bringing library users well over the 9000 mark--i.e., 45 % of an estimated 20,000 population.

But after all, a building with books is simply a repository unless manned by interested workers with enthusiastic and workable ideas. This manning has been increased by the addition of Mr. Kevin McKearin as Asst. Librarian, relieving Acting Asst. Mrs. Dorothy Poehlman for her important duties as Young Adult Librarian. Mr. McKearin, a former teacher, is nearing his library science degree. New, too, as general library assistant, is Miss Paula Giacobbi, of the Boston Public Library, and, for part-time assistance Mrs. Donald White, earlier president of the Junior Chapter of the Ladies' Library Association. Also, in view of the small number of hours available from our library pages, and the ubiquitous problem of

## TOWN OF RANDOLPH, MASSACHUSETTS

highly-valued graduating pages who go on to other pastures, have been added Miss Sandra Sweeney, Miss Enid Koltov, Miss Sharon Richardson and Kenneth Green, with Miss Cathy Ryan as substitute. The latter is one of four girl scouts who, over many weeks, were instructed in some of the basic library routines, worked at these routines and achieved a merit badge in this area.

Perhaps the whole story can best be told by the fact that in this last year of dropping circulations throughout the country, Turner Library circulated 110,397 books - an INCREASE over the previous year of 1,689. Does all this bespeak a good return on the tax payers' investment: They KNOW the answer is YES; and 1969 will be even better, as has been the case every year!

My gratitude to the staff for their consistently good work and loyalty to the Turner Library, even in the face of beckoning fingers elsewhere, is very sincere. My appreciation of the continued fine support from your Board is equally sincere; and my pride in the very tangible evidence, as shown in this report, of your effectiveness as TRUSTEES of the Turner Library is deep and lasting.

Respectfully submitted,

LUCIA S. FAULKNER  
Librarian

# ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

## TREASURER OF THE TURNER FREE LIBRARY

To the Trustees of the Turner Free Library:

In compliance with the requirements of the By-Laws, I hereby submit the annual report of the Treasurer of the Turner Free Library.

# ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

## REPORT OF THE PERSONNEL BOARD

During the year 1968, the Personnel Board entertained re-classification requests involving twelve different positions within the municipal organization. As of the year-end, the Board had approved two such requests.

In addition, the Board rendered decisions on nine other matters relating to the interpretation of policy under the Personnel By-Laws.

In September, the Board initiated negotiations on three labor contracts involving the Fire, Highway-Water and Police Departments. One of the largest increases in the cost-of-living index in many years was experienced in 1968 and this will inevitably have its effect on the final results of these negotiations, as well as on the budgeted salaries in 1969 for non-union employees.

There were no grievances relative to the administration of the labor contracts, brought before the Personnel Board during the year.

DAVID MCGILL  
Chairman

# TOWN OF RANDOLPH, MASSACHUSETTS

## REPORT OF THE RANDOLPH HOUSING AUTHORITY

To the Honorable Board of Selectmen:

Since our last report was written in November of 1967 for the Annual Town Report, the Randolph Housing Authority has seen the Rev. Walter K. Lyon Memorial Housing for the Elderly Development completed and all forty-eight units occupied by our elderly citizens of Randolph. Our tenants have now completed one year of occupancy and from all indications they are happy and satisfied, appear to be getting along well and many have made new friends among the other tenants.

The tenants themselves have held functions during the past year, and we also have allowed some of the Town organizations to utilize the facilities of the Community Building on occasion. A highlight of the year probably was the New Year's Eve party which the tenants held last year, while another happy affair was a party early in December, given for the tenants by the Randolph Girl Scouts.

While we have been busy with the occupancy and management of our first Elderly Development, we have been moving forward on plans for a second such project in Randolph. In March of 1967 the Annual Town Meeting authorized us to apply for an additional development not to exceed 75 units, and the Part I Preliminary Application was filed with the State Division of Housing, which approved it and authorized us to construct approximately 60 additional units.

During the past year we were most fortunate in receiving our award from the Commonwealth of Massachusetts in the amount of \$810,000 towards the construction of our new development. Our architect has completed the preliminary plans and should have his final plans finished in the very near future. The Authority has chosen a site in North Randolph for this proposed development, and it will be a five-acre tract of land off Sunset Avenue, near Norroway Avenue, which is off Oak Street.

We have recently signed an amendment to the original contract for financial assistance whereby we are authorized to construct 64 units rather than 60 units, and our award has been increased to \$960,000. We expect to go out to bid in February of 1969 and to begin construction shortly thereafter. By the time this report is published next year we hope to have completed our second development and have it fully occupied. At that time we will have 112 elderly housing apartments - more than any other town in Massachusetts comparable in size to Randolph.

## ONE HUNDRED AND THIRTY-THIRD ANNUAL REPORT

During the Annual Town elections in the Spring of 1968, one of our members, Edward C. Hoeg, our Secretary, ran for the office of member of the Randolph Housing Authority. He ran unopposed for the five-year term and was elected to serve for that term.

The members of the Authority are very pleased with the progress that has been made on behalf of our elderly citizens this past year and look forward with high hopes that as much will be accomplished next year. The Authority would like to thank the members of the Board of Selectmen and all the Town officials of the various departments and boards who have co-operated with us this year; without their assistance we would not have made such progress.

We would also like to thank State Representative Joseph J. Semensi, who has been most helpful to us, and Representative M. Joseph Manning of Milton, and State Senator James R. McIntyre of Quincy, for their strong support.

Respectfully Submitted,

JAMES W. BRENNAN, Chairman  
HENRY J. ROTA, Vice-Chairman  
JOHN J. COPPINGER, Treasurer  
LAWRENCE W. DeCELLE, Assistant  
Treasurer  
EDWARD C. HOEG, Secretary  
JOSEPH R. WELCH, Executive Director

TOWN OF RANDOLPH, MASSACHUSETTS  
REPORT OF THE BOARD OF REGISTRARS

The Board of Registrars submits its annual report for the year 1968. A total of 12,273 registered voters were on file for the year 1968, making the total the largest in the history of the Town. The large increase was due to the November presidential election, and the April and September primaries. The largest percent of increase was established between the two primaries.

By precincts, the number of registered voters is as follows:

Precinct One	2208
Precinct Two	1867
Precinct Three	2096
Precinct Four	2148
Precinct Five	2305
Precinct Six	1649

The registrars have street listed 18,067 residents twenty years of age and over for the year 1968, and "Persons Listed by the Registrars of Voters" books were also printed.

Since the 1968 street listing the Town has added 194 single dwellings, 23 duplex dwellings, 1 apartment dwelling, and re-numbered 5 streets.

2800 dogs were also listed by the Board of Registrars for the year 1968.

Respectfully submitted,

ETHEL McDONALD, Chairman  
KATHERINE SMITH  
CATHERINE KILEY  
EDWARD T. CLARK, Clerk

# RANDOLPH FINANCE COMMITTEE

## 1968 REPORT

To the Citizens of Randolph:

The following is the Finance Committee's report and recommendations on various departmental budgets and separate articles in the Warrant for the 1968 Annual Town Meeting:

During 1967 the amount of monies expended to operate the various Town Departments was \$261,749.02 less than was appropriated at the 1967 Annual Town Meeting. From this amount of "free cash" (the E&D Account), the Finance Committee recommends that \$237,460.60 be applied to the special articles within the Warrant, with certain exceptions. On Article 33, as petitioned for by the Board of Water Commissioners, the Committee recommends that the full sum of \$5,050.00 be transferred from the Water Department Joint Account. On the Sewer Articles (35, 36, and 37) the Committee has deferred its recommendation until Town Meeting in order to obtain additional information necessary to make a responsible recommendation.

The Finance Committee recommends as follows:

1968 General Budget	\$6,932,594.03
Special Articles	248,302.01
	<hr/>
	\$7,180,896.04

The 1967 Annual Town Meeting  
appropriated \$6,618,101.90

The Finance Committee's total 1968 recommendations are \$562,794.14 more than the 1967 appropriation. This increase is reflected primarily by increases in the following items:

School Salaries	\$402,125.78
School Expenses	\$ 72,568.16
General Government	\$ 8,026.20
Protection of Life and Property	\$ 24,600.96
Welfare	\$ 12,716.50
Library	\$ 8,720.00
Blue Hills Regional School	\$ 21,981.96
Pensions and Retirement	\$ 2,006.33
Recreation	\$ 4,980.00
Unclassified	\$ 6,212.50
Maturing Debt and Interest	\$ 48,435.50

It is worthy to note that there are decreases in the following departmental budget requests:

Health and Sanitation	\$ 258.60
Public Works	\$ 19,506.33
Veterans Benefits	\$ 13,991.00

The Finance Committee supports the 2% general salary increase as petitioned for by the Personnel Board in Articles 25 and 26. This increase amounts to \$22,707.29 and has been included in the Special Articles total.

In 1965, the Finance Committee's concept of a Department of Public Works in the Town of Randolph was submitted to the Annual Town Meeting. Since that time this idea has languished in the Town Government Study Committee. The Finance Committee strongly believes that the establishment of a Department of Public Works would result in substantial benefits to the Town. The Finance Committee recommends that a definitive article concerning this matter be submitted at the 1969 Annual Town Meeting.

In view of the substantial amount of borrowings authorized by the February 1968 Special Town Meeting it should be noted that the Finance Committee intends to keep additional borrowings, if any, to an absolute minimum.

The Finance Committee cannot estimate the 1968 Tax Rate at this time, since the Commonwealth of Massachusetts has not yet made available the 1968 "Cherry Sheets", and the Randolph Board of Assessors has not submitted their 1968 total property valuation figures.

Respectfully Submitted,

THOMAS M. SULLIVAN, Chairman  
WILLIAM M. KOPLOVSKY, Vice-Chairman  
JOHN A. McCARTHY, Clerk  
HAROLD O. HOLBROOK  
ALFRED B. HILLS  
JAMES D. MAHONEY  
WALTER C. WINSTON  
FRANCIS M. MARCELLINO  
HERBERT N. COLCORD, JR.

February 9, 1968

Article 1. To hear and act on the report of any committee and choose any committee the Town may think proper.

RECOMMENDED.

Article 2. To hear and act on reports of Town Officers.

RECOMMENDED.

### LIBRARY

Article 3. To see if the Town will authorize the Trustees of the Turner Free Library to expend the sum of \$4,725.00 received by the Town from the Commonwealth of Massachusetts under the authority of Chapter 760 of the Acts of 1960 and Chapter 672 of the Acts of 1963, as petitioned for by the Trustees of the Turner Free Library.

RECOMMENDED

### POLICE

Article 4. To see if the Town will vote to raise and appropriate or transfer from available funds \$9,226.80 for Salary and Equipment for two additional men for the Police Department, effective May 1, 1968 or to take any other action with reference thereto, as petitioned for by the Board of Selectmen and the Chief of Police.

1 man from May 1, 1968 to December 31, 1968:

Annual Salary	\$6432.00	Weekly Salary	\$123.34
		35 weeks	\$4316.90

2 men	\$8633.80
-------	-----------

Equipment for 1 man:

Uniform	\$200.00	
Gun	\$55.00	
Handcuffs	\$16.00	
Claw	\$12.50	
Belt and Holster	\$13.00	\$296.50

Equipment for 2 men:	\$593.00
----------------------	----------

Grand Total — 2 men, Salary and Equipment \$9226.80

RECOMMENDED THAT THE SUM OF \$4,613.40 BE TRANSFERRED FROM THE E&D ACCOUNT FOR THE APPOINTMENT OF ONE ADDITIONAL POLICE OFFICER.

## FIRE

Article 54. To see if the Town will vote to rezone from residential to business use a parcel of land located at No. 29 South Street, bounded and described as follows:

Easterly by the westerly side of South Street a distance of sixty-six (66') thence northerly by land of Harry White et

al a distance of one hundred and ninety-eight feet (198') more or less, thence westerly by land of Randolph Manufacturing Company a distance of sixty-six (66') thence southerly by land of Randolph Manufacturing Company a distance of one hundred and ninety-eight feet (198') more or less to the point of beginning, containing thirteen thousand one hundred and fifty square feet (13,150 sq. ft) of land more or less. All as shown on a Plan of Land, Randolph, Massachusetts, Paul R. Johnson, Land Surveyor, dated December 18, 1967 on file at the office of the Planning Board all as petitioned for by Coran Realty Company and others.

REFERRED TO PLANNING BOARD.

### STREET ABANDONMENTS

Article 55. To see if the Town will vote to discontinue the portion of Porter Street which runs westerly from Orchard Street and which is shown as "Lot A" and "Lot B" on a "Plan of Land, Randolph, Mass. dated December 15, 1967" by DeCa Engineering Inc., a copy of which is filed at the office of the Board of Selectmen. As petitioned for by Philip Angileri and June Angileri.

REFERRED TO PLANNING BOARD.

Article 56. To see if the Town of Randolph will vote to abandon the section of Mitchell Street, between Waldo and Edwin Street, for a distance of two hundred feet more or less, northerly, as petitioned for by Katherine E. Flannery and others.

REFERRED TO PLANNING BOARD.

### STREET LAY OUTS

Article 57. To see if the Town will vote to lay out Pine Avenue as petitioned for by the Board of Selectmen.

RECOMMENDED.

Article 58. To see if the Town will vote to lay out Emerton Avenue as petitioned for by the Board of Selectmen.

RECOMMENDED.

### MUNICIPAL

Article 59 To see if the Town will vote to authorize the Board of Selectmen to act as the "Proper Financial Authorities" in dealings with all Federal, State, County,

and Municipal Agencies until the next Annual Town Meeting, as petitioned for by the Finance Committee.

**RECOMMENDED.**

Article 60. To see if the Town will vote to raise and appropriate, transfer or borrow, the sum of \$1,500.00 for roof repair on the Town Hall. As petitioned for by the Trustees of the Stetson School Fund.

**RECOMMENDED THAT THE SUM OF \$1,500.00 BE TRANSFERRED FROM THE E & D ACCOUNT.**

Article 61. To see if the own will vote to raise and appropriate, transfer, or borrow, the sum of \$2,500.00 to add to monies on hand for modernization of the exterior of the Town Hall. As petitioned for by the Trustees of the Stetson School Fund.

**RECOMMENDED THAT THE SUM OF \$2,500.00 BE TRANSFERRED FROM THE E & D ACCOUNT.**

Article 62. To see if the Town will vote to raise and appropriate, transfer or borrow, the sum of \$1,500.00 for exterior painting of the Town Hall. As petitioned for by the Trustees of the Stetson School Fund.

**RECOMMENDED THAT THE SUM OF \$1,500.00 BE TRANSFERRED FROM THE E & D ACCOUNT.**

Article 63. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to update the Traffic Control Signals at No. Main at Warren Street, and North Street at Mill Street to present standards for such devices as petitioned for by the Board of Selectmen and the Safety Officer.

**RECOMMENDED THAT THE SUM OF \$2,500.00 BE TRANSFERRED FROM THE E & D ACCOUNT FOR THE PURPOSE OF UPDATING THE TRAFFIC CONTROL SIGNALS AT NORTH MAIN AT WARREN STREET.**

Article 64. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to install a flashing warning beacon at the intersection of High and Reed Streets as petitioned for by the Board of Selectmen and the Safety Officer.

**RECOMMENDED THAT THE SUM OF \$750.00 BE TRANSFERRED FROM THE E & D ACCOUNT.**

Article 65. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to suitably observe the 175th Anniversary of the Town. Said funds to be expended by the 175th Anniversary Celebration Committee, as petitioned for by the 175th Anniversary Celebration Committee.

RECOMMENDED THAT THE SUM OF \$7,500.00 BE TRANSFERRED FROM THE E & D ACCOUNT.

Article 66. To see if the Town will vote to raise and appropriate, transfer or borrow, the sum of \$2,000.00 to transform the old police station to useable offices. As petitioned for by the Trustees of the Stetson School Fund.

NOT RECOMMENDED.

Article 67. To see if the Town of Randolph will raise and appropriate or transfer from available funds the sum of One thousand five hundred dollars (\$1,500.00) for the Randolph Council on Aging.

RECOMMENDED THAT THE SUM OF \$1,000.00 BE TRANSFERRED FROM THE E & D ACCOUNT.

Article 68. To see if the Town of Randolph will vote to raise and appropriate, transfer or borrow the sum of \$2,000.00 to establish a Conservation Fund; as petitioned for by the Randolph Conservation Commission.

NOT RECOMMENDED.

Article 69. To see if the Town of Randolph will vote to adopt the following ordinance: All outdoor burning of any materials, with the exception of fires used in the preparation of food, or fires authorized by a permit signed by the Fire Department and the Conservation Commission, is hereby prohibited. Violators of this ordinance, after one warning, will be fined \$20. Fines collected shall be transferred to the Randolph Conservation Fund. The Police and Fire Departments are empowered to enforce the provisions of this ordinance; as petitioned for by the Randolph Conservation Commission.

NOT RECOMMENDED

Article 70. To see if the Town of Randolph will vote to amend the Sign Code as follows:

Section I.1, Paragraph (c): Delete the phrase "6 feet" and substitute the phrase "12 inches"

Section I.2, Paragraph (a): Delete the phrase "18 inches from the curb line" and substitute the phrase "12 inches from the property line"; as petitioned for by the Randolph Conservation Commission.

#### NOT RECOMMENDED

Article 71. To see if the Town will vote to amend the By-Laws by striking from Article 2, of the Dec. 11, 1961 Special Town Meeting, the clause, "except in the areas of Bear Swamp and Broad Meadows where shot guns only can be used." Violation of this by law shall be punishable by a \$20 fine for each offense. As petitioned for by the Board of Selectmen.

#### RECOMMENDED

Article 72. To see if the Town will vote to amend the By-Laws by adding: factories, plants, contractors, and industries shall not engage in work between the hours of 12:01 A.M. and 5.59 A.M. except with special permission by written permit from the Board of Selectmen. Violation of this by-law shall be punishable by a \$20 fine for each offense, as petitioned for by the Board of Selectmen.

#### NOT RECOMMENDED

Article 73. To see if the Town will vote to amend the Personnel By-Laws by adding thereto the following:

Whenever an employee receives other compensatory money to fully cover his loss of salary during absence from work caused by injury received in the course of his employment his department head shall notify the selectmen who shall examine the matter and they shall direct appropriate reduction in Town Payments. As petitioned for by the Board of Selectmen.

#### RECOMMENDED

Article 74. To see if the Town will vote to amend the gravel removal by law Art. 46, 1965 A.T.M. by striking there from "except in connection with construction of a building on the parcel" as petitioned for by the Board of Selectmen.

#### RECOMMENDED

#### MISCELLANEOUS

Article 75. To see if the Town will vote to raise and appropriate or transfer from available funds, the sum of

\$50.00 for the maintenance and lighting of the clock in the tower of the First Baptist Church, as petitioned for by the Board of Selectmen.

RECOMMENDED THAT THE SUM OF \$50.00 BE TRANSFERRED FROM THE E & D ACCOUNT

Article 76. To see if the Town will vote to raise and appropriate or transfer from available funds, the sum of \$50.00 for the maintenance and lighting of the clock in the tower of the First Congregational Church, as petitioned for by the Board of Selectmen.

RECOMMENDED THAT THE SUM OF \$50.00 BE TRANSFERRED FROM THE E & D ACCOUNT

Article 77. To see if the Town will vote to authorize the treasurer, with the approval of the selectmen, to borrow money from time to time in anticipation of the revenue for the financial years beginning January 1, 1968 and January 1, 1969, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year, in accordance with the provisions of General Laws, Chapter 44, Section 17.

RECOMMENDED

Article 78. To see if the Town will authorize the Water Commissioners to appoint one of their members to another office or position under their control, and fix the salary of such person in accordance with the provisions of Chapter 36, Acts of 1929 or take any other action relative thereto, as petitioned for by the Board of Selectmen.

RECOMMENDED

Article 79. To see if the Town will authorize the Board of Assessors to appoint one of their members to another office or position under their control, and fix the salary of such person in accordance with the provision of Chapter 36, Acts of 1929, or take any other action relative thereto, as petitioned for by the Board of Selectmen.

RECOMMENDED

Article 80. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of

\$25,000.00 to establish a Reserve Fund in accordance with Chapter 40, Section 6 of the Massachusetts General Laws, as petitioned for by the Finance Committee.

RECOMMENDED THAT THE SUM OF \$25,000.00 BE TRANSFERRED FROM THE E & D ACCOUNT

Article 81. To see if the Town will vote to accept terms and conditions of a collective bargaining Agreement Proposal made by the Permanent Members of the Randolph Police Department to the Town of Randolph under the authority of Massachusetts General Laws, Chapter 149, section 178G through 178N inclusive and in conjunction therewith to raise and appropriate or transfer from available funds a sum of money to fulfill the requirements of the terms and conditions of the Collective Bargaining Agreement, as petitioned for by the Committee for the Permanent Members of the Randolph Police Department and the Board of Selectmen.

RECOMMENDED

Article 82. To see if the Town will vote to accept the terms and conditions of a collective bargaining Agreement Proposal made by the Permanent Members of the Randolph Fire Department to the Town of Randolph under the authority of Massachusetts General Laws, Chapter 149, section 178G through 178N inclusive, and in conjunction therewith to raise and appropriate or transfer from available funds a sum of money to fulfill the requirements of the terms and conditions of the Collective Bargaining Agreement as petitioned for by the Committee for the Permanent Members of the Randolph Fire Department and the Board of Selectmen.

RECOMMENDED

Article 83. To see if the Town will vote to accept the terms and conditions of a collective bargaining Agreement Proposal made by the Permanent Members of the Randolph Water and Highway Departments to the Town of Randolph under the authority of Massachusetts General Laws, Chapter 149, Section 178G through 178N inclusive, and in conjunction therewith to raise and appropriate or transfer from available funds a sum of money to fulfill the requirements of the terms and conditions of the Collective Bargaining Agreement, as petitioned for by the Committee for the Permanent Members of the Randolph Water and Highway De-

partments and the Board of Selectmen.

**RECOMMENDED**

Article 84. To see if the Town will vote to raise and appropriate money to defray the General Town Expenses for the current year, as recommended by the Board of Selectmen and the Heads of various departments.

**RECOMMENDED**

Standing: Henry L. Lowd, Exec. Secy - John R. O'Riley, George F. Cullen, Patrick T. McDonnell  
L to R

Joseph J. Semensi, Clerk - Norman B. Silk, Chairman - Mary K. Nelson, Secretary

## DEDICATION

The year 1969 saw the Town of Randolph suffer the loss of an unusually large number of unselfish public-spirited citizens who had served our town in many ways on various Boards, Committees, Authorities, and as Town Employees.

To each of them and to all of those whose passing we marked with sorrow during 1969 and former years, this 134th Annual Report of the Town of Randolph is dedicated.

## TOWN OF RANDOLPH, MASSACHUSETTS

### REPORT OF THE BOARD OF SELECTMEN

1969 represented another year of continuing achievement for Randolph. Some benefits which the Town enjoyed because of a stable government and tax rate include the continuation of many long range improvements to our water and sewer systems, the addition of more buildings to house our increased school population as well as other facilities to better serve the residents of the town.

The substantial increase to the total tax base of the Town as represented by the assessed valuation which will soon exceed \$110,000,000 is dramatic proof of the cooperation received by your present Board of Selectmen from all areas of Town Government. This has resulted in added revenues to the Town and the orderly growth of our industrial areas while at the same time taking every possible precaution to protect the best interests of our residential homeowners.

Good government is stable government. Stable government is dignified government. When government functions well, it operates smoothly and quietly. Town government is like professional sports teams. We all recall the "Pride of the Yankees" when the New York baseball team won championship after shampionship with quiet efficiency. Closer to home the Boston Celtics year after year proved their class with proven steady performers.

We, your Selectmen, have functioned as a five-man team throughout most of the decade of the 1960's. We take pride in our accomplishments, in our experience, and above all the faith and confidence of you, our fellow Townsfolk, without whose support we could not serve. We pledge our combined efforts as we begin a new decade.

Respectfully submitted,

BOARD OF SELECTMEN

NORMAN B. SILK, Chairman  
JOSEPH J. SEMENSI, Clerk  
PATRICK T. McDONNELL  
GEORGE F. CULLEN  
JOHN R. O'RILEY

# ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

## REPORT OF THE EXECUTIVE SECRETARY

As indicated in my report to the Board of Selectmen in prior years, Randolph has continued to enjoy a relatively stable tax rate. As computed by the Board of Assessors, the 1969 tax rate was \$50 per \$1,000. valuation, an increase of \$1., modest indeed when compared to nearby communities and particularly so when we realize that 87¢ of the \$1 represented the additional cost of snow removal after the three major week-end snow storms during the first part of the year. It should also be borne in mind that the Town Meeting Members authorized substantial appropriations to continue orderly extensions of our municipal services in connection with the long-range planning instituted several years ago by the Board of Selectmen.

Such an accomplishment has not been brought about by the efforts of any one person or any individual group of persons, but rather by the combined efforts of all Department Heads, Employees, and every Commission, Committee and Board in the Town. The addition of more than \$7,300,000 in assessed valuation as reported by the Board of Assessors contributed substantially to the tax revenues of the town. Equally significant was the \$357,616 certified as "Free Cash" as of January 1, 1969 by the Director of the Bureau of Accounts of the Massachusetts Bureau of Corporations and Taxation. This was the second highest single amount ever certified and reflects a combination of increased collections, outstanding departmental efficiencies and good overall fiscal control. With the \$357,616 available, it was possible to request the Town Meeting Members to transfer \$320,000 to substantially reduce the amounts otherwise to be raised by taxation, leaving the remaining \$37,616 available should an unforeseen emergency arise. Since it was not necessary to call any Special Town Meetings during 1969, this sum will be added to whatever amount certified as "Free Cash" in 1970 and could be used in the same manner.

Income received from various sources, exclusive of taxation, increased and represents the efforts of all to take advantage of every source of State and Federal funds. As the year 1969 comes to a close, we are awaiting approval of more than \$1,850,000 of Federal Grant applications.

In an effort to obtain every available dollar of financial assistance to lessen the direct cost to the taxpaying homeowner, applications have been filed for:

The purchase of a replacement for our emergency ambulance

Updating and improvement of communication facilities which will establish a local Government network and link all Town vehicles through a two-way radio system.

## TOWN OF RANDOLPH, MASSACHUSETTS

Extention to our existing numicipal sewer system

The purchase of a Radar Muni-Quip System with two-way mobile unit

Updating and improving traffic signals at various locations

Urban beautification and related programs for the expansion and developoment of sorely needed recreational facilities.

Some instances where new sources of revenue have been found to provide assistance in offsetting the cost of the ever increasing demand for increased municipal services, include:

Reimbursement from the Commonwealth of Massachusetts for approved water pollution abatement projects

Reimbursement from the Commonwealth of Massachusetts from the proceeds of Chapter 684 of the Acts of 1968 (Flood Relief)

Participation by the Town in "Operation Foresight" in which the Corps of Engineers authorized drainage and related flood control projects with a value of \$75,000. The total spent by the Army Engineers was \$18,922. Cost to the Town - none.

Participation in Federal programs which provide pre-school training to underprivileged children and jobs to high school youngsters of lower income families.

Participation in the program which provides additional equipment obtained from Government Surplus sources

Reimbursement from the Commonwealth of Massachusetts for the rental of office space.

The amounts thus obtained were in addition to the distributions made to the Town from the Sales, Income, Meal, and various other tax and related sources.

During the fiscal year 1969 the Randolph School Department was in receipt of Federal Funds totaling \$132,397.50 through the creative and persistent efforts of many of its staff members. This is more than received in fiscal 1968 and very commendable, particularly since the new Administration in Washington is committed to cutting back on Federal Aid in many areas. This total does not include the amount of Federal and State Reimbursement for the School Lunch and Milk Programs. Another instance where operating economies were achieved was in the area of cash flow. In this

## ONE HUNDRED AND THIRTY -FOURTH ANNUAL REPORT

era of high interest rates the Treasurer drastically reduced the necessity of borrowing in anticipation of taxes and maintained a position fully invested in high yielding and approved government obligations whenever and wherever possible.

Randolph was an area leader in the adoption of the Executive Secretary By-Law in 1964. Since that time, nearly every surrounding town has either followed the pattern set by Randolph in adopting a similar by-law or is giving serious consideration to submitting a comparable article for consideration at future town meetings. In 1966 the position of Executive Secretary was combined with that of Town Accountant in Randolph following the pattern established by the towns of Burlington, Wayland, Weston, Wakefield, and several other smaller towns. Since 1964 the towns of Braintree, Milton, Canton and Sharon have appointed a full-time Executive Secretary and newspaper accounts indicate the nearby towns of Holbrook and Avon are considering such a future course of action. Since publication of a recent article in the Massachusetts Selectman's magazine entitled "Executive Secretary Plan in Massachusetts" based on a book written by Joseph F. Zimmerman, Professor of Political Science, Graduate School of Public Affairs, State University of N. Y. which quoted at length from my first report to the Board of Selectmen, inquiries have been received by this office, the Government Study Committee, and others, from many towns in all parts of the state.

In 1968 the Board of Selectmen gave me permission to accept the invitation of the Chairman of the M. B. T. A. Advisory Board to become a member of its Budget Committee. This year the Advisory Board accepted the recommendation of the Budget Committee and its Chairman who also serves as the Executive Secretary and Town Accountant of Wakefield and reduced the budget submitted by the Mass. Bay Transit Authority by more than \$20,000,000. It was especially gratifying to assist the Board of Selectmen in their successful effort to maintain our bus service thereby guaranteeing public transportation to all areas of the town. This was of extreme importance to all citizens of the town because school authorities estimate a minimum of 47 additional pupils would be transferred to our already overcrowded high school if the service originally scheduled to end on December 27th was not maintained providing these students with transportation to various private and parochial schools at their expense.

On September 25, 1969 auditors of the Bureau of Accounts, Department of Corporations and Taxation, reported they had completed their audit of the books and records of the Town for the period July 1, 1966 to November 11, 1968 and that the Town Accountant's ledger accounts were analyzed and proved, receipts checked with the Treasurer's books and the payments compared with the warrants authorizing them and with the Treasurer's

## TOWN OF RANDOLPH, MASSACHUSETTS

records of payments, while the appropriations, transfer and loan authorizations were checked with the Town Clerk's records of town meeting proceedings and with the Finance Committee's records.

As in prior years, I wish to express my sincere thanks and appreciation to every Commission, Committee, Board, Department Head, Town Employee, and Citizen of the Town of Randolph for their continuing cooperation during the year.

Respectfully submitted,

HENRY L. LOWD  
Executive Secretary  
and  
Town Accountant

### REPORT OF THE TOWN COUNSEL

Gentlemen:

The Town Report of the Legal Department is as follows:

A hearing was held before the Civil Service Commission and there was a hearing before the Federal District Court and the United States Court of Appeals involving question of parades.

On one occasion it was necessary to obtain from the Superior Court an injunction against the use of land for dumping.

The Town became involved in the matter of M. D. C. sewer assessments as they affect the City of Boston and the other towns, including Randolph, in the system. This case is pending in the Superior Court.

There was an appeal to the Superior Court involving the Board of Appeals and matters involving land damage.

There were also District Court cases and matters before the Appellate Tax Board.

Opinions were rendered for various departments and attendance was required at many Board, Commission and Committee meetings.

Very truly yours,

WILLIAM J. CARR  
Town Counsel

# ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

## ANNUAL TOWN MEETING

March 3, 1969

Pursuant to a Warrant issued by the Board of Selectmen and signed on the Fourteenth day of February, A.D. 1969, duly posted by Carl L. Macauley, Constable, the voters of Randolph assembled on the Third day of March, 1969 in the McNeill School for Precinct #1, in the Randolph High School for Precinct #2, in the Elizabeth G. Lyons School for Precinct #3, in the Tower Hill School for Precinct #4, in the Devine School for Precinct #5 and in St. Bernadette's Parish Hall for Precinct #6.

The election paraphernalia was given by the Town Clerk to the Wardens of all precincts and receipts were taken therefor.

The polls were open for the reception of ballots at 7:00 o'clock A. M.

The returns were made to the Town Clerk from Precinct #1 at 9:47 P. M., Precinct #2 at 8:14 P. M., Precinct #3 at 8:35 P. M., Precinct #4 at 8:25 P. M., Precinct #5 at 8:47 P. M. and Precinct #6 at 8:25 P. M.

The vote was tabulated by the Town Clerk using the new Electronic Vote counting machines, and the declaration of the results was made at 10:50 P. M., March 3, 1969.

The total number of votes cast in the six precincts were as follows:

Precinct #1	433
Precinct #2	495
Precinct #3	347
Precinct #4	476
Precinct #5	438
Precinct #6	299

## ANNUAL TOWN MEETING

March 17, 1969

The first session of the Randolph Town Meeting convened at the Randolph High School at 8 P. M. with Moderator Joseph R. Welch presiding.

## ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

On motion of Bart Mulhern, seconded by Edward T. Clark it was voted to adjourn to 8:15.

Moderator Welch after being informed by the Clerk that a quorum was present, asked all Town Meeting Members to take their seats in the hall, and called the 1969 Annual Town Meeting to order.

Five students from Brockton and Randolph who were studying the governments of each other's towns were welcomed to the meeting.

The salute to the flag was lead by Mr. Clark.

Rev. James Dalton, Pastor of St. Mary's Church, led the assembly in prayer.

A moment of silence was observed for all deceased town employees, town meeting representatives and deceased war veterans.

Moderator Welch introduced Gloria Bergonzi, recorder of the meeting.

The call of the meeting and the return of service was read by Town Clerk Edward T. Clark. The oath of office to all newly elected Town Meeting Members was administered by Moderator Welch.

Appointed tellers for the evening were, James Lynch, James Good and William Strickland.

Moderator Welch congratulated the meeting members on their time arrival and asked that in the future the meeting be opened at 8 P.M. Mr. Welch announced it had been suggested by some meeting members that in the event the town meetings be carried over into extra sessions, that instead of meeting two nights a week as in the past, three meetings a week would be more desirable, would shorten this and future meetings and asked that serious consideration be given on this matter.

For the benefit of new members, Moderator Welch outlined the proposed manner in which he would conduct the meeting dealing with motions from the floor and recommendations of articles.

### 1 - REPORTS - 1

ARTICLE #1. Report Of The Finance Committee by William M. Koplovsky, Chm. We must first express our thanks to the various departments of the Town for submitting, almost without exception, all budgets and articles by the dates specified by the 1967 Annual Town Meeting. Members of your Finance Committee, acting as sub-committees of from one to three men, reviewed most budgets during their preparation stage, and recommended revisions - both increases and decreases - during review. We have held, during the

## TOWN OF RANDOLPH, MASSACHUSETTS

past year, 47 meetings of the full committee and its sub-committees another 65.

The new format of the Warrant, we believe and hope, will simplify and shorten the Town Meeting. All expenditures for a given Department, both Articles and Budgets are grouped together; further, the Warrant is divided into 15 sections, each section containing, as nearly as possible, the total expenditures for a given area of Town Government. We have consolidated the individual department budgets by listing total salaries for the entire department; total expense items; capital outlay total; out of state travel expense; and any other items we felt should be specifically detailed.

By voting to accept this Article the Town Meeting will direct the Town Accountant to expend funds in the manner stated in that itemized list, in the same manner as in previous years.

In the matter of executive salaries: the Fin. Com., as a result of the personnel survey directed by the 1968 ATM, finds itself in the unenviable business of recommending individual salary levels. We have done this using the guidelines set out in the Olney Report using the salary schedule "A" voted by the December 1968 STM, i.e., present salary, job performance and longevity, as follows: (where the requested salary was higher than recommended we so note.)

TITLE	GRADE	STEP	REC. SALARY
Town Counsel	A-1	Min.	\$ 6,710*
*to include the first eight days of court appearances at no cost to the town.			
Collector	A-4	Max.	\$ 9,830*
*requested A-6, step II, \$9,985			
Assessor (full time)	A-4	III	\$ 9,050*
*requested \$9,537			
Highway Surveyor	A-5	IV	\$10,140*
*requested \$10,955 Step Max.			
Treasurer/Clerk	A-6	Max.	\$11,355
Executive Secretary/ Town Accountant	A-10	Max.	\$14,980

The above figures, under the Article voted at the Dec. 1968 STM, will be increased by the same percentage as any raise voted for the "S" group of the Town Employees under the personnel articles.

The major increase in expenditures this year is in the area of education. The budget of the Randolph School Department \$4,025,691.00 up \$612,635.51. The Blue Hills Regional School Budget \$191,998.21 up \$47,148.82.

## ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

Add to this the maturing debt and interest on School borrowings (\$593,028) and we find that we are spending approximately 61% of the Town's budget for this necessary and worthwhile, but very expensive purpose. The above figures by the way, include only \$15,000 in interest expense for the construction of the new High School Addition so that the 1970 maturing debt and interest account for the schools alone will show an increase of \$350,000 to \$400,000 (net of State reimbursement.)

We ask that the Town Meeting, by voting to accept this Article, establish the Capital Planning Committee, set its membership at 8, and include as Members the following: a Selectman, an Assessor, a Sewer Commissioner, a Water Commissioner, a School Committee Member, a Finance Committee Member, a Planning Board Member and a Chairman to be appointed by the Moderator.

This Committee shall develop a five year projection for all capital outlays in excess of \$500 by December 1, 1970, and, beginning with requests to be heard at the 1970 Annual Town Meeting, shall review all such requests (including new construction projects) in time to report to the Finance Committee by December 15 preceding an annual Town Meeting. This Committee shall be empowered to request assistance from any Town Department in carrying out its proper functions. We believe that the establishment of this committee will prove beneficial in developing longer range plans for the consideration of the Town Meeting and will encourage orderly growth of the Town as a whole.

The key to avoiding 'growing pains', such as we are now experiencing is cooperation and coordination among all areas of Town Government; the ability to say "NO" to unreasonable or premature requests, and PLANNING, PLANNING, PLANNING. We believe that this cooperation and the degree of forward planning required can be attained on a co-ordinated basis so that Randolph will become an even better place to live and work.

### ARTICLE 1 VOTED BY VOICE VOTE

ARTICLE #2. To hear and act on the report of any Committee and choose any Committee the Town may think proper. Bernard Davidson made the following motion: That the Randolph Traffic Safety Commission be appointed as permanent standing committee in the Town of Randolph until such time as the Town of Randolph decides otherwise.

Principal MacGerrigle of the Tower Hill Elementary School was publicly commended and awarded by the Randolph Traffic Safety Commission.

The report of the Municipal Space & Needs Committee was read and accepted.

## TOWN OF RANDOLPH, MASSACHUSETTS

After some discussion it was voted to leave article two open to allow the Town Meeting members time to study the Report of the Government Study Committee before voting.

Recommended that these Reports be accepted as published in the 1968 Town Report.

ARTICLE #3. To hear and act on reports of Town Officers. RECOMMENDED that these Reports be accepted as published in the 1968 Town Report.

RECOMMENDATION VOTED BY VOICE VOTE.

### ARTICLE #4. 2-Maturing Debt & Interest. -2

To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue for the financial years beginning January 1, 1969 and January 1, 1970 in accordance with the provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year, in accordance with the provisions of General Laws, Chapter 44, Section 17.

RECOMMENDED.

RECOMMENDATION VOTED BY VOICE VOTE

ARTICLE #5. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money or take any other action in connection therewith for the following purpose (s):

### 2 - MATURING DEBT AND INTEREST - 2

PURPOSE	Outstanding 12/31/68	1969 Principal Payment	1969 Interest	Total
Schools	\$4,636,000.00	\$420,000.00	\$158,028.50	
High School Addition (Auth but unissued Bonds)			15,000.00	593,028.50
Water	225,000.00	50,000.00	6,955.00	56,955.00
Sewer	2,524,000.00	275,000.00	94,574.00	369,574.00
Public Bldgs.	155,000.00	20,000.00	6,257.50	26,257.50
Welfare & Vets				
Relief Loan	67,000.00	67,000.00	2,680.00	69,680.00
Anticipation of Revenue			28,000.00	28,000.00
1969 Totals	7,807,000.00	832,000.00	311,495.00	1,143,495.00

RECOMMENDED that the sum of \$1,143,495.00 be raised and appropriated.

Finance Committee Recommendation voted unanimously-Voice Vote

# ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

## 3 - SCHOOLS - 3

ARTICLE #6. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money or take any other action in connection therewith for the following purpose (s):

	<u>Expenditures</u>		<u>Recommended</u>
	1967	1968	1969
a) Randolph			
Public Schools			
Salaries	\$2,414,153.	2,794,913.23	3,381,607.
Expenses	497,437.	568,921.94	712,348.
Sub Total	2,911,590.	3,363,835.17	4,025,691.
b) Blue Hills Regional			
Tech. School			
Operational	101,072.	124,176.	172,060.

TOTAL	102,395.00	104,391.33	113,311.00

Finance Committee Recommended Raise and Appropriate  
\$113,311.00 VOTED unanimous by Voice Vote

## TOWN OF RANDOLPH, MASSACHUSETTS

### 5 - ZONING AND PLANNING - 5

ARTICLE #8. To see if the Town will vote to rezone from Residential to Business all of the land not presently zoned Business bounded on the East by North Main Street on the North by Diauto Drive, on the West by the "B. P. M. Shopping Center" so called, and on the South by Memorial Parkway. It being the intention of the petitioners to request the rezoning of all non business zoned land with the above area. For detail see a Plan entitled "Proposed Rezoning Randolph, Mass., dated June 26, 1968, copy of which is on file at the Planning Board, as petitioned for by Michael J. Diauto, Norfolk County Trust Company, and others.

Recommended by the Planning Board.

Recommendation of Planning Board VOTED Unanimous by Voice Vote.

ARTICLE #9. To see if the Town will vote to amend the zoning by-laws to change, from Residential to Business, the following described parcel of land, situated on the Westerly side of North Street, and bounded and described as follows:

Being Lots 3 and 5, as shown on a Plan of Land entitled, "Plan of Land, Randolph, Massachusetts," dated May 21, 1966, by Charles W. Lehto; Lots 3 and 5 are collectively bounded and described as follows:

NORTHERLY by Short Street, One Hundred Thirty-Five and 22/100 (135.22) feet;

EASTERLY by a curved line forming the radius of Short Street and North Street, Forty-Five and 55/100 (45.55) feet;

SOUTHERLY by North Street, Seventy-Eight and 05/100 (78.05) feet;

SOUTHWESTERLY by land of Robert G. and Barbara C. Gaynor in two (2) courses, measuring thirty-Nine and 51/100 (39.51) feet, and Sixty-Seven and 00/100 (67.00) feet, and

EASTERLY by Lot 2 on said plan, Seventy and 00/100 (70.00) feet.

As petitioned for by Robert G. Gaynor and others.

Recommended by the Planning Board.

Recommendation by the Planning Board DEFEATED Yes 98 No 79 2/3 Votes Needed.

ARTICLE #10. To see if the Town will vote to accept a parcel of land consisting of 215 square feet, for roadway purposes at the corner of Fencourt Avenue and Centre Street owned by Daley Realty Trust, said parcel of land being shown on a plan entitled "Proposed Radius Taking" dated September, 1968 by John E. Levreault, Town Engineer, as petitioned for by the Board of Selectmen or to take any other action thereto.

Mr. Robert Daley was commended for his gift.

Recommended by the Planning Board.

Recommendation of the Planning Board VOTED Unanimously.

## ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

ARTICLE #11. To see if the Town will vote to amend the zoning by-laws to change, from Residential to Business, the following described parcel of land, situated on the Easterly side of North Street, and bounded and described as follows:  
NORTHWESTERLY by North Street, Two Hundred Twenty and 00/100 (220.00) feet; more or less;  
SOUTHERLY by land now or formerly of Glynn, one Hundred Fifty-Seven and 65/100 (157.65) feet, more or less;  
NORTHWESTERLY again by land of sundry owners, Two Hundred Thirty-Four and 00/100 (234.00) feet, more or less;  
EASTERLY by land now or formerly of Forrest, Three Hundred Eighty and 00/100 (380.00) feet, more or less;  
SOUTHERLY again by said land now or formerly of Forrest, One Hundred and 00/100 (100.00) feet;  
EASTERLY by land of the Town of Randolph, One Hundred Twenty and 00/100 (120.00) feet, more or less;  
NORTHWESTERLY by lands of sundry owners;  
WESTERLY by land of the Massachusetts Electric Company, One Hundred Twenty-Nine and 49/100 (129.49) feet, more or less;  
NORTHWESTERLY by said land of Massachusetts Electric Company, Two Hundred Twenty-Seven and 14/100 (227.14) feet, more or less, to point of beginning.  
Containing 3.79 acres of land, more or less, according to a plan prepared by DeCa Engineering, Inc. of Randolph, on file with the Planning Board of the Town of Randolph.  
All as petitioned for by George C. Mellon and others.

The Planning Board recommends the zoning of this article provided; one, the owners enter into agreement with the Town of Randolph to limit the use to apartments; and two, the owners agree to deed to the Town of Randolph the land to be used for an access road, along with posting a bond in the amount of \$15,000 to cover the cost of building the road.

Recommendation of the Planning Board VOTED Yes 154 No 2

ARTICLE #12. To see if the Town will vote to amend the Zoning By-Laws to change, from Residential to Industrial, the following described parcel of land:  
Beginning at a point at the Northeast corner of Center and Greenmount Streets, thence  
NORTHWESTERLY by Center Street, Four Hundred Eighty-Five and No/100 (485.00) feet;  
NORTHEASTERLY by land now or formerly of Marcille, Two Hundred Twenty-Five and No/100 (225.00) feet;  
EASTERLY by land of sundry owners, Two Hundred Eighty and No/100 (280.00) feet;  
SOUTHERLY by other land of sundry owners, One Hundred Fifty and No/100 (150.00) feet;  
EASTERLY again by land of sundry owners, One Hundred Ninety and No/100 (190.00) feet;

## TOWN OF RANDOLPH, MASSACHUSETTS

SOUTHERLY by land now or formerly of Roode, One Hundred Thirty-Two and No/100 (132.00) feet; and  
WESTERLY by Greenmount Street, Two Hundred Sixty-Five and No/100 (265.00) feet, to point of beginning.

As petitioned for by M.G. Dunn Realty Co., Inc., and others.  
The Planning Board will hold Public Hearings on this Article Feb. 10, 1969.

As petitioned for by the Board of Selectmen.

The Planning Board Recommends Article and two years be inserted instead of one.

### RECOMMENDATION VOTED BY UNANIMOUS VOICE VOTE

## ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

ARTICLE #26. To see if the Town will vote to amend the Zoning By-Laws by adding to Section 3, "Use Regulations" under sub-section "E" the following:

### SECTION 3E OFF-STREET PARKING REGULATIONS

1. APPLICABILITY: No land shall be used or occupied and no structure shall be erected or used unless the off-street parking spaces as hereinafter required are provided. No application for a permit for the erection of a new structure or for the development of a land use, shall be approved unless it includes a plan for off-street parking facilities and maintained thereafter in accordance with the requirements of this section, except:

(a) Such parking spaces are not required for any structure or use existing at the time of enactment of this by-law; provided, however that parking spaces as specified in this section shall be provided for any enlargement or alteration to any such existing structures or use, provided further that the increase is greater than 15 percent.

2-LOCATION: The off-street parking spaces required by this section shall be on the same lot as the structure or use they are intended to serve, except:

(a) Where such off-street parking space cannot be reasonably provided on the same lot in the Business District and Industrial District, the Board of Appeals may grant exceptions to allow provisions of the required spaces on a separate lot or lots within a radius of six hundred (600) feet, measured from the lot line of the principle use.

(b) When a required off-street parking space is in the form of a parking lot or other open air parking space in a Resident District and an Industrial District, it shall be confined to side and rear yard areas.

(c) When a required off-street parking space is in the form of a parking lot or other open air parking space in a Business District, it shall not be located within less than fifteen (15) feet of a street line.

3-PARKING SPACE: The gross area devoted to parking spaces and aisles or driveways shall be no less than three hundred (300) square feet for each vehicle. The net area for each individual parking space shall be no less than two hundred (200) square feet, having minimum dimensions of 10' x 20'. No driveway or aisle shall have a width of less than sixteen (16) feet. A driveway may be considered a parking space for a one-family dwelling.

4-STREET ACCESS: Each parking space shall have a vehicular access to a street. Driveways, aisles and spaces in all multi-family, commercial and industrial districts shall be so arranged that vehicles will leave and enter the street with a forward motion.

5-CONSTRUCTION REQUIREMENTS: Every parcel of land which, after the effective date of this by-law is changed to a parking area for more than five (5) vehicles, or to drive-in business or motor vehicles sales or service establishment, shall be developed as follows, subject to the approval of the plans thereof by the Inspector of Buildings;

## TOWN OF RANDOLPH, MASSACHUSETTS

(a) Such area, where subject to wheeled traffic shall be smoothly graded, properly drained and treated with bituminous or other all-weather, hard surface, and shall have appropriate bumper or wheel guards where needed.

(b) Where such area abuts a residential district it shall not be located within less than five (5) feet of the lot line and a wall or fence of solid appearance or a tight evergreen hedge having a height of no less than (5) feet shall be erected and maintained between such area and the property in the residential district.

(c) Any light used to illuminate said parking area shall be so arranged as to reflect light away from adjoining premises and streets.

6-REQUIREMENTS FOR OFF-STREET PARKING SPACES: Off-street parking spaces shall be provided in accordance with the following minimum requirements:

(a) Bowling Alleys: Three (3) off-street parking spaces shall be provided for each lane.

(b) Dwellings: One (1) space for each dwelling unit.

(c) Dwellings, Multiple: One and one-half (1 1/2) spaces for each dwelling unit.

(d) Eating and Drinking Establishments: One (1) space for each three (3) seats provided for patron use.

(e) Funeral Homes: One space for each company vehicle plus one (1) space for each three (3) seats in meeting rooms.

(f) Hospitals: One space for each three (3) beds.

(g) Motels, Hotels and Lodging Houses: One space for each guest room or dwelling unit.

(h) Marinas: One space for each boat mooring space.

(i) Medical, Dental or Professional Buildings: Two (2) spaces for each office plus one (1) space for each two hundred (200) square feet of gross floor area, excluding basement storage area.

(j) Nursing Homes and Rest Homes: One space for each three (3) beds.

(k) Offices: Two (2) spaces for each office plus one (1) space for each three hundred (300) square feet of gross floor area, excluding basement storage area.

(l) Retail Business and Service Establishments: One space for each two hundred (200) square feet of gross floor area on the first floor of a building, and one space for each four hundred (400) square feet of gross floor area thereafter for all floors used for office, retail or service businesses, excluding storage area.

(m) Schools: One space for each two (2) employees, including teachers and administrators, plus sufficient off-street space for safe and convenient loading and unloading of students.

(n) Theatres, Auditoriums, Assembly Halls and other places of Assembly: One space for each five (5) seats or for each one hundred (100) square feet of auditorium area, if there are not fixed seats.

(o) Wholesale Establishments and Industrial Uses: One (1) space for each employee used vehicle or one space for each two (2) employees employed, whichever is greater; plus space for every

## ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

company-owned and operated vehicle plus spaces for customers' vehicles as determined appropriate by the Inspector of Buildings.

(p) Joint Facilities: Accessory off-street parking for Business and Industrial Uses may be provided in joint facilities designed to serve two or more buildings or uses provided that the joint facilities shall not be less than the total required under the provisions of this By-Law.

(q) Mixed Uses in a Single Building: Where a building has a mixture of uses for which accessory off-street parking space is required, spaces required will be the sum of the requirements of the various individual uses.

(r) Unlisted Requirements: Reasonable off-street parking requirements for buildings and uses not listed in this Section shall be determined in each case by the Zoning Board of Appeals.

7-OCCUPANCY PERMITS: No certificate of occupancy shall be issued unless the required parking facilities shall have been provided in accordance with those designated and approved on the approved plan. As petitioned for by the Building Inspector and the Board of Selectmen.

The Planning Board recommended that 2b and 2c be eliminated. Also, to eliminate under Number 3-"No driveway or aisle shall have a width of less than sixteen (16) feet." and under 5-(b) that it read as follows: Where such area abuts a residential district it shall not be located within less than ten (10) feet of a lot line in a business district or fifty (50) feet of the lot line in an industrial district, and when required by the Building Inspector in a business district it shall have a wall or fence of solid appearance or tight evergreen hedge having a height of no less than five (5) feet and shall be erected and maintained between such area and the property in the residential district.

RECOMMENDATION OF PLANNING BOARD AS AMENDED VOTED  
YES 151 NO 2

ARTICLE #27. To see if the Town of Randolph will vote to authorize a conveyance of a certain parcel of land to the Randolph Housing Authority or its nominee, said land being situated on the northerly end of Sunset Avenue in said Randolph, bounded and described as follows:

Beginning at a concrete bound at the Northwesterly end of Sunset Avenue; thence running in a Northerly direction, Twenty-two and 97/100 (22.97) feet to a drill hole; thence Three Hundred Twenty-four and 91/100 (324.91) feet by a stone wall to a drill hole; thence running in a Westerly direction, Three Hundred Forty-two and 96/100 (342.96) feet to a concrete bound; thence running in a Southerly direction, Three Hundred Thirty-eight and 27/100 (338.27) feet to a concrete bound; thence running in an Easterly direction, Three Hundred Forty and 00/100 (340) feet to the point of beginning, a concrete bound. Said parcel of land being shown on a Property Line Map, State-Aided Housing for the Elderly, Randolph Housing Authority, Barnes Engineering Company, Inc., dated March 5,

## TOWN OF RANDOLPH, MASSACHUSETTS

1968, Project 667-2, a copy of which is on file with the Planning Board of the Town of Randolph. Said land being also shown as Parcel 1A of Randolph Assessors Plan 400,  
As petitioned for by the Board of Selectmen.

Motion was made that the Town of Randolph convey a certain parcel of land to the Randolph Housing Authority or its nominee said land being situated on the Northerly end of Sunset Avenue in Randolph bounded and described as set forth in Article 27.

RECOMMENDED - VOTED BY VOICE VOTE

Meeting adjourned to March 18, 1969 at 8: P.M.

### ADJOURNED ANNUAL TOWN MEETING

March 18, 1969

ARTICLE #28. To see if the Town will vote to acquire or take the following parcel of land for Off-Street Parking:  
Land with buildings thereon on the Easterly side of Main Street containing an estimated 3/10 of an acre, more or less, bounded and described as follows:

SOUTHERLY: By land of "Odd Fellows Building Assoc."

WESTERLY: By Main Street

NORTHERLY: By land now or formerly of Abbie McAuliffe

EASTERLY: By land now or formerly of said McAuliffe

NORTHERLY: again, by land now or formerly of M. Louise Chase;  
and

EASTERLY: again, by land formerly of Mary E. Smith

All as more particularly described in Norfolk Deeds Book 2527, Page 244 and referenced also to Decree of Probate Court of Norfolk County, Equity Case No. E-221 and raise and appropriate, transfer from available funds or borrow a sum of money for the acquisition and improvement of same, or take any other action in connection therewith; as petitioned for by the Board of Selectmen.

The Finance Committee recommends that no action be taken on this article at this Town Meeting but it come up in a Special Town Meeting when such questions have been answered and it's more organized.

A Motion by Mr. Semensi to Raise and Appropriate the sum of \$50,000 was DEFEATED. YES 80 NO 83.

(The vote was questioned and retaken. YES 81 NO 87)

ARTICLE #29. To see if the Town of Randolph will vote to accept the following amendment to the Zoning By-Laws.  
Add the following to Section 2:

# ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

## C. Flood Plain Districts

In addition to the foregoing Districts, Flood Plain Districts are hereby established and are bounded as follows:

### The Cochato River Area:

All those lands bounded by Holbrook municipal Boundary, the Braintree municipal boundary, Mill Street and North Street lying below an elevation of 110 feet above mean sea level. Accept for presently zoned industrial areas.

### The Blue Hill River Area:

All those lands within 1,000 feet of the Blue Hill River lying below an elevation of 120 feet above mean sea level.

### Bear Swamp Area:

All those lands bounded by Warren Street, Mazzeo Drive, the Stoughton municipal boundary and the old N.Y., N.H. & H. RR tracks lying at or below an elevation of 190 feet above mean sea level.

Add the following to Section 3:

## D. Flood Plain Districts

In a Flood Plain District only the following uses are permitted subject to affirmative finding and approval by the Board of Appeals:

Any woodland, Grassland, marshland, agricultural, horticultural, governmental, civic or outdoor recreational use of land, but no building for residential or other uses unless permitted by the underlying zoning nor unless the building can be so placed, constructed and services as not to endanger the health, or safety of the users and occupants of such buildings. Accept for presently zoned industrial areas- nor to increase flooding on other land. As petitioned for by Robert E. Walsh. Recommended by Planning Board as Amended.

Amendment by Mr. Walsh was DEFEATED No 100 - YES 52

Recommendation of Planning Board DEFEATED NO 108 YES 52

## ADJOURNED ANNUAL TOWN MEETING

March 24, 1969

ARTICLE #30. To see if the Town will vote to authorize the Conservation Commission to acquire with the permission of the Board of Selectmen Beals Pond, together with the acreage surrounding it for the purpose of conservation and flood-plain control. The acquisition to be in accordance with Chap. 132 A, Sec. 11 (State reimbursement), and to raise and appropriate, borrow or transfer, a sum of money in connection therewith, or take any other action. As petitioned for by Anthony Ferragano and others.

Motion was made that the Town of Randolph raise and appropriate the sum of \$20,000 and authorize the Conservation Commission or the Board of Selectmen to acquire Beals Pond and all or part of the

TOWN OF RANDOLPH, MASSACHUSETTS

26 acres surrounding it in accordance with Chapter 132A, Section 11.

MOTION DEFEATED NO 100 YES 62

RECOMMENDATION OF THE PERSONNEL BOARD VOTED BY  
VOICE VOTE.

Meeting adjourned to March 25, 1969 at 8 P.M.

ADJOURNED ANNUAL TOWN MEETING

March 25, 1969

Amendment to Police Salary Schedule made by Atty. Robert Schneider defeated YES 78 NO 41.

Recommendation of the Personnel Board as follows:

POLICE - SCHEDULE D-2

<u>Grade</u>	<u>Min.</u>	<u>II</u>	<u>III</u>	<u>Max.</u>
CD-1	6837	7125	7403	7725
P-1	7437	7725	8013	8325
P-2	7937	8225	8513	8825
P-3	8329	8652	8974	9324
P-4	9328	9690	10050	10442
P-5	10541	10950	11357	11799

Schedule D-2 above plus \$350.00 for the officer assigned the duties of detective was recommended by the Personnel Board and that the sum of \$34,000 be Raised and Appropriated to cover the cost of the increases.

RECOMMENDATION OF THE PERSONNEL BOARD DECLARED BY  
THE MODERATOR TO HAVE PASSED ON A VOICE VOTE.

## TOWN OF RANDOLPH, MASSACHUSETTS

ARTICLE #35. To see if the Town will vote to amend the Personnel By-Laws and Classification Plans, SECTION II, LONGEVITY INCREMENTS, Paragraph (a) An employee of the Town who has been in continuous full-time employment for ten years shall be paid, in addition to the compensation for the position as set forth in Section 7, annual increments in the amount of fifty dollars and an additional amount of five dollars for each year of such employment served over ten years.

To substitute the amount of one hundred in place of "fifty dollars" and substitute "ten dollars" in place of "five dollars".

As petitioned for by the Personnel Board

The Personnel Board recommends that \$4,415.00 be raised and appropriated.

### PERSONNEL BOARD RECOMMENDATION VOTED UNANIMOUSLY

ARTICLE #36. To see if the Town will vote to amend the Personnel By-Laws and Classification Plans, Section 12, Work Week:

#### SECTION 12. WORK WEEK

The work week for full-time or seasonal employment in each occupational group shall be as follows:

<u>GROUP</u>	<u>WORK WEEK</u>
Clerical Group . . . . .	35 hours
Custodial Group . . . . .	40 hours
Public Health Group	
Nurses . . . . .	40 hours
Others . . . . .	As Required
Labor Group . . . . .	40 hours
Water Group . . . . .	Normal Work Week
Public Safety Group	
Police (full-time) . . . . .	40 hours
Fire (full-time) . . . . .	45 hours
Communication Dispatchers . . . . .	40 hours
Others . . . . .	As Required
Engineering Group . . . . .	As Required
Administrative and Supervisory Group . . . . .	As Required

And substitute in its place under Public Safety Group, Fire (full-time) 42 hours instead of 45 hours.

As petitioned for by the Personnel Board.

The Personnel Board recommends that the sum of \$8,800 be raised and appropriated.

### PERSONNEL BOARD RECOMMENDATION VOTED BY VOICE VOTE

## ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

ARTICLE #37. To see if the Town will vote to amend the Personnel By-Laws and Classification Plans, SECTION 13, OVERTIME COMPENSATION, Paragraph (c) Labor Group:

TO DELETE THE FOLLOWING: (c) Labor Group-Highway

All time worked over eight (8) hours in any normal work day shall be paid at the rate of time and one half.

When upon completion of his normal eight (8) hour work day, an employee is required to work continuously through to the commencement of and during his next succeeding normal work day, he shall be paid time and one-half for these continuous hours of work.

All time worked on holidays and on Sundays shall be compensated at the rate of double time. All time worked on days declared by the Town of Randolph as a day off in observance of a calendar holiday falling on a Saturday or Sunday and all time worked on Saturdays shall be compensated at the rate of time and one-half.

AND TO INSERT IN PLACE OF THE ABOVE:

(c) Labor Group - Highway

All time worked over eight (8) hours in any one normal work day shall be paid at the rate of time and one-half.

When, upon completion of his normal eight (8) hour work day, an employee is required to work continuously through to the commencement of and during his next succeeding normal work day, he shall be paid time and one-half for these continuous hours of work.

All time worked on Sundays shall be compensated at the rate of double time. All time worked on Holidays shall be compensated at the rate of time and one-half, in addition to their regular Holiday pay. All time worked on days declared by the Town of Randolph as a day off in observance of a calendar holiday falling on a Saturday or Sunday and all time worked on Saturdays shall be compensated at the rate of time and one-half.

(No change in Labor Group-other).

As petitioned for by the Personnel Board.

Recommended by the Personnel Board.

RECOMMENDATION OF PERSONNEL BOARD VOTED BY VOICE  
VOTE

ARTICLE #38. To see if the Town will vote to amend the Personnel By-Laws and Classification Plans, SECTION 16-SICK LEAVE, Paragraph (b):

(b) An employee in continuous employment shall be credited with the unused portion of leave granted under sub-section (a) up to a maximum of 90 days.

And substitute "120 days" instead of "90 days".

As petitioned for by the Personnel Board.

# TOWN OF RANDOLPH, MASSACHUSETTS

Recommended by the Personnel Board.

## RECOMMENDATION OF PERSONNEL BOARD VOTED BY VOICE VOTE

to	
Sewer Engineer	S-23
Assistant Sewer Engineer	S-16
to	
Assistant Sewer Engineer	S-19

As petitioned for by George A. Trubiano, Supt., and others.

The Personnel Board recommends that the Sewer Engineer be re-classified from S-19 to S-20 and that the Assistant Sewer Engineer

## TOWN OF RANDOLPH, MASSACHUSETTS

be reclassified from S-16 to S-17 and that \$861.00 be raised and appropriated for this purpose.

### RECOMMENDATION OF PERSONNEL BOARD VOTED BY VOICE VOTE

ARTICLE #42. To see if the Town will vote to amend the Classification and Compensation Plans and Personnel By-Laws as follows:

1. Under the Administrative and Supervisory Group on Page change the Class Title from "Health Agent" to "Director of Public Health" and, for this title, change the Compensation Grade from S-17 to S-19;

2. Under the Public Health Group on Page 10, change the Class Title from "Senior Public Health Nurse" to "Supervising Public Health Nurse" and, for this Title, change the Compensation Grade from S-11 to S-13;

3. Under the Public Health Group on Page 10, change the Compensation Grade for Junior Public Health Nurse from S-9 to S-11.

As petitioned for by the Randolph Board of Health.

THE PERSONNEL BOARD recommends that the Director of Public Health be reclassified from S-17 to S-18 and that \$442 be raised and appropriated for this purpose; Sections 2 and 3 of this Article are not recommended.

Sections 2 and 3 WITHDRAWN

### RECOMMENDATION OF PERSONNEL BOARD VOTED UNANIMOUSLY BY VOICE VOTE

ARTICLE #43. To see if the Town will vote to amend the Town of Randolph Classification and Compensation Plan and Personnel By-Laws by:

1. Amending Schedule A. Public Safety Group follows:  
Strike designation PF-1 for Patrolman and substitute P-1  
Strike designation PF-2 for Safety Officer and substitute P-2  
Strike designation PF-3 for Sergeant and substitute P-3  
Strike designation PF-4 for Lieutenant and substitute P-4  
Strike designation PF-5 for Chief and substitute P-5
2. Amending Police - Fire Schedule D as follows by adding

	<u>Minimum</u>	<u>II</u>	<u>III</u>	<u>Maximum</u>
CD	7300	7600	7900	8200
P-1	7900	8200	8500	8800
P-2	8400	8700	9000	9300
P-3	8956	9256	9556	9856
P-4	10139	10439	10739	11039
P-5	12347	12647	12947	13247

## ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

- (a) In order to reflect the changes in authority and responsibility of each rank, the following differences shall be maintained between ranks
  - P-5 shall be paid 20% more than P-4
  - P-4 shall be paid 12% more than P-3
  - P-3 shall be paid 12% more than P-1
  - P-2 shall be paid \$500 more than P-1
  - CD shall be paid \$600 less than P-1
- (b) An officer assigned to the duties of detective as his full time regular work shall be paid the sum of \$350 annually in addition to his regular salary.
- (c) Police Chief and Fire Chief shall receive a salary 20% higher than the next lowest rank in his department.

As petitioned by the Randolph Police Association and others.

THE PERSONNEL BOARD does not recommend Section 2-a and 2-c. Section 1 is included in Article 31. All other Sections are still under negotiation.

### Article 43 WITHDRAWN BY PETITIONER

ARTICLE #44. To see if the Town will vote to amend the Classification and Compensation Plan and Personnel By-Laws, as follows:

On page 9 - Schedule A - Administration and Supervisory Group, Engineering Dept. change.

<u>Class Title</u>	<u>Compensation Grade</u>
Junior Field Engineer	S-11
to	
Field Engineer	S-12

As petitioned for by Roger M. Cevolani and others.

PERSONNEL BOARD recommends that "Junior Field Engineer" be changed to "Field Engineer" and be reclassified from S-11 to S-12 and that \$324. be raised and appropriated for this purpose.

### RECOMMENDATION OF PERSONNEL BOARD VOTED BY VOICE VOTE

ARTICLE #45. To see if the Town will vote to amend the Classification and Compensation Plan and Personnel By-Law as Follows:

Change on Page 10, the Classification of Working Foreman - Water Systems Laborer from W-6 to W-7.

As petitioned for by the Board of Water Commissioners.

PERSONNEL BOARD recommends that \$351. be raised and appropriated for this purpose.

### RECOMMENDATION OF PERSONNEL BOARD VOTED - VOICE VOTE

## TOWN OF RANDOLPH, MASSACHUSETTS

ARTICLE #46. To see if the Town will vote to amend the Classification and Compensation Plan and Personnel By-Laws, as follows:

Under Section 7, Page 11, Police - Fire, Schedule (d), to read as follows:

<u>Grade</u>	<u>Minimum</u>	<u>II</u>	<u>III</u>	<u>Maximum</u>
PF-1	7,985.	8,239.	8,494.	8,768.
PF-2	8,443.	8,697.	8,973.	9,278.
PF-3	8,768.	9,044.	9,347.	9,651.
PF-4	9,347.	9,651.	9,982.	10,313.

As petitioned for by Paul W. Anderson, Jr., and others.

NOT RECOMMENDED By the Personnel Board.

WITHDRAWN BY PETITIONER

ARTICLE #47. To see if the Town will vote to amend the Town of Randolph Classification and Compensation Plan and Personnel By-Law by adding to Section 5 Compensation Plan after paragraph a.

(aa) Cost of Living Adjustment: To compensate for the changing value of the consumer dollar an adjustment is being made by use of a Consumer Price Index. The Consumer Price Index used shall be "U.S. Department of Labor Statistics Consumer Price Index: Boston, Massachusetts all items 1947 Forward Series A-11."

The adjustment shall be based upon the percentage of change method. The adjustment shall be the ratio between

October Index of Current Year

October Index of Previous Year

The percentage adjustment shall be applied to the salary of each employee having a Permanent Position. The percentage adjustment shall constitute the Cost of Living Adjustment and it shall be applied to the salary of each employee having a Permanent Position after the current year's salary is established.

As petitioned for by the Randolph Police Association and others.

NOT RECOMMENDED By the Personnel Board.

Moderator read Amendment by Town Meeting Member.

ARTICLE #48. To see if the Town will vote to amend the Town of Randolph Classification and Compensation Plan and Personnel By-Law by:

Amending Section 11 Longevity Increments (a) by striking out, "Fifty" and substituting "one hundred" by striking out "five" and substituting "ten".

E. Levreault, Town Engineer, to which plans reference is made for particular description; said plans show the supposed owners and portions of land so to be acquired, and to raise and appropriate or transfer from available funds the sum of \$2,673.00 for the same, or take any other action relative thereto, as petitioned for by the Board of Selectmen.

RECOMMENDED that \$2,673. be raised and appropriated.

RECOMMENDATION VOTED BY VOICE VOTE

ARTICLE #111. To see if the Town will vote to raise and appropriate, or transfer from available funds the sum of \$20,549.00 to construct Grove Street from the vicinity of Janet Road westerly for an approximate distance of 850 feet, to Lafayette Street, as petitioned for by the Board of Selectmen and Town Engineer.

RECOMMENDED that \$20,549.00 be raised and appropriated.

RECOMMENDATION OF FINANCE COMMITTEE VOTED BY VOICE VOTE

## TOWN OF RANDOLPH, MASSACHUSETTS

ARTICLE #112. To see if the Town will vote to authorize the Board of Selectmen to acquire by gift, purchase or Eminent Domain, easements by, through and under Alden Avenue and Glendale Street, for the purpose of installing a storm water drainage system, all as shown on a drawing entitled "Town of Randolph, Mass., Proposed Drainage System, Alden Avenue and Glendale Street", dated January 20, 1969 by John E. Levreault, P.E., Town Engineer, to which drawing reference is made for a more particular description; said drawing shows the supposed owners and portions of land in which easements are to be acquired, and to raise and appropriate the sum of \$8.00 for the same, or take any other action relative thereto, as petitioned for by the Board of Selectmen.

RECOMMENDED that \$8. be raised and appropriated.

RECOMMENDATION OF FINANCE COMMITTEE VOTED  
UNANIMOUSLY

ARTICLE #113. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$27,750. for General Drainage, as petitioned for by the Board of Selectmen.

RECOMMENDED that \$21,000 be raised and appropriated.  
RECOMMENDATION VOTED and TO INCLUDE LIBERTY ST.  
ALDEN AVE. CENTER ST. AND SCANNELL RD.

ARTICLE #114. To see if the Town will authorize the Board of Selectmen to take by eminent domain easements for the stream improvement of Mary Lee Brook, in certain parcels of land shown on a set of three drawings designated as Contract Numbers 2633, Account Numbers 04695A, 04695B & 04695C by the Massachusetts Department of Public Works Division of Waterways, which drawings were prepared for the Massachusetts Department of Public Works by Walter J. Hickey, Associates Professional Engineers, Quincy, Mass., and filed with the Massachusetts Department of Public Works, Boston, Mass.; said parcels and the names of the supposed owners being as follows:

Budget	\$211,261.	\$210,499.	\$313,195.

VOTED BY VOICE VOTE

ARTICLE #119. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to install 250' 6" C.I. Main on Tileston Road with gates and fittings as petitioned for by the Board of Selectmen.

RECOMMENDED that \$1500. be raised and appropriated.

VOTED BY VOICE VOTE

ARTICLE #120. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to install a 6" C. I. Main with necessary gates and fittings on Amvet Lane to the Town Highway Department barn. As petitioned for by the Board of Selectmen.

NOT RECOMMENDED.

FINANCE COMMITTEE RECOMMENDATION VOTED BY VOICE VOTE

ARTICLE #121. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to install a 6" C. I. Main with necessary gates and fittings from its existing end on Pleasant Street to North Street. As petitioned for by the Board of Selectmen.

NOT RECOMMENDED

Mr. Rota Amendment to raise and appropriate \$6,300 for 950 feet of water pipe at \$6.00 a foot from North Street to Amvet Lane, and two (2) hydrants at \$300.00 each was Defeated.

RECOMMENDATION OF FINANCE COMMITTEE VOTED BY VOICE VOTE

## ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

ARTICLE #122. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money for Relocating Hydrants and Renewal of Services in conjunction with Chapter 90 work to be done on Oak Street, as petitioned for by the Board of Water Commissioners.

NOT RECOMMENDED.

RECOMMENDATION OF FINANCE COMMITTEE VOTED BY  
VOICE VOTE

ARTICLE #123. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$7,500 for the purchase of Water Meters, as petitioned for by the Board of Water Commissioners.

RECOMMENDED that \$7500.00 be raised and appropriated.

RECOMMENDATION OF FINANCE COMMITTEE VOTED BY  
VOICE VOTE

ARTICLE #124. To see if the Town will authorize the Water Commissioners to appoint one of their members to another office or position under their control, and fix the salary of such person in accordance with the provisions of Chapter 36, Acts of 1929 or take any other action relative thereto, as petitioned for by the Board of Selectmen.

RECOMMENDED to be accepted as printed.

RECOMMENDATION OF FINANCE COMMITTEE VOTED BY  
VOICE VOTE

ARTICLE #125. To authorize the Board of Selectmen to accept or reject the terms and conditions of a collective bargaining Agreement Proposal made by the Permanent Members of the Randolph Water and Highway Departments to the Town of Randolph under the authority of Massachusetts General Laws, Chapter 149, Section 178G through 178N inclusive, and in conjunction therewith to raise and appropriate or transfer from available funds a sum of money to fulfill the requirements of the terms and conditions of the Collective Bargaining Agreement, as petitioned for by the Committee for the Permanent Members of the Randolph Water and Highway Departments and the Board of Selectmen.

THE PERSONNEL BOARD recommended that \$1,275.00 be raised and appropriated.

RECOMMENDATION VOTED BY VOICE VOTE

ARTICLE #126. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money or take any other action in connection therewith for the following

# TOWN OF RANDOLPH, MASSACHUSETTS

purpose (s) :

	<u>1967</u> <u>Expended</u>	<u>1968</u> <u>Expended</u>	<u>1969</u> <u>Recommended</u>
Water

ANNUAL REPORT  
of the  
SCHOOL DEPARTMENT  
of the  
TOWN OF RANDOLPH

For the Year Ending December 31, 1969

SCHOOL COMMITTEE

## TOWN OF RANDOLPH, MASSACHUSETTS

### REPORT OF THE RANDOLPH SCHOOL COMMITTEE - 1969 -

The Randolph School Committee herewith submits its annual report to the Citizens of the Town of Randolph.

The School Committee meets regularly on the first and third Mondays of every month at 8:00 p.m. All meetings are open except where the financial integrity of the town or the welfare of pupils is to be discussed. These items are discussed in executive session.

Committee members are elected by the people under the General Laws of the Commonwealth for a period of three years and they serve without remuneration.

All School Committees in Massachusetts are, in general, agents of the Commonwealth and carry out the conduct of education in conformity with and as delegated to them by the State Legislature under the General Laws.

The General Laws charge the Committee with the duties of policy formation, budget making, personnel appointments, approval of curricula, adoption of textbooks, planning of school services and evaluation of the educational program.

The past year was one of dilemma and contradiction in education and the public schools were caught in the middle of this unfortunate situation.

Everywhere the mood was to cut back, spend as little as possible, hold down on inflation. Despite this, the School Committee is faced with ever-increasing costs of services and goods, and are constantly receiving demands from the general public for more educational and related services for their children.

Other examples of this dilemma are easy to come by. In October the U. S. Commissioner of Education pronounced the "right to read" for every youngster in the nation. At the same time, a federally approved reading project for the Randolph Schools was dropped, due to insufficient federal funding. At a time when local taxes are rising, we find that the States have increased their expenditures for elementary and secondary education by 28% while our federal government is cutting its dollar commitment to the schools.

The teaching and non-teaching staffs continue to make requests for salaries and fringe benefits under the collective bargaining law. During the year the School Committee completed new contracts with the teachers, secretaries, custodians, nurses and cafeteria workers. This task which took seemingly endless sessions to complete was done without hiring a professional consultant or negotiator. The

## ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

new contracts are fair to our employees. They are also equitable solutions for all of us as taxpayers and as parents who are concerned with maintaining a first-rate school system.

We are also concerned with the worsening climate in all of the public schools and note that the National Advisory Council on Education Professions Development has stated that present national conditions are negatively affecting the studies, hopes, and convictions of the largest responsible segment of our society.

We are attempting to combat the problem of drugs, student unrest, and the downgrading of the school's authority and its power to discipline. This can only be done with the continued support of the responsible citizens of Randolph.

Although we are mentally depressed by these negative factors, we continue to fight for the right of every child to receive a proper education.

We will continue in our resolve to secure Federal and State funding to assist the local program.

We will continue to insist on 100 cents value for each dollar spent for goods and services.

We will continue to maintain a safe, healthful, and academic climate for our children.

We will continue to search out the very best teachers and administrators to guide our students.

In conclusion, we remain indebted to Superintendent Thomas L. Warren, the administrative staff, the professional and non-professional staff members for their devotion to their duties.

We also recognize the support and continued cooperation of the School Planning and Building Committee, each of the administrators, and directors of the various Town Departments, and the citizens of Randolph.

## TOWN OF RANDOLPH, MASSACHUSETTS

### REPORT OF THE SUPERINTENDENT OF SCHOOLS - 1969

I hereby submit my fifteenth annual report to the Randolph School Committee and all other citizens of Randolph.

Since assuming my position here in 1955, the school population has increased from 2850 to the present 6642. This has resulted in the construction of three large elementary schools, two elementary school additions, two junior high schools, and the \$5.6 million addition to the high school. The professional staff has expanded in the same period of time from 112 to almost 400. Similar growth has taken place in the related staffs. Approximately 3800 pupils are transported to and from school daily. This particular budgetary item has increased greatly because of the fact that under the latest contract the drivers have to be paid regular union rates, and with the re-establishment of "double sessions" at the North Junior High, hundreds of additional pupils have to be transported. The State Law on transportation is that all pupils living more than two miles from school must be transported, but the state will participate in the cost of transporting pupils living more than one and one-half miles. The policy of the Randolph School Committee is to transport all elementary pupils living more than one mile from school, and pupils in grades 7 through 12 living more than one and one-half miles from school.

The Committee Chairman in his report very well pointed out the problem of finances.

The expanding school population and need for Quality Education continually necessitate increased expenditures in the midst of a shrinking value of the dollar and a lessening of aid by the Commonwealth and the Federal Government. We are aware that Randolph is a moderate income community with a very low property valuation per school-attending child. However, we have an obligation to provide a sound educational program for our children, for in their futures they will be in competition, either in school or business, with the graduates of all the other school systems.

Continuously we have demands for added school services, almost never, except at budget time, for less. Each request is carefully studied and a decision is made after a careful consideration of the facts, the need and the ability of the town to pay. The per pupil cost in Randolph is slightly below the average for all communities of the Commonwealth.

Reading the reports of the various principals and other administrators serves to well illustrate the many improvements which have come about in our instructional program during the past year. The addition to the staff of an Assistant Superintendent has helped to accomplish many positive improvements, particularly through, a greater cohesiveness in the elementary schools. It is in this area

## ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

where increased concentration will continue to take place.

The inauguration of a laboratory type science program in grades 6 and then 5 by Science Coordinator Mr. Herbert Wolfer, working with the elementary principals and teachers has given the pupils a much better preparation for science in the upper grades.

Staff losses have been minimal during the past year, and personnel additions and replacements have been of high quality. Except in rare instances the teacher shortage is over, and the availability of many desirable candidates creates a healthy situation.

Miss Anna Good retired after 37 years of service as a teacher, junior high Principal, and guidance counselor to the pupils of Randolph. Miss Good was all that her name implies, and a joy to be associated with. She was sent off with a wonderful, well-deserved testimonial, and we all wish her many, many years of happiness.

Mrs. Elizabeth Marr, who served as Supervisor of Elementary Physical Education for the past 12 years, also retired. To her we also wish many years of good health and happiness, and surely the many hundreds of youngsters whom she supervised have benefited much.

The "satellite program" of the School Lunch Department had no part in the Moon Landing, but it did very successfully inaugurate a system of preparing hot nutritive lunches in the kitchen of the North Junior High School, and delivering them daily to the Stetson, McNeill, Tower Hill and Belcher School pupils who hitherto either went home to eat or carried a paper bag.

The effort to provide the same excellent lunches at the low cost of 30¢ in the face of rising food costs and decreasing amount of federal surplus foods is a losing one, in Randolph and in the neighboring communities. One Community is contemplating the discontinuance of the program, but this we dislike to consider.

In addition to the "Big Snows of 1969." two other events stand out. First, the Thanksgiving Dinner and Entertainment for the Senior Citizens, sponsored, prepared and served under the joint sponsorship of the members of the Randolph Teachers Association and the Senior Class, an event which, perhaps, was unsurpassed in the sixties. The second event was the graduation exercises and dinner given the first graduates of the Occupational Training Class by the School Committee. The complete happiness and pleasure of these young people, their parents and teachers were indescribable.

Our successful meeting of the challenges of the sixties had to be, and was, a team effort. The response of School Committee members to the added hundreds of hours of free hard work necessitated by Collective Bargaining sets an exemplary action in public

## TOWN OF RANDOLPH, MASSACHUSETTS

service.

The heartening recovery of Deputy Superintendent Lynch from his 1968 illness and his determined return to full-time duty has been most gratifying to myself and all of his associates.

I extend my thanks also to Mr. John E. Zoino, Assistant Superintendent of Schools, to the principals, supervisors, teachers, clerks, nurses, custodial, cafeteria and maintenance personnel, all those employed in other Town Departments, and especially to the taxpayers for their continued cooperation in assisting us to provide the very finest educational system possible, for the children of Randolph.

Respectfully submitted,

THOMAS L. WARREN  
Superintendent of Schools

### REPORT OF THE NORTH JUNIOR HIGH SCHOOL PRINCIPAL

It gives me great pleasure to submit my second annual report as Principal of the North Junior High School.

Although the Junior High is on double session, due to the new addition being built at the Randolph High School, the North Junior High with the cooperation of a dedicated staff provides an excellent educational opportunity for each pupil. In spite of the fact that the student spends less time in school, only three minutes has been eliminated from each class period. To accomplish this we scheduled no study periods and obviously no lunch periods. Both sessions benefit from an excellent music program, consisting of a school band and chorus. Extra help is available immediately after the morning session and immediately before the afternoon session.

An intramural sports program for both girls and boys was instituted at the school during the last week in October. This program was made possible by the joint efforts, and full cooperation of the Randolph School Committee, the Superintendent of Schools and the Physical Education Department. The sports program is being conducted from 11:00 a. m. to 12:00 noon for the afternoon session and from 12:00 noon until 1:00 p. m. for the morning session. The initial response by the students has been most rewarding to all concerned and the school hopes to make this program a permanent part of our curriculum.

Our Guidance Department has four counselors, all of whom are new to the North Junior High School this year. Mrs. Sullivan and Mr. Farrell work with pupils of North Junior district. Mrs Olson

## ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

and Mr. Fitzgerald work with the pupils of the Kennedy district. Pupils are invited to confer with their counselors before or after school or they may schedule appointments to take place during non-academic class time. The services of the counselors are at the disposal of all pupils and their parents, whether the problem be personal, social, educational or vocational.

The school library program under the direction of Miss Mary Ryder, is well underway. Book circulation has totaled over 1500 volumes borrowed. Almost all the students have now had a library orientation class as part of their English program. They now know, or should know, the arrangement of the library and its operating rules. The purpose of this orientation is to enable the student to feel comfortable in the library and function well in it. Almost all of the new books for this season have been processed and are now available for circulation. In addition, a unique collection of books has now been obtained for the pre-vocational training program students. The library has both informational materials to aid in classroom studies and books of interest for leisure time reading.

The faculty of the North Junior High makes extensive use of the audio-visual equipment, such as films, overhead projectors and film strips because of the proven fact that a student gains much more knowledge through his sight than through any other sense.

Miss Marguerite Hyland, student council advisor, has coordinated both morning session and the afternoon session into one student council. In order that there will be equal representation from both sessions, a representative and one alternate were elected from each homeroom. Election of representatives for both morning and afternoon sessions was held in November.

We are very pleased with the enthusiasm shown by the candidates that were elected and are sure that once the Student Council of North Junior High starts functioning it will have the encouragement and the support of the faculty and the student body that it needs to make this a fruitful and memorable year.

An advisory committee comprised of interested teachers has been formed to meet during the school year to reevaluate and discuss the needs of the school. Policies relevant to the students will be constantly examined so that the best possible environment and curriculum may be implemented at the junior high level.

In conclusion, the school wishes to express our thanks and appreciation to the School Committee, the Superintendent of Schools and the Assistant Superintendent of Schools for their help and co-operation over the past year.

Respectfully submitted,

PAUL T. HANNIGAN

# TOWN OF RANDOLPH, MASSACHUSETTS

## COMBINED REPORT

### JOHN F. KENNEDY AND RANDOLPH HIGH SCHOOL

It gives us great pleasure to submit our first joint report covering grades 9 through 12 conducted at the John F. Kennedy and Randolph High Schools.

At this time we greatly acknowledge the assistance and constant support of the staff and faculty. We wish to express our sincere thanks to Mr. Thomas Warren, Superintendent of Schools, Mr. William Lynch, Deputy Superintendent, Mr. John Zoino, Assistant Superintendent and the School Committee.

The perennial problem of overcrowding at the high school level continues to plague the school with problems of class size, curriculum revisions and plans for the future. When it became apparent that some areas of the upper grade levels would be forced to resort to a double session, a plan was designed to accommodate as many pupils as possible on a single session. It was decided to keep grades 9 - 12 on a single session and place grades 7 and 8 on a double session. Although any double session detracts somewhat from a student's education, it is of a lesser degree in the lower grades. Hence the decision to maintain grades 9 - 12 on a single session.

To complicate the problem even more, it was not possible to house the entire secondary population evenly between the John F. Kennedy and the high school. Therefore, for reasons of economy as well as enrolment capacities it was decided to split the sophomore class sending all but the business students to the John F. Kennedy along with the entire 9th grade. By doing this it was not necessary to duplicate the business facilities at the Kennedy School and at the same time we were able to present college bound students with a program of academic subjects they would need to meet college entrance requirements.

In keeping with the recommendations of the 1967 Visiting Committee of the New England Association of Colleges and Secondary Schools, which is the official accrediting agency for New England schools, all of the suggested recommendations that were physically possible will have been met by June of 1970 when a two year follow-up report must be filed. Many of the recommendations are contingent upon the completion of the addition which is presently under construction.

This past year, if it had to be categorized, could appropriately be called the "Year of the Bulldozer and Jack-Hammer". Both students and teachers waited on many occasions and with great trepidation for a bulldozer to come through a wall or sat and vibrated to the pounding of a pneumatic drill. However, slowly but surely the new structure is taking form. When finished it will completely surround the present building giving the appearance of an entirely

## ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

new structure.

The west wing, including new science, cafeteria, kitchen, shops, home economics and art facilities should be completed and ready for use by September of 1970 allowing for expansion of the curriculum and reduction of class size in some areas where it is vitally needed.

During the past summer curriculum workshops were held in the areas of English, business, social studies, science and art. In the academic areas the present curriculum was reviewed and modified by updating existing curriculum and in some cases adding new courses. Probably the most significant changes were made in the science and social studies areas. Introduction to Chemistry and Physics as well as Sociology and Psychology were added as new courses to accommodate students on a twofold basis. First, in the science area there are a number of students who for a variety of reasons fail to elect a straight chemistry or physics course. With the addition of "Introduction to Chemistry and Physics" a student may then make a final decision for selection in his senior year as to which election to make or in some cases the course could be terminated.

The "Sociology and Psychology" course was an outgrowth of a previous course taught as Sociology. It was found that there was so much psychology incorporated in the Sociology course that it was decided to separate each area and teach them separately. A further advantage is derived by allowing students who have made a decision not to pursue either course for the full year to change at half year but still receive a full years credit.

Because we are using the John F. Kennedy as a high school it is now possible for a sophomore to elect industrial art subjects that previously were not available to him. Personal typing is being offered for the first time to ninth grade students and many tenth graders who were denied it because of overcrowded conditions at the high school.

More levels of French, Spanish, English, history, government, science, and mathematics were added so that better groupings of students would allow the student a greater chance of success academically and to afford these students a more realistic educational environment.

Possibly the greatest rejection the students at Kennedy feel is that they have been left out of the high school atmosphere. To combat this feeling it was deemed necessary to make all activities available to students of both schools and to attempt to inculcate the feeling of oneness as the Kennedy is the high school annex. Any club, with minor exceptions, are open to students of both schools.

## TOWN OF RANDOLPH, MASSACHUSETTS

Athletics presented somewhat the same problem with the sophomores eligible for varsity competition and a full complement of sports available for freshmen at the Kennedy.

The future for the education of Randolph's youth is bright. Our present educational program is sound. As we make our changes we must realize that the most fundamental change is a gradual steady growth. We should try to develop the concept that change is not a threat or repudiation of oneself, but a positive growth and deepened insight into what we already know.

In conclusion the two schools with their fine teaching staffs will continue their efforts to improve and strengthen all programs at the high school level.

Respectfully submitted,

JAMES L. TOPHAM  
Principal, Randolph High School

FRED H. BLANCHARD,  
Principal John F. Kennedy

## REPORT OF THE ELEMENTARY READING SUPERVISORS

The four Basic Language processes are listening, speaking, reading, and writing. We feel that the ability to listen, speak, and write are paramount to successful reading instruction. These processes are the basis for our reading program in Grade one. Emphasis is placed upon the listening and writing of sounds and words. Children must be able to use these words in sentences, as well as recognize them in printed material.

This year we are using the Controlled Reader in all schools, particularly in Grades six and one, initiating the first phase of an extensive five year plan to bring the materials to all levels.

The Controlled Reader should challenge all readers to increase their rates of reading, while maintaining and improving comprehension. This machine is so set-up that it prevents any eye regressions, or the rereading of the material, and thereby the pupil learns to concentrate, read accurately, and to improve organization of ideas and thoughts.

In Grade one the emphasis at the beginning of the year has been on developing and improving motility, and readiness for oral language expression.

The Listening Activities records act as additional aid to the

## ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

pupil, in that he is trained to give attention for the identification of main ideas, details, and sequence. As part of the lesson, the pupil is required to be responsible for comprehension checks on the same material. All of these materials help to further reinforce the reading skills which are so necessary for the development of successful readers.

A remedial reading program is being conducted now in all elementary schools, with the addition to the staff of another remedial teacher. After examining the reading achievement scores of children entering grades three and four, a list was established of those who were not achieving up to their potential. Diagnostic tests were given to find specific areas where remedial teaching would be of benefit. A total of 105 children are being taught in groups averaging 5 members each, meeting three times weekly. Instruction includes a variety of reading skills planned to meet each groups needs. New equipment that has been incorporated into the program for small group instruction is the Aud-X machine used along with records, film strips, and a small table screen to develop auditory acuity and visual perception.

We continue to review the total reading program, to improve the quality of materials, and to continue to conduct pilot programs throughout the town of Randolph.

### REPORT OF THE DIRECTOR OF GUIDANCE

It is in order and quite appropriate to issue a note expressing appreciation and gratitude to the Randolph School Committee, Mr. Thomas L. Warren, Superintendent of Schools, the Administrative branches of the Randolph Public School Department, the entire Township, and especially the student body of the Junior and Senior High Schools for their protracted support of the Guidance Services area of the Randolph Public School System.

In the preceding sixteen months, this Department has undergone considerable change. There are nine new Counselors within a Staff of one Director and twelve Counselors. Of the nine, four Counselors occupy counseling positions that were non-existent two years ago. Today, we have two Counselors at the elementary level, four Counselors at the North Junior High School, three Counselors at the J. F. Kennedy School and three Counselors at Randolph High School. An outstanding feature of this Staff, is that it presents a healthy blending of youth and maturity. A product of this cooperative approach has been the initiation of a number of new and fresh approaches to traditional guidance services.

On October 24, 1968 and October 9, 1969 the Guidance Department entertained the Randolph Council of Churches. These were

## TOWN OF RANDOLPH, MASSACHUSETTS

the first of what is to be an annual event. The Clergy and Counselors have a common concern - "We care about the children in Randolph." By opening this door to further collaboration with people who care, I believe that we can be of greater assistance to many students who may need us. From these meetings have emerged a cooperative attitude and a communication facility which can only add greater positive dimensions to our joint services.

At Randolph High School, four night programs were produced to broaden a parent's perspective concerning college admissions and financial aid. At the North Junior High School and the J. F. Kennedy School, two night programs were presented to parents, concerning counseling and college placement. All of these programs were enthusiastically received.

The Guidance Department at Randolph High School remained open for ten nights to counsel parents and returning veterans. This service, although initially an experiment, has proved extremely popular, for it was specifically planned to meet parental needs. A secondary benefit was realized with the successful educational counseling and placement of a number of returning Viet Nam veterans

A Career Day was initiated for the Junior and Senior Class at Randolph High School, where thirty-six occupational speakers conversed with students concerning career goals. In August, 1969 an Orientation Day was experienced by forty students and their parents, new to our Town. For the past sixteen months, a Guidance Newsletter has been published bi-monthly to inform Senior High School students of conferences (college and vocational), and financial aid opportunities. Actually, the Newsletter is quite functional in that last year the Randolph High School Guidance Department entertained seventy-two conferences concerning admission to schools of higher education and twenty-five conferences with industrial concerns wishing to employ graduating members of the Class of 1969.

During the month of December, 1969 the Director of Guidance wrote, consulted upon and participated in, three TV programs at Channel 2 concerning college admission. A recent statement from Channel 2 informs us that these programs will be repeated nationally during the month of January, 1970.

The Randolph School Committee approved unanimously to implement the Guidance Program by employing a Counselor for six weeks during the summer vacation. The expansion has netted outstanding benefits. This Department experienced 80 parental and 142 student counseling visitations, 104 telephone communications (94 from parents - 20 from students) and 24 counseling visitations with R.H.S. graduates who desired educational placement. Three pertinent publications were written and issued during this period:

1. A college profile booklet for senior high school students

## ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

2. A Mental Health Directory for all school Administrators and all Clergymen within the Town of Randolph
3. A High School Profile which explains and extols Randolph High School and the educational commitment of the Town of Randolph. This publication is sent to all schools of higher education to which our students are applying.

The added services which this Department has undertaken have embellished or added dimension to our core responsibility. Basically, the Guidance Department is to service and to counsel all secondary students within the Randolph Public School System. By expanding the services, we become a greater contributor to the educational environment.

The area of imminent expansion is going to be at the elementary level. Presently, there are two Counselors servicing two schools. This operation will grow to encompass the entire elementary school area. Projections for this program are geared for a two-and-one-half year to maximum growth calendar.

In summation, the Town of Randolph has made an important commitment toward establishing an outstanding guidance situation. The townspeople can be justly proud of the involvement and dedication to service and education that the members of this Department have displayed.

Respectfully submitted,

ARTHUR P. MULLANEY  
Director of Guidance  
Randolph Public Schools

### AUXILIARY SERVICES

State Laws providing for children with learning problems and requiring occupational training for qualifying children over sixteen years of age have resulted in the hiring of a Learning Disabilities Specialist and in the graduation, in June of 1969, of the first class of the Occupational Training group from Randolph High School.

TITLE I ESEA Project OPPO was continued during the past summer at the John F. Kennedy Junior High School under the direction of Mr. Francis Doderó. Eighteen Randolph teachers served as tutors to a total of one hundred fifty-eight junior high pupils.

TITLE II ESEA Project Library has completed its fourth year. Federal funds in the amount of \$5,549. were allocated to the

## TOWN OF RANDOLPH, MASSACHUSETTS

elementary school libraries. This amount brings the total for Randolph Public Schools under the project to \$40,364. These Federal funds have made possible the acquisition and cataloging of more than eight thousand books and library resource items in addition to the library purchases made with local funding. The Title II Library Project was designed to supplement the local library program and requires that local library costs per pupil are not diminished during the term of the project.

**TITLE III ESEA** Project Blue Hill Supplementary Education Center has enrolled three Randolph junior high school pupils this year. A fourth pupil is to be admitted next September.

**TITLE VI - A** Project RESCU has terminated and the positions in this project have been funded by the local towns participating. In Randolph, the Supervisor of Pupil Welfare, among other duties, has assumed responsibility for job placement under the school/work, occupational training programs. This had been handled under RESCU by an Occupational Specialist. Such occupational/academic programs made it possible for qualifying pupils to continue schooling and gives them an opportunity which they might otherwise not have had to graduate from high school.

**TRANSPORTATION** Ninety-five children were transported to Boston, Braintree, Cambridge, Hanover, Kingston, Weymouth and schools in Randolph at a total cost of \$16,851.

**EMOTIONALLY DISTURBED** Eight children have attended Special Class, seven children are attending regular classes full-time, four attended residential school in Massachusetts, Ohio and Pennsylvania. Two children attend day schools in Boston and five received Home Tutoring.

**HEARING HANDICAPPED** Two children attended Randolph Public Schools, fourteen attended the Boston School for the Deaf.

**LEARNING DISABILITIES** The program of early identification of children with perceptual and learning problems was initiated this year when the Reading, Speech, Health, Physical Education and Learning Disabilities departments combined to screen all children entering the first grades. Through this screening, those children with specific weaknesses have been identified and remediation and special help by classroom teachers is being given before the pattern of failure has an opportunity to set in. A tutorial program for qualifying pupils has been expanded to service thirty-five children on an individual basis or in groups of two or three. Plans are being completed to develop a program for children in the junior high school

**MENTALLY RETARDED** Sixty-eight attended Special Classes in Randolph, four attended classes in Holbrook and Milton and five attended non-public schools out-of-town. One pupil attends the

## ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

Massachusetts Rehabilitation Center at Rutland Heights, four attended the Rehabilitation Evaluation Center in Quincy and one attends the Fernald School, Behavior Modification Class in Waltham.

**NURSERY SCHOOLS FOR THE RETARDED** Five children attended day classes conducted under State Law by the South Shore Mental Health Clinic.

**PHYSICALLY HANDICAPPED** Nine attended schools in Boston, Brighton, Canton and Peterboro, New Hampshire. Forty-three received Home Tutoring from thirty-seven Randolph teachers.

**SCHOOL PSYCHOLOGIST** One hundred twenty-six children were examined as required by State Law for individual assistance or for qualification in the various programs conducted by this department.

**SPEECH & HEARING** Nine hundred thirty-nine children were examined by Speech Therapists. One hundred sixty-four received speech therapy. Two received lip-reading instruction.

**SUMMER RECREATION PROGRAM** Eighteen children from Randolph, four from Holbrook (on a tuition basis) and a staff of four adults and two student counselors participated.

**VISUALLY HANDICAPPED** One child attends sight-saving classes in Quincy, two pupils attended full-time classes at Randolph High School. One child attends Perkins Institute.

### HUMAN RESOURCES TRAINING PROGRAM NEIGHBORHOOD YOUTH CORPS

**HEAD - START** These programs are conducted in coordination with Self-Help, Inc. of Brockton and the South Shore Mental Health Clinic and are continuing with trainees and NYC personnel being placed as they become available. Randolph Head-Start children attend classes now held in Holbrook.

All programs operated under the Rules and Regulations of the Bureau of Special Education are reimbursed fifty percent by the State. Federal programs are fully paid for out of federal funds.

Special Education expenses for the past year, excluding bus transportation amounted to \$118,383. Reimbursement and tuition payments amounted to \$64,345.

We wish to express our deepest thanks and appreciation to the School Committee, Administration, Auxiliary Services staff and all school and Town personnel whose assistance and cooperation have made possible the progress achieved by this department in 1969.

ROBERT D. SAYRS  
Director

# TOWN OF RANDOLPH, MASSACHUSETTS

## REPORT OF THE DIRECTOR OF MUSIC

The music program in the public schools has received needed and welcomed help this year in the form of additional teachers, one vocal music teacher at the Elementary level and one music teacher at the High School. The increase in schools and school population has demanded increasing the music staff so that the children will receive the instruction they so rightfully deserve. Although there is always room for improvement, I feel that the articulation of the music program both instrumentally and vocally has never been in a better position.

The Elementary schools are finally receiving class instruction once a week. Miss Christine Smith has joined Miss Kathleen Madigan in the task of teaching vocal music to all grades in the eight schools. There are also two instructors of instrumental music at this level, and enrollment has increased proportionately with the population. Although the classes are getting larger, the biggest problem seems to be the lack of availability of the proper facilities.

Music at the Junior High has received a set-back because of the double sessions. The administration has made every possible effort to make the program continue at its usual high standards, but despite their efforts the double session is affecting both the Bands and Choruses.

Many improvements have been made possible by having additional help at the High School. As was recommended by the Evaluation Committee, there are now several sections of Music Theory and Music Appreciation. The Band, grades nine through twelve, consists of one hundred-twenty-three members. New uniforms were acquired and shown to many townspeople at the half-time show on Thanksgiving Day. I look forward to the coming years with great optimism.

The School Committee and the Administration have been most cooperative to the Music program, and may I take this opportunity to thank them and solicit their same assistance in the future.

Respectfully submitted,

LEONARD RAPOZA  
Director of Music

# ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

## REPORT OF SCHOOL LUNCH PROGRAM-1969

It is my pleasure to submit my first report since my coming to the Randolph School System as Director of Cafeterias.

I greatly acknowledge the assistance and constant support of the school cafeteria personnel.

At this time I would like to express my sincere thanks to Mr. Thomas L. Warren, Superintendent of Schools; Mr. William Lynch, Deputy Superintendent; Mr. John Zoino, Assistant Superintendent; the School Committee and the maintenance and custodial forces for their cooperation during this past year.

One of the significant accomplishments of the past year was the inception of a hot lunch for the Stetson, McNeill, Tower Hill and the Belcher Schools, thereby providing every child in the Randolph Public School System with a hot balanced meal, supplying one third of his daily nutritional requirements.

The success of this program was insured by the enthusiastic acceptance of the idea and assistance from the principals and staff of the above schools. We thank them wholeheartedly.

As in previous years there was an increase in participation in the lunch program this past year.

We served 577,026 type A lunches in the 10 schools and 1,240,808 half-pints of milk.

This past year, the lunch program expended \$103,396.79 for salaries and \$187,928.40 for foodstuffs and other expenses. The cash receipts totalled \$201,329.78 and our monetary reimbursements from the state and federal sources was \$73,629.86 for a total of \$274,959.64.

Our staff now totals 46 permanent cafeteria employees. These employees are paid for forty-two weeks, which includes all holidays and school vacations within the school year. They actually work 38 weeks or 180 days. Permanent cafeteria employees are appointed by the School Committee, upon recommendation of the Cafeteria Director, under Civil Service Regulations. It is necessary to pass the Civil Service tests for the various positions, in order to be permanently appointed from the list. Applications should be made directly to the Division of Civil Service in the State House.

As a result of collective bargaining with the School Committee the salaries as of September, 1969, are as follows: from \$2095.06 to \$2309.06 for cafeteria helpers; and from \$2865.46 to \$3186.46

## TOWN OF RANDOLPH, MASSACHUSETTS

for cafeteria managers. With these increases it was necessary for the Town to appropriate a total of \$21,477.00 to cover these added expenditures.

ELEANOR D. CHARTIER  
DIRECTOR OF CAFETERIAS

### DEPARTMENT OF PHYSICAL EDUCATION AND ATHLETICS

At the outset I want to give credit for the excellent work that the physical education personnel and the coaches of the various athletic teams have performed for the boys and girls in the Randolph school system.

Physical education is that part of the school educational program which seeks to achieve some of the important objectives of education through the use of physical activities such as games, sports, contests, stunts, rhythmic, and aquatics. It is a way of educating youngsters through the use of physical activities as well as a way of education of the physical.

Physical education in present day living helps people to satisfy age-old needs--physical, mental, emotional, and social. In earlier and perhaps simpler times our forefathers' needs for physical activity were met to a great extent in everyday life. Today, many of us, because of progress in science and social organization, perform our daily tasks and earn a livelihood with little expenditure of physical energy. Yet everyone needs physical activity to grow properly or keep healthy. A person develops as he exercises his body and mind, as he gains new ideas and skills, and as he applies his knowledge and skill effectively.

Our industrialized and urban society has brought severe demands upon emotional and nervous stability. To live fully today, one must be able to get along with others, control his emotions, and find outlets for self-expression.

More people have more leisure today than ever before. Many need guidance in using their leisure time constructively.

Citizens who possess vigor, strength and character are in normal times the greatest resources of a nation. They are indispensable in times of emergency. Physical education contributes to the total fitness of all people.

Physical education as well as health education is an essential factor in the development of our youth because of the rather universal acceptance of physical activity as a desirable factor in physical, mental, emotional, and social well-beings and in the

## ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

maintenance of health. The State Department of Education urges boards of education, school authorities and physical education personnel to provide adequate facilities and suitable personnel for the development of physical education programs that would be an integral part of the school curriculum. Such instructors would develop a variety of activity skills and abilities for all boys and girls.

Next to academic training, the sports program is probably the most important item in our entire educational system. When young people do not participate in sports, the scales are heavily weighted against their successful social and emotional adjustment. They are frequently headed for trouble because they have not had the opportunity to learn to win humbly, to lose gracefully, and to endure physical discomfort to attain a goal. In short, they have not had the privilege of learning the discipline of good sportsmanship so necessary for a happy adult life.

The physical education in the town of Randolph covers all students from the first grade through the sixth grade once weekly--the junior high schools and the high school twice weekly. It also with other departments through testing is working on an adapted program for the handicapped. Physical education should not be denied to those boys and girls who cannot safely participate in the regular vigorous program of activities. The primary purpose of the adapted program is to help the handicapped realize to the fullest possible extent the objectives of physical education which are available to the normal student in the regular program with the added objective of correction in many cases.

The athletic program in the Randolph schools consists of football--Varsity, Jr. Varsity, and Freshman, cross-country track, hockey--Varsity and Freshman, winter track, basketball--Varsity, Jr. Varsity, and Freshman, spring track--Varsity and Freshman, golf, tennis, baseball--Varsity, Jr. Varsity, and Freshman, and a weight program for all during fall and spring. Approximately two hundred and fifty contests are scheduled for the school year.

I express my sincere appreciation to the school committee, the superintendent, the principals of the various buildings, and to the people of the Town of Randolph for their interest in supporting our activities.

JOSEPH J. ZAPUSTAS  
Director of Physical Education  
and Athletics

## TOWN OF RANDOLPH, MASSACHUSETTS

### REPORT OF THE SCHOOL NURSES

The school has a triple responsibility in the field of health - to promote the health of children, to protect them from disease and ill health, and to aid in securing the prompt correction of physical defects and illnesses.

The School Health Program, with the increased school enrollment and double sessions in the North Junior High School in mind, was planned to give the best possible health service during the past year.

Routine physical examinations were given to 1,373 pupils by the school doctors, Dr. William S. Sloan, Dr. Russell F. Thompson and Dr. Justin V. McGuirk. There were 43 pupils who were referred to their family physicians for further examination.

The Massachusetts Vision Test was administered to 5,336 pupils and in this group there were 388 pupils who failed this test. The Massachusetts Pure Tone Audiometer test was given to 5,698 pupils and of this group 145 pupils failed the hearing test. All pupils who failed either or both of these tests were referred to their family specialists for further follow up and treatment.

On January 29, 1969 a clinic for immunization against mumps was held for pupils in grades 7, 8 and 9 who had not had the disease and whose parents had given written consent. This was the first time this vaccine was available to us and approximately 468 pupils received the inoculations given at the North Jr. High School and the John F. Kennedy Jr. High School.

The Future Nurse Club voted to change its title to the Medical Career Club. An invitation to join this organization is extended to anyone interested in a medical profession. Mrs. Emma Donahue, R.N. is the advisor for this club.

A new nurse joined our staff this past March. Mrs. Edythe McElroy, R.N. is a graduate of the University of Wisconsin School of Nursing. Her experience includes hospital work in various hospitals throughout the states as well as Public Health Nursing in Oklahoma.

The present assignment of school nurses is as follows: Miss Mary McGrory is responsible for the health program at the North Junior High School and the Charles G. Devine School. Mrs. Emma Donahue is the full time nurse at the High School. Mrs. Mary Ahern is assigned to the John F. Kennedy Junior High School and the Margaret L. Donovan School. Mrs. Miriam Simmons carries out her duties at the Elizabeth G. Lyons School, Tower Hill School, McNeill School, and the Belcher School. Mrs. Edythe McElroy is

ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT  
assigned to the Martin E. Young School and Stetson School.

We wish to thank sincerely all those who helped make our  
school year a most successful one.

Respectfully submitted,

MARY A. McGRORY, R.N.  
Supervisor of School Nurses

### REPORT OF THE RANDOLPH RECREATION BOARD

The recreation program is created for the benefit of people. In planning the recreation program, the primary objective should be to make available more and better recreation opportunities for the satisfaction, enjoyment, and benefit of the people they are intended to serve. The needs, interests, capabilities, and desires of people should be the factors underlying all program planning and the human element should be the primary consideration in the development of all recreation plans. Because this is true, an understanding of the basic recreation needs, interests, and desires of the people to be served to the extent that they can be determined is essential. This requires a recognition of the variations in recreation interests of different age groups of both sexes, and of people with varying racial and cultural backgrounds.

The recreation program attracts and retains the interest of the people it is intended to serve only as long as it achieves its primary objective of bringing them enjoyable and satisfying experiences. Whereas this fact should be paramount in program planning, the opportunity which the program offers for attaining other desirable outcomes should not be overlooked. Helping people acquire new or greater recreation skills is a factor that merits emphasis in every recreation program. Teaching skills and assisting individuals in becoming more proficient in activities are highly desirable, since there is a high correlation between skill and satisfaction in many types of recreation.

A master plan for recreation should be in the hands of the town fathers within two years. It should reflect a comprehensive program of conservation and of recreation activities and facilities which will serve the needs and interests of all the people in the community. It must look to the future and should be based not on preconceived ideas, but on an analytical, realistic evaluation of the socio-economic potentials in relation to the requirements of conservation and recreation for the community's long-range development.

A master plan for recreation should be based on the changing physical, economic, and social requirements and capabilities of the community at large. It requires the collection of facts about the community, its history, economy, natural resources, development trends, streets, schools, existing recreation areas, roads, transportation, sanitation, and water supply; as well as facts about the potential recreation areas concerned. These facts must be analyzed and translated into a well coordinated and functional plan which will be an outline in words, charts and maps to guide public officials and private citizens in all future developments.

The task of recreation planners is to create this plan and to insure that each project is not an isolated improvement, but part of a coordinated development program. A Master plan will vary in

## ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

detail and complexity according to the size of the community and its resources. Coordination of the various elements of the plan is perhaps the most important single function which planning performs. This function will insure cohesive effort among the various governmental and non-governmental agencies to avoid waste resulting from competition for lands and funds.

The recreation program is broken down into three parts--Fall, Winter, and Summer. The program takes all-ages and both sexes. A listing of the various activities includes: Judo, Basketball for adults, Yoga, Painting and Drawing, Golf, Rifle Shooting, Basketball for youths, Ceramics, Beauty Course, Weight Training, Dramatics, Field Trips, Fishing Tournament, Ice Skating, Tennis for Youth, Tennis for Adults, Softball for Girls, Physical Fitness for Youth, Baseball (different age brackets), Baby Sitting Course, Physical Fitness for Women, Arts and Crafts.

The attendance for the overall program for the year 1969 amounted to 28,915 people, without counting the thousands that are enjoying the skating (weather permitting).

In a short space of several years, the recreation program in Randolph has made great strides for the enjoyment of the people of the community. The Randolph Board of Recreation has future goals for the benefit of the entire town and wish to thank the Board of Selectmen, the Finance Committee, and the people of Randolph for their cooperation in seeing that Randolph be second to none in the Commonwealth for their citizens.

# ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

## REPORT OF THE SCHOOL PLANNING AND BUILDING COMMITTEE

The major effort of the Committee during 1969 was the planning associated with the building of the addition to the present High School.

The contract for the construction of the addition was awarded to the low bidder, Tocci Corporation, Newtonville, Massachusetts, and was signed by all parties on January 15, 1969 with completion of the project scheduled by September 1971.

In February, interviews for the position of Clerk of the Works were held and Mr. Harvey W. Teed of Randolph was appointed to the position by vote of the Committee

Actual construction on the addition got underway in March. The excavated material, which was removed from the site was brought to the Tower Hill and Lyons Schools to be used for fill in creating additional play areas.

As of the end of 1969, approximately \$1,500,000.00 had been expended for the addition which is 27% of the total amount appropriated.

During the year, the committee considered several parcels of land for future school sites and additions to existing sites. Acting jointly with the School Committee, we expect to bring these parcels to the Town Meeting for action. We believe it is imperative for the Town to acquire sites for future school needs while land is still available.

Starting in December, we changed our meeting night from the third to the second Wednesday of each month at the School Administration Building. As with other public bodies, our meetings are open and the public is cordially invited to attend.

The committee extends our thanks to those town departments and officials who have helped and assisted us during the past year. Also, our appreciation to the Tedesco Associates, the architects of the addition to the High School.

We gratefully acknowledge the continued help and assistance of the Superintendent of Schools, Mr. Thomas L. Warren, and his staff, and also note the cooperative working relationship we continue to have with the School Committee.

Respectfully submitted,

School Planning and Building  
Committee

# ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

## REPORT OF THE BOARD OF HEALTH

### REPORTABLE DISEASES

There were 198 cases of communicable diseases and other health conditions reported, as follows: Chickenpox 1; Dog Bite 185; Cat Bite 2; German measles 3; Streptococcal Meningitis 1; Salmonellosis 1; Scarlet Fever 1; Whooping cough 1.

### CLINICAL PROGRAMS

Mental Health. 973 visits by Randolph residents to the South Shore Mental Health Center at a cost of \$9730.00

Influenza Inoculations. 183 inoculations of influenza vaccine were given on October 15 to 89 senior citizens and 94 town employees.

School Immunization. There is an on-going immunization program in the public and parochial schools yearly. In addition, during the 1969-1970 school year German Measles vaccine will be given to selected grades.

School Tuberculosis Testing. Testing is done annually in selected grades with follow-up tests conducted in positive test cases at Norfolk County Hospital.

Biologic and Diagnostic Supplies. Approximately 6000 biologic and diagnostic products were issued to the Town physicians and used in our clinics during the year.

### HOSPITAL SUBSIDIES

Tuberculosis. It cost the Town \$406.70 for patients hospitalized during the year at Norfolk County Hospital.

Premature Infants. There were 18 premature babies born during the year. Expenditures for their care were not necessary.

### MEDICARE PROGRAM

2504 nursing visits and 213 physical therapy visits were made to Medicare patients. In 1969 the Town was reimbursed \$16,324.40 for our Medicare program, approximately \$3,000.00 more than last year, with an additional amount of approximately \$3500.00 due the Town for underpayments, for a grand total of \$19,848.40. Medicare nursing visits increased over 1968 by about 500 and Physical therapy visits were double those of the previous year.

### ENVIRONMENTAL SANITATION

Individual Sewage Disposal Systems. One hundred and fourteen permits were issued for systems during the year. One hundred and thirty-two inspections and re-inspections were made of the systems.

## TOWN OF RANDOLPH, MASSACHUSETTS

In addition, a great deal of time was spent on percolation and soil tests.

Public Health Complaints. Approximately five hundred complaints concerned with public health nuisances and hazards were received and investigated during the year.

Swimming Pools. One permit for a public swimming pool and forty-two permits for private swimming pools were issued during the year.

Nursing Home Inspections. Two inspections of nursing homes were made prior to relicensing.

Livestock. Nineteen licenses were issued to residents to keep livestock.

### PLUMBING INSPECTIONS

311 Permits for 2098 plumbing installations were issued during 1969. Each installation requires at least one inspection by the Plumbing Inspector.

### GAS INSPECTIONS

223 permits for 750 gas installations, including propane gas were issued during 1969. As noted in plumbing inspections, each of the installations requires at least one inspection by the Gas Inspector.

### ANIMAL INSPECTIONS

Report of the Animal Inspector is as follows: Animals quarantined: Dogs 186; Cats 2; Total, 188. They were held for observation after having bitten humans. The Head of 1 Dog was forwarded to the Wasserman Laboratory for analysis.

All barns were inspected; the Animal census showed 30 cows, 70 horses and 22 sheep. All cows were tested for Brucellosis with no reactors revealed. Two cows had Tuberculosis tests but had no reactors. There were no cases of encephalitis in horses during 1969.

Six Hundred and Fifty calls were investigated during the year; the calls were received from the Board of Health, Police Department Massachusetts Animal Health, Society for the Prevention of Cruelty to Animals and the Pet Placement, Supervisor of the Boston Animal Rescue League.

The Animal Inspector attended the Annual Meeting for inspectors of Animals for the State at the Division of Animal Health, 100 Cambridge Street, Boston, Massachusetts.

# ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

## MILK INSPECTIONS

There were 87 licenses issued during the year as follows: Manufacturing Frozen Desserts, 1; Oleomargerine, 28; Milk vehicles, 19; Store milk and cream, 39. Ninety-eight inspections were made during the year.

## PUBLIC HEALTH NURSING

During the past year three Public Health Nurses have given professional services to the Town residents including bed side care and treatment as directed by a physician, instruction to others in the homes for care of the patient, pre-natal and post-natal care with instructions, pre-school follow up of children, care and instruction relative to communicable diseases and various aspects of adult health supervision. Other nursing activities included assistance at the Well Child Clinic and influenza inoculation clinics for Senior Citizens and Town Employees, transporting patients to Norfolk County Hospital in conjunction with the tuberculosis program. Progress is being made in related areas by working with other agencies, e.g. South Shore Mental Health Clinic and attendance at in-service programs given throughout the Southeastern Regional Health District.

Approximately 4445 visits were made in 1969, which is almost 1000 more visits than last year.

Additionally, the school program at St. Mary's School is carried on by our staff, the immunization aspect is referred to under the School Immunizations section. We also have a monthly meeting of our staff, school personnel and Miss Gabrielle Bernard of the South Shore Mental Health Clinic staff, which has proved exceedingly beneficial to all concerned.

## PERSONNEL CHANGES

Joseph W. Curran a member of the Board of Health for ten years passed away January 15. His dedication and sense of responsibility is a profound loss to the town.

Dr. Stewart Shapiro, D.M.D., was elected to the Board of Health in March and resigned in October. The resignation was due to his move to Baltimore upon acceptance of a position as a professor at the University of Maryland.

Mrs. Mildred F. Mastrangelo joined the staff on October 1 as Senior Clerk. Mrs. Mastrangelo topped the Civil Service list for the position.

Mrs. Letitia F. Kearney retired as Senior Clerk on December 31.

## TOWN OF RANDOLPH, MASSACHUSETTS

### REVENUE PRODUCED BY THE BOARD OF HEALTH

Board of Health Permits and licenses, \$625.00; Plumbing permits, \$2,398.00; Gas Permits, \$992.00; Milk and dairy licenses \$36.00; Medicare reimbursements, \$16,324.40. Total revenue produced, \$20,375.40.

JOHN J. DOWD  
Director of Public Health

ROBERT A. COREY

### REPORT OF THE NORFOLK COUNTY MOSQUITO CONTROL PROJECT

To the Citizens of Randolph:

Submitted herewith is the report of the Norfolk County Mosquito Control Project of its activities in the Town of Randolph for the year ending December 31, 1969.

Aerial Larvacide	600 Acres
Drainage ditches cleaned	3560 Feet
Brush cut	1785 Feet
Culverts cleaned	17 Culverts
Catch basins treated	238 Catch basins
Misting from trucks	3220 Acres
Fog Application	350 Acres

Respectfully submitted

ALBERT W. HEUSER  
Superintendent

# ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

## REPORT OF THE PLANNING BOARD

The members of the Planning Board submit a report of the activities for the year 1969.

The planning board in addition to holding its regular meetings every Monday, held approximately 10 special meetings during the year 1969.

The regular meetings covered such functions as reviewing plans, holding public hearings for subdivisions, zoning changes and street acceptances, normal correspondence, etc.

In order to initiate and develop effective objectives the Planning Board worked with the town committees involved with these aims.

The standouts of these objectives were:

1. Set-up a complete set of "Subdivision Regulations and Procedural rules of the Planning Board".
2. Inspection of every subdivision before final release of bond by the Planning Board.
3. Each subdivision drainage plan submitted for approval shall be accompanied by a design analysis prepared by a Registered Professional Civil Engineer.

Your board feels it has been watchful in their recommendation of changes in Zoning Ordinances with the town.

Any subdivisions approved had to comply with the subdivision control law and the Randolph subdivision regulation and procedural rules as adopted at a public hearing May 12, 1969.

The following is a breakdown of the activities of the Board during 1969.

Planning Board meetings held	47
Special Meetings held	10
Public Hearings held:	
1. On Proposed Subdivisions	4
2. On Proposed Zoning Articles	8
3. On Planning Board Procedural Rules	6
Number of subdivisions approved	3
Number of subdivisions disallowed	1
Plans approved other than subdivisions	93
Plans rejected or referred to other boards	8
Preliminary plans submitted	5
Number of lots included in preliminary plans	
Meetings with other departments	10
Site inspections	12

## TOWN OF RANDOLPH, MASSACHUSETTS

The meetings of the Planning Board are open to the Public. An invitation is extended to all citizens to attend the meetings in order that they may become more cognizant of the duties and functions of the Planning Board they elected.

# ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

## REPORT OF THE BOARD OF SEWER COMMISSIONERS

We have completed all construction authorized by the Town Meeting.

Contract #16, established the means by which the North end of Town will be serviced. A pumping station was constructed at Martindale Road, presently connected to this station is the Holiday Inn, portions of Christy Way, Christy Lane, Russ Street, Lavally Road, and Collins Avenue.

Contract #17, brought sewer lines to West Street, Warren Street, Silver Street, Abby Street, portion of Lindberg Avenue and Pelissier Circle.

In addition, the business stores in the Fernandes Shopping Center were also connected to the public sewer. Under the same contract, Gordon Street, Forest Street, Intervale Terrace and a section of Old Street and the Devine School were connected to the sewer line. On the West side of North Main Street, from Old Street southerly to beyond the #2 Fire Station a sewer line was installed. The new housing for the Elderly being constructed off Oak Street was also connected.

The Sewer Department was able to acquire a garage and renovated same, this will be used to house our equipment. This should prolong the life of this equipment and allow us to service same during inclement weather. When the Town constructs a Town Garage that will house all the Town Equipment, our present garage can still be utilized for storage of chemicals, pipes and additional supplies.

In 1970 the Sewer Commissioners will request \$450,000 for sewer construction. It is our intention to bring the public sewer to the Donovan School. Along the way we will connect Velma Road, Flint Locke Ridge, Ox Bow Lane and sections of Old Street, Canton Street and North Main Street. Approximately 170 homes and buildings will be connected.

In order to keep up with inflation it is necessary to request larger amounts of money. In addition new streets are being constructed each year in the Town, if we are ever going to have public sewer lines completely in the Town we will have to install sewer lines at a rate faster than construction of new streets.

Respectfully submitted,

Board of Sewer Commissioners

John P. Courtney, Chairman

Robert E. Curran, Clerk

Felix Carlino, Associate

# TOWN OF RANDOLPH, MASSACHUSETTS

## REPORT OF THE TOWN ENGINEER

Gentlemen:

I herewith respectfully submit the Annual Report of the Engineering Department for the year 1969.

### REPORT OF THE ENGINEERING DEPARTMENT

During the year 1969, the Engineering Department has furnished professional engineering services, including planning, design, layout, supervision and inspection of various projects for Town Departments as outlined below:

#### BOARD OF SELECTMEN

Approval of Lot Grading Plans for new construction, and inspection of properties for conformance with Lot Grading By-Laws of Town.

Surveys of street intersections, and preparation of drawings for the use of the Massachusetts Department of Public Works in traffic control studies.

Inspection and Policing of Gravel removal operations.

Approval of Utility Pole and Underground utility locations.

Continuation of uniform house numbering program and renumbering under the House Numbering By-Laws. Approximately 42% of the Town of Randolph has been completed.

Planning and Preparation of articles for the Annual Town Meeting Warrant, including sidewalk, drainage, roadway and special articles involving engineering matters.

Investigation and resolution of complaints to the Engineering Department, and those referred by other departments.

Roadway Layouts prepared for the Board of Selectmen included Grove Street from North Main Street to Cross Street, Porter Street from Clark Street to Orchard Street, and Dunmore Street.

#### TOWN TREASURER AND CLERK

Inspection of Town owned land for priority, prior to annual sale at public auction. Preparation of various street, zoning and precinct maps for distribution by Town Clerk.

#### BOARD OF ASSESSORS

Reproduction of Assessors Maps as required, clarification of deed

## ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

descriptions, calculations of land areas for assessing purposes. Assisted Mapping firm in annual updating of Assessors Maps.

### WATER DEPARTMENT

Preparation of new water gate valve location drawings, for maintenance purposes.

### HIGHWAY DEPARTMENT

Engineering assistance furnished the Highway department included planning, design, layout, and supervision, where and as required, for annual roadway and drainage projects, detailed under the report of the Highway Surveyor.

### CHAPTER 90 OAK STREET.. PROPOSED RECONSTRUCTION

Working in close cooperation with the Massachusetts Department of Public Works and Office of the Norfolk County Engineer in the preliminary planning of the proposed reconstruction of Oak Street from North Main Street to North Street. It is expected that the first phase of this project will commence in 1971.

### CHAPTER 91 STREAM CLEARANCE.. MARY LEE BROOK

During the year 1969, the Mary Lee Brook channel clearance project was completed from the vicinity of South Street to the westerly side of South Main Street. The completion of this 3,300 feet of major waterway has resulted in a more direct stream flow during storm runoff, at a lower elevation, designed to prevent major flooding, particularly in the area of Hillsdale Road. A new culvert across South Main Street will allow for the extension of this waterways project toward the Avon Town Line to effectively relieve flooding during heavy storms. During the construction of this project, a culvert was installed at the end of Joyce Circle, which will allow the Town to construct a walkway directly to the Martin Young Elementary School. This walkway will be constructed in the spring of 1970.

### INDUSTRIAL DEVELOPMENT COMMISSION

This department continues to offer engineering advice to prospective industrialists interested in locating in Randolph, and furnishes suitable topographic and Town maps for their use.

### SIDEWALK CONSTRUCTION

This department furnished complete engineering services including surveys, planning, design and specifications required by the construction of bituminous concrete sidewalks in the following locations:

## TOWN OF RANDOLPH, MASSACHUSETTS

ALLEN STREET, from Robert Arey Drive to	
North Main Street . . . . .	1,100 Ft.
HIGH STREET from York Drive area	
southerly 800 ft. . . . .	800 Ft.
SOUTH MAIN STREET, from Woodland	
Parkway southerly . . . . .	430 Ft.
WEBSTER STREET maintenance from Oak	
Street northerly . . . . .	1,500 Ft.
<hr/>	
Total Distance . . . . .	3,830 Ft.

The sidewalk construction on Allen and High Streets included pavement widening and the installation of bituminous concrete curbing to the placement of the bituminous concrete sidewalk. It is to be noted that the sidewalk has been completed along the northerly side of Allen Street, continuously from North Main Street to North Street.

### PLANNING BOARD

Professional Engineering services furnished the Planning Board consisted of inspections of subdivision roadway construction including drainage and underground utility installation, roadway graveling, roadway paving, sidewalk construction and locations of utility poles. This department reviewed preliminary and definitive residential and industrial plans, and met with representative engineers, prior to and during actual construction. Complaints during construction were investigated and adjusted where possible.

Subdivision Roadways completed during 1969 were as follows:

BONNIE LANE off Millhouse Ave . . . . .	700 Ft.
GALLAGHER DRIVE off Bonnie Lane . . . . .	600 Ft.
DRUID HILL AVE extension . . . . .	600 Ft.
LORI LANE from Gallagher Drive to Barbara Road .	1,000 Ft.
JOYCE CIRCLE off Lori Lane . . . . .	500 Ft.
FITCH TERRACE extension. . . . .	500 Ft.
OAKWOOD AVE. off Frederickson Drive . . . . .	300 Ft.
SANDRA CIRCLE off Frederickson Drive . . . . .	200 Ft.
DECOTA DRIVE off Chestnut Street . . . . .	1,863 Ft.
EVA CIRCLE off DeCota Drive . . . . .	180 Ft.
FAWN CIRCLE off Canton Street . . . . .	1,000 Ft.
<hr/>	
Total Distance . . . . .	7,743 Ft.

### GROVE STREET RECONSTRUCTION SECTION IV

At the request of the Board of Selectmen, the Engineering Department surveyed, prepared layout drawings, including all required roadway design, estimated land takings for Assessors valuations, conducted public hearing, prepared Contract Drawings and Speci-

## ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

cations, conducted public Bid Opening, recommended award of Contract, furnished all field engineering services, and supervised the reconstruction of Grove Street from the vicinity of Janet Road to Lafayette Street, for a distance of about 1,100 feet. The reconstructed section is an extension of previous roadway construction, and provides a 30 foot traveled way surfaced with 3" of bituminous concrete; bituminous concrete curbing along both sides of the roadway, and a sidewalk along the northerly side of the roadway which connects to previously completed sidewalk areas. The completed roadway section has been constructed in conformity with the Rules and Regulations of the Randolph Planning Board with the exception of the gravel sidewalk area along the southerly side of the roadway. Construction cost was approximately \$25,250.00 of which \$6,501.72 was provided under Chapter 616 as a grant to offset the cost. The finished roadway section has eliminated another hazardous roadway area and severe flooding problem. It is planned to present articles to the 1970 Annual Town Meeting for further reconstruction of Grove Street at its entrance from North Main Street to Cross Street.

I would like to thank all those Town Officials and other department personnel for their cooperation during the past year, which has been very necessary in order to complete all of the required projects.

Respectfully submitted,

JOHN E. LEVREAUULT, P.E.,  
R. L. S.

Town Engineer

### Engineering Department Staff

John E. Levreault, P.E., R. L. S. Town Engr.  
Charles W. Lehto, R. L. S. Asst. Town Engr.  
Roger M. Cevolani, Field Engr.  
George A. Cormey, Office Engr.  
Janet M. Cameron, Secretary

TOWN OF RANDOLPH, MASSACHUSETTS  
REPORT OF THE HIGHWAY DEPARTMENT

To the Citizens of the Town of Randolph:

I hereby respectfully submit my report for the year ending December 31, 1969. Streets graveled, graded, rolled, penetrated and sealed with liquid asphalt:

Broad Street	Emerton Ave.	Adelaide St.
Dyar Avenue	Royal St. -High St. end	
Oakwood Avenue	Irving Road	Pauline St.
Jane St.	Pleasant St.	Mitchell St.
Ox Bow Lane	Reisner Rd.	State St.

ROAD PROGRAM

Webster St.	900 ft. 1 course 2 in. Type 1 Bit. Concrete installed and rolled.
Lambert Rd.	850 ft. 1 course 2 in. Type 1 Bit. Concrete installed and rolled.
Hall St.	800 ft. 1 course 1 1/2 in. Type 1 Bit. Concrete installed and rolled.
Reynolds Ave.	1300 ft. 1 course 1 1/2 in. Type 1 Bit. Concrete installed and rolled.
Highland Ave.	1000 ft. 1 course 2 in. Type 1 Bit. Concrete installed and rolled.
Intersection of High & Vine Sts.	250 ft. 2 course 3 in. Type 1 Bit. Concrete installed and rolled.

PATCHING OF STREETS

Approximately 1600 Tons of Type 1 Hot and Cold mix used.

CHAPTER 90 MAINTENANCE

Raised 21 manholes on North St. a distance of 2700 ft.  
Resurfaced North St. from Pleasant St. to Square with 1 1/2 in. of Type 1 Bit. Concrete, 1 course.

Resurfaced Pond St. from Pond Pumping Station, a distance of 850 ft., 1 1/2 in. of Type 1 Bit. Concrete, 1 course.

Repaired and painted fences on Union St., North St., and Mazzeo Drive.

All Chapter 90 Maintenance work done under jurisdiction of Mass. Dept. of Public Works.

# ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

## SIGNS ERECTED

50 "Children Go Slow" signs.  
250 Street name signs replaced with new posts.  
Approx. 50 Traffic regulatory signs and posts erected.  
Repaired, repainted and reset numerous other signs.  
Repaired and painted fences where needed.

## DRAINAGE

### Drainage installed

Liberty Street - 1000 ft. of 24 in. R. C. pipe with 4 manholes.  
East Alden Ave. - 1250 ft. of 12 in. R. C. Pipe with 2 manholes.  
Lafayette St., at Crompton's Dairy - 120 ft. of 12 in. Aluminum Pipe with 1 manhole and 2 catch basins.  
Center St. at playground - 120 ft. of 12 in. Aluminum Pipe with 1 catch basin.  
Canton St. at Fawn Circle - 40 ft. of 12 in. Reinforced Concrete 1 catch basin. Completion work on Webster St. drainage.  
Chapter 91 - S. Main St. - assisted on catch basin conversions.  
Temporarily rebuild existing 24" culvert on Webster St.  
Marconi Circle - Dug up and replaced 12" drain line with 60 ft. of Reinforced Concrete Pipe.

## BROOK CLEARANCE

Cleared Town Brooks where necessary.

## CHAPTER 386

Graveled and graded and rolled unaccepted streets.  
Basins and Manholes cleaned - Approx. 1300 structures.

## SNOW AND ICE CONTROL

		Accumulation

Exclusive of heavy storms, sanding operations were in effect 30 days from freezing rains and melting conditions.

Respectfully submitted,

WILLIAM R. CURRAN, SR.  
Highway Surveyor

## REPORT OF THE BOARD OF WATER COMMISSIONERS

The eighty-eighth annual report of the Board of Water Commissioners is hereby submitted, covering the department's activities for the year ending December 31, 1969.

### Organization of the Board:

John F. Brack, Chairman  
Charles F. Macy, Clerk  
Norman F. Ayers, Associate

During the calender year 1969, the department received two hundred and fifty (250) applications for new services. Two hundred and forty five of these have been installed and added to the system.

## METER DEPARTMENT

Two Hundred and one (201) meters were installed on new services and ten (10) were set as replacements. Ninety meters (90) were removed from service - seventy four (74) were not registering; four (4) were frozen and burst; ten (10) were removed to be junked; five (5) were removed for test; seven (7) were removed because of noise. One hundred and one (101) were reset into service on January 1st, 1970. This department had 6310 metered services and eighty unmetered active services.

## DEPARTMENT MAINTENANCE

During the year the department had seventy six (76) service leaks; twenty two (22) at cellar walls; fifty four (54) on the Public ways; and thirty (30) of these were broken by sewer construction.

## ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

Twenty four (24) from other causes. Thirty one (31) services were renewed; three (3) were reamed out; four were discontinued; twenty five (25) new services were installed. Fifty five (55) curb and gate boxes were repaired. Five (5) frozen services were thawed out electrically. Forty (40) hydrants were broken by auto collisions and snow plowing. Six (6) were hit and run. The others were paid for through insurance. Eight (8) other hydrants found to have faulty operation were repaired. Three (3) additional hydrants were relocated.

### MAIN BREAKS

Old Street - 6" main	Sewer Construction
Depot Street - 4" main	Sewer Construction
Intervale Terrace	Sewer Construction
Christy Lane - 6" main	Sewer Construction
Norroway Avenue - 6" main	Sewer Construction
Highland Avenue - 6" main	Sewer Construction
Martindale Road - 6" main	Sewer Construction
Abby Street - 6" main	Sewer Construction
Silver Street - 6" main	Sewer Construction
Grove Street - 6" main	Cracked pipe
Perley Evans Drive - 6" main	Cracked pipe
Pacella Park Drive - 8" main	Cracked pipe
High School - 6" main	School Construction

### NEW MAIN CONSTRUCTION

#### By Department

Tileston Road - 325 feet 6" C. I. Main, 1 Hydrant, 2 gates  
Memorial Drive - 150 feet 6" C. I. Main, 1 Hydrant, 2 gates

#### By Developers

Birch Drive - 1,735 feet 6" C. I. Main  
Willow Street - 760 feet 6" C. I. Main  
Holly Lane - 440 feet 6" C. I. Main  
4 Hydrants and 13 6" gates  
Anderson Drive - 800 feet 6" C. I. Main, 2 Hydrants, 2 gates  
Fitzgerald Street - 80 feet 6" C. I. Main, 1 gate  
Oakwood Avenue - 300 feet 6" C. I. Main  
Hart Circle - 300 feet 6" C. I. Main, 1 Hydrant, 1 gate  
York Avenue - 1200 feet 8" C. I. Main, 4 Hydrants, 4 gates  
Trumen Drive - 1200 feet 6" C. I. Main, 2 Hydrants, 9 gates

# TOWN OF RANDOLPH, MASSACHUSETTS

On December 31, 1969 the system had:

85 miles of main - 4" to 14"  
 658 Hydrants  
 6827 services - active and inactive

Respectfully submitted,

NORMAN F. AYERS  
 Superintendent

TOWN OF RANDOLPH, MASSACHUSETTS  
REPORT OF VETERANS SERVICES DEPARTMENT

To the Board of Selectmen:

The year 1969 was a busy one, with many returning young veterans seeking GI Benefits. This office has been filing for these benefits, thus saving the veteran many trips to the VA Regional Office in Boston.

Over 800 claims for Veterans Benefits under Federal and State laws were developed and processed in 1969.

The Veterans Benefits program turned back into the E & D Account approximately \$6300.00. This department spent \$145,000 in 1969 aiding the veteran and his dependents. Of this amount the state will reimburse the town one-half.

Through the help of the town employees, the Rotary Club, Lions, and Al Hills, 57 packages were mailed to our young men in VietNam at Christmas. This has been a very gratifying program, and I thank all the people who help me each year.

My thanks to the Board of Selectmen and all town officials for their assistance during 1969.

Respectfully submitted,

JAMES M. HURLEY  
Director of Veterans Services

ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT  
REPORT OF THE CIVIL DEFENSE AGENCY

It is with deep regret that we note the death of Ralph E. MacLeod, Brig. Gen., U.S. Army, Retired who served continuously as our Director since the Randolph Civil Defense Agency was originally formed under the provisions of Chapter 639 of the Acts of 1950. Prior to that time he served as Director to the Ground Observer Corps which organization preceded the creation of a Civil Defense Agency.

Under his direction the CD Agency in Randolph grew to the efficient organization which functions today. With the able assistance of Alvin W. Edwards, Deputy Director, and the other members of the staff, certain elements of the Civil Defense Agency have been very busy despite the illness and death of the Director.

The Auxiliary Police purchased a vehicle for use as a rescue truck. It is being repaired and altered to serve as an emergency vehicle. A Cruiser was also purchased for use by the Auxiliary Police. Radios have been purchased and will be installed in both vehicles.

An intercom system is being installed in the Police and Fire headquarters with a master control in the Town Hall. This system was installed for the purpose of emergency operations as well as daily use. An auxiliary power pack is contained in the Police Headquarters for this system.

The general emergency telephone number 911 is to be installed in the Town and an application has been forwarded to proper officials for installation. A communication center is proposed for the Town Hall where emergency directions can be dispatched. Town Hall is to be used until something better becomes available.

The Town proposes to construct a DPW garage in which an EOC is to be constructed. Several meetings have been held to discuss the project and the possibility of matching funds being available. An architect has been consulted and requested to submit drawings for the project.

Due to the illness and death of the late Civil Defense Director, the preparation and revision of Civil Defense plans and licensing and stocking of shelters fails to show progress. The licensing and stocking of shelters has been given top priority during the next six months.

Respectfully submitted

HENRY L. LOWD  
Director, Civil Defense Agency

TOWN OF RANDOLPH, MASSACHUSETTS  
REPORT OF BUSINESS AND INDUSTRIAL COMMISSION

It is with the deepest regret that we record the passing of Robert L. Daley, who had served on our Commission with honor and distinction.

During the past year, Sealy Mattress Company has expanded its existing facilities by an addition of 40,000 feet, and Burgess Movers have expanded their facilities by 10,000 feet.

The Holiday Inn opening was a most enjoyable event. The Telephone Company conducted an open house showing the installation of new equipment to update its existing facility and the adding of new service capacity.

The East Randolph Industrial Park, which is under development by T. J. Flatley Company, has become a major distribution point in this area. The tenants are all engaged in the warehouse and distribution field and we are most happy to welcome the T. J. Flatley tenants to Randolph. Warehouse 13, Inc. occupies a 50,000 foot building; Consolidated Distributors 30,000; W. S. Distributors, Inc. 20,000; Puro Filter Corp. 50,000; Paul Revere Inc. 30,000; and Mr. Lumber 50,000. Mr. Leo O'Neil has joined Tom Flatley's staff and we appreciate their efforts in adding new depth to Randolph's Industrial growth.

Dunbar-Wolfe Printing Co., Inc., printers of business forms, has started construction of its new 30,000 foot facility on North Street. Schmid Bros., Inc., importers of giftware from all over the world, has all but completed its 60,000 foot building in Pacella Park. Both Dunbar-Wolfe and Schmid Bros. are moving from existing facilities in Boston. Dunkin' Donuts has started construction of its office complex at Pacella Park. Hart Brothers Caters have purchased the former Brae Burn Club property for their new facilities, which will feature a large function room as well as kitchen facilities.

Norfolk County Trust Company opened its newly constructed Randolph Office in the center of town. The free-standing building is set off by a landscaped lot together with ample parking areas for drive-up and walk-up service.

Our good friend and long time member, James V. Donovan, has retired to the Cape. We shall miss him. We welcome Ernest Hylan to the Commission.

In spite of a year which was much uncertainty in the field of finance which is reflected in the slowing down of new construction, Randolph continues to grow on a sound economic base.

We again wish to express our sincere thanks to all of the Town

## ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

officials and their staffs for their continued support and assistance in our work.

We are hopeful that 1970 will be a year of continued expansion and growth.

Respectfully submitted  
by the Commission

## REPORT OF THE FIRE DEPARTMENT

Gentlemen:

The following is submitted as the report of the Fire Department for the year ending December 31, 1969.

### PERSONNEL:

The uniform force consists of 33 men.

The Chief of the department, 3 Deputy Chiefs, 3 Captains and 26 Firefighters.

### APPARATUS DISPOSITION

#### CENTRAL STATION

Engine 1 (1937-Seagrave) 1000 G.P.M. Pumper  
Engine 3 (1957-Ford) Forest Fire Truck  
Engine 5 (1960-Seagrave) 1000 G.P.M. Pumper  
Ladder 1 (1953-Seagrave) 65 Ft. Aerial Ladder  
Fire Alarm Truck (1961-Ford)  
Deputy Chief's Car (1963-Ford)  
Chief's Car (1967-Ford)  
Ambulance (1966-Cadillac)

#### STATION 2

Engine 2 (1964-F.W.D.) 1000 G.P.M. Pumper  
Engine 4 (1942-Mack) Forest Fire Truck  
Life Boat (Aluminum 14 Ft. with Trailer)

### INSPECTIONS:

Mercantile	745
Re-inspections	28
Schools	15
Nursing Homes	12
Gas & Oil Tanks	3
Total Inspections	815

Open Air Fire Permits Issued	1542
Blasting Permits	58
School Fire Drills Conducted	15
Nursing and Rest Homes	12
Company Drills for Personnel	44
Permanent Force	26
Call Force	18

# ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

## SCHOOLS ATTENDED:

Fire Law Course given at Massasoit Jr. College 16 Wks - 6 Men  
Advanced First Aid Course given at Central Station 32 Hours -  
13 Men

Resuscitation Courses given in local schools and to Baby Sitters  
5 Classes

Company Drills have been conducted regularly by shift captains.  
Training has involved not only the evolutions of fire fighting,  
but special emphasis has been placed on familiarity with the  
location and general layout of new and hazardous industries,  
which present a growing challenge.

All Hose in the Department, Pressure tested.

I wish to express my sincere appreciation to the officers and  
men of this department, the Board of Selectmen, the Executive  
Secretary and other Town Officials for their helpful cooperation.

Respectfully submitted,

DONALD S. McNEIL  
Fire Chief

## FIRE ALARM REPORT

### THE YEARS WORK WAS AS FOLLOWS:

Pole changeovers	214	# 8 Copperweld wire	5,700'
Racks or arms installed	41	#12 Fireline wire	1,450'
Boxes repaired or rewired	35	#12 T.W. wire	470'

TOWN OF RANDOLPH, MASSACHUSETTS

REPORT OF THE SIGN INSPECTOR

Gentlemen:

In 1969 there were thirty-four (34) permits issued on new signs, eight (8) signs were condemned. Forty-eight (48) tours of the town were made for illegal signs and fastenings.

A total of \$238.50 was deposited with the Treasurer for fees on new signs. The annual renewals for overhanging signs were mailed and returns will be in after January 1, 1970.

Respectfully yours,

LEONARD L. MOREAU  
Sign Inspector

# ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

## REPORT OF THE DOG OFFICER

There was a total of 1877 complaints answered and investigations made at the request of the Police Department, Society for the Prevention of Cruelty to animals, the Animal Rescue League of Brockton and Boston, the police of neighboring towns, the School Department and the individual citizens of the Town of Randolph.

One Hundred and ninety one bites were reported and investigated, 188 by dogs, 2 by cats and one dog head sent to the Wasserman Laboratory. The following action is taken after a bite is reported. 1 - Quarantine the dog for a ten day period. 2 - Make report to the Division of Animal Health of the Commonwealth of Massachusetts. 3 - Report to and work in conjunction with the local Board of Health.

It is a pleasure to note a decrease in the amount of bites reported over the previous year although more dogs were licensed in 1969.

Disposition of dogs was as follows:

152 dogs were put to sleep (destroyed) as a result of accidents.

37 dogs were sold and the fees turned into the Town Treasurer.

171 dogs and cats were picked up by the Department, kept in custody and eventually returned to their rightful owners, in Randolph, Milton, Stoughton, Avon and Canton.

Of the 171 dogs picked up, 101 were unlicensed and the owners were forced to license the dogs before release.

Equipment purchased - 2 dozen gas bombs, 2 dog snares, 1 Have-A-Heart Animal Trap, and one Cap-Cheer outfit, Green Tranquilizer and kit.

Eleven (11) Conferences were held with the Board of Selectmen.

Fourteen (14) Conferences were held with the Town Clerk's Office. (Town Clerk and Staff.)

Six Hundred Seventy Five (675) warning cards were issued to owners of unlicensed dogs who had failed through neglect or otherwise to purchase licenses.

Eighty eight (88) cases calling for investigation were received

## TOWN OF RANDOLPH, MASSACHUSETTS

from the Animal Rescue League, and the Society for the Prevention of Cruelty to Animals.

Fourteen (14) dogs - Six (6) Cats - One (1) Skunk were rescued in 1969. Two (2) Court Appearances were made, one to Quincy and one to Dedham.

Miles traveled by personal car, Chevrolet Station Wagon, was 18,882 miles. This includes Dog Officer, Animal Inspector and Animal Burial Agent.

Well over 2000 dog licenses were sold in 1969 and should increase yearly with the rapid growth of the Town.

The Breakdown of licenses sold can be found in the Report of the Town Clerk.

One flagrant complaint within the past year has been dogs on the loose and in packs have on many, many occasions destroyed or damaged valuable property and it is the responsibility of the dog owner in such cases of damage or destruction. The warning to all owners should be "Keep your dog under control."

The co-operation of owners relative to dogs at school houses has shown an improvement, but let us continue to keep dogs away from schools and avoid trouble, "take care of the problem before it begins."

I wish to thank all departments for the excellent co-operation extended to me in 1969, and all out effort to license all dogs shall again be made in 1970.

For the co-operation received from dog owners and for their efforts to comply with all dog laws, I am most grateful.

Please remember that your dog license is due and payable on April 1, 1970 as it is every year. If your dog has died or been removed from the Town for any cause in 1969 or 1970, please take the time to call the office of the Town Clerk and notify them of the action. This will save the embarassment of receiving a notice of Court Appearance from the Superior Court in Dedham.

Respectfully submitted:

CORNELIUS J. CROWLEY,  
Dog Officer

# ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

## REPORT OF THE TRUSTEES OF THE TURNER LIBRARY

In accordance with the provisions of Article III of the By-Laws for the government of the Trustees of the Turner Library this ninety-fourth annual report is submitted.

The Board of Trustees underwent several changes during the year. In March the resignation of Laurence F. Shurtlett was accepted with deep reluctance. Appointed to the Board in May, 1947, he served as a Trustee for 22 years. For many years he was the President of the Board. Under his leadership Turner Library moved from a part time, low circular type Library into its present place of prominence. After the fire that destroyed the old Library he gave generously of his time in consultation with Architects, Builders, Committees in bringing the present building to fruition. His judgment and dedication of service which was an inspiration to others will be missed.

In November the Board accepted with regret the resignation of Raymond Mason a long time member. Appointed in 1930, he served on the Board for 39 years. As a member of the Boards' Finance Committee he made a significant contribution regarding the investments of the Turner Funds.

The Board was saddened by the deaths of two Trustees, Molly Howard, a Trustee for 34 years died in February. Her grace and charm brightened the meetings.

Robert L. Daley appointed to the Board in April 1968, died unexpectedly in July. He brought a background of building knowledge to the Board and was of great assistance in this area.

Four new appointments were made to the Board this past year. Mrs. Roland Marden, Mrs. Ralph Conklin, Mr. William Vennick and Mr. Ralph Cartwright. With their diverse background the Board continues to broaden its base so as to better represent the diverse views of the Townspeople.

After 13 years as Librarian, Lucia S. Faulkner, retired. During her tenure she improved the quality of the Book collection destroyed by fire. Not many Librarians are faced with operating in 3 different locations with the attendant problems of setting up their collection and moving same, however, Mrs. Faulkner rose to the occasion and accomplished this difficult task with distinction.

After a national search, the Trustees appointed Mrs. Inez S. McCarthy as the new Librarian. Her narrative report to the Trustees is attached. Presently fifteen percent of the Library's budget is spent on both expenditures. We are requesting more in order to rebuild our basic collection and at the same time provide additional

## TOWN OF RANDOLPH, MASSACHUSETTS

services to the Townspeople.

For the first time a decrease in the overall annual circulation occurred. While this has been the national trend over the past few years, Randolph was the exception until this year. This decrease occurred in the Juvenile Section both Fiction and Non-Fiction. Although this group still has a larger circulation than Adults and Young Adults it is hoped this trend can be reversed. Our efforts will be in this area along with the Young Adults. The importance of reading, whether it be for pleasure or school assignment, cannot be under estimated. The person who reads well, often times finds it easier to develop better study habits and will become a well rounded individual.

JOHN P. COURTNEY  
President  
Trustees of the Turner Library

ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT  
THE LIBRARIAN'S NARRATIVE REPORT TO THE TRUSTEES  
FOR THE YEAR 1969

1969 has been a busy year for the library staff because of the retirement in August of Mrs. Faulkner as Head Librarian. The advent of a new Head Librarian can be upsetting to a staff and its accustomed routine but in this case the staff responded with such whole-hearted cooperation, and willingness that the change was smoothly made.

With the Junior High School going on to double sessions, the staff realized that some students would need to use the library in the mornings. Accordingly, the opening hour was advanced to 10 A.M., making a total of 58 hours a week that the library is open to the public. This extension of hours seems to be appreciated by our adult borrowers as much as by children.

The Children's Room sponsored a Summer "Read-In" for 200 children. A film program for children was run for six weeks in July and August and was so popular that each showing had to be run twice. In November Children's Book Week was marked by a large display of books in the Meeting Room and a Bookmark Contest.

First Prize was awarded to Frank Messere for his bookmark "Up With Reading" which was reproduced and distributed to the public. During the summer the Children's Room loaned 100 books to the Town Playground Program.

National Library Week was observed by an Art Exhibit put on by the Randolph Art Association, and a tea for the Senior Citizens given by the library staff.

The Library's Meeting Room continues to be of service to the Community. The League of Women Voters, the Randolph Art Association and the Great Books program use it regularly. The Family Service Association of Greater Boston, the U. S. Census Bureau, B'Nai B'rith Girls and other groups have also made use of it. Such a facility is a great benefit to the citizens of Randolph.

During the summer, the library adopted a new charging system which required the re-registration of all borrowers. As of December, 1969, the library had 6,145 registered borrowers.

The book collection now numbered at 42,300 volumes shows great progress since the fire. However, a book collection is judged by its quality as well as its quantity. For example, in the field of science, technology and the social sciences it is essential that the material the library offers to the public be up-to-date. No information at all would be better than misinformation in these areas today.

## TOWN OF RANDOLPH, MASSACHUSETTS

Randolph is in the difficult position of having to restore, because of the fire, its basic library collection - the old standard titles libraries always have - and at the same time keep up the acquisition of new books and replacement of outdated material. There is a long way to go before the damage suffered in 1962 is fully repaired. Now that the building has been so magnificently replaced our efforts can be directed to the up-dating and improvement of the collection and services.

During a time of such a severe drain on the financial resources of the library and on the time and strength of the staff as the construction of a new building and a new collection requires it is inevitable that not everything can be done at once. While Turner Library has been literally rising from the ashes other libraries have been free to expend their resources on adding essential new services.

Randolph, for example, is the only public library in this area without photocopying equipment. (Steps have been taken to correct this deficiency at no cost to the library.) Phonograph records, 8 mm films, framed reproductions and original paintings, all for loan, are very commonly found in public libraries today, and Turner Library should endeavor to provide these services to the people of Randolph as soon as possible.

Personally, I should like to take this opportunity to thank the staff, the Trustees and Town officials for their most cordial welcome to me, a newcomer. Where there are such interested officials, such hard-working staff and Board members, such generous cooperation and mutual support the library's prospects can only be good.

Respectfully submitted,

MRS. R. G. McCARTHY  
Librarian

ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT  
REPORT OF THE PERSONNEL BOARD

During the year 1969, the Personnel Board considered reclassification requests involving 13 different positions. In conjunction with several of these requests, the Personnel Board engaged Sumner D. Charm & Associates of Boston to conduct a special Wage & Salary Review of 19 different positions. As a result of the Charm Survey, the Board voted unanimously to accept their recommendation for 5 job reclassifications, and took under advisement, pending further information, the reclassification of 6 other positions. The Board also approved 6 other classification requests not included in the Charm Survey. We are looking forward to the continuing use of consultants to guide us in our future recommendations to the Town Meeting. The Board also assumed increased responsibilities when it was assigned the Library employees by vote of the 1968 Town Meeting.

In addition, the Board rendered decisions on 6 other matters relating to the interpretation of policy under the Personnel By-Laws. Further, the Board voted unanimously to adopt the 16 area towns used by Sumner D. Charm & Associates in their salary survey in place of the 14 towns used previously by the Personnel Board when conducting past surveys in order to include those towns more contiguous to the South Shore labor market. Ten of the towns newly adopted were included in the Board's original list of 14 towns.

In October, the Board initiated negotiations on three labor contracts involving the Fire, Highway-Water and Police Departments. The cost of living index rose again appreciably and this will inevitably have its effect upon the final results of these negotiations as well as on the budgeted salaries for non-union employees.

There were no grievances relative to the administration of the labor contracts brought before the Personnel Board during the year.

The Personnel Board wishes to extend its thanks to the Town Meeting members for their support of the Personnel articles submitted at the 1969 Town Meeting.

In closing, the Personnel Board would like to express their regret that David McGill, past Chairman, who served on the Board for many years, found it necessary to resign from the Board due to increased job responsibilities.

## REPORT OF THE RANDOLPH HOUSING AUTHORITY

To the Honorable Board of Selectmen:

Since our last report for the Annual Town Report was written, in December of 1968, the Randolph Housing Authority has seen its proposed plans for the second elderly housing development in this town move forward into the construction stage, with the ground-breaking and commencement of construction in July, 1969.

This new elderly housing development will consist of 64 apartment units, designed along the lines of a colonial village. There will be eight buildings with eight apartments in each building, together with a Community Building. Each apartment will have a living room, dining area, kitchen and one bedroom, with bath, and the most up-to-date utilities and safety devices for the elderly. The development will be located on a five-acre tract of land off Sunset Avenue, near Norroway Avenue - which is off Oak Street in North Randolph. It will be fully sewerred, gas-heated and will include all utilities.

The award from the Commonwealth of Massachusetts for this new, State-aided housing for the elderly development was recently amended to one Million Dollars, and the architect, Wm. Nelson Jacobs Associates, Inc. of Boston, and the Contractor, Fred J. Findlen & Sons of Dedham, anticipate that the development will be completed in the summer of 1970.

We have received a tremendous response from the elderly citizens of Randolph for this new development and our file now holds over 300 applications for the 64 new units.

We have recently requested from the State Department of Community Affairs a Part I application so that we might file for additional housing for the elderly in Randolph. Upon completion of the present development, we will have 112 State-aided elderly housing apartments - more than any other town in Massachusetts of a comparable size.

The members of the Randolph Housing Authority are most pleased with the progress made on behalf of our elderly citizens this past year, and anticipate that just as much will be accomplished in the coming year.

We would like to take this opportunity to thank the members of the Board of Selectmen and officials of the various Town departments and boards who have given us their complete cooperation and without whose assistance we would not have been able to accomplish what we did.

We wish also at this time to thank State Representative

## ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

Joseph J. Semensi, State Representative M. Joseph Manning of Milton and State Senator James R. McIntyre of Quincy for their continued support.

Respectfully submitted

JAMES W. BRENNAN, Chairman  
HENRY J. ROTA, Vice-Chairman  
EDWARD C. HOEG, Treasurer  
LAWRENCE W. DeCELLE,  
Assistant Treasurer  
JOHN J. COPPINGER, Secretary  
JOSEPH R. WELCH, Exec. Dir.

### REPORT OF THE CONSERVATION COMMISSION

The year 1969 was a year of progress for the Randolph Conservation Commission. We hope for even greater progress in 1970. We feel that people are becoming more conservation minded. We have attempted to alert the citizens to the need of conservation and our programs have brought both verbal and active response.

In the spring of 1969 the board aquired 700 small pine trees from the state which the boys of Scout Troop #44 planted around Great Pond Reservoir and Shrubs around the pumping station. Negotiating is in Progress for the acquisition of 24 acres of land located behind the Flatley Industrial Park. This land will be used for conservation purposes only. The Committee has spent much time studying the - problems of air and water polution - flooding, land usage and the beautification of Randolph.

The Board lost a valuable member in the passing of Joseph Hart this fall.

We wish to thank the many people who have been so helpful and interested in our work. We anticipate the year 1970 will be one of greater development of specific goals all in the interest of the Town.

Respectfully submitted,

RANDOLPH CONSERVATION  
COMMISSION

GEORGE CORMEY, Chairman  
IRENE ROMANO, Secretary  
ROBERT WALSH  
JEROME WALSH  
MYRON NECHIN  
DAVID GOLDSTEIN

## REPORT OF THE RANDOLPH TRAFFIC SAFETY COMMISSION

The Randolph Traffic Safety Commission is pleased to submit its Third Annual Report to the Town Meeting Members and Citizens of Randolph.

At this time we wish to thank the Town Meeting Members of Randolph for unanimously voting to make the Traffic Safety Commission a Permanent Standing Committee of the Town of Randolph. We also appreciate the confidence and cooperation of our Town Moderator, Joseph Welch, in confirming our nominations for membership in the Safety Commission.

As approved by the Town in March 1967, the Purpose of the Randolph Traffic Safety Commission was:

\*To Make a Survey of Traffic Safety Conditions in the Town.

\*To Report their findings and Recommendations to the Public as well as the Proper Authorized Agencies of the Town.

\*To Report Back to the Annual Town Meeting of Randolph next year.

\*To Encourage and Promote More Careful Driving Practices and Safer Driving Conditions in the Town of Randolph with view to Reducing the amount of Traffic Accidents in our Town.

Recognizing the serious increase in the number of deaths and injuries resulting from the operation of motor vehicles in the Town of Randolph, your Traffic Safety Commission has been very active during the year. The following is a brief resume of our Meetings, Accomplishments, and Programs under study:

1. OFFICERS ELECTED: Chairman, Bernard Davidson  
Treasurer, Mitchell Goodhue  
Secretary, Sylvia Rodberg

### 2. ENFORCEMENT PROGRAM

a. 1969 showed a fatality record of 5 people killed on our highways as against 4 in 1968.... a 20% increase. Traffic Deaths are mainly the result of human negligence on the part of one or both drivers. Over 75% of them are caused by Drunken Driving. A Drunken Driver is a Public Safety menace, and should be ruled off the road. A Breatholator is needed.

b. Although our police continue to give out a high rate of citations for reckless drivers, our accident statistics continue to rise. 1969 showed a drastic increase in traffic accidents in Randolph. A Radar Unit is needed, along with Radar Control Signs at key

# ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

locations.

c. Bicycle accidents are still with us, and are the result of negligent driving, unsafe equipment, and unawareness of proper bicycle safety rules. Bicycle registration, similar to automobile registration is needed.

Summation: We are pleased to state this year articles have been placed on our Town Warrant for a Breatholator Testing Machine, a Radar Unit, and Thousands of Bicycle Plates for Registration of Bicycles..ALL AT NO COST TO THE TOWN OF RANDOLPH.

## 3. TRAFFIC ENGINEERING STUDY PROGRAM

- a. Survey and Study of traffic at Holiday Inn, No. Randolph.  
Recommendation: Entrance only from Route 28 and access only into Scanlon Drive, and then into Route 28. Traffic lights at Scanlon Drive. Divided walk on Route 28 be extended up to Scanlon Drive.
- b. Survey and Study of traffic at Russ Street at Route 28.  
Recommendation: Traffic Lights at Russ Street. Cross-walk from Russ Street across Route 28 to Scanlon Drive, with Divided Crosswalk in between.
- c. Survey and Study of Traffic at Norfolk County Trust Bank.  
Recommendation: No access from Randolph Square at Main St. into Bank. Close up present curb in front of Bank. Overruled by Board of Selectmen. Temporary entrance open curb permit granted bank.
- d. Survey of Corner of Grove Street and North Main Street, and triangular park area at corner.  
Recommendation: Widen street corner, provide well lit street signs, install bright lights, and narrow triangle area.
- e. Survey Traffic Hazard in front of Zeppy's Bakery.  
Recommendation: No Parking Signs be posted in front of and adjacent to Bakery. Red-Yellow Traffic light tied into N. Randolph Fire Station. Letter sent to court officials asking for speedy hearing on proposed adjacent parking lot.
- f. Forwarded 1965 letter from Mass. D.P.W. to Board of Selectmen, Building Inspector, Planning Board, and Town Engineer "asking Town not to issue building permit to property owners abutting State Highway, until permit is received from State for driveways or street entrances to a State Highway."

## TOWN OF RANDOLPH, MASSACHUSETTS

- g. Sent letter to Board of Selectmen asking "before Selectmen reach a decision on any matter regarding traffic safety that they notify Safety Commission, and ask for survey and recommendations!
- h. Sent letter to Registry of Motor Vehicles asking for monthly statistics of high frequency accident locations in Randolph.
- i. Asked Selectmen to either widen Adams Street, North Randolph at Tower High School or make it one way during busing hours.

### 4. EDUCATION PROGRAM

- a. MASSACHUSETTS TRAFFIC SAFETY WEEK.  
RANDOLPH TRAFFIC SAFETY WEEK. As a result of last year's Traffic Safety Week in Randolph, your Chairman filed House Bill No. 877, which was entered and sponsored by Rep. M. Joseph Manning. This Bill called for an annual Massachusetts Traffic Safety Week observance, November 23rd through November 29th. The Bill is now State Law, being signed and proclaimed by Governor Francis W. Sargent. This is a great honor for the Town of Randolph, which is fast becoming the leader in public safety among the 351 cities and towns in our Commonwealth. On Sunday, November 23rd, Randolph proclaimed Safety Week with an observance in the BPM Parking Lot, with various dignitaries from Federal, State, and Local departments speaking on Safety. A Radar, Breatholizer and License Plate Exhibit were held at the Fire Station. We are especially grateful to our youngsters for their wonderful support; namely the Pilgrim Crusader's Band, the Boy Scouts, Girl Scouts, Campfire Girls, and Cub Scouts.
- b. Drive Safely Stickers were pasted on store door windows.
- c. We want to praise the Blue Hills Vocational High School Graphic Arts students for the beautiful rush one day printing of 8,000 Safety Week flyers for the Safety Commission.
- d. Our Safety Courtesy Corsage Award went to Principal Emeline McGerrigle who at great risk to life and limb, personally escorted a group of elementary children over a mile through a raging snow blizzard in nighttime conditions to their homes. Both Miss McGerrigle and the Randolph School Department should be congratulated.
- e. We also wish to praise the fine cooperation in our safety

## ONE HUNDRED AND THIRTY-FOURTH ANNUAL REPORT

efforts from Executive Secretary Henry Lowd, who is working very closely with us in our Safety Week and Defensive Driving Courses. We also want to thank Mrs. Mary Sullivan of the Randolph Telephone Answering Service for her donation of services, as well as Rohlf the Florists.

- f. Should the Town Meeting approve our article for Bicycle Registrations, the Randolph Traffic Safety Commission will furnish a bicycle plate for every bicycle in town, approximately 7,000 plates in all, at no cost whatsoever to the Town. The cost will be donated by several civic minded sponsoring firms, dedicated to the safety of our children.
- g. Defensive Driving Courses are now being held in Randolph. Sign up by phoning 963-2525. The first course was held in February at the classroom donated by Mr. Milton Goren at the Family Driving School.
- h. All organizations are being asked to appoint Traffic Safety Chairman, who are invited to attend our monthly Safety meetings.

**SUMMATION:** All the laws in the world and the police to enforce them; alone will not eliminate traffic deaths and injuries. You the motoring public, must observe these laws, you, the motoring public, must practice Courtesy of the Road, must build up safety habits by taking Defensive Driving Courses, and must demand stricter enforcement to our traffic laws. Then and only then, will our town of Randolph be **SAFE TO DRIVE, TO RIDE, AND TO WALK. CAN WE COUNT ON YOU?**

Latest statistics show that Randolph is paying the highest insurance premiums of all our adjacent cities and towns, is the 15th highest in the 351 cities and towns in the State, and has a 9.7 claim frequency rate.

The next time you get into your car, please Buckle Up and Buckle Down. Make Your Slogan "SAFETY IS NO ACCIDENT. DO AS I DO, NOT AS I SAY".

Respectfully submitted,

BERNARD DAVIDSON, Chairman  
Randolph Traffic Safety Comm.

Safety Officer-Harry Eaton

TOWN OF RANDOLPH, MASSACHUSETTS  
REPORT OF THE BOARD OF REGISTRARS

The Board of Registrars submits its annual report for the year of 1969. A total of 11,773 registered voters were on file for the year.

By precincts, the number of registered voters is as follows:

Precinct One	2173
Precinct Two	1800
Precinct Three	1956
Precinct Four	2099
Precinct Five	2205
Precinct Six	1504

The registrars have street listed 19,010 residents twenty years of age and over for the year 1969, and "Persons Listed by the Registrars of Voters" books were also printed.

Since the 1969 street listing the Town has added 175 single dwellings, 26 two family dwellings, and 1 housing for the elderly with 64 units.

2800 dogs were also listed by the Board of Registrars for the year 1969.

Respectfully submitted,

ETHEL McDONALD, Chairman  
SOPHIE A. KLIMAS  
PHYLLIS L. McDONNELL  
EDWARD T. CLARK, Clerk
